THE LAST POEM

ONE MORE MARTYR TO MOURN
NO DEATH COMES IN VAIN
SO LET HIM REST

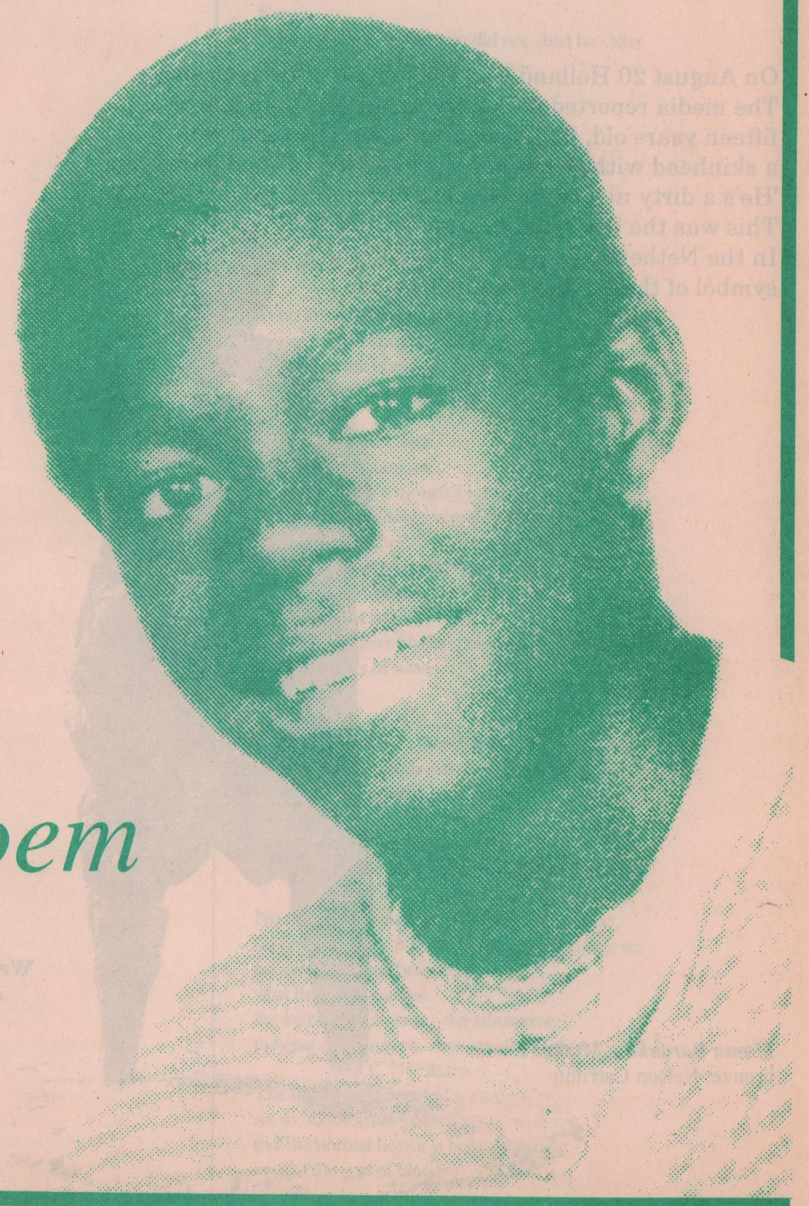

ONE MORE CHILD IS BORN
TO LIVE OF PAIN

PASS THE TEST/

"SEIZE THE TIME"/"SUBMIT OR FIGHT"
ONE MORE VOICE HAS SAID
AND IN THE SLIME OF THE NIGHT
ONE MORE BROTHER DEAD/

the poem

Op twintig augustus schrikt Nederland wakker.
De media melden dat Kerwin, een
Antilliaanse jongen van vijftien jaar is vermoord.
Zijn moordenaar is een skinhead, die op zijn arm de
kreet "Honderd procent white' heeft laten tatoeëren.
'Hij is een vieze nikker, die moet niet zo vies naar me
kijken,' zo motiveerde de jongen zijn daad.
Kerwin is in Nederland uitgegroeid tot het
symbool van de anti-racisme strijd.

1983

On August 20 Holland was shaken out of complacency.
The media reported that Kerwin, an Antillian boy of
fifteen years old, had been murdered. His killer was
a skinhead with the words '100% white' tatooed on his arm.
'He's a dirty nigger, he shouldn't give me such dirty looks'.
This was the boy's justification for his deed.
In the Netherlands Kerwin has become a
symbol of the struggle against racism.

KERWIN

While some of them will hunt you down
to kill the rest of you
the others will hold festivals
to have something to do

And even while they make of you
the very first to die
because of age-old Dutch racism
we both know it's a lie

And even if it were the truth
what would it really change?
the jingle of the guilder
is the rattle of the chains

The chains they used to bind the blacks
and certain whites as slaves
strange the ways they have devised
to get folks to behave

Lord knows the list is long
no space is left to fill
the names of those they've wronged
the unknown ones they've killed

A-h-h Europe - your rope - your rope
around my people's neck
after all you have taken and done
what more do you expect?

Yes!!! they come and why not
to see theirdiamondstolen sparkle in your sky
for us poor / folk / of a darker race
it's always been a place to go and die

Kerwin:
The 1st black to set a foot
in America as a slave
was left in trade
from a Dutch man-o-war

Kerwin: what makes you differ
from the others racism had die
is that your case of death by race
is one they can't deny

A blood-stain on a taxi-seat
meant more than your life
that's why you layed down on the street
when you were wounded by that knife

When they decide
that one must die
it's while the blood is wet
that we're obliged
to ask ourselves
which one of us is next?

Remember the friends close to you
who did not look like you?
who did not treat you as
so many of the others do?

Friend is a friend is a friend
is not a color of a skin
but a way of being
this! hate cannot relate
and this is where racism steps in

Racism is one thing we learn from history
has done more to damage man than any one disease
people live and people die: that is a natural fact
but not so if the reason why is
just because you're black

Kerwin you were not the first
but we want you to be the last
we want fascism to stop
and we must do it fast

Kerwin
No one believes it - Kerwin did not - had he - alive
he would be - but he didn't believe -
racism - fascism - Adolf Hitlerism
or just plain Amsterdam snobism

No one really believes there is a thing called
racism
it's always something else -
it's not because of your color
they say: it's the way you carry yourself -

Who knows what reasons they'll retrieve
racism is something no one believes
even when the black lays dying in the street
no one believes it

Closed eyes don't see it
racial abuse / an excuse
no one believes it though it is true -
Kerwin didn't believe / why should you?
Plus how could he?
no one believes racism to be -
like they didn't believe the Vietnamese
pleas to live in peace
they didn't believe blacks should be free
after 400 years of misery

KERWIN
They didn't believe / they didn't
believe that we too should
have a right to breathe -
no one believes racism to be /
that people are people
with a right to be happy and free - happy and free

No one believes that to be the way it should be
no one believes it possible because no one believes
people don't even believe
what their eyes can see
the injustice / the waste / the inhumanity
they just don't believe - they just don't believe

The horror is so normal
so, so, so informal
that the normal horror is believed good
even at the cost of blood -

KERWIN

Terwijl sommigen op je zullen jagen
om de rest van jullie uit te moorden,
zullen anderen festivals houden
om te strijden tegen
of er rijker van te worden

En al maken ze van jou
't eerste slachtoffer dat viel
van nederlands racisme eeuwenoud -
Een leugen die we allebei doorzien

En zelfs als dit de waarheid was,
zou het voor jullie iets verbeteren?
het gerinkel van de gulden
blijft het geratel van de ketenen

Ketenen gebruikt om zwarten te binden
en sommige blanken als slaaf;
vreemd, de wegen die ze verzinnen
om iemand voor te schrijven hoe die
zich gedraagt

God weet: de lijst is lang
er blijft geen ruimte over
voor de namen van hen die ze hebben kwaad gedaan
de onbekenden die ze hebben afgemaakt

Ooooohh Europa... jouw strop... jouw strop
om mijn volks nek gebonden
na alles wat je nam en deed:
Het blijven open wonden

Ja, ze komen en waarom niet
om de van hun gestolen diamanten te zien
schitteren aan jouw firmament
Voor ons / arm volk / van een donkerder ras
een plaats om te sterven

Kerwin: De eerste zwarte die
op amerikaanse grond heeft rondgelopen
als een slaaf, was handelswaar,
uitgeladen uit neerlands oorlogsbodem.

Kerwin, wat jouw geval anders maakt
dan andere, om hun ras vermoorden,
is, dat jouw sterven door racisme
niet ontkend kan worden

Een bloedvlek op een taxibank
woog zwaarder dan jouw leven
toen je bloedde door die messteek
Daarom lag je daar op de stenen

wanneer ze weer besluiten dat een van
ons eraan moet gaan
moeten wij ons afvragen,
voordat het bloed gestold is,
"wie volgt?"

Herinner je de vrienden om je heen
die er niet zo uitzagen als jij
Die je niet behandelen - als
zo vele anderen doen?

vriend is een vriend is een vriend
is niet de kleur van je huid
maar een wijze van zijn
Waar racisme z'n kop op steekt, sla het neer
Door haat worden racisten opgeleid

Racisme is één ding dat we uit de geschiedenis leren
Het heeft meer schade aan de mensheid gedaan
dan enige ziekte
Mensen leven en mensen sterven: dat is een
natuurlijk gegeven
Maar niet als de reden alleen maar is omdat
je zwart bent

Kerwin, jij was niet de eerste,
maar wij moeten alles doen om je het laatste
slachtoffer te laten zijn
we moeten het fascisme een halt toe roepen
en vernietigen... snel, we hebben weinig tijd

Kerwin
Niemand gelooft het - ook Kerwin niet -
had hij het wel gedaan, hij had nog geleefd
racisme - fascisme - adolf hitlerisme -
of alleen gewoon amsterdams snobisme
niemand gelooft echt dat er zoiets bestaat
wat men racisme noemt

Het is altijd wat anders - het is niet vanwege je kleur
zegt men, het is zoals je bent...
Wie weet met wat voor redenen ze komen opdagen
racisme is iets dat niemand gelooft
zelfs niet wanneer de zwarte stervend op straat ligt

Niemand gelooft het - want gesloten ogen kunnen niet zien
racistisch misbruik een excuus,
Niemand gelooft het, toch is het waar
Kerwin geloofde het niet - waarom jij dan wel
hoe kon hij?
Niemand gelooft dat er racisme is
Zoals ze het niet geloofden dat de Vietnamezen
in vrede wilden leven
Ze geloofden niet dat zwarten vrij moeten zijn
na 400 jaar ellende
Ze geloofden niet - Ze geloofden niet dat ook wij
het recht hebben om adem te halen
niemand gelooft dat er racisme is
dat mensen mensen zijn
mensen die het recht hebben
om gelukkig en vrij te zijn - gelukkig en vrij
niemand gelooft dat het eigenlijk zo zou moeten
Niemand gelooft dat het kan, want niemand gelooft...
Mensen geloven zelfs hun eigen ogen niet
de onrechtvaardigheid, de verspilling, de onmenselijkheid
Ze geloven het gewoon niet, ze geloven het gewoon niet
De verschrikking is zo normaal
de verschrikking is zo, zo, zo gezellig
Dat de normale verschrikking gewoon gevonden wordt...
zelfs ten koste van bloed...

KERWIN

Pendant que certains te pourchasseront
Pour achever ce qui reste de toi
D'autres organiseront des fêtes
Pour avoir quelque chose à faire

Et même pendant qu'ils font de toi
Le premier à mourir
A cause du vieux racisme hollandais
Tous les deux on sait bien
Que c'est un mesonge

Et même si c'etait vrai
Qu'est ce que ça changerait
Les pièces de monnaie qui tintent
Sonnent comme les chaines

Les chaines dont ils chargeaient les noirs
Et les blancs parfois pour l'esclavage
Drôles de moyens qu'ils ont trouvés
Pour forcer les hommes à bien se conduire

Dieu sait si la list est longue
Plus de place pour aligner
Les noms de ceux qu'ils ont blessés
Des inconnues qu'ils ont tués

Ah, Europe, corde, corde
Au cou de mon peuple
Après tout ce que tu as pris et fait
Que voudrais-tu encore?

Ouil,ils viennent, et pourquoi pas aussi
Pour voir leurs propres diamants volés
Briller dans ton ciel
Pour nous, pauvre peuple d'une race plus sombre
Ce fut toujours un lieu où aller et mourir

Kerwin:
Le premier homme noir à mettre le pied
En Amérique
Fut comme un esclave vendu
Par une galère hollandaise

Kerwin, tu es différent
Des autres morts du racisme
Car ton histoire de mort pour ta race
Ne peut être démentie

Une tâche de sang sur la banquette d'un taxi
Valait plus cher que ta vie
Et c'est pourquoi tu mourrais dans la rue
Blessé par ce couteau

Quand ils décident que quelq'un doit mourir
C'est lorsque le sang est encore chaud
Qu'il faut nous demander
Qui sera le prochain?

Rappelles-toi les amis à tes côtés
Qui ne te ressemblaient pas
Et qui ne te traitaient pas
Comme le font tous les autres?

Un ami est un ami est un ami est un ami
N'est pas la couleur d'une peau
Mais une façon d'être
Ça!, la haine ne le supporte pas
Et c'est là que le racisme
Entre en scène

Le racisme est quelque chose
Que nous tenons de l'histoire
Il a fait plus pour détruire l'homme
Que toutes autres maladies
Les gens vivent, les gens meurent:
Ainsi le veut la nature
Mais pas si c'est juste parce que tu es noir
Kerwin, tu n'est pas le premier
Mais nous voulons que tu sois le dernier
Nous voulons la fin du fascisme
Et nous devons faire vite

Kerwin:
Personne ne le croit - Kerwin n'y croyait pas -
S'il l'avait cru, il serait vivant
Mais il ne l'a pas cru
Racisme, fascisme, Adolphe-Hitlerisme
Ou seulement l'habituel snobisme hollandais
Personne ne croit vraiment
Qu'il y ait quelque chose nommé racisme
C'est toujours quelque chose d'autre
C'est pas à cause de ta couleur
C'est la façon dont tu te comportes
Disent-ils
Qui sait les raisons qu'ils vont trouver
Le racisme est quelque chose
Que personne ne croit
Même lorsque le noir meurt dans la rue
Personne n'y croit
On ne voit rien des yeux fermés
Crime racial, une excuse
Personne n'y croit - Pourtant c'est vrai
Kerwin n'y croyait pas
Pourquoi y croirais-tu?
Et puis, comment aurait-il pu y croire?
Personne ne croit au racisme
Comme personne ne croyait aux prières
Du peuple vietnamien
Pour vivre en paix
Ils ne croyaient pas que les noirs
Dévraient être libres après 400 ans de misère
Ils ne croyaient pas, ne croyaient pas
Que nous avons aussi le droit de respirer
Personne ne croit que le racisme existe
Que les gens sont les gens
Avec le droit de vivre heureux et libres
Heureux et libres
Personne ne croit que c'est ainsi
Que les choses devraient être
Personne ne croit que c'est possible
Parce que personne ne croit
Ils ne croient même pas
Ce que leurs yeux voient
L'injustice - le gaspillage - l'inhumanité
Non, ils ne croient pas
Ils ne croient même pas
L'horreur est si normale
Tellement, tellement, tellement informelle
Que cette horreur habituelle
On la croit bonne
Même au prix du sang.

KERWIN
Mientras algunos de ellos te están agitando
para el resto de vosotros matar,
los otros celebran festivales
porque tienen la paz que aguantar.

E incluso te hacen de ti
la primera víctima que ha caído
porque de secular racismo holandés
sabemos que ésto es mentido.

Y aunque esto fuera la verdad
que más da
el tintinéo del florín
es el rechino de las cadenas.

Las cadenas que retienen los negros
y algunos blancos como eslavos,
que extraños modos se han decidido
para que se comporte el pueblo!

Dios sabe que la lista es larga,
no queda más espacio para rellenar
esos nombres de los que les han hecho daño,
esos desconocidos que han sido muertos.

Ay Europa - tu soga - tu soga
que tiene mi pueblo al cuello,
después de todo lo que has hecho y has quitado
¿qué otra cosa esperas?

Sí, ellos vienen y ¿porqué no?
para ver sus robados diamantes resplandecer en tu cielo,
para nosotros; pueblo de una raza más oscura
siempre ha sido un lugar a donde se va y se perece.

KERWIN
El primer paso que hizo un negro en América
fue como esclavo, para el comercio
de una galera holandesa.

Kerwin, lo que te distingue
de los otros que por racismo cayeron,
es que tu razón de muerte
es una que no se puede negar.

Una mancha de sangre en el asiento de un taxi,
pesó más que tu vida,
por eso estabas echado en la calle
cuando fuiste herido por esa navaja.

Cuando se decide
que uno tiene que morir
es cuando, mientras la sangre está fresca,
que tenemos que preguntar
quién de nosotros va seguir.

Un amigo es un amigo es un amigo
no es el color de la piel
sino la manera de ser.
Este!!!! odio es inacceptable
y es aquí donde el racismo emprende.

Racismo es una cosa que aprendemos de la historia
ha hecho más daño al hombre
que cualquier enfermedad
gente vive y gente muere; es un hecho natural
pero nó, si la razón es porque éres negro.

Kerwin, tu no fuiste el primero
pero quisiéramos que fueras el último
queremos parar el fascismo
y lo debemos hacer rápido.

KERWIN:
Nadie lo cree, Kerwin no lo creía
y si hubiera creído, hubiera vivido,
pero - no lo creía
Racismo, fascismo, adolph hitlerismo
o simplemente snobismo de Amsterdam.

Nadie cree que haya esa cosa nombrada racismo
siempre es por otra cosa-nunca es por tu color:
dicen ellos: que es por la manera que te comportas
quien sabe con qué razones ellos se presentan,
incluso si el negro se está muriendo en la calle
nadie lo cree aunque sea la verdad.
Kerwin no lo creía ¿como podría?

nadie cree que el racismo existe
cómo tampoco nadie creía
que los vietnameses querían vivir en paz
ellos no creen que los negros deberían ser libres tras
400 años de miseria
KERWIN: ellos no creen, ellos no creen que
también nosotros
tenemos el derecho de respirar
nadie cree en el racismo,
el hombre es el hombre
con el derecho de ser libre y feliz
nadie cree que ésta es la manera como
tendría que ser,
nadie cree que es posible porque nadie cree
lo que ve
la injusticia, el derroche, ellos simplemente no creen

el horror es tán normal
tán, tán, tán informal
que el horror normal es aceptado
aúnque se tenga que pagar con sangre

Terwyl sommige jag op jou maak
om die res van ons uit to moor
hou die ander dan jolyt
om iets te hê om te doen

Al sê hulle ook jy's die eerste een
om so te val
dan weet ons hulle lieg
want die Hollanders ken rassehaat
al baie baie lank

En al was dit dan ook waar
wat maak dit eintlik saak
die gerinkel van die guldens
is die kettings se geratel

Die kettings om die swart mens te bind
soms wittes ook, as slawe
snaaks wat hulle almal uitdink
om mense gehoorsaam te kry

God weet hoe lank die lys is
geen plek is daar meer oor
vir die name van die benadeeldes
die onbekendes deur hulle uitgemoor

O Europa, O Europa - jou tou - jou tou

na alles wat julle geplunder het
wat wil julle nog meer van ons hê

jou dood op grond van ras
kan hulle nie ontken nie

'n bloedvlek in 'n huurmotor

toe lê hulle jou sommer innie straat
met die mes wond in jou liggaam

Wanner hulle besluit

hulle het die swartes ook nie geglo
toe hulle om vryheid skreeu
na vierhonderd jaar van slawerny

niemand glo dit kan

po swoje diamenty świecące dla ciebie
Dla naszej nędzy (bośmy czarni)
jest zawsze jeszcze miejsce na śmierć, dla siebie

Kerwin:
pierwszy czarny który postawił stopę w Ameryce
byl niewolnikiem, towarem,
w rękach holenderskich handlarzy

Kerwin: Twoja śmierć, od innych
różni się tym
że zginąłeś bo jesteś czarny
temu nie zaprzeczy nikt

Ślad Twojej krwi w taksówce
ważniejszy od Twego życia
zostałeś pchnięty nożem
i tak Cięe przyjął bruk ulicy

Zanim zadecydują
że ktoś musi umrzeć znowu,
zanim krew zakrzepnie:
musimy postawić sobie pytanie
kto z nas następny

Pamietasz przyjaciół wokół siebie:
który z nich nie jest taki jak Ty?
Który z nich nie jest traktowany
przez innych tak jak Ty?

Przyjaciel jest przyjacielem, bo przyjaźń_
to nie skóry odcień -
to sposób bycia, to bliskość.
Nienawiść nie karmi przyjaźni -
to właśnie rasizmu sens

Rasizm przedstawia nam historia
zniszczył on więcej niż jakakolwiek choroba
ludzie żyją i umierają - to naturalne
ale nie jeśli powodem śmierci
jest kolor skóry

Kerwin: nie jesteś pierwszy
chcemy abyś był ostatni
chcemy zatrzymać faszyzm
działać szybko, wyjść z tej matni.

Kerwin:
Trudno w to uwierzyć - Kerwin też by nie uwierzył
gdyby żył:
rasizm, faszyzm, adolf hitleryzm
albo po prostu amsterdamski snobizm
Nikt nie wierzy że rasizm istnieje
zawsze jest innaczej nazywany:
- "to nie z powodu koloru skóry
to Twój sposób bycia" -
zasłaniają się innymi powodami
W rasizm nikt nie wierzy
nawet jeśli czarny umiera na ulicy
nikt w to nie wierzy
zamknięte oczy nie mogą zobaczyć
rasowy wybryk - przepraszam
Nikt nie może w to uwierzyć, choć jest to prawda
Kerwin w to nie wierzył, dlaczego Ty miałbyś?
Jak miałby w to uwierzyć?
Nikt nie wierzy że rasizm żyje
tak jak nikt nie wierzył wietnamczykom
że chcieli żyć w pokoju
Nie wierzyli czarnym że chcą być wolni
po 400 latach cierpienia
Nie chcieli uwierzyć / nie chcieli
że też mamy prawo do oddychania -
Nikt nie wierzy w rasizm /
że ludzie są ludźmi
z prawem do szczęścia i wolności - szczęścia i wolności
Nikt nie wierzy w to że tak powinno być
Nikt nie wierzy że to możliwe - bo ludzie nie wierzą

ludzie nie potrafią wierzyć
nawet temu, co ich oczy widzą
niesprawiedliwość, zmarnowanie, nieludzkość
oni po prostu nie wierzą - po prostu nie wierzą!
Horror jest tak normalny, tak normalny
tak nieformalny
że uważany jest za dobry
nawet kosztem krwi

KERWIN

Während manch dich jagen
um euch weiter aus zu morden
feiern andere aus Versagen
den entgültigen Streit zu fordern

und eben weil sie dachten
daß sie dich zum ersten Opfer machten
zeigt der uralte holländische Rassist
daß es eine Lüge ist

und wäre es die Wahrheit
was würde es ändern an der Klarheit
daß der gulden weiter klappern wird
so wie immer noch die Kette klirrt

die Kette an die man Schwarze bindet
und ein Paar Weiße indem man das geeignet findet
komisch wie wird bestimmt
wie man sich benimmt

Gott weiß wie lange ist
die unbekannten Toten List
keinen Raum mehr auf dem Namenblatt
deren Leben man genommen hat

a-h-h Europa - euer Strick - euer Strick
ringsum mein Volkes schwarz Genick
nach allem was die dir genommen und getan
glaubst du immer noch an diesen Wahn?

Ja!!! Sie kommen und warum werden sie sich nicht
ihren gestohlenen Diamanten anschauen in euerem kaltblauen Licht
für uns armes / Volk / von einer dunkleren Rasse
ein Platz zum Sterben neben euerer gefüllten Kasse

KERWIN: Die ersten Schwarzen die in den Staaten
den festen Boden betraten
waren Sklaven
von Schiffen aus holländischem Hafen

Kerwin, was dich von anderen trennt
den Grund deines Totes anerkennt
du warst nicht blond & blau & blaß
dein Mord zeigt reiner Rassenhaß

Blutkleckse auf dem Stuhlgewebe
waren wichtiger als dein Leben
auf dem Pflaster solltest du krepieren
dein Körper durch Messerstich verlieren

wenn es wird bestimmt
daß man ein Leben nimmt
müssen wir beharren
bevor das Blut wird erstarren
darf nur eine Frage rein
wer wird der Nächste sein?

deiner Freunde erinnerst dich
die hatten eben ein anderes Gesicht
für die warst-e 'ne Gleiche
für andern aber lieber eine Leiche

ein Freund ist ein Freund ist vertraut
egal der Farbe, eine zweite Haut
daß wird nicht geschätzt vom Hasse
und hier beginnt der Unterschied in Rasse

Rassismus zeigt uns die Geschichte
hat mehr Harm als jene Seuche ausgerichtet
aus natürlichem Grund leben und sterben Laute
aber nicht wenn deine Farbe deinen Tod bedeutet

Kerwin, du warst nicht der Erste
doch der Letzte sollst du sein
wir müssen den Faschismus stoppen
und zwar schnell!!!

KERWIN
Keiner glaubt es - Kerwin hat es nicht geglaubt -
hätte er - sein Leben wäre nicht geraubt -
aber er glaubte es nicht -
Rassismus - Faschismus - Adolf Hitlerismus
oder einfach Amsterdammer Snobismus
keiner glaubt wirklich daß es so etwas wie Rassismus gibt
es ist immer etwas anderes - es ist nicht wegen deiner Farbe
sie sagen: es ist wie du dich verhältst
wer weiß was sie sich einfallen lassen
Rassismus ist etwas woran keiner glaubt
sogar nicht wenn ein Schwarzer in der Strasse stirbt
keiner glaubt es
geschlossene Augen nicht
razialer Mißbrauch / eine Entschuldigung
keiner glaubt es - trotzdem ist es wahr
Kerwin hat es nicht geglaubt / warum solltest du es glauben / plus wie konnte er?
keiner glaubt daß es Rassismus gibt -
so wie sie nicht geglaubt haben
daß die Vietnamesen in Frieden leben möchten
so wie sie nicht geglaubt haben
daß Schwarze frei sein sollten nach 400 Jahre Elend
sie haben es nicht geglaubt
sie haben es nicht gewußt
daß sogar wir das Recht zum atmen haben -
keiner glaubt daß es Rassismus gibt /
daß Menschen Menschen sind
mit dem Recht glücklich und frei zu sein - glücklich & frei
keiner glaubt daß es so sein müsste
keiner glaubt es wäre möglich weil keiner glaubt -
Menschen glauben nicht mal ihren eigenen Augen
das Unrecht / die Verschwendung / die Unmenschlichkeit
sie glauben es einfach nicht - sie glauben es einfach nicht
der Horror ist so normal
so, so, so informal
man glaubt normaler Horror ist gut
sogar wenn der Preis ist Blut -

KERWIN

Dok će te neki goniti
da ubiju preostali deo tebe
drugi će odrzavati festivale
da bi imali sta da rade

i dok od tebe prave
prvos za umiranje
zbog prastarog hotandskog rasizma
mi cemo oboje znati da je to laž

Čak i da je to istina
šta ce to stvarno da izmeni?
zveckanje guldena
je zveket lanca

Lance koje koriste da okuju crnce
oprede ljene belce, kao robove
čudni su putevi njihovih planova
da náuce narod ponasanju

Bog zna, lista je digačka
nema mesta za dopunu
imena onih koji su pogrešili
nepoznatih koje su ubili

Av Evropo - tvoje uže - tvoje uže
oko vrata mojih ljudi
posle svega što se oduzela i vratila
šta još očekuješ?

Da!!! Oni dolaze, a zašto da ne
da vide njihove ukradene dijamante
kako svetle na tvom nebu
za nas siromasne / narode / tamnije rase
uvek je bilo mesta / ići i umreti

KERWIN prvi crnac koji je kročio
na tlo Amerike
bio je rob ostavljen u trgovini
sa holandskog / broda / 'man-o-war'

Kerwin: po čemu se razlikuješ
od drughi racizma koji su umrli?
to je vaš sluča smrti po rasi
onaj koj nemogu poreći

Krvara mrlja na taksi sedištu
značila je više no tvoj život
zato si ležao na ulici
ranjen nožem -

Kada oni odluče
taj mora umreti
dok je krv jos uvek sveža
mi smo dužni
da se zapitamo
ko je sledeći?

Sećaš li se svojih bliskih prijatelja
koji nisu izgledali kao ti?
koji te nisu tretirali
kao mnogi drugi?

Prijatelj je prijatelj je prijatelj
he boja kože
već nacin bivstvovanja
To!!! mržnja tome nemože biti srodna
i tu je gde, racizam ulazi -

Rasizam je nešto što smo ucili iz
istorlje
napravio je više štet čoveku
od bilo koje bolesti
ljudi žive i ljudi umiru
to je prirodna činjenica
a ne tako iz razloga
što si crn

Kerwin nisi bio prvi
ali želimo da si poslednji
želimo da zaustavimo fašizam
I to moramo uraditi brzo

KERWIN: Niko neveruje - kerwin nije -
da li je -
živ - bio bi - ali on nije verovao
rasizam - fašizam - Adolf Hitlerisam
ili običan Amsterdamski snobizam
niko uistinu neveruje da postoji stvar
nazvana rasizam
uvek je nešto drugo - nije to zbog tvoje
boje
oni kažu to je zbog takvog kakav jesi -
ko zna kakve bi razloge naveli
rasizam je nesto ušta niko neveruje
čak i kada crnac leži umiruci na ulici
niko neveruje
zatvorene oči nevide
rasističko zlostavlanje izvinjenje
niko neveruje i ako je istina -
Kerwin nije verovao zašto bi vi? / pa
kako bi i on mogao?
niko neveruje da rasizam postoji -
kao sto nisu verovali prizivima
vijetnamaca da zive u miru
nisu verovali da crnci zaslužuju slobodu
posle 400 godina mizerije
nisu verovali / da ćemo i mi isto tako
imati pravo da dišemo
niko neveruje da postoji rasizam / da su
ljudi, ljudi
sa pravom da budu sretni i sloboni
sretni i slobodni
niko neveruje da bi bilo kako treba
niko neveruje da je moguće, niko
neveruje -
ljudi čak neveruju
onom što im oči vide
nepravdu / upropašćenje / nehumanost
oni jednostavno neveruju, oni jedostavno
neveruju
užas je tako normalan
tako tako neformalan
da je prirodni užas prihvaćen dobro
čak i po cenu krvi -

KERWIN

Ketika diantara mereka memburumu
untuk membunuh sisa hidupmu
yang lainnya akan mengadak an festival
untuk mendapat kan sesuatu

Dan ketika mereka sama sama
membuatmu mati tendahulu
karena jaman rasisme belanda
kami tahu ini adalah kebohongan

Kalapun itu kebenaran
apakah kenyataan berubah
gemerincing gulden
adalan gemerincing nya rantai rantai

Rantai rantai yang mereka gunakan untuk mengikat kaum hitam
demikian kaum putih memperbudak
cara yang aneh mereka mencari akal
untuk mendapatkan rakyat berkelakuan

Tuhan tahu daftar ini adalah panjang
tak ada ruangan teringgal untuk diisi nama
mereka yang berbuat salah
yang tidak terkenal mereka telah bunuh

Ah - Europa - talimu - talimu
mengelilingi leher orang orang ku
setelah semuanaya kamu ambil dan lakukan
apa lagi yang kamu harapkan?

Ya!!! mereka datang dan mengapa tidak
melihat mutiara mereka yang berseri tercuri dilangitmu
untuk kami kaum jelata yang miskin
selalu ada tempat untuk pergi dan mati

KERWIN:
pertama kali kaum hitam menginjakan kaki di amerika -
adalah budak dalam perdagangan
dari kapal perang Belanda

Kerwin: apa yang membuatmu berbeda
dari rasisme lainya mati
kalau kejadian dari ke matian mu melalui perlombaan
satu hal yang tak dapat diingkari

Noda darah dibangku taxi
berarti lebih dari pada hidupmu
itulah sebabnya kamu tergeletak diijalan

Ketika mereka memutuskan
yang satu harus mati
sementara darah basah
kami wajib bertanya pada diri kami
siapa diantara kami untuk berikutnya

Mengingat kawan terdekat padamu
yang tidak seperti kamu
yang tidak menjamumu seperti kebanyakan dilakukan -
oleh mereka -

Kawan adalah kawan adalah kawan
bukan warna daripada kulit
tapi cara hidup
ini!!! kebencian tak dapat berhubungan
dan ini dimana rasisme melangkah

Rasisme adalah sensuatu yang kami pelajari dari satu penyakit
manusia hidup dan mati itu adalah alami
tetapi tidak seperti alasannya mengapa hanya karena
kamu hitam

KERWIN, kamu bukanlah yang pertama
tapi kami ingin kamu adalah yang terachir
kami ingin fasisme berhenti
dan kami harus melakukannya segera

KERWIN:
Tak satupun mempercayainya Kerwin tidak mempunyai hidupnya
ia lakukan tapi ia tidak mempercayainya
rasisme - fasisme - adolf hitlerisme
atau hanya dataran Amsterdam
sungguh tak satpun percaya disana ada senuatu dengan nama
rasisme
adalah sensuatu yang lain - bukan karena warnamu
mereka berkata itu adalah cara untuk menanggung dirimu
siapa yang tahu apa alasan dapat diperbaiki
Rasisme adalah sensuatu tak satupun mempercayai
bahkan ketika kaum hitam meninggal dijalanan
tak satupun mempercayai itu adalah betul
Kerwin tidak percaya
bagaimana ia terjadi
tak satupun mempercayai rasisme ada
seperti mereka tidak percaya Vietnamese hidup damai
mereka tidak percaya kaum hitan harus bebas setelah 400 tahun
dalam kabut
Mereka tidak percaya - mereka tidak percaya yang mana
kami harus mempunyai nafas
tak satupun percaya rasisme
manusia adalah yang juga harus bahagia dan bebas
tak satupun percaya cara iti terjadi
tak satupun percaya kemungkinan karena tak satuyan percaya
apa yang terlihat pada mereka
ketidak adilan - tak berharga - tidak kemanusiaan
menakutkan adalah biasa
jadi - jadi - jadi --- tidak resmi
itu - menakutkan yang biasa adalah kepercayaan yang baik
bahkan harus dibayar dengan darah

KERWIN
Bazıları seni hedef alırken
geride kalanları öldürmek için,
baskaları eğlence düzenleyecekler
mücadele etmek veya zengin olmak için

Ve seni ilk düşen
kunban yapsalar bile
asırlarca eski hollanda ırkından -
Bir yalanki biz ikimizde anlarız

Bu bir gerçek olsaydı bile
sizin için bir şey değişirmiydi
güldenin şıngırtısı
zincirlerin takırtısıdır

Zincirler siyahlıları bağlamaya kullanılan
ve bazıları beyazlıları köle olarak;
tuhaf, birilerinin nasıl davranmasını
yazmak için, uydurulan yollar

Allah biliyor: liste uzundur
kötülük yapanların adlarından yer kalmıyor
ve öldürdükleri sayısız
isimsizler

Ooh Avrupa, senin yuların... senin yuların
benim milletimin boynuna dolanmış
bütün aldıklarından ve yaptıklarından sonra
açık yaralar olarak kalıyor

Evet, onlar geliyorlar neden gelmesinler
onlardan çalınan senin ağırlığında
parlayan elmasları görmek için -
Bizler için / fakir millet / siyah ırktan
üzülmek ve ölmek için bir yer
sizin refahınızın ortasında, bize yabancı

Kerwin; amerikan topraklarında gezmiş
ilk siyahlı
bir köle idi, ticari mal,
hollanda savaş alanından boşaltılmış -

Kerwin, senin durumunu başkasından
başka yapan, irklarını öldürmek için,
ırkçılı tarafından senin ölümün
inkar edilemez

Taksi kanepesinde kan lekesi
senin hayatından önemli idi
bıcak yarasından dolayı kanadığında
Onun için orada taşların üstünde yatıyordun

Ne zaman bizden birinin yok edilmesine
karar verilirse
kan akmadan önce
biz kendimize sormalıyız,
"sırada kim? ve savaşıyoruz
sanki biz hepimizde onun yerindeymişızgibi

Etrafındaki arkadaşları hatırla
sana benzemeyenler, onlarki sana
bir çok digerleri gibi davranmayan -
özlemle kölelik zamanını hatırla

Arkadaş, arkadaştır, arkadaş
teninin rengi değildir
ama olduğu gibi
Irkçılığın baş gösterdiği yerde, vur devir
Irkçılar nefretle yetiştirilirler -

Irkçılık, tarihden öğrendiğimiz gibi
birden fazla hastalık insanı zedeledi
insanlar yaşıyorlar insanlar ölüyorlar -
tabiatsal bir gerçek -
ama değil, ırk ayrımından dolayı
ölüyorlarsa

Kerwin, sen ilk değildin,
ama biz senin en son kurban
olabilmen için herşeyi yapmalıyız
biz faşizme dur diye bağırmalıyız
ve yok etmek... çabuk, zamanımız az -

Kimse inanmıyor - Kerwin yapmadıydı -
eğer yaşasaydı, ınanamazdı
rasizim, faşizim, adolf hitlerizim -
veya sadece amsterdam (veya groningen) kibarlığı.
kimse inanmıyor böyle bir şeyin olduğuna
ırkçılık denilen şeye.
Her zaman başke bir şey - rengin sebebinden değil
deniliyor, olduğun gibi...
Kim bilir ne gibi nedenlerle geldiklerini
ırkçılık bir şeyki kimse inanmıyor -
siyahlı sakakda ölmek üzere olsa bile
Kimse inanmıyor - Cünki kapalı gözler göremez
bir bağış, ırkça suistimal edilmiş
Kimse inanmıyor, ama gerçek
Kerwin inanmıyordu
nasıl inanabilirdi?
Kimse inanmıyor insanların insan olup
mesut ve serbest olma haklarına
sahipliklerine
Kimse inanmıyor olabileceğine, çünki kimse
inanmıyor...
Insanlar kendi gözlerine inanmıyorlar.
haksızlık, israfcılık, insan dışıcılık
Onlar inanmıyorlari işte, onlar inanmıyorlar işte
Korku öyle normalki
korku öyle, öyle, öyle neşelendiriciki
Normal korku normal bulunuyor...
kanın hesabına olsa bile...

ਕੈਰਵਿਨ

ਸਦ ਕੁਝ ਉਨ੍ਹਾਂ ,ਤੋਂ ਤੇਰਾ ਸ਼ਿਕਾਰ ਕਰਨਗੇ
ਤੇ ਲੜਾਇਆਂ ਨੂੰ ਉਹ ਕਤਲ ਕਰਨਗੇ
ਸਾਡੀ ਉਨ੍ਹਾਂ ਦੇ ਸਰਾਉਣਗੇ ਖੁਸ਼ੀਆਂ
ਕਿ ਕੁਝ ਤਾਂ ਕਲ ਉਹ ਵੀ ।
ਸਭ ਤੋਂ ਪਹਿਲੀ ਕੁਰਬਾਨੀ ਦੇ ਦੇ ਤੇਰੀ
ਖੁਲ੍ਹਾ ਪੁਰਾਣੀ ਡੂੰਘ ਅਸਮ ਦਾਰਾਈ
ਦੂਜਾ ਜਾਇਦੇ ਕੁਫ਼ਰ ਇਹ ਵੱਡਾ
ਇਹ ਵੀ ਕੀਤੀ ਉਸਦਾਈ।
ਸਰ ਦੀ ਕੁਝ ਧਰਨ ਦਾ ਸਕਦਾ
ਗਿਰਤੁਮਾਂ ਦੀ ਝੁੰਕਾਰ ਦੇ ਦਿਤੇ
ਜੰਜੀਰਾਂ ਦੀ ਆਵਾਜ਼ ਸੁਣੀਂਦੀ
ਜੰਜੀਰੀਂ ਬੰਨ੍ਹੇ ਕਾਲੇ ਲੋਕ
ਗੁਲਾਮ ਬਣਾਏ ਕਾਲੇ ਲੋਕ
ਅਖਣ ਅਜੀਂ ਆਜਾਰ ਸਿਖਾਂਦੇ
ਇਹ ਤਾਂ ਸਚ ਦਿਖਾਵੇ ਲੋਕ
ਖਤਰੇ ਵਿੱਸੀ ਫਰਿਸਤ ਇਹ ਲੰਮੀ
ਤੇ ਵਿਸ਼ਵ ਲਈ ਥਾਂ ਨਹੀਂ ਬਚੀ
ਵਹਿਸ਼ੀ ਬਣਦੇ ਉਹਨਾਂ
ਜੰਜੀਰ ਦੀ ਤੈ ਬਣੀ ਚੜ੍ਹਾਈ
ਓ ਯੋਰਪ ਤੇਰੀ ਹੋਂਦੀ
ਮੇਰੇ ਲੋਕਾਂ ਦੀ ਬਣਗਈ ਦਾਗੀ
ਕਿੰਨੇ ਜ਼ਖਮ ਤੇਰ ਤੂੰ ਦਾਤੂਏ ?
ਨਾ ਉਹ ਜ਼ਿੰਦੇ ਆਉਣਗੇ
ਤੁਹਾਡੇ ਅਕਾਸ ਤੇ ਰਸਦਾ
ਆਪਣਾ ਚਮਕਿਆ ਰੰਗ ਦੇਖਣ -
ਪਰ ਅਜੀਂ ਕਾਲੇ ਮੈਨ ਦੀ ਦੌਸ
ਕਿਸਮਤ ਸਾਡੀ ਲਿਖਿਆ ਸਰਦਾ ।
ਕੈਰਵਿਨ ! ਅਸੀਂਨਾ ਇਹ ਜ਼ਰ ਪਹਿਲੇ ਕਾਲੇ ਆਦਮੀ
ਗੁਲਾਮ ਬਣ ਦੇ ਮੌਤ ਸੀ ਥਿਆਂ
ਅੱਜਾ ਉਹ ਇਉਂਧਾਰ ਬਣ ਗਿਆ
ਸੁਣ ਤੂੰ ਤੋਰ 'ਮੈਂ ਓ ਦਾਰ' ਤੋਂ ਤੋਹਿਆ
ਕੈਰਵਿਨ ! ਤੂੰ ਸਹੀ ਦੀ ਫਲ ਰਹੀਂ ਸੀ
ਤੂੰ ਵੀ ਨਸਲਵਾਦ ਦੀ ਬਲੀ ਮੈਂ ਚੜ੍ਹਿਆ
ਇਸ ਨੂੰ ਮੌਰਵ ਤੇ ਰਹ ਨਾ ਸਕਦੇ ਉਹ ਇਨਸਾਫ
ਲੰਮੇ ਦੇ ਧੱਬੇ ਤੇਰੇ ਨਾ ਰਖ ਸੀਨਾ ਦੈਕਸੀ ਨੂੰ
ਇਸ ਲਈ ਇਜਾ ਸਫ਼ਰ ਤੇ ਤੁਫ਼ਾਨਾ

ਮਾਫ਼ ਖੰਜਰ ਦੇ ਜ਼ਖ਼ਮ ਵਾਂਗਰ ਹੋਇਆ
ਕੁਝ ਤੇਰਾ ਵਸੀਂ ਨਹੀਂ ਕੀਤਾ ਹੋਇਆ
ਉਹਨਾਂ ਸੋਚਿਆ ਇਹ ਤੇਰ ਸਜੇਗਾ
ਅਜੀ ਪੁੱਛਿਆ ਸਾਡੇ ਦਿਲੋਂ ਅਗਲਾ ਕਿਹੜਾ ?
ਦੇਸ਼ਤ ਦਾ ਅਰਥ ਹੈ ਦੇਸ਼ਤ
ਇਹ ਨਾ ਹੁੰਦਾ ਕਿਸ ਰਸਤੇ ਦਾ
ਸੀ ਦਾ ਅਰਥ ਰਫ਼ਤਾ ਬਣ ਜਾਂਦਾ
ਤਰ ਰਸਤਦਾਰ ਆ ਪੈਰ ਹੈ ਧਰਦਾ
ਰਸਤਦਾਰ ਹੈ ਸਾਰੇ ਹੋਰ ਇਤਿਹਾਸ ਸਾਰੇ ਦਸਦਾ
ਮਸਤ ਜੀਣਾ ਬਣਿਆ ਹੋਇਆ. ਪਰ ਜਰ ਮਰਦਾ
ਕੋਈ ਕਾਲੇ ਕੰਮ ਕਰਦੇ, ਅਤਰਥ ਤਰ ਹੈ ਹੁੰਦਾ
ਕੈਰਵਿਨ ਤੂੰ ਨਹੀਂ ਮੈਂ ਪਾਪਾ - ਬਲੀ ਜੋ ਚੜ੍ਹਿਆ
ਪਰ ਤੂੰ ਤਾਂ ਆਖੀ-ਚਾਹੀਏ-ਹੰਮਿਜ਼ਮ ਧਰਤੀ ਤੇ ਮੁਕਾਈਏ।
ਕੈਰਵਿਨ । ਤੂੰ ਜ਼ਿੰਦਾ ਰਹਿ ਸਕਦਾ ਹੈਂ ਤੇ ਜੀਣਾ ਚਾਹੁੰਦਾ ਹੈਂ
ਪਰ ਕੋਈ ਨਾ ਅਸੀਂ
ਰਸਤਦਾਰ - ਟਾਮਿਜ਼ਮ - ਅਡੋਲਫ਼ਹਿਟਲਰਦਾਰ ਜਾਂ ਕੋਈ
ਅਸਤਰਤਮ ਪੈਰੜ੍ਹਦਾਰ - ਨਾ ਅਸੀਂ ਰਸਤਦਾਰ ਹੀ ਹੋਂਦਾ।
ਰਸਤਦਾਰ! ਇਹ ਸਮਝਣਾ ਜੀ ਕੁਝ ਤੇਰ ਜੀ ਕੋਈ ਫ਼ਰਕ ਸਕਦੇ
ਨਹੀਂ - ਉਹ ਕਹਿੰਦੇ, ਮਿਥੁਨ ਜੀ ਲਾਂਦਾ ਤੇਰੇ ਲੇਖੀਂ
ਕੋਈ ਜਾਣੇ, ਕਿਉਂ ਮਿੱਥੇ ਉਹ ਸੋਚਣ ?

ਰਸਤਦਾਰ ਦੀ ਤੋਰ ਨਾ ਅੰਦਰੇ ਤਰ ਵੀ -
ਜਰ ਇਹ ਰਾਲਾ ਗਲੀ 'ਚ ਵਤਨ ਹੋਇਆ
ਰਸਤਦਾਰੀ ਗਾਰਡ - ਇਹ ਬਾਕੀ - ਉਹ ਦੇ ਸੰਤਰੇ
ਜੁਲੇ ਇਹ ਇਹ ਫ਼ਰਜ਼ੀ ਸਰਦਾਰੀ
ਕੈਰਵਿਨ। ਤੂੰਹੂ ਵੀ ਇਸ ਵਿਚ ਯਕੀਨ ਨਹੀਂ ਜੀ?
ਰਸਤਦਾਰ ਦੀ ਤੋਰ ਤੋਂ ਇਹ ਨਾਜ਼ੀ ਸਾਰੇ
ਉਜ ਸੀ ਜਿਨੇ ਦਾ ਅੰਦਰੇ :
'ਦੀਅਤਕਾਸੀ ਸਾਂਤੀ ਵਿਚ ਜੀਅ ਦੇ ਖ਼ਸ ਤਰ'
ਤੇ 'ਸਾਰ ਸੈਂ ਸਾਰ ਦੀ ਗ਼ੁਲਾਮੀ ਪਿਛੋਂ
ਸਸਟ੍ਰਟ ਸੇ. ਰਿੰਜ਼ ਕਾਰੇ ਅਰਥ ਆਜ਼ਾਦੀ ਦਾ'
ਉਹ ਤਾਂ ਯਕੀਨ ਨਾ ਕਰਦੇ
ਆਜ਼ਾਦ ਹਿੰਜ਼ਾ ਵਿਚ. ਅਸੀਂ ਸਾਰ ਸੈਂ ਮਰਦੇ
ਉਹ ਨਾ ਸਸਟ੍ਰਟ ਸਾਰੇ ਬੁਝਦੇ
ਪਰ ਅੱਖੀਂ ਵੇਂਦੇ :
'ਨਾ ਵਿਰਸਾਰੀ - ਬਸਤਾਰੀ - ਅਦਸਟੁੱਖਤਾਂ'
ਖੌਰੇ ਨਾ ਅੰਦਰੇ ਤਰਦੇ ਸਾਰੇ
ਤਰ ਨਾ ਵਿਸੇ ਦੇ ਅੰਦਰ ਬੀਤ ਗਿਆ
ਸਾਸ ਜਿਨਾ ਤਰ ਤੋਰ ਬੀਰ ਹੈ ਸਖਦਾ
ਸਾਰੇ ਸਾਰਥੇ ਸਰ ਤੁਸ, ਵਿਜਾ।

KERWIN: De earste swarte dy't

In bloedplak op in taksybank

As hja beslute dat ien fan ús stjerre moat

wylst it bloed nog wiet is
wa is de folgjende?

Tink oan de freonen dy't dy nei binne

Cenoj uzitaj por ligi nigrulojn

stranga metodo por malfeliĉulojn
kondutigi kiel ies hav'

Dio scias ke listo longas

Ho! Eŭropo - ŝnuro vi estas

ĉu por vi pro tio restas

Jes! Ili venas, eĉ venu, ĉu ne?

ŝarĝo de nederlanda ŝip

Kerwin, vi certe diferencas

Sangomakulo sur benko taksia

kiam pro la piko tranĉila

Se oni decidas
ke morti iu devas

sed ĉiu sekvu
kiel viktimo en horora rang'
Memoru la amikojn ĉirkaŭ vi
aspektintaj ne kiel ci
vin traktintaj ne kiel tiaj
kiuj faras kiel multaj aliaj

Amike amikas amika amik'
ne gravas via haŭtkolor'

Laŭ historio, damaĝis rasismo
a la homaro, pli ol malsano
vivu kaj mortu ni laŭ naturo

Kerwin, vi ne estit la unua

lasta viktimo de faŝismo detruenda
kaj ni agadu rapide! Kaj haste!

neniu kredas kvankam tamen veras

kial tion malkredis li?
neniu kredas

ke la vietnamanoj volis vivi nur pace
ke nigruloj liberu post 400 jaroj da mizer'

Mezitím vás jedni z nich stříhají
aby zabili ty, kteří ještě jsou
ti druzí mají bankety
aby zabili cas

I tě když
jako první
v jejich už prastarém holandském rasismu
my oba víme, že to je lež

I když to byla pravda, že
co by změnilo
cinkání zlatek.
je chřeštení řetežů

Řetežy spoutaly v otroctví
černochy - a také bělochy
divně, co si vymyslejí
aby lid byl poslušen

Bůh ví, ten seznam je dlouhý
už není v něm prostor psát
jména těch, které zabili
a těch, které vůbec neznáme

Ach Evropo - provaz - provaz
kolem šije mého lidu
po všem těm nespravedlnostech
co ještě chceš?

Ano! Přijedou, a proč ne
aby viděli ukradené diamanty v obloze
pro nás chudé / ubohé lidi temnejšé rasy
to pořád byla jenom místnost smrti

KERWIN:
První černoch kteří postavil
nohu v Americe
jako otrok - prodaný
z Holandsky lodi

Kerwin: čím se tvůj případ liši
od ostatních vražed rasového štvaní
tím, že tvůj případ je známý
a nedá se dementovat

Kravá skvrna v taxiku
je pro ne hroznější než tvoje smrt
proto tě zabili
na ulici

Když se oni rozhodnou
že jeden musí zemřít
ješte pokud krev neuschla
musíme se ptát
kdo z nás bude další

Vzpomínej na své přatele
kteří ti jsou podobní
a přesto s tebou nezacházeli tak
jako všichni ti ostatní

Přítel je přítel
není to barva pleti
ale způsob chování
nenávist nespojí:
tak začíná rasismus

Rasismus: dějiny nám ukážú
ze škodil lidstvu víc, než nejhorší nemoc
lidé žiju a zemřou: to je normální
ale normální není, když musíš zemřít jenom proto
že jsi černoch

Kerwin: nebyl jsi první
ale musíš být poslední
s fašismem musí být konec -
rychle!

Kerwin:
Nikdo tomu nevěří - ani Kerwin - kdyby věřil,
žil by - ale nvěřil
rasismus - fašismus - Adolf Hitlerismus
anebo jenom čisty amsterdamsky snobismus
nikdo vážne nemyslí, že existuje rasismus
pořád je to něco jiného
není to kvůli barvě tvé pleti
řikají - ale jak se chováš -
kdo ví, co si ještě vymyslejí
rasismus neexistuje
ani když černoch zemře na ulici před tebou
neexistuje
zavřené oči nevidí
rasové zneužití - omluva
nikdo tomu nevěří, ale je to pravda
Kerwin nevěřil - proč bys měl ty -
ale jak by mohl on?
nikdo nemyslí, že rasismus existuje
stejným způsobem
jak nikdo neslyšel prosby Vietnamců
aby mohli žit v míru
nikdo nemyslí, že černoši mají být svobodní
po stoletném otroctví
ani nikdo neví, že i my
máme právo na dychání
rasismus neexistuje - ?
lidé jsou lidé
mají právo na život št'astný a svobodný
št'astný a svobodný
nikdo nemyslí, že to mělo být tak
nikdo nemyslí, že tak to vůbec může být
protože lidé dokonce nevěří
tomu, co vidí:
nespravedlnost, mrhání, nelidskost
prostě nevěří - prostě nevěří
ta hrůza je normální, normální, známá
i když cena normality
je krev

KERWIN

Silläaikaa kun toiset metsästävät sinua
tappaakseen loputkin sinusta
niin toiset pitävät juhlia
saadakseen jotakin tekemistä

Ja heidän tehdessään sinusta
sen ensimmäisen kuolevan
niin me tiedämme
vuoksi Hollannin rasismin
sen valetta olevan

Ja vaikka se totta olisikin
niin mitä se muuttaisi
sillä guldenejen kilinä
on yhä kahleiden kolinaa

Kahleita käyttäen he painostavat mustat
ja tietyt valkoiset orjiksi
vieraat tiet he ovat asettaneet
jotta kansa tottelisi

Herra tietää lista on pitkä
eikä tilaa mitä täyttää
nimet he ovat väärentäneet
tuntemattomat tappaneet

Ah Eurooppa - köytesi - köytesi
kansani kaulalla
kaiken sen jälkeen, mitä olet ottanut ja tehnyt
mitä vielä odotat

Kyllä! he tulevat ja miksi ei
nähdäkseen varastetun timanttinsa
kipinöivän taivaallasi
meille / köyhä kansa / pimeämmän kisan
on aina ollut paikka minne mennä ja kuolla

Ensimmäinen musta joka astui
Amerikkaan
oli orja, jäljellä kaupasta,
Hollantilaismiehen sodasta

Kerwin: mikä tekee sinut erilaiseksi
toisten rasismista, oli kuolema
sillä sinun kuoleman juoksuasi
he eivät voi myöntää

Verijälki taxin penkillä
merkitsee enemmän kuin elämäsi
siksi makaat kadulla haavoittuneena
juuri tuosta veitsestä

Kun he päättävät, yhden on kuoltava
silloin on veri vielä märkää
jotta jouduimme kysymään itseltämme
kuka meistä on seuraava

Muista läheiset ystäväsi
kuka ei ollut kuten sinä
kuka ei huijannut sinua
kuten niin monet muut

Ystävyys on ystävyyttä, ystävä
se ei ole ihon väri vaan oleminen
tätä! viha ei voi yhdistää
ja tässä on rasismin tilaisuus astua sisään

Rasismi, sen me opimme historiasta
on tuhonnut ihmisiä enemmän kuin mikään tauti
yhmiset elävät ja kuolevat: tämä on huonnollinen totuus
mutta ei niinkään, jos syy miksi näin, on koska olet musta

Kerwin et ollut ensimmäinen
mutta haluamme sinun olevan viimeinen
haluamme fasismin loppua
ja se täytyy tapantua nopeasti

Kerwin
Kukaan ei usko sitä - Kerwin ei - vai uskoiko -
elossa hän olisi - mutta hä ei uskonut
rasismi - fasismi - Adolf Hitlerismi
vaiko vain leikki Amsterdamin snobismin
Kukaan ei todella usko, että rasismia on
se on aina jotakin muuta - ei sinun värisi takia
he sanovat: vaan se on tapa, jota itse kannat

Kuka tietää mitä selityksiä he keksivät
rasismi, mitä kukaan ei usko
ei edes silloin kun musta makaa kuolleena kadulla
kukaan ei sitä usko
Silmät suljettuina sitä ei näe
rodullinen väärinkäyttö / anteeksipyyntö
kukaan ei usko, vaikka se on totuus -
Kerwin ei uskonut / miksi sinun pitäisi
Entä kuinka hän voisi?
kukaan ei usko rasismin olemassaoloon -
kuten he eivät uskoneet vietnamilaisten
haluun elää vapaana
he eivät uskoneet mustien vapauteen
vasta 400 vuoden erehdyksen jälkeen

KERWIN
He eivät uskoneet / eivät uskoneet
että meilläkin pitäisi olla oikeus hengittää -
kukaan ei usko rasismin olemiseen /
että ihmiset ovat ihmisiä
joilla on oikeus olla onnellisia ja vapaita -
onnellisia ja vapaita

Kukaan ei usko olemiseen, kuten sen pitäisi olla
kukaan ei usko sen mahdollisuuteen,
koska kukaan ei usko
yhmiset eivät edes usko,
mitä heidän silmänsä näkevät
epäoikeudenmukaisuus / tuhlaus / epäinhimillisyys
he eivät vain usko - eivät usko

Kauhu on niin normaalia
niin, niin arkista
että normaali kauhu on usko hyvään
jopa veren rannikolla

KERWIN

Mens nogle af dem vil jage Jer
for at slette resten af Jer ud
vil andre berige sig og holde fester,
slå tid ihjel på tidens bud.

Og vil de alle hævde nu at du
som den eneste og første faldt
for århundred-gammelt hollandsk fremmedhad
så véd vi det, en gammelt løgn har talt.

Og selv om det var sandt, hvad vandt
I ved det? Var ikke denne klang
af Gylden altid skurende og hård
den samme sang som lænker sang?

Lænkerne at slavebinde sorte med
og nu og da en hvid mand eller to;
så let det er at gøre livet svært,
så sært hvad de har fundet på.

Gud alene véd hvor lang den liste er
med navnene på dem de bragte i fortræd:
slet ingen plads tilovers at fylde ud
med glemte navnes tal som de slog ned.

Å-åååå Europa, å råb om strikke, strop,
et reb om halsen på mit folk; de år,
erobrer, den lange nat da du drog frem
har efterladt så mange åbne sår.

Ja de kommer, hvorfor ikke, for at se
diamanterne de blev berøvet, til en sø
af lys forvandle himlen over Jeres by. For os
af mørkere lød, forarmede, blev den et sted at dø.

KERWIN:
Den allerførste sorte
som på Amerikas jord gik i land
som en slave, var handelsvare
fragtet på en hollandsk orlogsmand.

Kerwin, anderledes blir du derved
end de andre som racismen slog ihjel,
at ingen tør benægte det var din race
der betingede det kendte ritual.

Tungere end dit liv
vejede en blødplet på et taxisæde
da du blødte efter knivstik
og man lod dig ligge på en gade.

Når de igen med alle midler
forsøger at få ram
på en af os, da lad os spørge
før blodet størkner : `Hvem
blir den næste?'

Husk du har omkring dig
ligemænd og venner nu som før,
af et andet ydre man med dig forenet
mod det som deres bander gør.

En ven er en ven er en ven
er ikke sort, hvid, brun men glad
ved at kende en anden, forstå ham.
Hvor racismen vokser, stands den
før den breder sig med vold og had.

Af historien ser vi at racisme
mer end sygdom eller nød har gjort
os aller skade, Jorden syg.
Vi lever, vi skal dø, det er naturligt,
men ikke at du dræbes fordi din hud er sort.

Kerwin, du var ikke den første
men vi må sørge for du blir det sidste offer,
se til at der blir rent
når vi tar kampen op imod fascismen
og gør det af med den ... hurtigt,
før det er for sent.

KERWIN
Ingen tror det - heller ikke Kerwin - hvis han
havde troet - ville han have været i live - men
han troede ikke -
racisme - fascisme - Adolf Hitlerisme -
eller ganske almindelig Amsterdam-snobbisme
ingen tror for alvor at racismen
virkelig er til
det er altid noget andet - det er ikke på grund af din farve
siger man, det er din væremåde
og hvem véd hvad de ellers kan udtænke
racisme er noget ingen tror på
selv når sorte mennesker ligger døende på gaden

Ingen tror det - for lukkede øjne kan ikke se -
racistisk misbrug / en undskyldning
Ingen tror det, og det er jo sandt
Kerwin troede det ikke
hvorfor skulle så I?
Ingen tror at racismen findes
som de aldrig troede at vietnameserne ønskede
blot at leve i fred
De troede ikke at de sorte behøvede at blive fri
af 400 års elendighed og slaveri

KERWIN: de troede ikke
de troede ikke at også vi
har ret til at trække vejret
Ingen tror at racismen er til
at mennesker er mennesker
med en ret til at være lykkelige og fri -
lykkelige og fri

Ingen tror at det kan være sådan, for ingen tror ...
Mennesker tror end ikke deres egne øjne -
uretfærdigheden, forødelsen, umenneskeligheden de ser
De tror det ganske enkelt ikke, tror det ikke
så normal er skræk og rædsel
å så hyggeligt det rædselsfulde
at det blir en vane, tryg og god ...
selv når nogen må betale med si blod ...

അവസാനത്തെ കവിത

ഇതാ വില്പിക്കാൻ,
ഒരാൾക്കൂടി രക്തസാക്ഷിയാവാൻ.
ഒരു മരണവും വൃഥാവിലാകുന്നില്ലല്ലോ!
അവന നോക്കൂ നിത്യശാന്തി

ഒരു കണ്ണു മൂടി ജ്ഞാനിക്കണ
വേദനയോടെ ജീവിക്കാ, നീ -
യശിചനീക്ഷ വിജ്ഞിച്ചാൽ.

"കാലത്തെ വെല്ലുക", "ജീവിക്കൂ -
കവിതയിൻ സൗന്ദര്യത്തെ"
ഒരു സ്വരം മൂളി വൈഗിന്നു
കൊന്നാ നോക്കിയ്ക്കെ വിജ്ഞാനത്തിൻ
ഒരു സോദരൻ കൂടി മരിച്ചു.

കൊർവിൻ (1)

ആവിൻ ചിലർ നിന്നെ വേട്ടയാടുമ്പോൾ,
നിങ്ങളിൽ ചേരിതിരിക്കുവരെയും കൊല്ലുന്നായ്
അചരൻ, മറ്റെന്തിനെക്കുറിച്ചോ വേദിൽ
ഉണ്ടായിരുന്നു പ്രാചീനകാലമായിരുന്നു.

തെരുവുകളിലെവിടെ കണ്ടാലുമവർ
നിന്നെ തീർക്കുന്നോഴും,
കൂടുതലുടെ ചിഴകളിലേക്ക് വലിച്ചു വിടുന്നേപ്പോൾ
ഭാഷിക്കുന്ന കാരണമൊന്നുമില്ലാതെപോഴും
നമുക്കറിയാം, ചിലതൊന്നുചാഴിഞ്ഞാണ പ്രാധാന്യം

അതായിരുന്ന സത്യമെന്നിൽ പോലും
മാറ്റമുണ്ടായിട്ടുണ്ടോ മനുഷ്യ.
ശ്രീബുദ്ധൻ നാനയഞ്ഞിരുന്നിട്ടിയിരുന്നവരെ
അടിച്ചമർത്തലുകളിലുമല്ലേ?

കുറ്റവാളികളെയും, പുതുക്കം വെളുത്ത തൊലിയും
ബന്ധിക്കുന്നതാണ് പോലീസിനു ചങ്ങലകൾ
അവരുടെയധികാരത്തിന്റെ പ്രതീകമായി
ചരിത്രമെഴുതിവെച്ചതാരാണെന്നു ഇതിനെ സൂചനയായി

നീതിക്കുവേണ്ടി പടവെടിയിച്ചിരിക്കുവരെ
ഒന്നും ചിന്തിക്കാതെയും നാടുവെടിയുടെയും
അവരുടെയധികാരത്തിനിന്നിയാവുവരെയും.
അവരാൽ കൊല്ലപ്പെടുവരായുണ്ടാനന്തരവും.

ആരോ.. പ്ലാറ്റോപ് – നിന്റെ കയർ, നിന്നെ
കുടുക്കുന്ന ഈനക്കുടുക്കിന്റെ ചുരി.
ഒടുവിൽ നിന്നിലേക്കെത്തുകയായി.
ഇതിലുണ്ടോ? നിൽ ഒരുപാടിരിപ്പിൽ!

അതെ, തെറ്റുതിരുത്തുവർ വരുന്നില്ല
നിന്റെ മാനത്ത്, അവസാനിക്കുപ്പെട്ട
അവരുടെ വിരൽത്തുമ്പിൽ, തെറ്റിപ്പിരിഞ്ഞുള്ള
കാണാനില്ല.
ഞങ്ങൾ, പാവങ്ങൾക്ക്, ശ്രീമാൻമാർക്ക്,
കുറ്റവാളി –
ഞങ്ങളൊരു സ്വപ്നമായിരുന്നുള്ളൂ —
പോകാനും വരിക്കാനും.

കൊർവിൻ (2)

കടലിരമ്പിക്കുവിൻ മാത്രമുള്ള
കുറ്റവുമെന്ന കുറ്റവുമെന്നും
സ്വപ്നം കാണലിൽ നിന്നും ജീവംചെയ്യുപ്പെട്ട
ഒരാളായിരുന്നു.

കൊർവിൻ – നിന്നെ വിരിനാനാകിയതെന്ത്?
വർണ്ണവെറിയിൻ ഒരിച്ചുവനിൽ നിന്നെയും?
വർണ്ണവിവേചനത്തിലുണ്ടെന്നിൽ മുതി-
യെന്നതാവർക്ക നിഷേധികാനുമോ?

പോളിയിൽ പഠിക്കുന്നൊരു ചോരപ്പാടിനെ
നിൽ ജീവനേക്കാൾപ്പോലെ വിലയുണ്ടായിരുന്നു!
കേരളം, ഭൂമിവോട്, നിന്നെയെടുത്തു നീ
തൊഴിൽ കിടക്കേണ്ടിവന്നതെന്തേ?

ഇവരെന വധിക്കണമെന്നവർ
തിരുമാനിച്ചതെന്തേ?
നിന്റെ രാജ്യത്തിനും മുമ്പേ ഞങ്ങൾ
ഞങ്ങളോടുചോദിച്ചു
നന്മിലാർക്കാണെടുത്ത ഇടം?

ഭാർക്ക നിന്നോട് പ്രത്യേകിതരെയൊന്നുണ്ട്
അവരിലാർക്കുണ്ട് കുറ്റവാളിയുടെയാടിട്ട്?
നിറമില്ലായ്മ, മുകുമവരെപ്പോലെ നിന്നോ-
ടൊന്നു തുറന്നുപറയുവാൻ ചെയ്യാതവരാരാണ്?

സൂര്യനെന്നും സുന്ദരം, നമ്മ സുന്ദരനും,
അവന്റെ തൊലിയുടെ വർണ്ണവും.
ചിന്തകളും ജീവിതത്തിന്റെ തൊലിയാണ്..
ഇവിടെ മനുഷ്യനില്ല, വെറുപ്പാ –
നിവിടെ വർണ്ണ വിവേചനം കുത്തുന്നേടി

ചരിത്രത്തിൽ നിന്നു ചരിത്രത്തുകുറിമണ
വർണ്ണവിവേചനം.
നാശമേ മനുഷ്യനെ നശിപ്പി, മഹാമതിയേകാൻ.
ജീവിക്കുന്ന ഓരിക്കുന്ന മാനവർ – ഒരു
ശ്വപ്നമനുഷ്യനിതെന്നാലും.
കുറ്റം സർവ്വ ജനതയ്ക്കിടിനെ കാരണം.

കൊർവിൻ, നിന്നെയെന്ന രക്തസാക്ഷി നിലയ്ക്ക
ചരിത്ര, കുറിലഗണ്ണയും ചിലാവണം.
ഒരുകണം ഞങ്ങൾക്കായി ഭാഗിച്ച.
ഒരു നിനിതികിട്ടിനിനെ തവരുവാൻ.

Alltmedan några av dem jagar er
för att utplåna rasten av er
Kommer de andra att roa sig
genom att arrangera fester

Och även när de gör dig till
don allra första som någonsin dog
till följd av ålderdomlig holländsk rasisme
så vet vi båda: En lögn det är alltnog

Men även om det vore sant
vad vinner ni på det?
Att klingandet av mynt är kedjors klang
är något som vi alla vet

Kedjorna att slavbinda svarta med
och ibland en vit man eller två
så lätt det är att göra livet svårt
så underligt vad de har hittat på

Gud ska veta att listan är lång
det finns inget utrymme mer
Namnen på dem som de har tystat
de okända som de har mejat ner

A-h-h Europa - din snara - din snara
omkring halsen på mitt folk
Efter allt som du har tagit och gjort
vad mer kan du tillföra oss av smolk

Ja!! De kommer och varför inte
för att se det kalla glittret i er himmel
För oss av mörkare ras, utarmade, bestulna
har det alltid varit likt en bödel

Kerwin:
Den allra första svarta
som landsteg på amerikansk jord
ble en slav, en handelsvara
från ett holländskt örlogsfartyg

Kerwin, vad som skiljer dig
från de andra som rasismen dödat
är att ingen vågar förneka att det var din ras
som orsakade dådet

En blodfläck på ett taxisäte
betydde mer än ditt liv
Därför lät man dig ligga på gatan
när du sårats av en kniv

När de beslutar att en måste dö
Är det medan blodet ännu är varmt
som vi är förpliktade
att fråga oss: Vem står näst i tur?

Minns du vännerna omkring dig
som inte såg ut som du gör?
Som inte behandlade dig
som så många andra gör?

En vän är en vän är en vän
är inte någon speciell hudfärg
utan ett sätt att vara
Detta(!) kan inte hatet förstå
och det är här rasismen träder in

Rasismen, lär oss historien
har mer än någon enda sjukdomsart
skadat människan
Vi lever, vi ska dö, det är naturligt
men inte att du mördas för att din hud är svart

Kerwin, du var inte den första
men vi vill att du blir den sista
Vi måste tillintetgöra fascismen
och vi måste göra det fort

Kerwin:
Ingen tror på det - Kerwin gjorde det inte –
hade han -i livet skulle han vara - men han tro
rasisme - fascisme - Adolf Hitlerisme
eller bara vanlig Amsterdam snobbisme
Ingen tror egentligen att det finns något
som kallas rasism
Det är alltid något annat -
det är inte på grund av din hudfärg
de säger: Det är ditt sätt -
Vem vet vilka orsaker de kommer att åberopa
rasism är något ingen tror på
t o m när den svarte ligger döende på gatan
är det inget som folk tror på

Slutna ögon ser inte
rasförtryck/en ursäkt
Ingen tror det fast det är sant -
Kerwin trodde inte - varför skulle du?
Och hur skulle han kunna?
Ingen tror att rasismen finns till -
Precis som de inte trodde på den vietnamesiska
längtan efter fred
De trodde inte att svarta skulle vara fria
efter 400 år av elände

Kerwin
De trodde inte
De trodde inte att även vi
skulle ha rätt att andes -
Ingen tror att rasismen finns till
Att människor är människor
med rätt till lycka och frihet –
lycka och frihet

Ingen tror att dat inte är som
dat bör vara
Ingen tror att det är möjligt,
därför att ingen tror

Människor tror inte ens
vad de ser med agna ögon
Orättvisan/Slöseriet/Omänskligheten
De tror bara inta - De tror bara inte

Ångesten är så vanlig
Så, så, så vardaglig
Att dan vardagliga ångesten tros vara god
Till och med till prisat av blod -

КЕРВИН

Когда одни будут гнать тебя
чтоб прикочить
остальные займутся фестивалями
чтоб было чем заняться

И даже если они дадут тебе первым
умереть
за старый добрый голландский расизм
мы знаем оба это все туфта

Да если даже все это было на самом деле так
на самом деле что это изменит
джунгли гульдена
грохот цепей

Цепеи которыми они вяжут черных
и некоторых белых ка к рабов
странное же они рыдумали средство
учить людей как им поступать

Господь знает список длинен
не оставлено место чтоб пополиять
именами тех кому они успели навредить
именами беззвестных кто ими убит

Ах, Европа - твоя веревка - твоя веревка
вокруг человеческой моей шеи
после всего что ты взяла и сделала
чего еще ты ждешь?

Да!! Они придут - почему бы и нет -
чтоб увидеть в твоем небе сверкание их
ворованных алмазов
дия нас бедняков людей более темной расы
зто всегда было место идти и умереть

Кервин

Первый черный вступивший
на берег Америки
был раб оставленный как товар
с голландского военного корабия

Кервин, что отличает тебя
от других расизм умер
не раса ли выбрала тебя на смерть
могут ли они отрицать

Пятно крови на сиденье такси
стоит дороже чем троя жизнб
потому-то ты и остался валяться на улице
когда был ранен ножом

Когда они решают
что кто-то должен умереть
кровь непросыхает
и мы спрашиваем
самих себя
кто же из нас следующий?

Помнишь близких своих друзей
выглядевших по-другому чем ты
но относившихся к тебе не так
как многие

Но друг это друг
это не цвет кожи
это значит только быть
Им! Ненависть не объединяет
и именно здесь расизм
вступает в права

Расизм мы знаем из истории
сделал для дискредитации человека больше чем
дюбая другая зараза
люди живут люди умирают: таков ход вещей
но это не так если причина
лишь в том что ты черный -

Кервин ты не был первым
но мы хотим чтоб ты был последним
мы хотим чтоб фашизм остановился
остановить должны мы и быстрее

Кервин

Инкто не верит в это - Кервина нет б живых
он должен бы быть - но он не верил -
расизм - фашизм - Адольф Гитлеризм
или простой Амстердамский снобизм
инкто в действительности не верит что
существует нечто
называемое
расизм
это что-то всегда еще
не из-за твоего цвета
они говоят: это просто образ жизни -
кто знает какие причины они еще найдут
расизм это что-то во что никто не верит
даже черный лежит и умирает на улице
инкто не верит
закрытые глаза не видят этого
расистская брань / извинение
никто не верит что это так -
Кервин не верил / почему же ты будешь? /
да и как он мог?
инкто не верит что расизм есть
как они не верили во вьетнама
мольбы жить в мире
они не верили что черные могли бы быть
сбободиыми
послие 400 лет страданий
они не верили / не верили
что мы тоже могли бы
иметь право дышать -
инкто не верит что расизм есть
что люди юто только люди
с правом на счастье и на свободу - счастливы и
свободны
инкто не верит что есть путь какой должен быть
инкто не верит что юто возможно потому что
инкто не верит
лзди даже не верит
что их глаза могут видеть
несправедливость - разорение - бесчеловечность
они просто не верит - они просто не верит
ужас так естественен
так неформален
что естественный ужас уверован как должное
даже ценою крови

Mens noen av dem jager deg
for å gi deg nådestøtet
andre organiserer fester
for å ha noe å gjøre

Og selvom du er den første som de dreper
på grunn av et gammelt hollansk raschat
så vet vi at den gamle løgnen har talt

Og selvom det var sant
hva kan vi vinne med det?
At klangen av mynt er lenkeklang,
er noe alle vet

Lenkene som de brukte på sorte og
noen hvite slaver
de hadde funnet en merkelig måte å
få folk til for at lyde å oppføre seg skikkelig på

Gud selv vet hvor lang listen er
med navn på de som er såret,
og at det ikke finns mer plass til de
ukjente som de har drept

å-å-å Europa ditt reip rundt mitt folks hals,
hva vil du ha mer etter alt du har stjålet
og gjort

Ja!!! de kommer, og hvorfor ikke for å
se deres egne bestjålte diamanter lyse opp
himmelen -
For oss fattige folk, og de av lavere rase,
dit fanns alltid et sted man kunne dø

KERWIN:
Den første sorte mann som satte sin fot
på Amerikansk jord som en slave, ble
solgt av en hollansk galei

Kerwin, du er anderledes enn de andre
som ble rasemyrdet, for ingen kan
benekte at du ble drept fordi du var
av en annen rase

Blodflekken på drosjebenken var mer viktig
enn ditt eget liv, for de lot deg dø på
gaten, såret av knivstikk

Nå de bruker alle midler for å drepe
en av våre, må vi spørre mens blodet
enda ikke er størknet. Hvem blir den neste?

Husk alle dine venner som var deg så ulike,
de som ikke behandlet deg som de andre gjorde

En venn er en venn, er en venn
det er ikke hans hudfarge som er viktig,
men hans måte å vare på, glede seg over
en annen
Dette kan ikke raschatet beherske

Historiebøkene larer oss at raschatet har
ødelagt mer enn hvilken som helst sykdom
Folk lever, folk dør - det er naturens lov,
men dø fordi du er sort er urettferdig
Kerwin, du er ikke den første, men vi vil
at du blir det siste offer
Tiden er knapp, men vi vil og må drepe fascismen

KERWIN
Ingen tror det - ikke Kerwin heller - hadde
han - ville han vart i live - men han
trodde ikke
Raschat - fascisme - Adolf Hitlerisme eller
bare ganske enkel Amsterdam snobbisme

Ingen virkelig tror at raschatet er levende,
det er alltid noe annet - det er ikke bare
på grunn av din hudfarge
De sier: dette er måten du oppfører deg
på - og vet hvilke grunner de kan finne,
ingen tror på raschat, selvom sorte
mennesker ligger døende på gaten

Ingen tror det, for lukkede øyne kan ikke se -
rascistisk misbruk / en unnskyldning
Ingen tror det selvom det er sant
Kerwin trodde det ikke, hvorfor skulle du?
og hvordan kunne han tro?
Ingen tror at raschat finnes, som ingen
trodde Vietnamesernes bønn om å leve i fred
De trodde ikke at de sorte skulle bli
frie etter 400 års armod

KERWIN
De trodde ikke / de trodde ikke at vi også
skulle ha rett til å puste -
Ingen tror at raschat finnes / at mennesker
er mennesker med rett til å vare
lykkelige og frie - lykkelige og frie
Ingen tror at det kan vare på denne måten,
for ingen tror

Mennesker tror ikke sine egne øyne
vrett / sløsing / barbari
ganske enkelt de tror det ikke, tror det ikke
redsel er jo normalt
så, så, så uformelt
redslen er blitt en vane, trygg og god
selv om noen må betak med sitt blod...

KERWIN
Mialatt ők rád vadásznak
kiirtani a még létezőket
hogy idejüket elüssnék
a többiek ünnepelnek

És már is egy áldozat
kinek meg kell halnia
A jó öreg fajgyűlölet
Holland módra tudjuk róla hazugság

Es ha ez igy is lenne
mi változna igazán
a gulden cslingeléses
lánccsörgés csupán

Ez a lánc mely megbilincselt
rabszolgaként a fehérnek
furcsa módon eldöntetett
a törvény egy nép felett

Az Úr tudja, hosszú a lista
nem maradt hely kitöltetlenül
nevek kiket meggyaláztak
s megöltek ismeretlenül

Oh -h -h Európa - ez a kötél - a kötél
népem nyaka körül
kifosztva és kisemmizve
mire vársz még?

Lopott gyémántragyogás
Az ékszer el nem árul nagy a tét
saját földemen dolgozhatok rabszolgaként

Kerwin: Az első fekete rszolga ki lábát
rabszolgaként betette Amerikába
Holland hajóról került
e nagy földrész partjára
Kerwin: mi másoktól megkülönböztet
a faji gyűlölet halálod oka nem tagaható

Vérfolt a taxi ülésen többet mond mint életed
késszúrástól mely sebed már be nem heged
S ha már eldöntetett hogy egynek meg kell halnia
muszáj megkérdezni magunkat
a következő ki lesz?
Emlékszel a közeli barátokra
ki az ki nem szeretett
ki az ki nem kedvelt úgymint sokan mások?

A barát az barát az barát
nem a bőr szine mi összeköt
a fajgyűlölet- mély embert emberrel ölet-
össze nem kapcsolhat

Mit a történelem mutat a fajgyűlölet
több kárt okozott már mint bármelyik kor
Élni és meghalni természetes
de nem ha az ok fekete szined
Kerwin nem te voltál az első de hogy utolsó légy
véget kell vetnünk a fasizmusnak mielebb

Kerwin Senki sem hisz benne-Kerwin se tette-
kellett volna-élne most- s nem hitte hogy létezik
fajgyűlölet- fasizmus- Adolf Hitlerizmus
vagy csak amszterdami sznobizmus
Hogy a fajgyűlölet aktualitás
senki hiszi igazán a bajok oka más
ne a bőröd szine
ahogy veselkedsz ne vitás
Ki tudja mi okból a fajgyűlöletben
senki sem bisz
még ha egy fekete az utcán haldoklik is
a fajgyűlöletben senki sem hisz
A csukott szemek nem látják
faji gyalázkodást/ bocsánat kérést
senki nem hiszi habár igaz-
Kerwin nem hitte/ miért hinnéd te
És, hogy tehette volna?
senki sem hisz a fajgyűlöletben.
és abban sem hittek hogy Vietnam
békében akar élni
és, hogy a feketéknek szabadon kellene élniük végre
400 év szenvedés után
Kerwin
Ők nem hitték, nem ők nem hitték kell a jog
hogy lélegezzünk
senki sem hisz igazán a fajgyűlöletben,
hogy az embernek joga
öröm és szabadság- szabadság s öröm
Senki sem hiszi, hogy ennek igy kell lennie
senki sem hiszi, hogy ez lehetséges
mert senki sem hiszi amit a szem lát
az igazságtalanságot- pazarlást- embertelenséget
nem, ők nem hiszik, ők nem hiszik
A horror oly normalitás
hétköznapi dolog nem más
nincs senki kárára még ha vér is az ára

KERWIN

Kahit ang ilan pa sa kanila'y hantingin ka
upang patayin ang anupang nalalabi sa iyo
ang iba'y magdadaos ng mga piging
upang mayroon lamang magawa

At kahit gawin ka pa nilang
unang patayin
dahil sa matagal nang rasismo ng mga Dutch
alam nating pareho itong kasinungalingan

At kahit na yun pa ang katotohanan
ano pa ba ang mababago
ang kalansing ng gilderas
ay kaluskos ng tanik ala

Mga tanikalang ginamit nilang
panggapos sa mga itim
at ilang puti bilang mga alipin
kakatwang mga paraan na kanilang ginamit
upang pagsunod ay makamit

Alam ng panginoong mahaba ang listahan
walang puwang na maari pang lagyan
ng mga pangalan ng kanilang nilapastangan
ng mga di-kilalang kanilang pinaslang

A-a-h Yuropa - ang lubid, ang lubid
sa leeg ng aking bayan
sa kabila ng lahat ng iyong kinuha't ginawa
anu pa ang iyong kagustuhan?

Oo!!! dumating sila't bakit nga hindi
upang makita ang mga ninakaw nilang diamanteng
kumikinang sa langit
para sa aming mga mahihirap na kabilang
sa mga lahing may kulay
lagi na'y lugar iyon upang aming puntahan
at doon humimlay

KERWIN:
Ang unang itim na tumuntong
sa Amerika bilang alipin
ay iniwan sa pamilihan
ng isang barkong Dutch

Kerwin: ang iyong pagkakaiba
sa ibang kinitil ng rasismo'y
dahil ang iyong kamataya'y sanhi ng lahi
isang bagay na hindi nila maaring itatwa

Ang patak ng dugo sa upuan ng taksi'y
mahalaga pa sa iyong buhay
kaya't ika'y humandusay sa lansangan
nang masugatan nung punyal

Nang sila'y magpasyang
isa ang mapaslang
noong basa pa ang dugo
nang mapilitan tayong
sa sarili ay magtanong
kung sino ang susunod?

Alalalahanin mo ang mga kaibigang
malapit sa iyo
na iba sa iyo ang anyo
na hindi ka tinrato
na gaya ng iba

Ang kaibigan ay kaibigan ay kaibigan
ay hindi kulay ng balat
kundi isang paraan ng pagiging ganito!
ang poot ay hindi makaaabot
at dito pumapapel ang rasismo

Ang rasismo ay isang bagay
na ating natutunan sa kasaysayan
na lumikha ng mas maraming peligro sa tao
kaysa anupamang epidemya
nabubuhay at namamatay ang tao:
yaon ay natural na katotohanan
ngunit hindi gayon kung dahila'y
ang pagiging itim

Kerwin hindi ikaw ang una
ngunit nais naming maging huli ka
nais naming itigil ang pasismo
at kailangan kumilos ng maagap

Kerwin
Walang naniniwala
maging siya, kundi'y buhay pa siya
ngunit hindi siya naniwala
rasismo, pasismo, Adolf Hitlerismo
o kahit simpleng isnabismo
ng Amsterdam

Walang naniniwalang mayroong
isang bagay na ang tawag ay rasismo
lagi na'y iba ito
hindi dahil sa iyong kulay
sabi nila: ito'y kung paano mo dalhin
ang iyong sarili

Sinong nakakaalam kung anong mga dahilan
ang kanilang kakalkalin
ang rasismo'y isang bagay na walang naniniwala
kahit na ang itim ay nakalugmok na't
mamatay sa kalye
walang naniniwala

Hindi ito nakikita
ng mga nakatikom na mata
abuso sa lahi / isang pagwawaksi
Si Kerwin ay di naniwala / bakit ka maniniwala?
Bakit nga maniniwala?
samantalang walang ring naniniwalang
nariyan ang rasismo
tulad ng di nila paniniwala
sa panawagan ng mga Biyetnames
na mabuhay nang payapa
hindi sila naniniwalang ang mga itim
ay dapat lumaya
mula sa 400 taong
pagka-alipin

KERWIN

Hindi sila naniniwala, hindi sila
naniniwalang tayo rin
ay may karapatang huminga -
walang naniniwalang narito ang rasismo
na ang too'y tao
may karapatang maging maligaya't malaya
masaya't malaya

Walang naniniwalang ganoon ang naraparat
walang naniniwalang yao'y posible
dahil walang naniniwala
maging tao'y hindi maniwala
sa nakikita ng kanilang mga mata
ang kawalang pagkatao
hindi sila naniniwala - hindi sila naniniwala

Ang pangitain ay pangkaraniwan
napaka-impormal
na ang pangkaraniwang pangitain
ay pinaniniwalaan na isang mabuti
kahit na tumbasan pa ng dugo

KERWIN

As paartie luu op je zult jagen
um de rest van je oet te moorden
zult aandern festivals hollen
um te strieden tegen
of er rieker van te worden

En al maakt ze van je
't eerste slachtoffer dat vuul
van nederlands racism ieuwenaold
een leugen die wij allebei deurziet

En zölfs as dit de waorheid was
zul het er veur je beter van worden?
het rinkeln van de gulden
blif het geratel van de ketten

Ketten die broekt wordt um zwarten te binden
en paartie blanken as slaaf:
Vrömd, um wegen te verzinnen
um iene veur te schrieven hoe die
zuk gedragen möt

God wet: de liest is lang er blif gien ruumte over
veur de namen van heur die ze kwaod andaon hebt
die meinsen diew niet kent, die ze ofmaakt hebt

Oooooh Europa..... je strop..... je strop
um de nak van mien volk bunden
nao alles wat je nam en deed
het blieft open wonden

Jao, zie komt en waorum niet
um de van heur gesteulen diamanten te zien
schitterend an jouw firmament
Veur oes / arm volk / van een donkerder ras
een plaots um te starven

Kerwin: *De eerste zwarte die*
op amerikaanse grond hef ronlopen
as een slaaf was handelswaar
oetladen oet neerlands oorlogsbodem

Kerwin: wat je geval aans maakt
as dat van aandern die um heur ras vermoord bint
is, dat je starven deur racisme
niet ontkent kan worden

Een bloedvlek op een taxibaank
weug zwaorder dan je leven
toen blödde deur die messteek
daorum lag je daor op de stienen

Wanneer ze weer besluut dat ien van
oes eran möt gaon moet wij oes ofvraogen,
veurdat het bloed stold is,
Wel is er nou an de beurt?

Herinner je de vrunden om je hen
die er net zo oetzagen as jij?
Die je niet deden zoas zoveul
aandern deden?

Vrund is een vrund is een vrund
is niet de kleur van je vel
maor een wieze van wezen
Waoras racisme zien kop opstek, slao het deel
Deur haat wordt racisten opleid

Racisme is ien ding dat wij oet de geschiedenis leert
het hef meer scha an de meinsen daon dan een ziekte
meinsen leeft en meinsen starft: dat stiet vast
maor niet allent umdat iene zwart is

Kerwin, jij was niet de eerste,
maor wij moet er wal alles an doen um je wal het leste
slachtoffer to laoten wezen
wij moet het fascisme een halt toe roepen
en kapot maken..... gauw, wij hebt weinig tied

Kerwin

Gieniene geleuft het - ok Kerwin niet
had hie dat wal daon, dan had hie nog leefd
racisme - fascisme - adolf hitlerisme -
of allent gewoon amsterdams snobisme
Gieniene geleuft echt dat er zoiets bestiet
wat ze racisme nuumt
Het is aait wat aans - het is niet um je kleur
zegt ze, het is zoaj bint
Wel wet met wat veur reden ze op komt dagen
racisme is dat wat gien ien geleuft
zölfs niet wanneer een zwarte starvend op straot lig
Gien ien geleuft het
Want aj de ogen dicht hebt kuj niet zien
racistisch misbroek een excuus,
gien ien geleuft het, toch is het waor
Kerwin geleuft het niet - waorum jij dan wal
hoe kun hie?
Gien ien geleuft dat er racisme is
zoas ze niet geleufden dat de Vietnamezen
in vrede wolden leven
zie geleuft niet dat zwarten vrij moet wezen
nao 400 jaor ellende
Ze geleuft niet - ze geleuft niet dat ok wij
het recht hebt um aodem te halen
gien ien geleuft dat er racisme is
dat meinsen meinsen bint
meinsen die het recht hebt
um gelukkig en vrij te wezen
gelukkig en vrij
gien ien geleuft dat dat eigenlijk zo zul moeten
gien ien geleuft dat het kan, want gien iet geleuft

Mensen geleuft zölfs heur eigen ogen niet
de onrechtveerdigheid, de verspilling,
de onmeinselijkheid
zie geleuft het gewoon niet - zie geleuft het
gewoon niet

De verschrikking is zo normaal
de verschrikking is zo, zo, zo gezellig
dat de normale verschrikking gewoon Vunden wordt
zölfs as het bloed kost.....

KERWIN

Een gedeelte van hen zal u de val injagen
om de rest van u te kunnen uitmoorden
en het andere part zal festivals houden
omdat ze zich toch ergens moeten mee bezighouden

Ge waart de eerste die viel
zeggen ze dan
maar wij twee weten wel beter
we kennen dat nederlandse racisme al van eeuwen
En stel zelfs dat het wel zo was
wat zou het dan echt veranderen
het rinkelen van gouddukaten
is het rammelen van kettingen

Die ze gebruiken om zwarten tot slaven
en ook bepaalde blanken – te boeien
veel zotter kunnen ze 't al niet uitpeinzen
om medemensen naar hun pijpen te doen dansen
God weet dat de lijst lang is
ze kunnen er allemaal niet op de namen van hen
die ze kwaad gedaan hebben
de onbekende ontelbaren die ze van kant gemaakt hebben

Ai ai ai europa - die strop van u - die strop
rond de nek van mijn volk
bovenop alles wat ge al gepikt en uitgestoken had
is er daar nog iets dat ge kunt verwachten?
Jaja! Ze komen eraan om te genieten van uw hemel
van de doorhengestolendiamanten schittering niewaar
van dat oord dat voor ons arme mensen van een
donkerder ras altijd toevlucht en sterfplaats is geweest

Kerwin:
De eerste zwarte die als slaaf
voet zette aan amerikaanse wal
was daar gedropt als handelswaar
door een oorlogsschip van Nederland
Kerwin: wat dan het verschil is tussen u
en de anderen door het racisme omgebracht
dat is dat ow geval van rassemoord
er een is die ze niet kunnen ontkennen

Een bloedvlek op de taxibank dat mocht niet
anders hadt ge nog geleefd
en daarom laagt ge zomaar op straat toen
gewond door dat mes –
Als zij beslissen
dat er eentje moet sterven
onder zijn stollend bloed
worden wij genoopt
onszelf te vragen
wie van ons is de volgende?

Haal uw vriendenkring voor ogen
wie ziet er niet uit zoals gij?
Wie behandelde u niet gelijk
de meeste anderen doen?

Vriend is een vriend is een vriend
is niet een huidskleur
maar een manier van zijn
en dit! precies dit kan haat niet uitstaan
en op dit moment grijpt racisme in
Racisme zo leren wij uit de geschiedenis
is een zaak die de mens
meer schade berokkend heeft dan om het even welke ziekte
leven en doodgaan dat is een natuurlijke zaak
maar niet als de enige reden van je dood is
dat ge zwart zijt
Kerwin ge waart niet de eerste
maar we willen wel dat ge de laatste zijt
we willen een eind aan het fascisme
en we moeten daar haast achter zetten
Kerwin *Niemand gelooft het – Kerwin ook niet –*
had hij dat wel gedaan
hij nog zou leven – in ieder geval toen geloofde hij het niet –
racisme – fascisme – Adolf Hitlerisme –
of stomweg Amsterdams snobisme
Niemand gelooft helemaal echt dat er zoiets bestaat genaamd racisme
er is altijd iets anders bedoeld –
het is niet om uw kleur
ze zeggen: 't is uw manier van doen –
Wie weet met wat voor redenen ze nog zullen aankomen
niemand gelooft dat het racisme is
ook al ligt de zwarte dood te gaan op straat
niemand gelooft het
Dichtgeknepen ogen kunnen het niet zien
racistisch misbruik / een excuus
niemand gelooft het en toch is het waar –
Kerwin gelooft het niet / waarom zoudt gij?
en bovendien hoe zou hij kunnen?
Niemand gelooft dat er zoiets bestaat genaamd racisme –
net zoals ze niet geloofden dat de Vietnamezen
in vrede wilden leven
ze geloofden niet eens dat zwarten vrij hoorden te zijn
na 400 jaar ellende
Kerwin
Ze geloofden het niet / ze geloofden het niet
dat ook ons
het recht toekwam te ademen –
niemand gelooft dat er racisme bestaat /
dat mensen mensen zijn
met het recht: ieder gelukkig en vrij – gelukkig en vrij
Niemand gelooft erin dat het zo zou moeten zijn
niemand gelooft erin dat het mogelijk is want niemand
gelooft ze geloven niet eens
wat hun ogen daar zien
het onrecht / de verspilling / de onmenselijkheid
ze geloven het eenvoudig niet – ze geloven het
doodgewoon niet
De gruwel is zo normaal
zo, zo, zo, gewoon
dat de normale gruwel als goed beschouwd wordt
zelfs ten koste van bloed -

ಕೆರ್ವಿನ್ ಅನುವಾದಿಸಿದ ಸುಮತೀಂದ್ರ ನಾಡಿಗ

ಕೆರ್ವಿನ್ ಮಾರಾಟಕ್ಕಿಲ್ಲ, ಕೆರ್ವಿನ್ ಕುರಿತ ಈ ಕವನ ಮಾರಾಟಕ್ಕಿಲ್ಲ.

ನಮ್ಮ ಕೆರ್ವಿನ್ ಬಿಳಿಯರನ್ನು ದ್ವೇಷಿಸದಿದ್ದರೂ, ಅವನ ವಯಸ್ಸಿನ ಇತರ ಯಾವ ಹುಡುಗರಂತೆಯೇ ಅವನೂ ಜೀವನೋತ್ಸಾಹ ತುಳುಕುತ್ತಿದ್ದರೂ, ಅವರು ಅವನನ್ನು ಕೊಂದರು, ಮತ್ತೆ ಮತ್ತೆ ಕೊಲ್ಲುತ್ತಾರೆ, ಅವನ ಸ್ವಾತಂತ್ರ್ಯವನ್ನು ಕೊಲ್ಲಲು ಬಯಸುತ್ತಾರೆ.

ಕೊಲ್ಲುತ್ತಾರೆ, ಕೆಲವೊಮ್ಮೆ ಬಂಧನದ, ಕಲಿಯಿಸುವ ನೆಪದಲ್ಲಿ ಸಂಕೋಲೆಗಳನ್ನು ತೊಡಿಸಿ ಗುಲಾಮರನ್ನಾಗಿ ಮಾಡಿಕೊಂಡವರು ಅವನ ಕಣ್ಣುಗಳನ್ನು ಇಷ್ಟಪಡುವುದಿಲ್ಲ, ಅವನ ಬಾಯಿಯನ್ನು ಇಷ್ಟಪಡುವುದಿಲ್ಲ, ಅವನು ಮಾತನಾಡುವುದನ್ನು ಇಷ್ಟಪಡುವುದಿಲ್ಲ, ಅವನು ತಲೆಯೆತ್ತಿ ನಡೆಯುವುದನ್ನು ಇಷ್ಟಪಡುವುದಿಲ್ಲ, ಅವನು ಅವರ ಸಮ್ಮುಖದಲ್ಲಿ ನಡೆದಾಡುವುದನ್ನು ಇಷ್ಟಪಡುವುದಿಲ್ಲ, ಅವನು ಅವರ ಕಣ್ಣಿಗೆ ಕಣ್ಣಿಟ್ಟು ನೋಡಿದರೆ ಅಥವಾ ಅವರೊಂದಿಗೆ ಮಾತನಾಡಿದರೆ, ಅವರು ಅವನನ್ನು ಕೊಲ್ಲುತ್ತಾರೆ. ಅವನು ಕೇವಲ ೧೫ ವರ್ಷದ ಹುಡುಗನಾಗಿದ್ದರೂ ಸಹ ಅವರು ಅವನನ್ನು ಕೊಲ್ಲುತ್ತಾರೆ, ಅವರು ಅವನನ್ನು ಟ್ಯಾಕ್ಸಿಯಲ್ಲಿ ಕೂರಿಸಿ ಗುಂಡಿಕ್ಕಿ ಬೀದಿಗೆಸೆಯುತ್ತಾರೆ.

ಕೆರ್ವಿನ್ ಗೆಳೆಯನಾಗಿ, ಸಹಪಾಠಿಯಾಗಿ ಅಥವಾ ಸಹೋದ್ಯೋಗಿಯಾಗಿ ಬದುಕಬಹುದಿತ್ತು, ಸ್ನೇಹದಲ್ಲಿ ಬಣ್ಣ ಮುಖ್ಯವಲ್ಲ, ಪ್ರೀತಿಯಲ್ಲಿ ಬಣ್ಣ ಮುಖ್ಯವಲ್ಲ. ಆದರೆ ಹೃದಯದಲ್ಲಿ ದ್ವೇಷ ತುಂಬಿಕೊಂಡವರು ಪ್ರೀತಿಸಲು ಕಣ್ಣು ಮುಚ್ಚಿಕೊಳ್ಳುತ್ತಾರೆ, ಅವರು ಕೆರ್ವಿನ್‌ನನ್ನು ಕೊಲ್ಲುತ್ತಾರೆ ಆಮ್‌ಸ್ಟರ್‌ಡ್ಯಾಮ್‌ನಲ್ಲಿ, ಲಂಡನ್ನಿನಲ್ಲಿ, ಪರ್ಮರೆಂಡ್‌ನಲ್ಲಿ, ಲೀಡನ್‌ನಲ್ಲಿ, ರಾಟರ್‌ಡ್ಯಾಮ್‌ನಲ್ಲಿ, ಲಿಂಬರ್ಗ್‌ನಲ್ಲಿ, ಮಾಂಚೆಸ್ಟರ್‌ನಲ್ಲಿ ಮತ್ತು ಇನ್ನೂ ಅನೇಕ ಊರುಗಳಲ್ಲಿ.

KERWIN

Kerwin is not for sale,
This poem about Kerwin is not for sale.

Though Kerwin did not hate the whites
though the 15 year old boy was full of life as any other boy,
they killed him, and they will kill him again and again,
and they want to kill his freedom.

They kill him because they cannot bear to see Kerwin
who came as a slave walking as a free man,
they cannot bear to see Kerwin who had been bought and sold
and bought again, who had been chained by them and kicked by them,
walking with a buoyant gait.
They cannot stomach the loss of their power over the slave,
So they kill him.

They don't mind Kerwin having eyes, but he should not look at them,
they don't mind his having a mouth, but they don't want him to talk to them,
They don't like his walking holding his head high.
If he looks at them, or if he talks to them, or if he walks in their presence,
They will kill him. Even if he is only 15 years old, they will kill him,
they will shoot at him in a taxi and throw him in the street.

Kerwin could have lived as a friend, as a classmate
or even as a colleague, colour does not matter in friendship
and colour does not matter in love.
But those who harbour hatred in their hearts
close their eyes to love
and they kill Kerwin in Amsterdam,
in London, in Purmerend, in Leiden,
in Rotterdam, in Limburg, in Manchester
and in many other places.

translated from a poem for Kerwin in Kannada
by Dr Sumatheendra Nadig

Dr Sumatheendra Nadig (ca. 60), probably Karnataka's greatest living poet, is professor of literature at the University of Bangalore. He is also the Godfather of young Karnataka's poets' scene including several "Noxalite" activists.
Nadig's poetry is both highly personal and very socially engaged.

কেরুইনের কবিতা

কেরুইনকে আমি কখনও দেখি নি—
তাকে সশরীরে দেখার কোনও উপলক্ষ ছিল না।

I never saw Kerwin -
There was no occasion for personally meeting him.

কেরুইনকে আমি দেখিনি,
তবে দেখেছি তার ছবি—
সে যে দিন খুন হ'ল তার কিছুদিন পরে।

I did not meet Kerwin,
But saw his picture,
some time after he had been murdered.

ছবিটি এখনও আঁকা আছে আমার মনে।
উজ্জ্বল কালো রঙ তার শরীরের,
দাঁত দু'পাটি তার চকচকে সাদা;
যেন কালো ভেলভেটের উপর বসানো রয়েছে
দু'নরী একটা মুক্তাহার।
আর তার চোখ দু'টি?
যেন দুটি মীনাকৃতি হীরের উপর
সেঁটে করা আছে একটা করে' কালোমানিক।

The picture is still imprinted in my mind.
His body is glistening black,
His teeth shining white;
As if a two-stringed pearl necklace
Is fixed on a jet-black velvet.
And his eyes?
A black jewel apiece is set
On two diamonds designed like fish.

আর একটা ছবি ফুটে উঠছে আমার কল্পনায়:
রাস্তায় পড়ে আছে কেরুইনের রক্তাক্ত শরীরটা;
তাকে ছোরা মারা হয়েছে।
রাজী হয় নি হাসপাতালে নিয়ে যেতে
সাদা-চামড়ার ট্যাক্সি-ওলা—
সীটে রক্ত লেগে যাবে।
কালো-চামড়ার একটা জীবনের জন্য সীট নোংরা করা?
মাথা খারাপ?

Another picture appears in my imagination:
On the road lies his body soaked in blood;
He has been knifed.
The white-skinned taxi-plier refused to take him to hospital -
The seat would be stained with blood.
Dirtying the seat for a black-skinned life?
Is someone mad?

আরও একটা ছবি।
কেরুইন সেখানে নেই।
আদালতে আনা হয়েছে আসামীকে।
কবুল করেছে সে—
কেরুইন-নামক 'কালা আদমী'-কে
খুন করেছে সে নিজেই।
কারন?
না, আর কিছু নয়,
তার ভালো লাগে নি কেরুইনের চালচলন।

Yet another picture:
Kerwin is not there.
The accused has been brought to the court.
He has admitted -
He himself has murdered
The black named Kerwin.
What for?
No, not for any other reason
But he did not like Kerwin's manners.

তরুন খুনীটির সারা মাথা কামানো;
সামনের দিকে শুধু খাড়া হয়ে আছে
এক গোছা চুল;
মর্যাদে, সে একজন স্কিনহেড্।

The young murderer's head is clean-shaven;
Only in the front stands
A tuft of hair;
This means that he is a skinhead.

স্পষ্ট করে' বলে না ওরা কী ওদের মতামত;
হ'তে পারে সেটা ফ্যাসিজম্, হিটলারিজম্,
অথবা শুধু আমস্টার্ডামের বড়লোকী দম্ভ;
ওদের মতামতকে যে নামই দেওয়া হ'ক,
বর্ণবিদ্বেষ অঙ্গীভূত ওদের জীবন-দর্শনে।
যে মানুষের চামড়ার রঙ সাদা নয়,
সে মানুষ অসভ্য, দ্বিতীয় শ্রেনীর নাগরিক।
সুখে থাকার, স্বাধীন থাকার অধিকার নেই তাদের,
অধিকার নেই মুক্ত বায়ুর নিশ্বাসে,
অধিকার নেই [redacted] জীবনে।

They do not clearly state their beliefs;
Maybe it is Fascism, Hitlerism,
Or just Amsterdam snobbishness;
Whatever be the name given to their views,
Racism is part of the philosophy of their life.
The man whose skin is not white
Is uncivilized, a second-class citizen.
Such people have no right to freedom,
Nor the right to breathe free air,
Nor, for that matter, the right to life.

কিন্তু ওরা কি স্বীকার করে
বর্ণবিদ্বেষের এই অঙ্গীকার?
ওরা যে মুখে এঁটেছে
উদার সভ্যতার আদলে গড়া মুখোশ!
হাজার হ'ক,
হল্যান্ডের তো একটা সুনাম আছে
ইয়োরোপীয় সভ্যতার শরিক হিসেবে—
যে সভ্যতা [redacted] মানব-প্রজাতির অগ্রদূত!

But do they admit this commitment to racism?
The have, you see, covered their faces
With masks made after liberal civilization!
After all,
Holland has a reputation
As a partner of European culture -
The vanguard of mankind.

আর ইয়োরোপ কি ঘোষনা করে না
উচ্চগ্রামে চীৎকার করে—
মানুষই মানুষের পরিচয়?
প্রভেদ নেই সাদায় কালোয়,
প্রভেদ নেই নুকুলে নুকুলে, ধনী-দরিদ্রে, নারী-পুরুষে?

And, does not Europe announce
- Very loudly indeed -
That man's humanness is his only testimonial?
That there is no asymetry
Between white and black, race and race,
Rich and poor, woman and man?

বর্ণবিদ্বেষ?
সে তো অতীতের একটা অবলুপ্ত যৌনব্যাধি,
বিংশশতাব্দীর পাপদুষ্ট ফসল,
যার প্রকোপে ধুন বয়ে' গিয়েছিল সমাজদেহের সর্বত্র,
যা কি না সম্ভব করেছিল
যুদ্ধ, সাম্রাজ্যবাদ, ইত্যাদি, ইত্যাদি।

Apartheid? Yes it was -
The sinful product of sadism
That eroded social fibre every way
And made possible
Wars, imperialism, etc., etc..
But (they say) it is a thing of the past -
This venereal social malaise.

স্বীকার করতে ওরা লজ্জা পায়,
কিন্তু ব্যাধিটিকে পুষে রেখেছে গোপনে।
মাঝে মাঝেই চাড়া দেয় রোগটি।
তখনই চলে হাঙ্গামা, গৃহদাহ, ধর্ষন, নির্যাতন, পুলিশরাজ, খুন;
সিরিয়াসটি শেষ করবার জায়গা নেই কাগজে।

Though ashamed to admit,
They have been secretly nurturing the disease.
There are frequent relapses.
On those occasions take place
Assaults, arson, rape, oppression, plunder, murder;
Space is not available for completing the list.

আসল কারনটা অবশ্য ওরা চাপা দেয়
সকল ক্ষেত্রেই।
সেদিকে দৃষ্টি ওদের সদা-সতর্ক।
সত্যি-মিথ্যে মিলিয়ে, সর্বস্তরে দিয়ে,
নানান্ অজুহাত, নানান্ ব্যাখ্যা খাড়া করে ওরা,
বর্ণবিদ্বেষের গন্ধও যাতে না লাগে
ওদের ওই সব দুষ্কর্মে।

On every such occasion, of course,
They suppress the real cause.
Always careful they are.
With a conconction of truth and falsehood,
with half-truths,
They advance various pleas and explanations
So that no odour of racism
Stick to any of their misdeeds.

কিন্তু পাপ শেষ পর্যন্ত চাপা থাকে না,
বর্ণবিদ্বেষও শেষ পর্যন্ত ধরা পড়ল।
শেষমেষ অজুহাত খাড়া করা গেল না
কেরুইনের ঘাতকের সপক্ষে।
খুনীকে স্বীকার করতে হ'ল—
কালো আদমীটির চালচলন তার ভালো লাগে নি,
ওরই জন্য সে খুন করেছে।

But sin cannot be hidden for ever;
Racism too was ultimately caught.
No plea could be fabricated
On behalf of Kerwin's murderer.
The killer had to admit -
He had killed
Just because the black's manners disgusted him.

নিষ্ঠুর সত্যের আকস্মিক এই আবিষ্কারে
দূর হ'য়ে গেল কৃত্রিম কুয়াশা;
অতীত ফিরে এল স্মৃতিপথ বেয়ে'
নিরাবরন বীভৎসতায়।

With the discovery of this cruel truth
Disapeared the artificial mist.
Down memory lane came back the past
In all its naked ugliness.

কেরুইন এসব [redacted] জেনে যায় নি।
সে স্বপ্নেও ভাবে নি—
সভ্যসমাজে মানবিক মর্যাদার দাম নেই।
মানুষের মমতাবোধে সে বিশ্বাস করেছিল—
হাত বাড়িয়েছিল বন্ধুতার।

All this remained unknown to Kerwin
Who did not even dream
That human dignity has no value
In civilized society.
Believing, as he did, in human compassion,
He had extended the hand of friendship.

No Borders

কেরুইন জানত না বোধ হয় —
ইয়োরোপের যা কিছু চেকনাই,
তার সবটাই চুরি-ডাকাতি - বাটপাড়ির ফসল;
যে আলোয় ঝলমল করে তার আকাশ,
তার সবটাই চোরাই মণি-মাণিক্যের দীপ্তি।
এই জৌলুস ম্লান হয়ে যায়
যখন সেই মানুষের ছোঁয়া লাগে
যার চামড়া সাদা নয়।
তখন কী যেন ঘটে যায় —
নেমে আসে অন্ধকার,
অপেক্ষা করে দাসত্ব,
ওৎ পেতে থাকে মৃত্যু।

Kerwin possibly did not know
That all Europe's brightness
Is acquired by theft, robbery or deception;
The light that illuminates her sky
Is nothing but the lustre of stolen gems.

This light fades
When it comes in contact
With non-whites.
Something happens then -
Darkness descends,
slavery waits,
Death stalks.

কেরুইন হয় তো জানত না —
ইয়োরোপ যেখানেই পা ফেলেছে,
সেখানেই সে মানুষের গলায় দাসত্ব-রজ্জুর ফাঁস পরিয়েছে;
তার টাকার ঝুং-ঝাং আসলে দাসত্ব-শৃংখলেরই ঝনঝন্।

Kerwin, maybe, did not know
That wherever Europe has set her foot,
She has put a rope of slavery around man's throat;
The sound of her money is actually the clang of the chains of slavery

আর হল্যান্ড?
কেরুইন কি জানত —
দাস হিসেবে
প্রথম যে মানুষটি নেমেছিল আমেরিকার মাটিতে,
তাকে কিনে করা হয়েছিল
ওলন্দাজ একটা যুদ্ধজাহাজ থেকে?

And Holland?
Did Kerwin know
That the first man who stepped on America's soil
As a slave,
Was traded
From a Dutch Man of War?

না, এসব জানত না কেরুইন।
তাইতো সে বাড়িয়েছিল বন্ধুতার হাত।
বন্ধুতা নেই জাত-বিচার, সাদা-কালোর ভেদজ্ঞান।
অকৃত্রিম এই ভালোবাসার
সভ্য প্রতিদান বুঝি নৃশংস মৃত্যু !

No, Kerwin did not know all this.
That's why he extended the hand of friendship.
Friendship discriminates not, between race and race, white and black.
The civilized repayment for such unadulterated love -
Is it cruel death!

এখনই কি থেমে থাকবে
বর্ণবিদ্বেষী বর্ণদ্বেষীরা?
ওরা কি সুযোগ খুঁজবে না
বাকিদেরও সাবাড় করার?

Will they stop here -
The diseased racists?
Won't they seek chances
To finish off the others?

আদিম যুগের শিকারীর মতো
ওরা কেউ কেউ নিশ্চয় পিছু নেবে গোপনে
ওদের শিকারের — কালো আদমীদের।
অন্যরা লেগে যাবে উৎসবের আয়োজনে —
কিছু একটা করতে হবে তো!

Like hunters of the primitive days,
Some of them will secretly stalk
Their prey - the blacks.
Others will busy themselves in organizing celebrations -
After all, something has to be done!

তাই তো ভাবনা হচ্ছে —
এবার কার পালা?

That's why one wonders -
who will be the next?

এমনই কি আশা করা যায় —
কেরুইনই শেষ বলি
বর্ণবিদ্বেষী মহাপাপের?
এটা কি নিতান্তই দুরাশা?

Or, can one hope
That Kerwin is the last victim
Of the evil that is racism?
Or, is it too much to hope?

KERWIN

- Wakati baadhi yao - wanawawinda ili wawauwe baadhi yenu,
wengine wanafanya sherehe wapate jambo la kufanya.

- Ingawaje wanawafanya nyinyi muwe wa kwanza kufa,
kwa sababu ya ukongwe wa ukabila wa kidachi,
sote tunajua ni uwongo.

- Hata kama ingekuwa ni kweli, je! ingeleta mabadiliko?
Mlio wa shilingi za kidachi ndio sauti ya minyororo.

- Minyororo waliotumia kuwafunga waafrica ni baadhi ya maajabu, walizobadilisha kupata hadithi ili wajiheshimu.

- Mungu anajua majina mengi yaliyoandikwa,
hata hakuna nafasi iliyowazi ya kujazwa majina ya waliowakosea na wale wasiojulikana waliowauwa.

- Le ulaya, kamba zenu, kamba zenu katika shingo za watu wangu. Baada ya kuchukua na kufanya yote mnatarajia nini?

Ndiyo!! wamekuja kwa nini waione almasi zao zikipeperuka katika anga zenu kwa ajili yetu; sisi masikini ni hadithi za kale za siku za gizani,
kila mara kumekuwa ni pahali pa kwenda na kufa.

Kerwin.

- Nimwafrika wa kwanza kufika Marekani kama mtumwa. Aliachwa kwenye biashara kutika kwa mdachi wa kivita.

- Kerwin, kitu gani kinachokutofautisha wewe na makabila mengine yaliyo kuja kwako kwa ukabila? Mbona ni kitu ambacho hawawezi kukataa ?

- Dao la damu katika kiti cha taksi lilimaanisha ni muhimu kuliko maisha yako. Hiyo ni sababu iliyokufanya ulale kwenye barabara ulipojeruhiwa na kile kisu.

- Wanapoamua mmoja lazima afe. Ndio wakati damu inatiririka ikitulazimu tujiulize nani atakayefuata baadaye kati yetu?

- Kumbuka rafiki zako wa karibu, hawakuonekana kama marafiki, ambao hawakuhudumia kama vile wengi wao wanavyofanya.

- Rafiki ni rafiki wala sio rangi ya ngozi. Njia ya kuwa kama hivi, chuki haziwezi kuwa na uhusiano na hivi ndivyo ukabila unavyoingia.

Ukabila ni kitu kimoja tunachojifunza katika historia,
ambacho kimeleta madhara kuliko ugonjwa wowote ule.
Watu huishi na kufa, hiyo ni kawaida lakini isiwe sababu eti wewe ni mweusi.

Kerwin:
Wewe si wa kwanza. Tunataka uwe wa mwisho. Tunataka ubaguzi umalizike. Na inatulazimu tufanye mara moja.

- Kerwin:- Hakuna anayeamini. Kerwin hakuamini kama angekuwa hai, angeamini.

Lakini hakuamini ukabila, uhuru wa kutoongea, ukatili wa Adolf Hitler, au ubwanyenye wa ki Amsterdam.

- Hakuna anayeamini kuwa kuna kitu kinachoitwa ubaguzi. kila mara kwao ni kitu kingine kabisa, si kwa sababu ya rangi ya ngozi yako, wanasema ni kwa sababu ya vile wanavyojichukulia.

- Nani anayejua sababu zinazo wafanya waendeleze ukabila. Hilo ni jambo ambalo hakuna anayeamini hata kama mwafrika atalala akifa barabarani, hakuna atakayeamini.

- Tunga macho usione ubaguzi wa rangi wala usitafute sababu, hakuna mtu anayeamini kitu hiki ni kweli. Kerwin hakuamini kwa nini wewe uamini? Basi ongeza kwa nini yeye hakuamini.

Hakuna mtu anayeamini ubaguzi upo kama vile hawakuwaamini wa Vietnam kutafuta suluhisho waishi kwa amani.
Hawakuamini waafrika watakuwa huru baada ya karne nne za mateso.

- Kerwin hakuamini - Hawakuamini kama sisi nasi tuna haki ya kuvuta hewa. Hakuna anayeamini kwamba ubaguzi upo kwani watu ni watu wako na haki ya kuwa na raha na uhuru - raha na uhuru.

- Hakuna anayeamini vile ilivyo na itakuwa hivyo. Na hakuna anayeamini kuna uwezekano mtu kutoamini.

- Hakuna anayeamini hata kidogo yale macho yao yanayoweza kuona kutoweko na haki, upotevu, upotofu wa ubinadamu wao hawawezi kuamini - wao hawawezi kuamini.
- Vitisho ni vya kawaida,na vya zamani visivyoandikwa. -
- Vitisho hivyo vya kawaida, watu wanaamini ni vizuri,
hata kwa umwagikaji wa damu.

کیرون

یہ نسلی خونخوار کسی کا---!
ناحق خون بہائیں گے جب
یہ وحشی بدکار کسی کو---!
موت کی نیند سُلائیں گے جب

مقتولوں کے سوگ میں ورثا
خاموشی اپنائیں گے تب
مرحوموں کی یاد میں رُفقا
موت کا جشن منائیں گے تب

کیرون تیرا خون بہا کر
اور کسی پہ وار کریں گے
جانے کتنے معصوموں کو
موت سے یہ دوچار کریں گے

یہ گوروں کی قوم پرستی
یہ ڈچوں کی بالادستی
یہ رنگ و بہروپ کی مستی
یہ ذہنی افکار کی پستی

محکومی کے طوق نے میری
گردن کو زنجیر کیا ہے
محرومی کے داغ نے میری
قوم کو بے توقیر کیا ہے

ناداری کی جونک نے میری
نس نس سے خوں چوس لیا ہے
اِس بیڑی کے بوجھ نے میری
رگ رگ کو مجبوس کیا ہے

اِس بیڑی کے ہر حلقے پر
میری قوم کا خون جما ہے
اِس بیڑی کے ہر ٹکڑے پر
میری کھال کا خول چڑھا ہے

جانے کب تک اور یہاں پر
ظلم کا کاروبار رہے گا
جانے کب تک گرم یہاں پر
قتل کا یہ بازار رہے گا

یورپ میری قوم کی گردن
آج بھی تیرے نرغے میں ہے
یورپ میرے دیس کی دھرتی
آج بھی تیرے قبضے میں ہے

وہ تو اپنے دیس کے اُن
پیروں کو دیکھنے آیا تھا
برسوں پہلے جن پیروں کو
یورپ لُوٹ کے لایا تھا

برسوں پہلے امریکہ میں
جو کالا محکوم ہوا تھا
وہ بھی ایک ولندیزی کے
ہاتھوں ہی مذموم ہوا تھا

اِس موزی لعنت کے ہاتھوں
اور بھی گھر برباد ہوئے ہیں
ان وحشی لوگوں کے ہاتھوں
اور بھی دِل ناشاد ہوئے ہیں

کیرون کار کی سیٹ ہے مہنگی!
خون کی قیمت سستی ہے
تم نے اپنی آنکھ سے اپنی
لاش بکھرتی دیکھی ہے

وہ دوجا اِنسان تھا لیکن
سانس تمہارا بھرتا تھا
رنگوں کی بنیاد پہ ہرگز
وہ تفریق نہ کرتا تھا

اِنسانی کیردار کا درجہ
رنگ اور روپ سے بالا ہے
اِنسانی افکار کا مذہب
نہ گورا نہ کالا ہے

اِس دُنیا میں جتنے اِنساں
بیماری سے خاک ہوئے ہیں
اُس سے دُگنے لوگ یہاں پر
نسلی آگ میں راکھ ہوئے ہیں

کیرون تیرے بعد کسی کو---!
ایسی موت نہ مرنے دیں گے
کیرون تیرے بعد کسی کو!
نسلی بھینٹ نہ چڑھنے دیں گے

اپنی گوری کھال کے اوپر
یہ گورے اِتراتے ہیں
سونے اور چاندی کی شے پر
یہ بنئے اِٹھلاتے ہیں

چوراہے کے بیچ پڑی گر
لاش — تمہاری دیکھیں گے
اِس منظر سے آنکھ چُرا کر
اور طرف مُنہ کرلیں گے

اِن گوروں نے میری قوم کے
لوگوں کو محکوم کیا ہے
آزادی اور خوشحالی کی
نعمت سے محروم کیا ہے

اِن گوروں نے دیت نام پہ
کیا کیا ظلم اُٹھائے ہیں
آخر اُن لوگوں کے ہاتھوں
مُنہ کی کھا کر آئے ہیں

محکومی سے جان چھڑا لیں
یہ اِن کو منظور نہیں ہے
آزادی کو ہم اپنا لیں
یہ اِن کو مقصود نہیں ہے

اِس سے بڑھ کر اور بھیانک
موت کسی کی کیا ہوگی
اِس سے بڑھ کر اور جہان میں
بات غمی کی کیا ہوگی

کیرون تیری رام کہانی!
کب تک داد نہ پائے گی
کیرون تیرے خون کی سُرخی
اپنا رنگ دِکھائے گی!

קרווין

בעוד כמה מהם ייצאו לצוד אתכם
להרוג את מי שנותר מכם
האחרים יערכו חגיגות
שיהיה להם מה לעשות

כאשר הם סוענים שבעצם
אתה הראשון שמתת
בגלל גזענות הולנדית רבת-שנים
זה שקר – אתה ואני זאת יודעים

ואפילו הייתה זו אמת
מה זה באמת משנה?
צלצול המסבעות
הוא שקשוק השלשלאות

השלשלאות בהן הם כבלו כעבדים
את השחורים וכמה לבנים
הם נקטו בדרכים משונות
לכפות רצונם על האחרים

האל יודע שהרשימה ארוכה
לא נותר חלל למלאו
השמות של אלה שהם גרמו להם עוול
אותם אלמונים שהם רצחו

אה, אירופה – החבל שכרכת
סביב צווארם של בני עמי
אחרי כל מה שגזלת, מה שעוללת,
למה עוד תצפי?

כן!!! הם באים ומדוע לא
לראות את נצנוץ יהלומיהם-הגנובים בשמיכם
לנו, הדלים / אחים / מגזע כהה
היה זה תמיד מקום בו מתים

קרווין:
השחור הראשון שכף רגלו
דרכה באמריקה
היה עבד שהובא לשם ,
בספינת עבדים הולנדית

קרווין: אתה מתת בגלל גזענ
זו עובדה שאין להכחישה
רזה מה שמבדיל בינך
לבין אחרים שהגזענות הרגה

כתם דם על מושב מונית
היה חשוב יותר מאשר חייך
לכן נותרת מוטל ברחוב
פצוע מאותה סכין

כשהם מחליטים
שאחד חייב למות
כל עוד לא יבש הדם
אנו חייבים
לשאול את עצמנו
מי מאתנו הוא הבא?

התזכור את חבריך הקרובים
שלא נראו כמוך?
שלא נהגו בך כפי
שכה רבים מהאחרים נהגו?

חבר הוא חבר הוא חבר
הוא לא צבע עור
אלא הוויה
את זאת השנאה אינה יכולה לקבל
ומכאן הגזענות מתחילה

ההיסטוריה מלמדת שגזענות
פגעה באדם יותר מכל מגפה
אנשים חיים ואנשים מתים: זה חוק טבע
אך לא אם הסיבה לכך
היא רק צבע הגזע

קרווין, אתה לא היית הראשון
אך אנו רוצים שתהיה האחרון
אנו רוצים שהפשיזם יחדל, ייעצר
אנו חייבים לעשות מעשה, ומהר

קרווין
איש לא מאמין בכך – קרווין לא האמין – לו היה חי
הוא היה – אך הוא לא האמין –
גזענות – פשיזם – אדולף היטלריזם
או רק סנוביזם אמסטרדמי פשוט

איש אינו מאמין באמת שיש דבר כזה
גזענות
זה תמיד משהו אחר
זה לא בגלל הצבע שלך
הם אומרים: זו הדרך בה אתה נושא את עצמך

מי יודע אילו סיבות הם ימציאו
איש אינו מאמין שיש גזענות
גם כאשר השחור שוכב גוסס ברחוב
איש אינו מאמין בכך

עיניים עצומות אינן רואות זאת
התעללות גזענית / תירוץ
איש לא מאמין בכך למרות שזו האמת
קרווין לא האמין / למה שאתה תאמין?
ואיך היה יכול?
איש לא מאמין שיש גזענות –
כמו שלא האמינו שהוויטנמים
התחננו לחיות בשלום
הם לא האמינו שעל השחורים להיות חופשיים
אחרי 400 שנות אומללות

קרווין
הם לא האמינו / הם לא
האמינו שגם לנו
הזכות לנשום –
איש אינו מאמין שיש גזענות /
שאנשים הם אנשים
עם הזכות להיות מאושרים וחופשיים –
מאושרים וחופשיים

איש אינו מאמין שזה כפי שזה צריך להיות
איש אינו מאמין שזה אפשרי, כי איש אינו מאמין
אנשים אינם מאמינים אפילו למראה עיניהם
האי-צדק / הבזבוז / חוסר האנושיות
הם פשוט אינם מאמינים – הם פשוט אינם מאמינים

האימה היא כה שגרתית
כל-כך כל-כך יומיומית
שאימה שכזו הפכה מקובלת
אפילו במחיר דמים –

كيرفين

عندما يريد احدهم أن يجعلك عبدا
لنزع ما تبقى منك،

نجد الاخرين يستلذون بالمهربانات والجفلات
للاجل ملئ فراغهم
بينما يبعلون منك
الى نحيه للبحر
وهذا راجع للعنصرية العريقة فى هولاندا
أنا وأنت على علم بهذا الهراء
فلو كانت هذه عين الحقيقة
مالذى كان سيطرء من بديل
رنين النقود
صوت السلاسل والقيود
التي يسحرونها لتقييد السود
ذو البشرة البيضاء كعبيد
يالها من حيلة هوبا أخروبها للوجود
ليفرضوا على الشعوب سلطانهم
والله وحده على علم بمطول القائمة
لم يتبقى فراغ فى المحيط لمائه
اسماء اولائك الدين لم ينصفونهم
والمجهولين الدين لم يتركواللهم اثرا
آه آه أوربا القيد ،القيد
حول اعناق شعوبنا
بعد هذا كله نصبتم وفعلتم
ا مالذى ترغبونه من بعد ذلك
اجل سياتون ولم لا
لرؤية احجارهم التمينة المسلوبة تلمع فى سمائك
من ابلنا نحن الفقراء / الشعوب / ذو البشرة السوداء
هناك دائما مكان للاشتشهاد
الى اسود وضع قدميه
فى امريكا
من قبل (هولندى في حرب)
كرفين مالذى يبعلك تختلف عن الاخرين
اولائك الذين اندثروا بسبب العنصرية
لان طبيعة قتلك تعود للعنصرية
هذه حقيقة لا يمكن استنكارها
قطرة دم على مقعد سيارة ابرة
قيمتها اغلى من حياتك

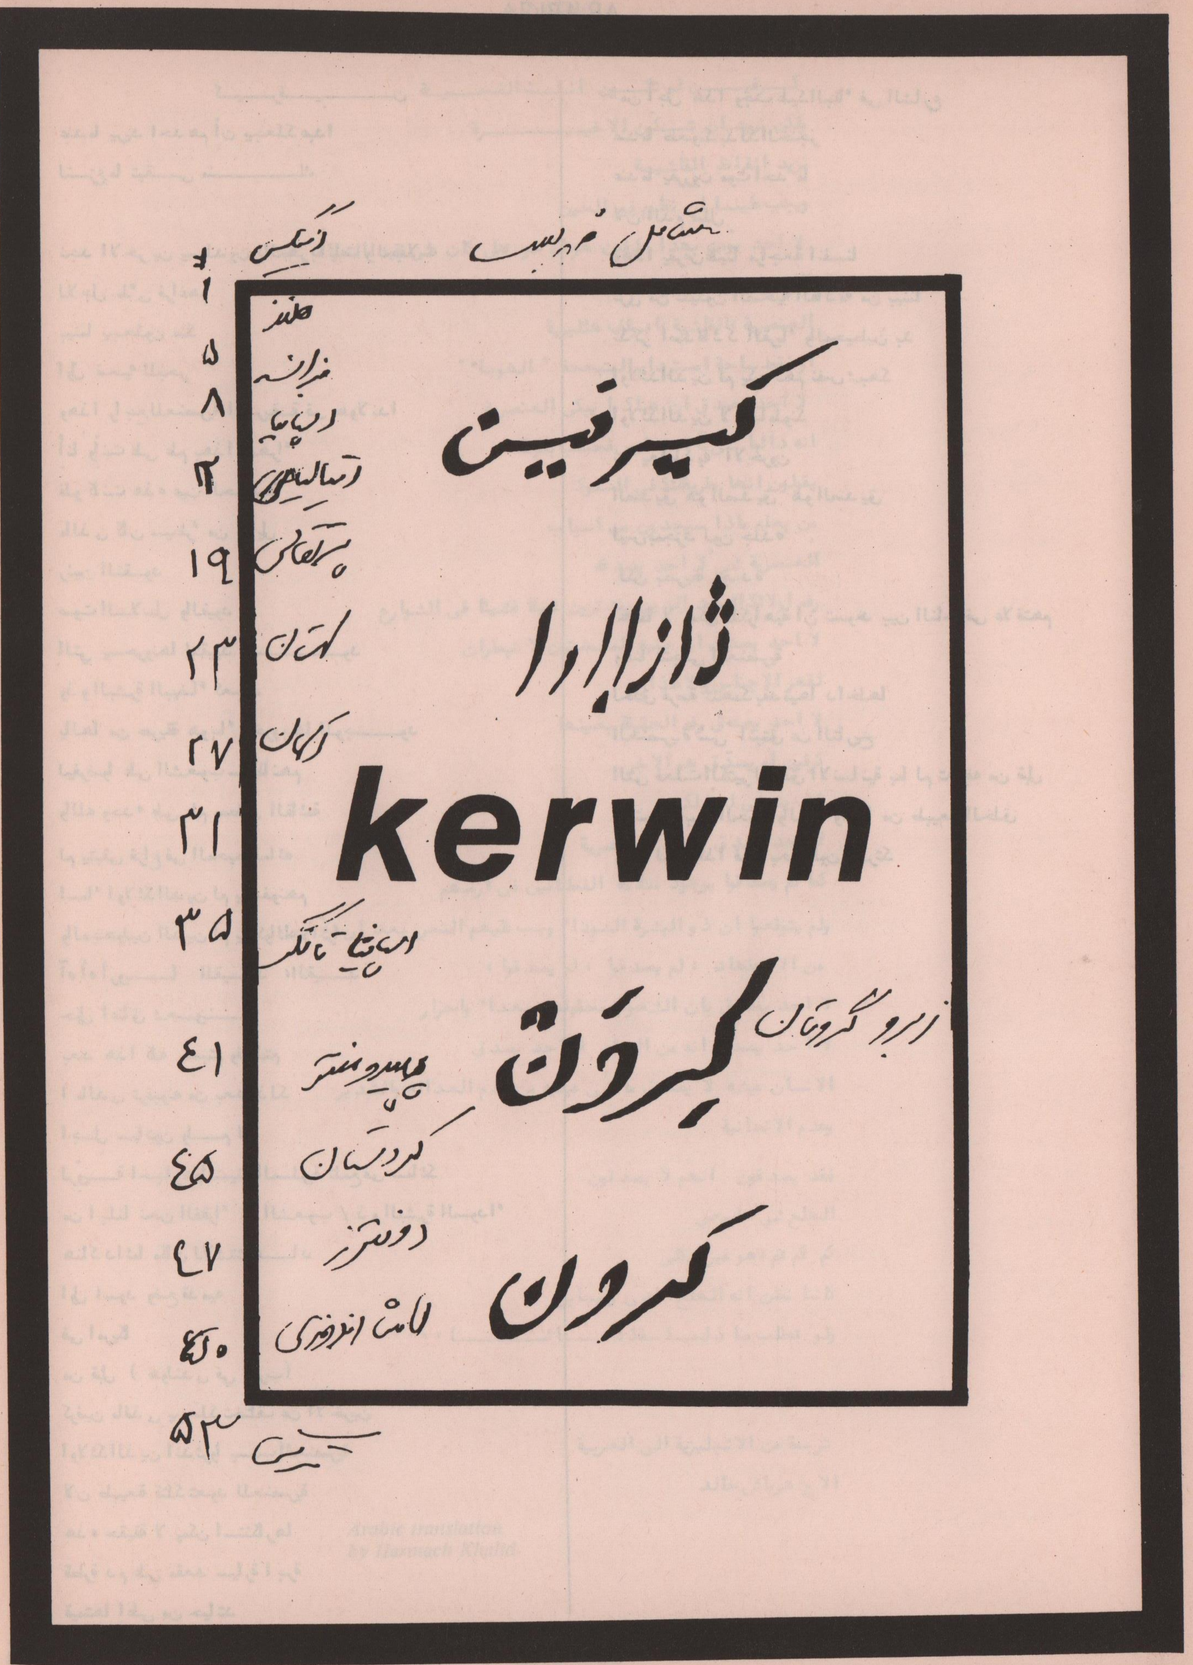

من أجل هذا وجب عليك البقاء فى الشارع
عندما طعونك بذلك الخنجر
عندما يقررون موت احد ما
لان الدم مبلل
وهذا يفرض علينا مراجعة انفسنا
ترى من سيدون الضحية القادمة من بيننا
تذكر اصدقائك القرباء والمحيطين بك
اولائك الدين لم يكن لهم نفس شبهك
اولائك الدين لا يعاملونك
بما يعاملك الاخرون
الصديق هو الصديق هو الصديق
ليس بمجرد لون جلده
لكن بطريقة جلده
هكذا لا يمكن للكراهية ان تسود بين الناس فى علاقتهم
وهنا تتجلى العنصرية
لخلق فرصة تنهمك بقدميها داخلها
العنصرية شئ انبثق عن التاريخ
التى فعلت الكثير لسحق الانسانية بما لم تعرفه من قبل
الانسان بين الحياة والموت وهذا من طبيعة الخلق
ولكن ليس هذا فقط بحكم لون بشرتك

كرفين لم تكون انت الضحية
ولكن نريد ان تكون الاخيرة
نريد انقراظ الفاشية
ويجب علينا ان نقاوم فى الحين
لا احد يؤمن بهذا كرفين هو الاخر هل كان على قيد الحياة
كان يرغب فى الوجود لم يصدق
العنصرية ،الفاشية ،ادولف هتلرية
او فقط ساحة امستردام المتبححة " الهوبا "
لا احد يصدق ان هناك ما يبكى العنصرية
انه دائما شئ اخر ليس فحسب بلونك
يقولون انها طريقتك فى السلوك
من يعلم ماذا سيجدون من اسباب
العنصرية شئ لا احد يصدق
رغم اولائك السود الدين يندثرون شيئا فشيئا فى الشوارع
لا احد يصدق ان عينيه المغمضتين لا تبطران
لقهر الاجناس والاعتذار
لا احد يصدق رغم الحقيقة بعينها
كرفين لم يصدق هو الاخر
كيف يتجلى له ذلك
لا احد يصدق بوجود العنصرية
كما لم يصدقوا بوجود سلامة الفطنامين فى ارضهم
ولم يتوقعوا ان ذو البشرة السوداء وجب عليهم التحرر بعد اربعة قرون
من الاضطهاد ، لم يصدقوا ، لم يصدقوا ،
لا احد يصدق بان الشعوب بحقوقهم سعداء واحرار
لا احد يصدق انه من الممكن لا احد يصدق
الانسان عيشه لا يصدق ما ترى عينيه من عدم العداله والتبدير
وعدم الانسانية

فقد يصدقون انهم لا يصدقون
الهلع شي طبيعي
كم كم تم ، هو غير شطى
كاننا نظن انه الهلع عادى وايجابي
ولو تطلب منا ذلك سفك دمائنا ....

Notes on the languages in this book:

Afrikaans (Cape Dutch)
Family/group: Indo-European (Germanic)
Number of speakers: 4-5 million
Where spoken: South Africa, Namibia
Script: Roman
Afrikaans came into being in the 17th century after a small group of Dutch people colonized the Cape of Good Hope. Within 100 years a new language had been born of their various dialects.
Refusal to accept Afrikaans as the medium of education sparked the 1976 Soweto uprising.
Prior to 1994 Afrikaans and English were the official languages of the country. Act 200 of the Interim Constitution, which came into effect on 27 April 1994 declared that the country would have 11 official languages at national level: Afrikaans, English, isi Ndebele, Sesotho sa Leboa, Sesotho, siSwati, Xitsonga, Setswana, Tshivenda, isiXhosa and isiZulu.

Almelo
Dialect of Dutch, spoken in the province of Overijssel (Twente)

Arabic
Family/ Group: Afro-Asiatic
Number of speakers: 120-150 million (+25 as a second language)
Where spoken: North Africa, Middle East, Arabian Peninsula
Script: Arabic
Arabic is the official language in 21 countries. Classical Arabic is the sacred language of Islam. There are many variations of colloquial Arabic: Algerian, Moroccan, Egyptian, Syrian, Iraquian and several in Arabia and the Sahara, not all mutually comprehensible. Written Arabic, however, is universal, so that while people from different countries may not be able to understand each other's speech, they will be able to communicate in writing.

Bahasa-Indonesia
Family/group: Austronesian (Malayo-Polynesian)
Number of speakers: 30 million
Where spoken: Indonesia
Script: Roman
Originally the dialect of the south Malay Peninsula. Bahasa (= language) Indonesia became the official language of Indonesia in 1949. Strongly influenced by other languages (Malay, Chinese, Arabic, Persian, Portuguese and Dutch). The Dutch taught the use of the Roman script in place of Arabic script in schools.

Bärndütsch
Family/group: Indo-European (Germanic)
Number of speakers: ?
Where spoken: Switzerland (Bern and surroundings)
Script: Roman
More similar to Middle High German than to modern German, this dialect has different tints and shades. Upper-class Bernese (Bernburger) originates from the aristocracy and has more French influence. This translation is made in the common form of the dialect. With the revival of interest in ethnic roots, the Bernese dialect has become an instrument for the expression of art – poetry, songs etc.

Bengali
Family/group: Indo-European (Indo-Iranian)
Number of speakers: 192 million (189m native speakers)
Where spoken: Bangladesh, India, (West Bengal)
Script: Bengali
Bengali is one of the top ten most spoken languages on the planet – most recent sources place it at number 4. Bengali has several dialects, but literary Bengali is used in books and newspapers and in formal speech. Bengali literature dates back to the fifteenth century CE, or earlier.

Cumbrian
Dialect of Cumbria in the north of England. A recent increase in publications and recordings in dialect point to a wish to preserve a rich vocabulary and manner of expression which, at its broadest, can be completely unintelligible to 'foreigners' from as far south as Manchester.

Czech
Family/group: Indo-European (Balto-Slavic)
Number of speakers: 9-10 million
Where Spoken: Czech Republic
Czech had the first widespread literature of any living Slovak language – since 14th century. The majority of the spellings and diacritics in current use were introduced by Jan Hus, who was burned at the stake for heresy in 1415. When Bohemia lost its independence in 1620, the Bohemian Brethren, a Protestant sect whose translation of the Bible was highly treasured, went into exile and Czech literature all but died out. Writers were urged to revive the language of the Kralice Bible in the 18th century and much of the German influence was removed.

Danish
Family/group: Indo-European (Germanic)
Number of speakers 5-5.5 million
Where spoken: Denmark,West Germany
Script: Roman
Danish is descended from Low German and was the principal literary language of Norway during the 15th and 16th centuries. Danish is taught in schools in Iceland and the Faeroes. In Greenland, Danish has official status, along with Greenlandic Eskimo. At the border between Denmark and Germany the languages overlap, with several thousand German-speakers living in Denmark, and a Danish-speaking community living in the German area of Sleswig.

Deventer
Dutch dialect from Deventer, central Netherlands. The second edition of *Kerwin the Poem* was printed in Deventer.

Divehi (Maldivian)
Family/group: Indo-European (Indo-Iranian)
Number of Speakers: 100,000-155,000
Where spoken: Maldive Islands
Script: Gabuli Tana (rarely Arabic)
Divehi is descended from Sanskrit. The current Gabuli Tana script is a combination of Arabic and Maldivian numerals with a few Persian-Arabic letters. The script was probably created either by Arabs or Maldivians in order to allow the Arabs to understand the language. Early Maldivian scripts (Evala Akuru and Dives Akuru) read from left to right, whereas the script in current use reads from right to left.

Drente
Dialect of Dutch as spoken in the province of Drente, on the Eastern border with Germany

Dutch (Netherlandic)
Family/group: Indo-European (Germanic)
Number of speakers: 15-20 million
Where spoken: Netherlands, Belgium, Suriname, Netherlands Antilles
Script: Roman
Like English and Danish, Dutch is descended from Low German and has a strong French influence. Translation of the Bible and writings of poet Joost van der Vondel (1587-1679) helped to establish 'General Cultural Netherlandic', now the standard form of written Dutch. Dutch was taught in schools in Suriname and children were punished for speaking their native Srnan-Tongo.

English
Family/group: Indo-European (Germanic)
Number of speakers: 400 million (1.1 billion inc. use as 2nd or 3rd language)
Where spoken: UK, USA, Canada, Australia, New Zealand, parts of Asia & Africa plus almost global use as language of commerce, science & technology and popular culture
Script: Roman
English is an official language in 45 countries. It is a descendant of Low German, with liberal portions of Latin, Greek , French and about 150 other languages. As it spreads across the world it takes on a life of its own, leading to new spellings, as in American English, and adding words from local vocabularies.

Esperanto
Family/group: Artificial language
Number of speakers: 1-15 million (as 2nd language)
Where spoken: ca. 60 countries
Script: Roman
Esperanto was invented in 1887 by Ludwig Lazarus Zamenhof as an international language. It is the most used of all AL's. It has a large body of literature in translation, including the Bible and the Qu'ran. Despite applications to the United Nations, it still does not have recognition as an international language.

Faroese (Faeroese)
Family/group: Indo-European (Germanic)
Number of speakers: 35 – 44,000
Where spoken: Faeroe Islands
Script: Roman
Faroese shares official status with Danish in the Faeroe Islands. There is a Braille code for Faroese and translations of the Bible.

Finnish
Family/group: Uralic (Finno-Ugric)
Number of speakers: 6 million (4,700,000 in Finland)
Where spoken: Finland, Sweden, Estonia, Norway
Script: Roman
Finnish is closely related to Hungarian and Estonian, but not to any other European languages. For a long time Sweden was the dominant power, but it was ceded to Russia in 1809. After the Revolution, Finland attained independence in 1917 and Finnish became the predominant language. Lappish (Saami) is also spoken in the north of the country.

Flemish
Family/group: Indo-European (Germanic)
Number of speakers: 5.5 million
Where spoken: Northern Belgium
Script: Roman
One of the two official languages of Belgium. considered by purists to be a dialect of Dutch rather than a language in its own right.

French
Family/group: Indo-European (Romance)
Number of speakers: 51 million in France (ca 124 million total)
Where spoken: France, Canada, Belgium Switzerland, Monaco, Luxembourg,many parts of Africa, Oceania and the Americas.
Script: Roman

Number of speakers: 250-300,000
Where spoken: Netherlands (Friesland), Western Germany
Script: Roman
A Frisian academy was set up in 1938, and the language has been taught in schools since 1955. The first Frisian translation of the Bible was published in 1943. Frisian is much closer to English than Dutch and is classed as a language rather than a dialect of Dutch. The fight is on to save the language from dying.

German
Family/group: Indo-European (Germanic)
Number of speakers 120 million
Where spoken: Germany, Austria, Switzerland, parts of E. Europe, USA, South Africa & Latin America
Script: Roman
Prior to the 8th century, there were already two languages – High German of the southern hills and Low German of the northern plains. High German became the written and spoken standard. Family/group: Uralic (Finno-Ugric)
Number of speakers: 14.5 million
Where spoken: Hungary, Romania, Slovakia, Slovenia
Script: Roman
Although related to Finnish, the closest language relatives are Ostyak and Vogul, from Siberia. At some point the speakers of Ugric divided, some moving south to present-day Hungary. Through contact with the Turks, a number of Turkish words entered the language. The Hungarians' own name for their people, *Magyar*, comes from the Turkish *Megeri* = man.

Italian

Where spoken: Italy, Switzerland, San Marino, Vatican City, Sardinia, parts of North and South America, North Africa, Guatemala
Script: Roman
Not so much an ancient language as the creation of Dante Alighiere (1265-1321). A language of many dialects – not always mutually intelligible. The Fascists tried to abolish the dialects, but 'pure Italian' was too refined a mode of speech and dialect too deeply rooted. Today dialect and standard Italian tend to meet half-way in everyday usage.

Kannada (Kanarese, Bangalori, Madrassi)
Family/group: Dravidian
Number of speakers: 33.5 million as 1st language
Where spoken: South India (Karnataka, Andhra Pradesh, Tamil Nadu, Maharashastra)
Script: Kanarese
One of 407 listed living languages of India. The oldest Kanarese inscription found dates back to 450 CE, while the earliest literary text preserved, the *Kavirajamarga*, is estimated to have been written around 877 CE. Kannada is the state language of Karnataka and has about 20 dialects.

Kiswahili (Swahili)

Malayalam
Family/group: Dravidian
Number of speakers: 35 million
Where spoken: India: Kerala, Laccadive Islands
Script: Tulu-Malayalam
Malayalam is one of the 15 languages of India's Constitution. It is one of the four main members of the Dravidian family; the others being Tamil, Telugu and Kannada (Kanarese). Written records date from 9th century CE. There is strong support for the theory that Dravidian languages were once spoken in northern India and were gradually displaced by Indo-European invaders.
The Tulu-Malayalam script was originally used only for writing Sanskrit; modern Malayalam script is influenced by Vatteluttu and Tamil characters.

The old common Scandinavian language, Dönsk mál divided into West Norse (Norway & Iceland) and East Norse (Denmark and Sweden). Both influenced English and were influenced by Latin, but Low German almost engulfed them. In 1498, in the Telemark province of Norway, one traveller toasted another in Low German – the other protested, saying "Let us speak our fathers' and mother's tongue." A fight broke out and one of them was killed.
Norway currently has 2 official languages: Bokmal (Dano-Norwegian) and Nynorsk. Bokmal, spoken by 80% of the population, has progressively moved away from Danish.

Papiamento
Family/group: Portuguese-based creole
Number of speakers: 155,400 in Netherlands Antilles, 60,000 in the Netherlands
Where spoken: Neth. Antilles, Netherlands, Virgin Islands, Puerto Rico
Script: Roman
Papiamento has three main dialects. The influence of Portuguese, Spanish and Dutch is evident. Spoken in Aruba, Bonaire and Curaçoa and, by migration, in the Netherlands. The language also shows African influences, since the population is mainly descended from African slaves brought in by Dutch traders...
Papiamento is now taught in primary schools, but most people tend to be bilingual, as the lack of Dutch is a hindrance to political and social advancement.

Persian (Farsi)
Family/group: Indo-European (Indo-Iranian)
Number of speakers: 24 million (1st language)

Where spoken: Iran, Afghanistan, Iraq, Tadzhikistan
Script: Arabic / Cyrillic
Old Persian dates back to the 6th century BCE at which time a Cunieform script was used. This became a key for the decryption of older cunieform texts. In the 10th century CE, Persian adopted the Arabic script. The literary language is more or less identical in Iran and Afghanistan, while the spoken dialects tend towards Dari in Afghanistan and Tajiki (ca 5 million speakers) in Tajikistan. The latter is written in the Cyrillic script.

Pilipino (Tagalog)
Family/group: Austronesian
Number of speakers: 43 million
Where spoken: Philippines
Script: Roman
Pilipino is the standardized form of Tagalog and is, along with English, the language of school education. Tagalog has a literary treasure-trove of mythology and folklore.

Polish
Family/group: Indo-European (Balto-Slavic)
Number of speakers: 44 million
Where spoken: Poland and surrounding areas, USA
Script: Roman
Approximately 2.5 million people in the USA have Polish as their mother tongue. Despite the influences of German, Czech, Lithuanian, Russian and Turkish, the strongest influence on the language appears to have come from church Latin. History caused a great deal of emigration, particularly to the US, France, Britian, Canada and Brazil.

Portuguese
Family/group: Indo-European (Romance)
Number of speakers: 179 million
Where spoken: Portugal, Brazil, parts of Africa
Script: Roman
Descends, like Spanish, from Old Galician. Although one of the smaller European languages it is also the national language of Brazil – accounting for 163 million speakers. The standard Portuguese of Portugal is based on the southern, or Estremenho dialect of Lisbon and Coimbra. Although it has not otherwise made much of a mark on world languages, several creole or pidgin forms are spoken from Senegal to Macao.

Punjabi (Eastern), Panjabi
Family/group: Indo-European (Indo-Iranian)
Number of speakers: 92 million
Where Spoken: Punjab (India, Pakistan), Malaysia, Kenya, Bangladesh, UK
Script: Gurmukhi
Eastern Punjabi, (distinct from Western Punjabi) is one of India's 15 national languages and closely associated with the Sikhs. It is one of the westernmost languages of the Indo-Iranian group and one using the least number of 'borrowed' words from either Persian or Sanskrit. The Gurmukhi script, a variant of the Devanagari script, is the character of the Sikh scriptures.

Russian
Family/group: Indo-European (Balto-Slavic)
Number of speakers: 288 million (of whom 170 million native speakers)
Where spoken: Russia, former USSR, Poland, Germany, Israel, China...
Script: Cyrillic
There are three varieties of the language: Great Russian, Belorussian and Little Russian (Ukrainian). Up to 1000 other languages and 4 different alphabets are in use in the vast area of the former Soviet Union. The Cyrillic alphabet is based on the 9th century Greek uncial script. When the pagan Slavs became Christian, they used Greek and Latin letters which could not fully express their language, "But God, loving the human race, had pity on the Slavs and sent them St Constantine, the philosopher called Cyril, a just and true man, who made for them an alphabet of 38 letters, of which some were after the Greek style, and some after the Slavonic tongue".

Serbo-Croatian
Family/group: Indo-European (Balto-Slavic)
Number of speakers: 20 million
Where spoken: North West Balkans
Script: Cyrillic/Roman
Now, more than ever, the Serbs will call their language Serbian, while the Croats will speak Croatian, though this was the case long before the break-up of Yugoslavia. The Serbs and Montenegrins, belonging to the Orthodox Church, employed the Cyrillic script, while the Catholic Croats used the Roman alphabet.

Sicilian
Family/group: Indo-European (Romance)
Number of speakers: ?
Where spoken: Sicily, USA
Italian as spoken in Sicily. Presumably spoken by certain families in the USA. Propriety suggests we say no more.

Sranan-Tongo
Family/Group: English-based Creole
Number of speakers : 100,000
Where spoken: Suriname, Netherlands
Script: Roman
Sranan was previously banned in schools by the Dutch colonizers; children speaking their own mother-tongue were punished. In common with languages such as Vietnamese, the tone and inflection are important; the same word may have a completely different meaning when spoken in a different tone.

Shona
Family/group: Niger-Congo
Number of speakers: 7 million
Where spoken: Zimbabwe, Mozambique, Zambia
Script: Roman
Shona is the predominant African language of Zimbabwe. It is primarily a written language, probably based mainly on Karanga and Zezuru, with additional words from Manyika and Korekore. Shona is used in primary schools, has its own literature and, since quite recently, a dictionary.
[For further notes on the Niger-Congo family, see Mandinka]

Spanish
Family/group: Indo-European (Romance)
Number of speakers: 370 million
Where spoken: Spain, Central and S. America, USA, Canary Is
Script: Roman
Castilian Spanish is the official language of Spain. Spain's colonial history is reflected in the fact that there are five or six times as many speakers of Spanish outside the country as inside. Mexico alone has far more Spanish speakers than does Spain. Catalan, spoken by about 5 million people in the northern mediterranean provinces, while closely related to Spanish, is a language in its own right.

Swedish
Family/group: Indo-European (Germanic)
Number of speakers: 9 million
Where spoken: Sweden, Finland, USA
Script: Roman
Swedish, like the other Scandinavian languages, is descended form Old Norse – the language of the Vikings. Old Norse is first recorded in Runic inscriptions – this alphabet being the oldest form of Germanic writing.
While Swedish, Norwegian and Danish are as closely related as are the dialects of many other languages, unlike Norwegian and Danish, there is a considerable gap between spoken and literary Swedish.

Tibetan
Family/group: Sino-Tibetan, Tibeto-Burman, Himalayish
Number of speakers: 1,254,000 (1066,200 in China)
Where spoken: Tibet, China
Written Tibetan is reported to be based on a southern dialect. 2 scripts are known: U-chan is a common script used by all, the other is a less-widely known and more priestly script

Turkish
Family/group: Altaic (Turkic)
Number of speakers: 58 million
Where spoken: Turkey, Bulgaria and surrounding areas, Cyprus

Script: Roman
For over 1000 years Turkish was written in the Arabic script. After World War I, Mustapha Kemal introduced the Roman alphabet, which was first resisted on religious grounds, then accepted when it was found that people learned to read more easily. Other Turkish dialects use 7 other scripts , including Arabic, Cyrillic, Hebrew and Greek, but the Roman character became the official script of the Turkish language in 1928, coming into general use in 1930 . The Turkish alphabet contains 29 characters, including the undotted ı, ı.

Twi (Akan, Twi-Fante)
Family/group: Niger-Congo
Number of speakers: 7 million
Where spoken: Ghana
Script: Roman
The language of the Ashante and Akuapem is called Twi. It is an official language of education up to university level and has its own body of literature.

Urdu
Family/group: Indo-European (Indo-Iranian)
Number of speakers: 98 million
Where spoken: Pakistan, India
Script: Persian-Arabic
Urdu and Hindi are basically the same language (Hindustani) when spoken, but Urdu is written with the Arabic script, whereas Hindi uses the Devanagari script (the hand of the gods). Urdu is the language of the Muslims, while Hindi is the language of Hindus.

Welsh
Family/group: Indo-European (Celtic)
Number of speakers: 500,000
Where spoken: Wales
Script: Roman
The Act of Union with England in 1536 led to a decline in the number of Welsh speakers. Welsh was taught in schools in the 18th and 19th centuries and the revival continues. Welsh language tv may help to save the language from further decline. Related to Scots and Irish Gaelic, Welsh is more closely connected with the more southern Celtic languages, Breton and Cornish, the latter of which is all but extinct.

Zulu
Family/group: Niger-Congo
Number of speakers: 8 million
Where spoken: South East Africa
Script: Roman
Only recently a written language, Zulu has a wonderfully rich vocabulary of 20-25,000 words. It is closely related to Xhosa, but a distinct language.

The numbers of speakers quoted are approximate. Sources vary considerably in their estimates. In general we have used figures quoted in the Ethnologue (www.sil.org/ethnologue). Other sources of information include the following: Stonehouse: *Facts on File Pocket Guide to the World;* Crystal: *Cambridge Encyclopedia of Language,* Diringer: *The Alphabet,* Stevenson: *Words Macmillan World Almanac; Linguasphere Observatory* – www.linguasphere.org

Table of World Languages:
The listings on the following pages do not pretend to be in any way complete or comprehensive: there are currently over 20,000 languages in the world -- we simply want to give a taste of the variety and diversity and let the reader see how languages, like cities, reflect their history, the passage of invaders and colonizers, and are enriched by the migration of peoples from place to place.

Languages grow and change, words pass freely from one language to another without regard for borders. Mass entertainment and technology spread words across the planet like a virus. Unfortunately, languages also die out as communities are split up, and land-rights are usurped, industries die out or new industries arrive bringing with them new communities and riding roughshod over the existing ones.
Politics may decide whether a language is 'official' or not, but the people will travel their own path, regardless of the language on the road signs.

We have, as far as possible, avoided using the words 'patois, creole, dialect, local language, bantu language, tribal language, indigenous language' etc. Instead we have used the sign && to denote what the Linguasphere Observatory calls *Adibhasa,* meaning 'first language', agreeing that anything spoken by people is a language and valid in its own right. From time to time we have put a figure next to the && to denote the number of major languages in a region. Sometimes we have mentioned the name of the family to which most of the languages belong.

(1) One of the 15 languages of the Constitution of India. (2) See Kabyle, Riff, Shilha and Tamazight. (3) See Mandarin, Cantonese, Wu, Min and Hakka. The "common speech" (Putonghua) or the "national language" (Guoyu) is a standardized form of Mandarin as spoken in the area of Beijing. (4) Hindi and Urdu are essentially the same language, Hindustani. As the official language of Pakistan, it is written in a modified Arabic script and called Urdu. As the official language of India it is written in the Devanagari script and called Hindi. (5) The distinctions between some Thai dialects and Lao are political rather than linguistic. (6) Yiddish is usually considered a variant of German, though it has its own standard grammar and dictionaries, has a highly developed literature, and is written in Hebrew characters.

1. See HEBREW ALPHABET and ALEPH, BETH, etc., in Vocab. 2. In the names of the Arabic letters d, t, and d respectively are pronounced like a in *father*, i in *machine*, o in *rude*. 3. When initial, or hamza; otherwise represented by a macron. 4. Like the Greek smooth breathing. See ALIF, in Vocab. 5. A deep guttural, or glottal sound. 6. See ALPHA, BETA, GAMMA, etc., in Vocab. 7, 8, 9. In classic Greek, about like th, ph, kh, in *hothouse, uphill, inkhorn*. 10. In the reformed orthography of Russia, ѣ is replaced by e, э partly by e, і and ѵ by и, ѳ by ф, and the stem ъ by ' in the middle of words (omitted at the end of words). 11. The alphabet shown here is the Devanagari. The characters for the long vowels (ā, ī, ū, ṛ) and diphthongs (ai, au) resemble those for the corresponding short. When vowels are combined with preceding consonants they are indicated by various strokes or hooks instead of by the signs here given, or, in the case of short a, not written at all. There are also many compound characters representing combinations of two or more consonants. 12. See ASPIRATE. 13. As in *inch*. 14. See CEREBRAL. 15. See ANUSVARA. 16. See VISARGA.

Preface to the 10th edition – 2001

This 10th edition of *Kerwin the Poem* celebrates the fact that we reached and then surpassed the 50-language mark. While there are only 51 languages printed here, the true total is 52. The poem can also be seen and 'heard' in sign language annually at the August 20th commemoration.

As we begin the new century, we see an ever increasing number of people leaving their homelands for reasons of war, persecution and the need to survive. Many of these people set their sights on Europe in the hope of finding protection and peace but find themselves detained like criminals. Some of those who are granted asylum find life in the "free world" as difficult as the life they left behind, being singled out for abuse and criticism by the good citizens of the countries where they have found homes – despite the fact that many of these citizens are themselves migrants, or children and grandchildren of migrants. The sad fact is that some people will always fight to defend a territory which is not theirs to claim and in so doing will spill blood and shatter lives. To what end?

∞≈∞

Thanks to the translators for their contributions – Mr Mohamed Shee in Kenya for the Kiswahili and a Buddhist monk in Dharamsala for the Tibetan. Without the hard work freely given by our translators, this work would never have grown beyond a single poem. Now it remains a single poem, but available to millions. Thanks also to Gilah, Nirvi, Dahnya and Ghazala for their assistance in untying the tangles and tying the knots.

A message to parents and teachers

We would very much like to involve young people in the *Kerwin the Poem* project. We see it as an interesting tool for the discussion of racism and discrimination, through poetry, and language. We would like to invite young people to write poetry or stories about their own experiences of everyday racism. Perhaps some can express themselves better in drawings or paintings or through theatre or music.

We are building a website – www.kerwin.nl – on which we will publish the contents of this paper – and keep it up to date as new languages come in. We would also like to add poetry and stories, experiences, drawings and paintings sent in to us. Some of these could also be included in a future book. These, as well as theatre and music pieces could be included as part of future Kerwin commemorations.

We also hope that the information on languages will stimulate people of all ages to delight in the myriad differences in ways of verbal expression from one region to another and the ways in which circumstances transport languages from one area to another; also recognizing how languages may be transplanted, flourish, then die out, much like plants and people – in our diversity we are one. *Mitakuye oyasin – all my relations*

PREFACE TO THE NINTH EDITION

If one purpose of poetry is to make people pause for thought, one purpose of this poem is a multi-faceted call to thought. "Even in Amsterdam" , racism exists and racial murder takes place. "Even in Amsterdam" there are people from more than 175 different countries - each with their own language, their own beliefs, their own hopes, their own experiences. "Even in the Netherlands" there are countless ways of speaking the Dutch language and each community is proud of its distinctive accent, vocabulary or idioms.

In these pages we can see the same stories repeating in country after country, follow the footsteps of history around the globe and appreciate how all these distinctions and differences enrich and flavour our lives and in so doing, demonstrate the innate unity of the whole.

This 9th incarnation of the poem in 1999 has 49 languages, and as many typefaces, all saying the same thing...

A big thank-you to Jo van der Cauter for her Flemish translation, and to Mat for his drawings of Mama Baranka, and for our centre-page view of the world. Thanks also to UNITED for Intercultural Action for permission to reproduce extracts from their European Address Book Against Racism. And last but not least to Willoughby for coming to the rescue...

We plan to set up a website in the near future In the meantime we know of two sites where you should be able to find the Poem: www.xs4all.nl/~tank/di and: members.xoom.com/projectr

We welcome (constructive) comments and new translations - you can e-mail us direct:

PREFACE TO THE 1998 SUPPLEMENT

1998 marks 15 years since the senseless murder of the young Brother, Kerwin. Sadly, it is also the first year that the poet, Maurice Di, will not be with us in person at the commemoration. His passing in November 1997 has left a gaping hole in the hearts of many whose lives he touched.

This poem remains as alive as the spirits of Kerwin and Di live in our hearts, and we will continue to cherish them all.

♥♥♥

Our thanks go to Desiderio Mondelo for the Pilipino translation, Janny Alberts-Hofman for the Drents, Marina van der Vegte for the Almelo (Twents), Sushil Bhadra for the poem in Bengali and Dr Sumatheendra Nadig for the Kannada.

Thanks also to Joke & Evert Muilwijk, Patrice Riemens, Nirvi Mes, Aleid Swierenga, Uitgeverij Panta Rhei and all those others who have supported us in our efforts.

Once again we express our true empathy with Kerwin's family, his mother, his brothers, sisters and friends - remembering too the family of Stephen Lawrence in England, who also lost a son on the battlefield of ignorance.

- may this poem continue to break down the acquired borders of the mind in its journey across the imagined borders of the world :-

Preface to the First Edition

It's thanks to people like Cora Samethini that books like this can come into existence. Without her instigational genius and sense of total commitment, these translations would never have even begun.

PREFACE TO THE FOURTH EDITION

Against all odds, even and uneven, this edition was salvaged from the storm with the aid of the following who invested their time above and beyond the call of poetry:

First the translators:
Welsh: Menna Elfyn. Danish: Eric Stinus.
Bernese: Ailine Berndeutsch. Faroese: Hedin M Klein.
Limburg: Rob & Marijke, Ger & Els Storms and Toos Kusters.
Persian: Reza Hedayat. Czech: the friends of Soldier Swejk.

A very special note of thank-you for these whom, without the help of which it is certain this edition would not be: Agnes Tuin, Ava Swierenga, Servire bv, Amina Marix Evans.

Thanks also to:
Mrs Ingrid Sondum; Carsten Koed Hansen of Husets Forlag; Susanne at Bohem Press; Pam Smith of Polygon; Eila Mellin; Dewi Morris Jones of the Welsh Books Council and Andrea Deletant. Not forgetting Randall, Eric, Afif, the ANJV youth, Boris Klaster, Tara Varma, Pieter Postmus, and all of 'The Friends of Poetry Committee';
Rob van Gennep (for help with the last edition and literature in general).

'Edition-al' thanks to Lex Peters and Daphne at 'De Kreeft'; the many poets, translators and those we may have left out. Sincerely, we thank you for your genuine concern to halt fascism in all of its forms above and beyond the call of a poem.

— it happened here also —
. . . Once is 6 million times too many . . .

PREFACE TO THE FIFTH EDITION

1988 marks the fifth year of Kerwin Duinmeijer's tragic murder on the streets of Amsterdam. In commemoration and memoriam we offer this 'poem' stretched across these pages from Finland to Indonesia, from Suriname to the Maldives, from Africa to Wales, in 34 languages and dialects, across cultures, across borders, and across the barriers of language.

Kerwin was not an isolated case and his case shall not be isolated — like many killed and forgotten through indifference. Our solution to indifference is awareness. Awareness is the purpose of this poem.

Our walks of life may be different, but death is common to us all. We therefore have a non-negotiable right to life, the preservation of which is a duty and not a privilege.

I want to thank all of you who have helped in this:
A hearty thanks to Samuel Ram for the Gronings translation, Mrs Shameema Yahyaa who translated the Dhivehi, Ahmed Arif who transcribed it so beautifully and Thomas Imboden who forged the link. We also thank our Finnish translator Anita V. whose word was as good as her bond.

Additional thanks to An Dekker, Jan van Willigen, Paula Litzky, Bührmann-Ubbens, Marva Martin and the F.A.A. organizers of — Memoriam '88 —.
Also Ira Beryl B. for getting the Hebrew version typed — we retained the original hand-written script because of its character and beauty. Moreover, to Leila Hassan and Hazel Waters for their contributions from across the Channel.

Thank you all for caring enough to act.
In particular those who accomplished the 'engineering miracle' of typesetting these pages, Amina Marix Evans and the 'genie' that came out of the 'lamp' at every rub-for-help, Ava Swierenga. We would also like to thank Lis Kuhlmann and all at Servire whose co-operation made this effort another poetic reality.

Our heartfelt sympathies go to the family and friends of
Kerwin Duinmeijer, his mother Irene and his brother Purly.

We shall remember to: never-forget-the-beauty.
— In this is our poem, — for this is the poetry in all of us.

PREFACE TO THE SIXTH EDITION

A book of this kind would never be possible without the help and support of many people.

Our thanks fo first, as always, to the translators: Dr Mamadou Jeddah for the Mandinka, K. Rala for the Malayam, Ungre Jackobsen for the Norwegian, the spirit of Annie Walker for the Cumbrian, Margherita Bianchi for the Sicilian, Osei-Boahene for the Twi, Zoltán Méhesi for the Hungarian, Berit Pedersen for the Swedish, Ghazala Abdullah for getting the Russian translation left to us by Julia Romanov at the Leningrad Chess Club. The ANJV Youth and Willoby!!! De Boekerij, Bührmann-Ubbens Papier, Zutphen and all at De Raddraaier. Also Ray Hyde for his PerfectWording.

In retrospect, we can always say how fortunate we are to have been able to survive and know happiness. To watch the sun rise. See our friends smile. Life is such a precious gift. Plentiful and beautiful. Yet the waste of which we accept daily. We watch flowers bloom, to watch flowers die. We destroy our planet as if we had another one somewhere. We allow it to happen and go on with our lives as if nothing was wrong. Injustice, poverty, war, hunger, disease, we permit. We are taught to permit these things. They are "normal" and must happen. It becomes ingrained in us that people of another race are different. Therefore they should be treated different. This logic works its way on down to genocide by way of culture. This process can be reversed. Injustice can be remedied. Poverty can be addressed, wars stopped, hunger avoided, disease prevented. But only with the breakdown of those restrictions imposed by race, class, sex, nationality and language. This poem seeks to address the latter in order to breach these barriers. Thank you all who have been a part of this effort.

To the family and friends of Kerwin Duinmeijer we offer this poem as a flower that will continue to grow.

This book is Kerwin's book. I only translated what I felt I heard him ask me to write. I wrote it as a poet who listened to his muse. Kerwin was the real author. His blood came to life thru an ink-pen of which I happened to be the holder.

This is Kerwin's poem. In this spirit it is offered and as such should be received. The Blood of Kerwin is not for sale at any price. And it would be incorrect to put a price-tag on what we are presenting here. This work is, as all people should be, FREE of charge. And it is given on condition that it will never be 'for sale'.

With this in mind, we, the poets who have contributed to this effort, are joining our poetic talents to the production of a much larger work which will, we hope, finance the reprinting of this particular work so that we may continue to give free of charge, in as many languages as possible, this book, KERWIN… the poem.

I again wish to thank all of you from the bottom of my heart for helping to make this possible.

poetically yours,
Maurice Di
