Monthly Report for the Women's Group

1. Attendance

- Attendance for the month of July dropped from an average of 20 per week to 13. The major factor was a set up of a competitive group at an alternative place and at the same time on Fridays. There was also a disruption to some activities planned as the persons involved had left.

2. Activities

- We have continued with sewing skills. English classes are now offered on Fridays from 10 am to 11am. Initial enrolment was 8 but only 2 have attended classes. We have had a donation of a TV and a DVD player. This has enabled us to have movies on Fridays with group. This is also accessible to other groups on condition it is returned to the women's group in good condition.

3. Office Space

- The office has now been painted and shelving put up. This is now a fully operating women's office and clothes shop. We are now able to accept decent second hand clothes and other items for donations. The office will be manned on Tuesdays, Thursdays and Fridays.

4. Family Fun Day

- The fun day is set for this weekend on 18th August. Lunch will be offered from 12 noon. Programme is attached and we hope you will be able to join us!
