IMPORTANT NOTE: The attention of book buyers is drawn to the fact that prices (and availability) of titles listed here cannot be guaranteed. We try to produce an accurate list at the time of publication, but there are many variables involved and it is not easy. Just as new titles are continually appearing, some of those listed here may go out of print or become otherwise unobtainable. Prices are liable to fluctuation (especially on titles imported from North America). This normally means an increase in price, but can, occasionally - as with the appearance of a UK and/or paperback edition - mean a decrease.
