MINERS IN ORGY OF VIOLENCE!

THOUSANDS OF LIGHTLY CLAD YOUNG MINERS WENT ON AN ORGY OF VIOLENCE YESTERDAY AND BROUGHT RED FACES TO MANY STANDERS BY.
sex and drugs horror!

Big balled socialist strikers ran around frequently molesting police. Buxom miner's wives, breasts bouncing, ran naked along the picket lines hurling abuse and tampons at poor defenceless innocent workers. Gangs of drug crazed homosexual communist student types started the perverted aggro by viciously kissing the nearby riot police, fondling and molesting their riot shields in scenes as never seen before.
naughty bits!

Police spokesperson A.Pig said "We were busy using our batons in special training, when all of a sudden we were molested by a large group of gang-banging miners who thrust themselves deeply into my group of poor policemen." 20 police are said to still be in a bad way suffering from shock in St. Davids Hospital. Miner's leader Arthur Scargill commented "oh goody, if this keeps up I'll be leader of the next labore government."

Scargill - trying to get famous off the backs of the miners. In the past the Miners have told him to get lost, which makes this Strike Special.

The strike is said to be having great success say the miners. Shop steward and entrepenier Ray Hope said "we will not stop our intimidation until all our demands are met".

a big boob?

Many mines are now said to be stripped of their coal, with only small mounds left. NCB chairman Mr. McGregor said today "it's a fart that very few of the miners who want to work are being let through unmolested. I think the police must enjoy it as they wont do anything to stop this preveckative situation." The local brothel was said to be losing bussiness badly because of the situation.
This and more rude bits on pge 19.

editorial

WITH THE INVENTION OF THE GUTTER PRESS AND CHECK BOOK JOURNALISM, THERE IS AN INCREASING DEMAND FOR NEW LOCALISED COMMUNITY PAPERS.

With this sort of demand in mind I have stuck this rag together. I don't claim it will move mountings, but it will help to put right a lot of the rubbish that is floating around in the local media. I'm not claiming it will be an un-biased paper because it won't, what I'm saying is this will be an honest paper, which are hard to find.

As well as commenting on news I will be doing the odd spoof article like the front page and on this page, which should add a bit of colour and merrh.

If you wish to contact this lot to tell us what you feel etc the address is:

Box 200, 108 Salisbury Road, Cathays, Cardiff.

We hope to include a letter page in the next issue if there is enough response. Letters we don't print will still be answered if you enclose an self addressed envelope.

All the views held in this Magazine are the editors and no one elses.

police riot!

IN AN ORGY OF CHAOS AND DESTRUCTION, THE POLICE HAVE STARTED RIOTING IN COMPLAINT AT THE WAY THEY ARE TREATED BY THE PROLETARIAT, writes Ivor complex.

In the latest rioting and looting at Brixton in London, 20 people have been injured in the worst scenes seen yet. The picture below shows the amazing sight of a policewoman throwing a smokebomb at the unsuspecting shoppers while her workmates make sure that no one can stop her.

One shocked onlooker commented "This now means that what little trust we have in the police has disappeared. This country can now only fall into a state of anarchy!"

The Police have apparently linked the rioting with new claims for a pay rise of 500%, which it now looks like they will get. One local policeman said "We are fed up with the way the workers treat us, in fact it's criminal. We thought it would be a good idea to give them a taste of their own medicine." MP Bobby Sands said "I think it was stupid for the police to openly attack the proletariat, as it could now stop them from attacking prisoners, and tapping miner's telephones." Now peace protesters have appeared on the scene, but their first action of sitting in the middle of the road didn't prove very effective in stopping the police. 8 of the protesters are still recovering in hospital.

THE WORKING CLASS STRIKES BACK!

The continuing battle between the haves and have nots is not one that you will find highlighted in the usual political papers who are only in the business of using peoples struggles as fodder for their party building. Outside this the working class operate for their own ends, in their own time, and on their own terms.

FREE BUS CUTS

Locally at the moment we have the fight against the cuts in the free bus network which has galvanised a sustained and vehement protest of kids and parents. The people of Swansea have a long experience of what Labour rule really does mean. An elected council have consistently trampled on the communities that they are meant to serve in the name of the councillors vision of how Swansea should look (a look that serves their interests more than it does the people of Swansea). It is faddish to slip into 'blaming Maggie' for what goes on, undoubtedly the Tories are the biggest pile of crap going, but this is only so as long as they hold the power. A sober reflection of the record of successive labour administrations soon blows the gaff on looking to them for help. Currently we are being served up with the notion that it is only due to the Tory rate capping bill that we are having to suffer the cuts in free busses. One enormous hole can be blown in this argument by looking at the county hall, the leisure centre and the Quadrant (all well in view to protesters against the free bus cuts) which were built at enormous and useless expense for the benefit of the bureaucrats and corrupt politicians in W. Glamorgan. As the fight against the cuts continue, this history of self interest among the local hypocrites in county hall must be borne in mind.

WORKING CLASS PARTY

On the fringe and aiming to go beyond it, a generation of working class people have learnt first hand what this situation has to offer under it's travel brochure image of false options. No money, no community and no fun equals no

future-this miserable vision is something that assorted single issues such as CND and the recrui-

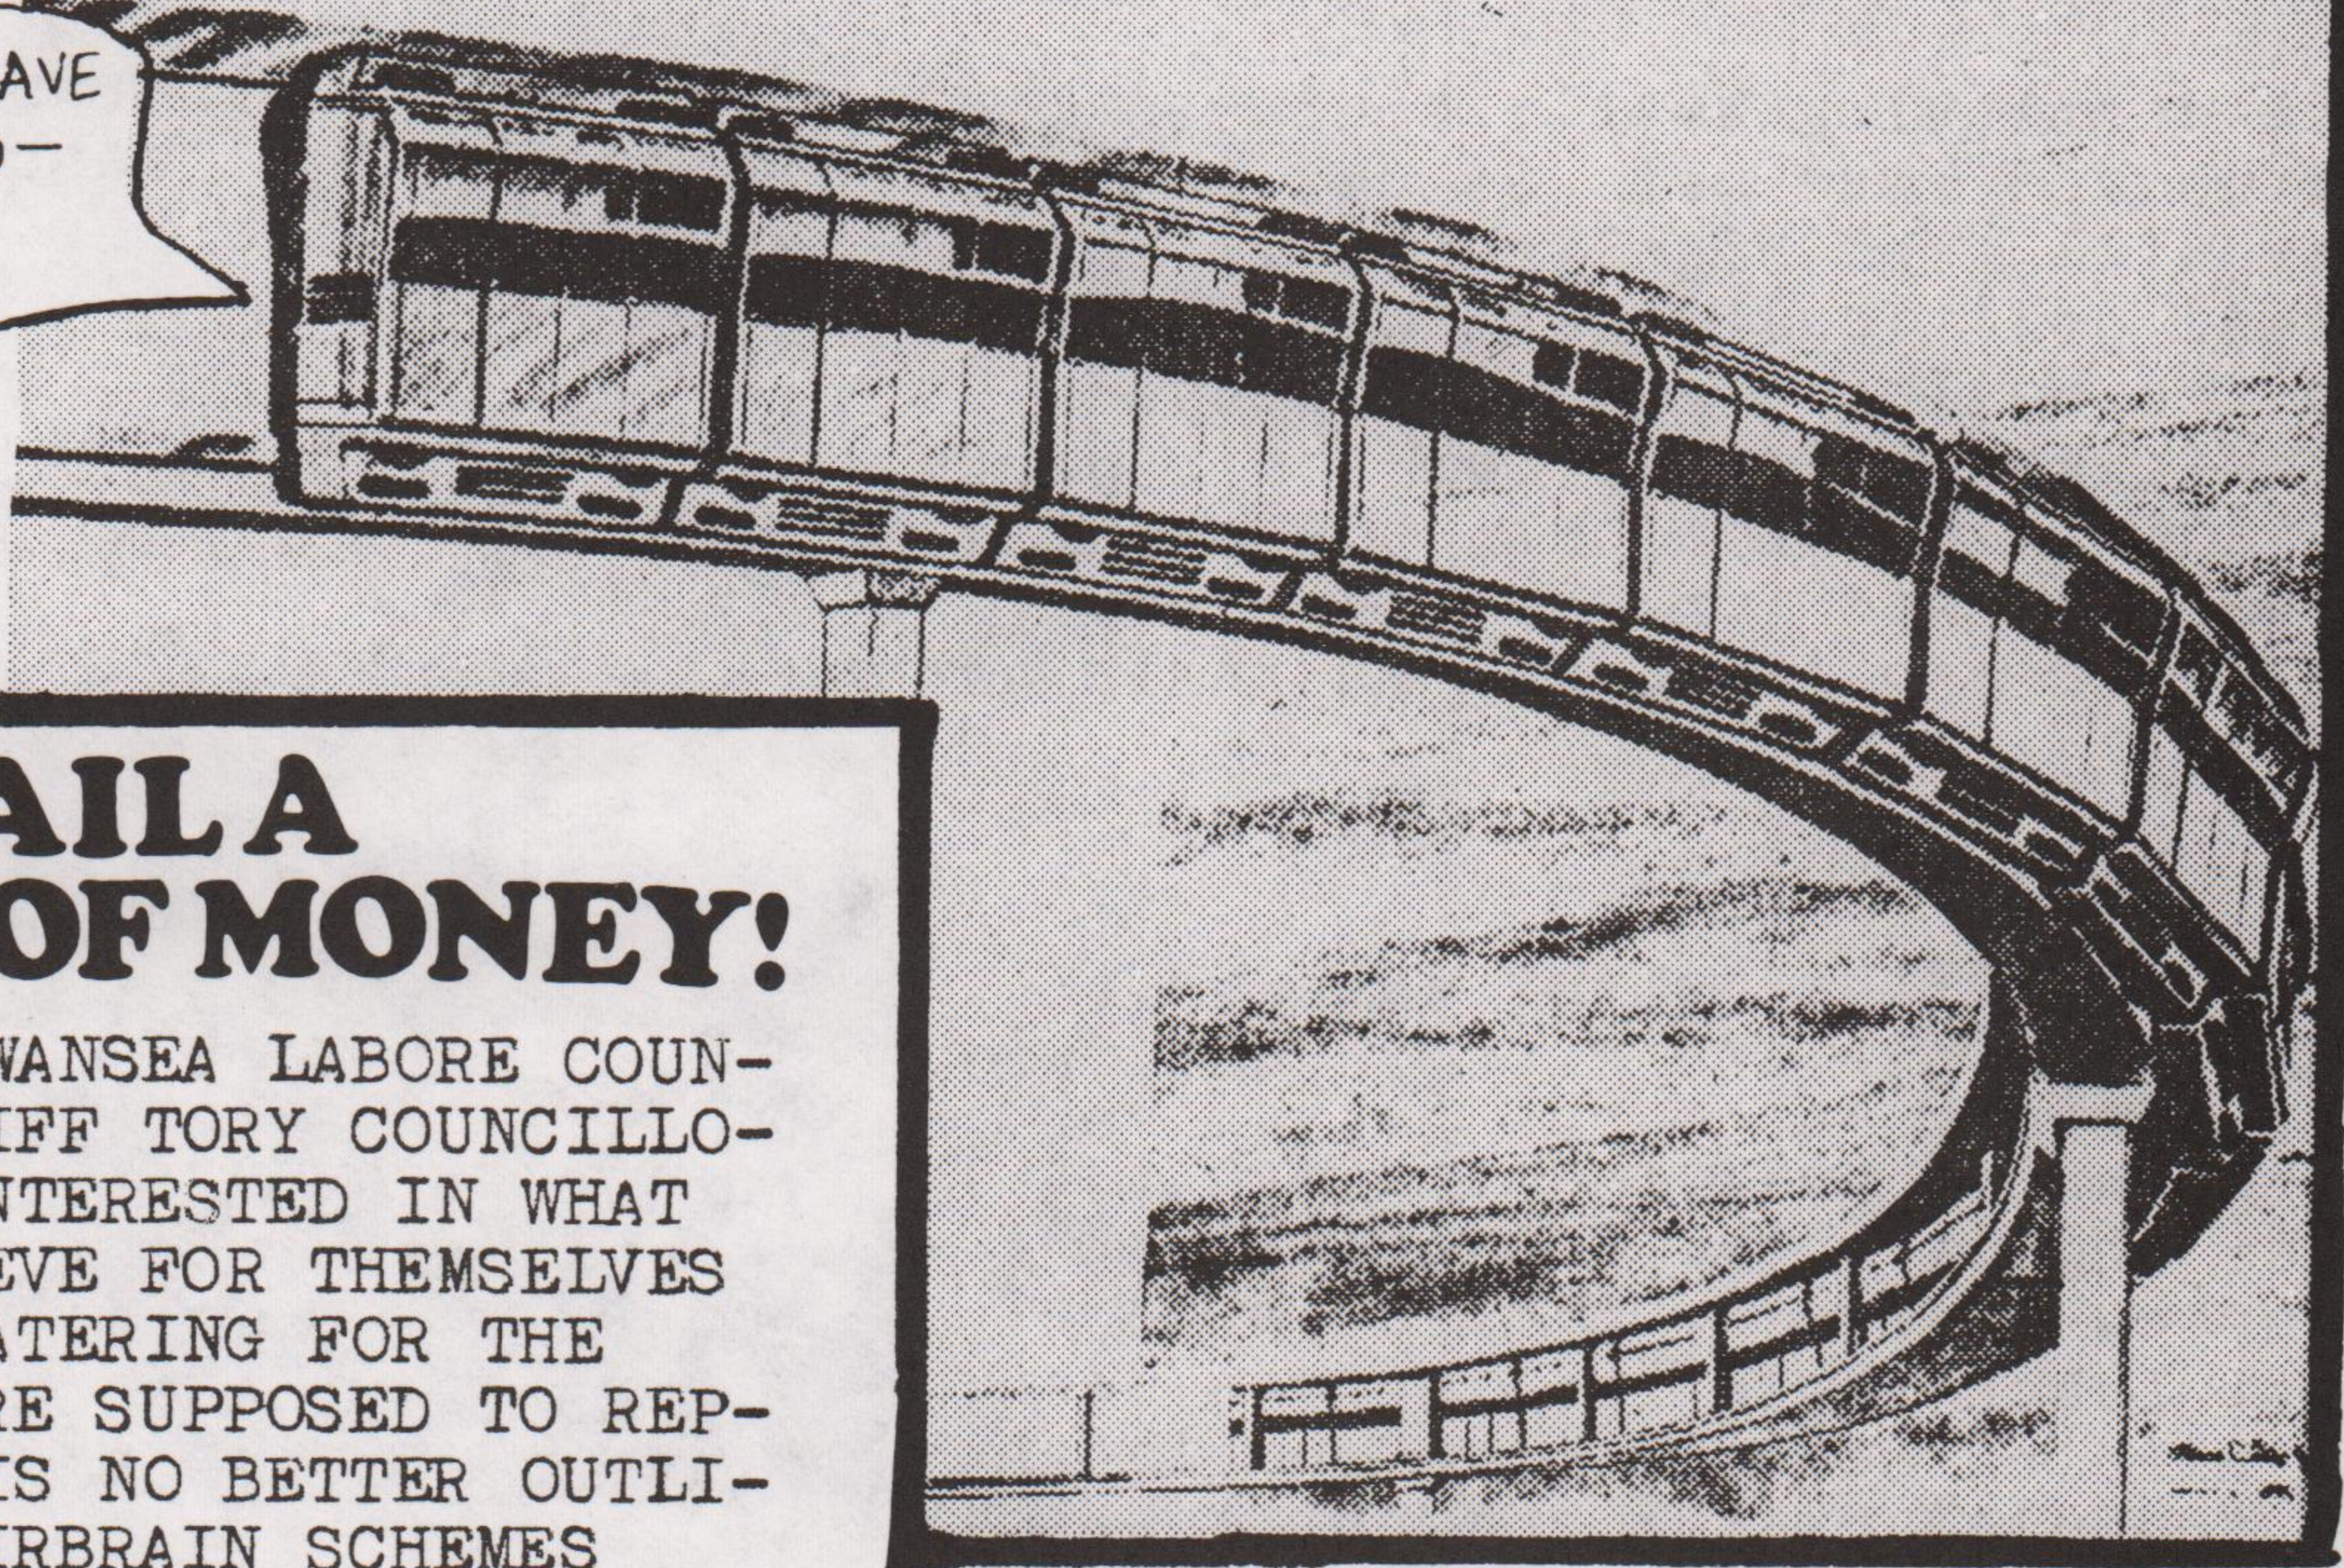

ting left have tried to exploit. Fortunately this generation have other ideas. Aware of the liars and pimps that make up the political punch and judy show they have begun to think on their own terms, in the same way as the spontaneous revolt against social welfare cuts have done. This drive to create your own entertainment was highlighted by the occupation of part of Mount Pleasant Tech by revellers for a brief and excessive party lasting late into the night in mid April. The following morning the local constabulary arrived to arrest seven hungover joyseekers. Didn't hear about it? Suprise, suprise-after all the Evening Post wouldn't like to report such goings on in case others may do the same. All for now,
Leonardo Crusher.

MUST THESE INNOCENT
REVELLERS LANGUISH IN
POLICE CELLS?

THEY SHOULD HAVE
BOUGHT FLYMO—
IT'S MUCH
CHEAPER!!

FLYDA RAIL A WASTE OF MONEY!

AS WITH THE SWANSEA LABORE COUNCIL, THE CARDIFF TORY COUNCILLO-
RS ARE MORE INTERESTED IN WHAT
THEY CAN ACHIEVE FOR THEMSELVES
RATHER THAN CATERING FOR THE
PEOPLE THEY ARE SUPPOSED TO REP-
RESENT. THIS IS NO BETTER OUTLI-
NED IN THE HAIRBRAIN SCHEMES
THAT THEY MANAGE TO COME UP WITH
EVERY SO OFTEN.

MONO RAIL

The recent announcement of the
'Flyda' mono-rail seems to serve
the interests of the council more
than the interests of the ordina-
ry people of Cardiff. An estimat-
ed 10 million quid of taxpayers
money will be spent on this proj-
ect, but as with most developmen-
ts the initial price usually cos-
ts an extra 100%. All you have to
take into account is the fact
that the council have told us th-
they have no money to spend on
housing, no money to spend on
schools, no money to spend towar-
ds the health service-this makes
it pretty obvious that the Tory
council knows who's interests
they want to serve, and intend
to stick by it. Most people are
already finding out this fact to

NICHOLAS EDWARDS.

their personal cost by looking at
the ST. Davids Hall-a truly expen-
sive development used mainly by
wealthy types.

RICH MP

MP and shite Nicholas Edwards
again had his oar in on this sch-
eme by trying to get a link-up
system working in Cardiff. Since
this bastard doesn't live in a
working class area of Cardiff he
wont be able to see the running
down of council estates and the
urban areas because of council
spending on such schemes as the
flyda rail system.

PENARTH BATHS

Another showing of council hypo-
crisy is being shown at the
moment by the Vale council which
is sanctioning the closing of
Penarth swimming baths against a
large public outcry. Like with
the Swansea bus cuts, an action
group has formed to get the 'dem-
ocratically elected' council to
carry out what the public wants.
The baths are used extensively
by school parties and the elder-
ly, and although a leisure cent-
er is being built at the opposi-
te end of town, it is doubtful
many using the current baths
would be able to use the new
centre.

More as it comes,
JOHN PAUL LEGEND.

DEPRESSED? SEXUALLY HUNG-UP? LET KARL MARX SOLVE YOUR PROBLEM!

dear Marx

DEAR MARX,

I am a young bored housewife of 19. My husband treats me like dirt. Recently I have begun to take valium and drink heavily. What can I do, I don't know where to turn. Money is short and we are constantly in debt. I am at my wits end. Help!

MARX REPLIES:

In this epoch, finance capital is restricting it's investment interests in an effort to cleanse it's temples of industry. The proletariat, historically oppressed, are burdened and confused by this latest gyration of the oppressors. They are now torpid and fragmented, like you luvvy. In your personal situation there is room for consciousness to seize the initiative, tactically I advise getting really tanked up on the VP with a few others and go smash up Tesco's. As for your husband, he must be deported to the gulag of your affections with a hefty kick in the balls. Revolutionary violence of this kind can only help to snap him out of his vacillating from obedience to resentment.

UP THE WORKERS, KARL!

DEAR MARX,

I feel inadequate and embarrassed in public. The reason is a simple one, I suffer from bad breath. When I talk to people they wince and try to turn their face away from me. What can I do?

MARX REPLIES:

Social imperialism is the specific form of oppression that the ruling hierarchy imposes on the proletariat. At this late date the international warmongers are refurbishing their terrorism of the world with new armaments and a new alienation of the masses. Try glycerine mouthwash chum.

LOTS A LOVE, KARLY!

DEAR KARL,

My son, Wayne, has been a happy, cheerful boy. But lately I notice a change in him. Most days he hardly says a word and lies around the house with his eyes rolling in his head. He has set fire to the cat and keeps moaning about no future. Just yesterday I discovered that the G-plan wardrobe in his room was packed with evo-stick glue pots. I can only reach one conclusion. I know other parents are in a similar position. Please advise me!

MARX REPLIES:

Capitalism can only maintain it's stranglehold on the proletariat by creating and marketing new forms of pleasure. This acts as a sop to radical change and confuses the struggle for revolution. The youth question is the most pressing for modern capital as it is this class that is least easily satisfied due to it's energy and social experimentalism. Wayne sounds like a good kiddy, but he's got the wrong end of the stick for the time being. My advice is to get him selling papers and hanging around on street corners - he may get a job modelling misery for the revolutionary left.

By the way, thanks for the smack. KM

DEAR KARL,

I can't keep it a secret any longer-I am a wanker. Over the years I have tried to come to terms with this problem but no matter where I go I am seized by the overwhelming desire to whip it out and have a good thrash. As a member of CND and the Labour Party I have tried to talk about this problem with others but they can give me no guidance although some have offered me a hand. Help me, I feel another bout on the way.

MARX REPLIES:

Industrial struggles are the point of conflict with the capitalist oppressor. Workers can only achieve their aims by trying to develop insurrectionary perspectives of opposition. Under modern capitalism this has been achieved by the fundamental notion of downing tools. This I see also as your immediate goal.

KARL.

LABORE LEADER GOES BONKERS!

350 delegates to the Wales TUC conference at Llandudno sat in stunned silence as eloquent leader of the Labour Party, Neil Kinnock, went completely off his rocker. During a typically virulent assault on Thatcherism Mr Kinnock broke of into a spirited expose of his ambitions in professional darts.

Murmurs grew in the hall as a gleeful Kinnock recounted a brilliant 154 out-shot he performed the previous evening in the 'Fool & Bladder' after a skinful of Al bright. This peculiar anecdote, hailed by many loyal followers as inspired oratory, came in the middle of yet another garbled explanation of his current position on the miners dispute. George Wright commented later 'Neil was his usual charming self, evocative and totally incomprehensible'. He went on to say that any doubts about Kinnocks sanity were poppycock and should be taken with a pinch of salt.
