Dear Friends,

We have great pleasure in writing to thank you personally for all your help and commitment to the campaign for our exoneration, release and eventual vindication.

We are indebted to all the campaign groups and we want you to know that without the sustained pressure and hard work carried out by the campaign groups our case would never have gained the worldwide publicity that was needed. Your efforts succeeded in putting pressure on the legal and political establishment to take action.

Since our release we have been enjoying the simple pleasure of being back in the bosom of our families - something we often thought was almost not possible.

However it is our intention throughout the coming year to meet with you all and to say a big thank you in person.

In the meantime we hope that many of you will be able to attend an evening out in London which we are hosting on July the 5th.

When we have more details about the evening we will be in touch.

We very much look forward to seeing you then if not before.

Yours Sincerely,

*Hugh Gallagher  
Paddy Joe Hill  
Gerry Hunter  
Bobby Power.*
