CLASS WAR

BY ALL MEANS NECESSARY

No. 35

THAT'S DEALT WITH THAT JOKER!

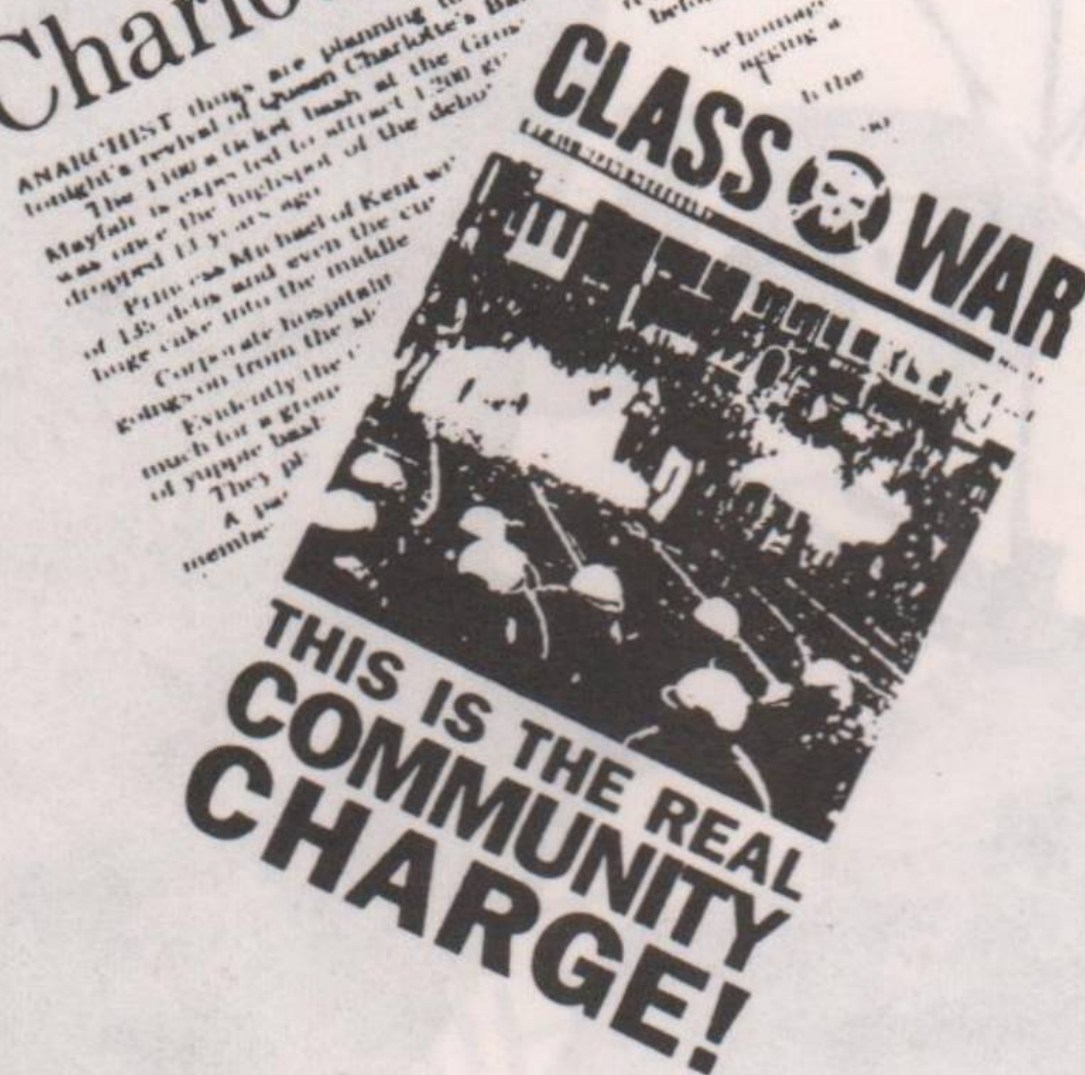

YUPPIE BASHERS

WE KNOW THIS WILL COME AS A SURPRISE TO ALL OF OUR LOYAL READERS. But it seems that the Daily Express Isn't exactly over the moon about Class War Ideas for what to do on those long, hot summer nights.

In fact, the other day, when they reported that we suggested a "spot of yuppie bashing" (Issue 34) down the Queen Charlotte's Ball, (a late July toffee nosed night out) they seemed to take a very dim view!

Such slanderous things as "Anarchist thugs" and "Class War extremists" were banded about in the article, most upsetting!

Yuppie bashers threaten to ambush debbs at Charlotte's Ball

So what we suggest is that the next time that any class concious youths bump into Ross Benson (the journalist who wrote it) some time is taken to discuss with him some of the points he raised in the article!

IT SEEMS THAT WEST COUNTRY TORIES ARE GOING TO BE DENIED THE CHANCE TO CELEBRATE 10 YEARS OF THATCHER.

A Grand Summer Ball was planned for 28/7/89, to celebrate the event. A Bristol Ball Room was hired, as were bands, lavish food was ordered, and grovelling advertisements appeared in local papers, to quote one;

"It promises to be a truly glamorous occasion, reminiscent of a bygone era"

"A truly memorable occasion" Well it would have been! Local youths were planing to pop along themselves, just to make the Tories feel welcome of course!

But when the time came, "sorry, its been cancelled". It seems they didn't sell enough tickets to fill a phone box, let alone a Ball Room!

BEATING THE SUMMERTIME BLUES

THE POLICE AND THE AUTHORITIES SEEM TO BE DOING EVERYTHING THEY CAN TO STOP ANYONE HAVING A GOOD TIME THIS SUMMER.

In June we saw hundreds of Old Bill sealing off the whole of Whiltshire, stopping anyone travelling in groups of three or more, and generally pissing off everybody just to stop a bunch of hippies prancing around Stonehenge.

Now in July, the cops favorite Saturday night out seems to be legging around the countryside after thousands of youths who want to do nothing more sinister than go to an "acid house" party.

The first weekend, of what is becoming a summer ritual, saw every M4 service station between Membury and London closed down, by loads of panicky law, plus numerous approach roads to the party site.

More recently an entire town near Hereford was sealed off, like something out of a Quatermass film, on a Saturday night in a attempt to stop another party!

As we've said many times before, the authorites consider any large grouping of working class people as a threat, whether they be picketing miners, football fans or "acid" party goers.

They would much rather see us all staying at home watching videos, where we can't cause any bother.

If we want to continue to enjoy ourselves together then we have to fight

GATE CRASHERS LEAVING THE LAST CLASS WAR WAREHOUSE PARTY!!!

for it from now on. One group of frustrated party goers decided to do just that when they kidnapped a cop dog handler at a petrol station. They bundled him into their van, gave him a kicking and dumped him by the road side.....NICE ONE!

But such isolated incidents will not be enough. We have to start to get

ourselves organised-sussing out potential sights and occupying them well in advance, for instance. This means going over the heads of the rich bastards who have so far organised all the partys to make a quick killing, and organise our own-at least we won't get ripped off so much!

POLL TAX TIPS No3

HERE IS THE THIRD IN YOUR EXCITING CUT OUT AND KEEP, COLLECTABLE GUIDE TO HELPING YOU AVOID THE POLL TAX.

Things have been hotting up in the last month. In Scotland one million of those registered to pay, won't pay, not to mention those who didn't register anyway.

Reports are coming in of attacks on baliffs throughout Scotland, as the mass non-payment campaign swings into action up here. This issue we look at how to intimidate your local council into fear of collecting the tax.

1. Everyone is allowed to demand a visit from a poll tax snooper. Get them around over and over again and NEVER be "in" when they call. This will demoralise them, as call, after call, Isn't "in".

2. Better still tell your neighbours there coming around and hold a reception "party" for them. Flour and eggs make good weapons, add a bit of water, pour it over their heads, from the

comfort of your upstairs window, and you shouldn't be seeing them again for a while!

3. All get together in your street and go down the town hall with your forms, and demand to see the Cheif Poll Tax officer. All together shout your questions at them, as stroppy as you can, over and over again, he or she will soon enough burst into tears.

4. Hold an anti-poll tax street party down your road. The kids will love it, and they'll learn to watch out for snoopers and baliffs, and you can have good laugh at the same time.

If you've got any ideas for poll tax tips or news of anti-poll tax activity in your area, why not drop us a line at: Poll Tax Tips, C/O Class War, PO Box 499, Bristol BS 99. Or ring your news in on the Hotline: 061-226-1293.

NEWS FROM SCOTLAND.**

OPEN SEASON

THE FILTH AT HOLLOWAY POLICE STATION HAVE BEEN BACK IN THE NEWS AGAIN.

This particular lot gained notoriety after some of them got sent down for a vicious unprovoked assault on some local youths. Onsurprisingly it took years for the case to get to court.

A few weeks ago, Jamie Stewart, a local youth died in the cells. He'd been stopped in a car and arrested because he couldn't produce his documents, and because he was black the law assumed the car was nicked. Attempts to explain away his death have been totaly unconvincing.

The media have been very quiet about this incident, in sharp contrast to the hysterical response when any cop gets even slightly injured.

For a while after this happened, a cop was on duty constantly outside the station, presumably to be on the look out for any angry mobs intent on revenge.

Lets hope local youths follow Liverpools example, and declair open season on the filth. (see CW issues 33,34).

HOSPITALISED COPPER 20TH ANNIVERSARY SPECIAL - A BLAST FROM THE PAST

These two fine figures of manhood, are burning "B Specials" Billy and Bobby. They just love life in the force, getting smacked round the chops with sticks, bashed over the bonce with breezeblocks, petrol bombs, wheelbarrows, mops, dustbins, cars driven at high speed towards them, you name it, they've had it done to them!

Their hobbies include air-gunning squirrels, and having their faces rebuilt by pioneering plastic surgery techniques!

We're sure your all agree, they're a right couple of stunners!

TWENTY YEARS AGO BRITISH TROOPS WENT ONTO THE STREETS OF N. IRELAND.

We were told then, as we are told now, that it was a "peace keeping force", to stop the loyalists butchering Catholics. It didn't take long to show its real allegiance. The troops were as much there to make sure nothing changed.

The previous few years had seen a massive reawaking of Catholic anger. Better housing, better jobs, an equal chance, were the demands, under a banner of Civil Rights.

It was the British state which had created the sectarian divide and fed the flames of prejudice, when it agreed to the partition of Ireland in the 20's. It created the "Irish problem" we have inherited it today.

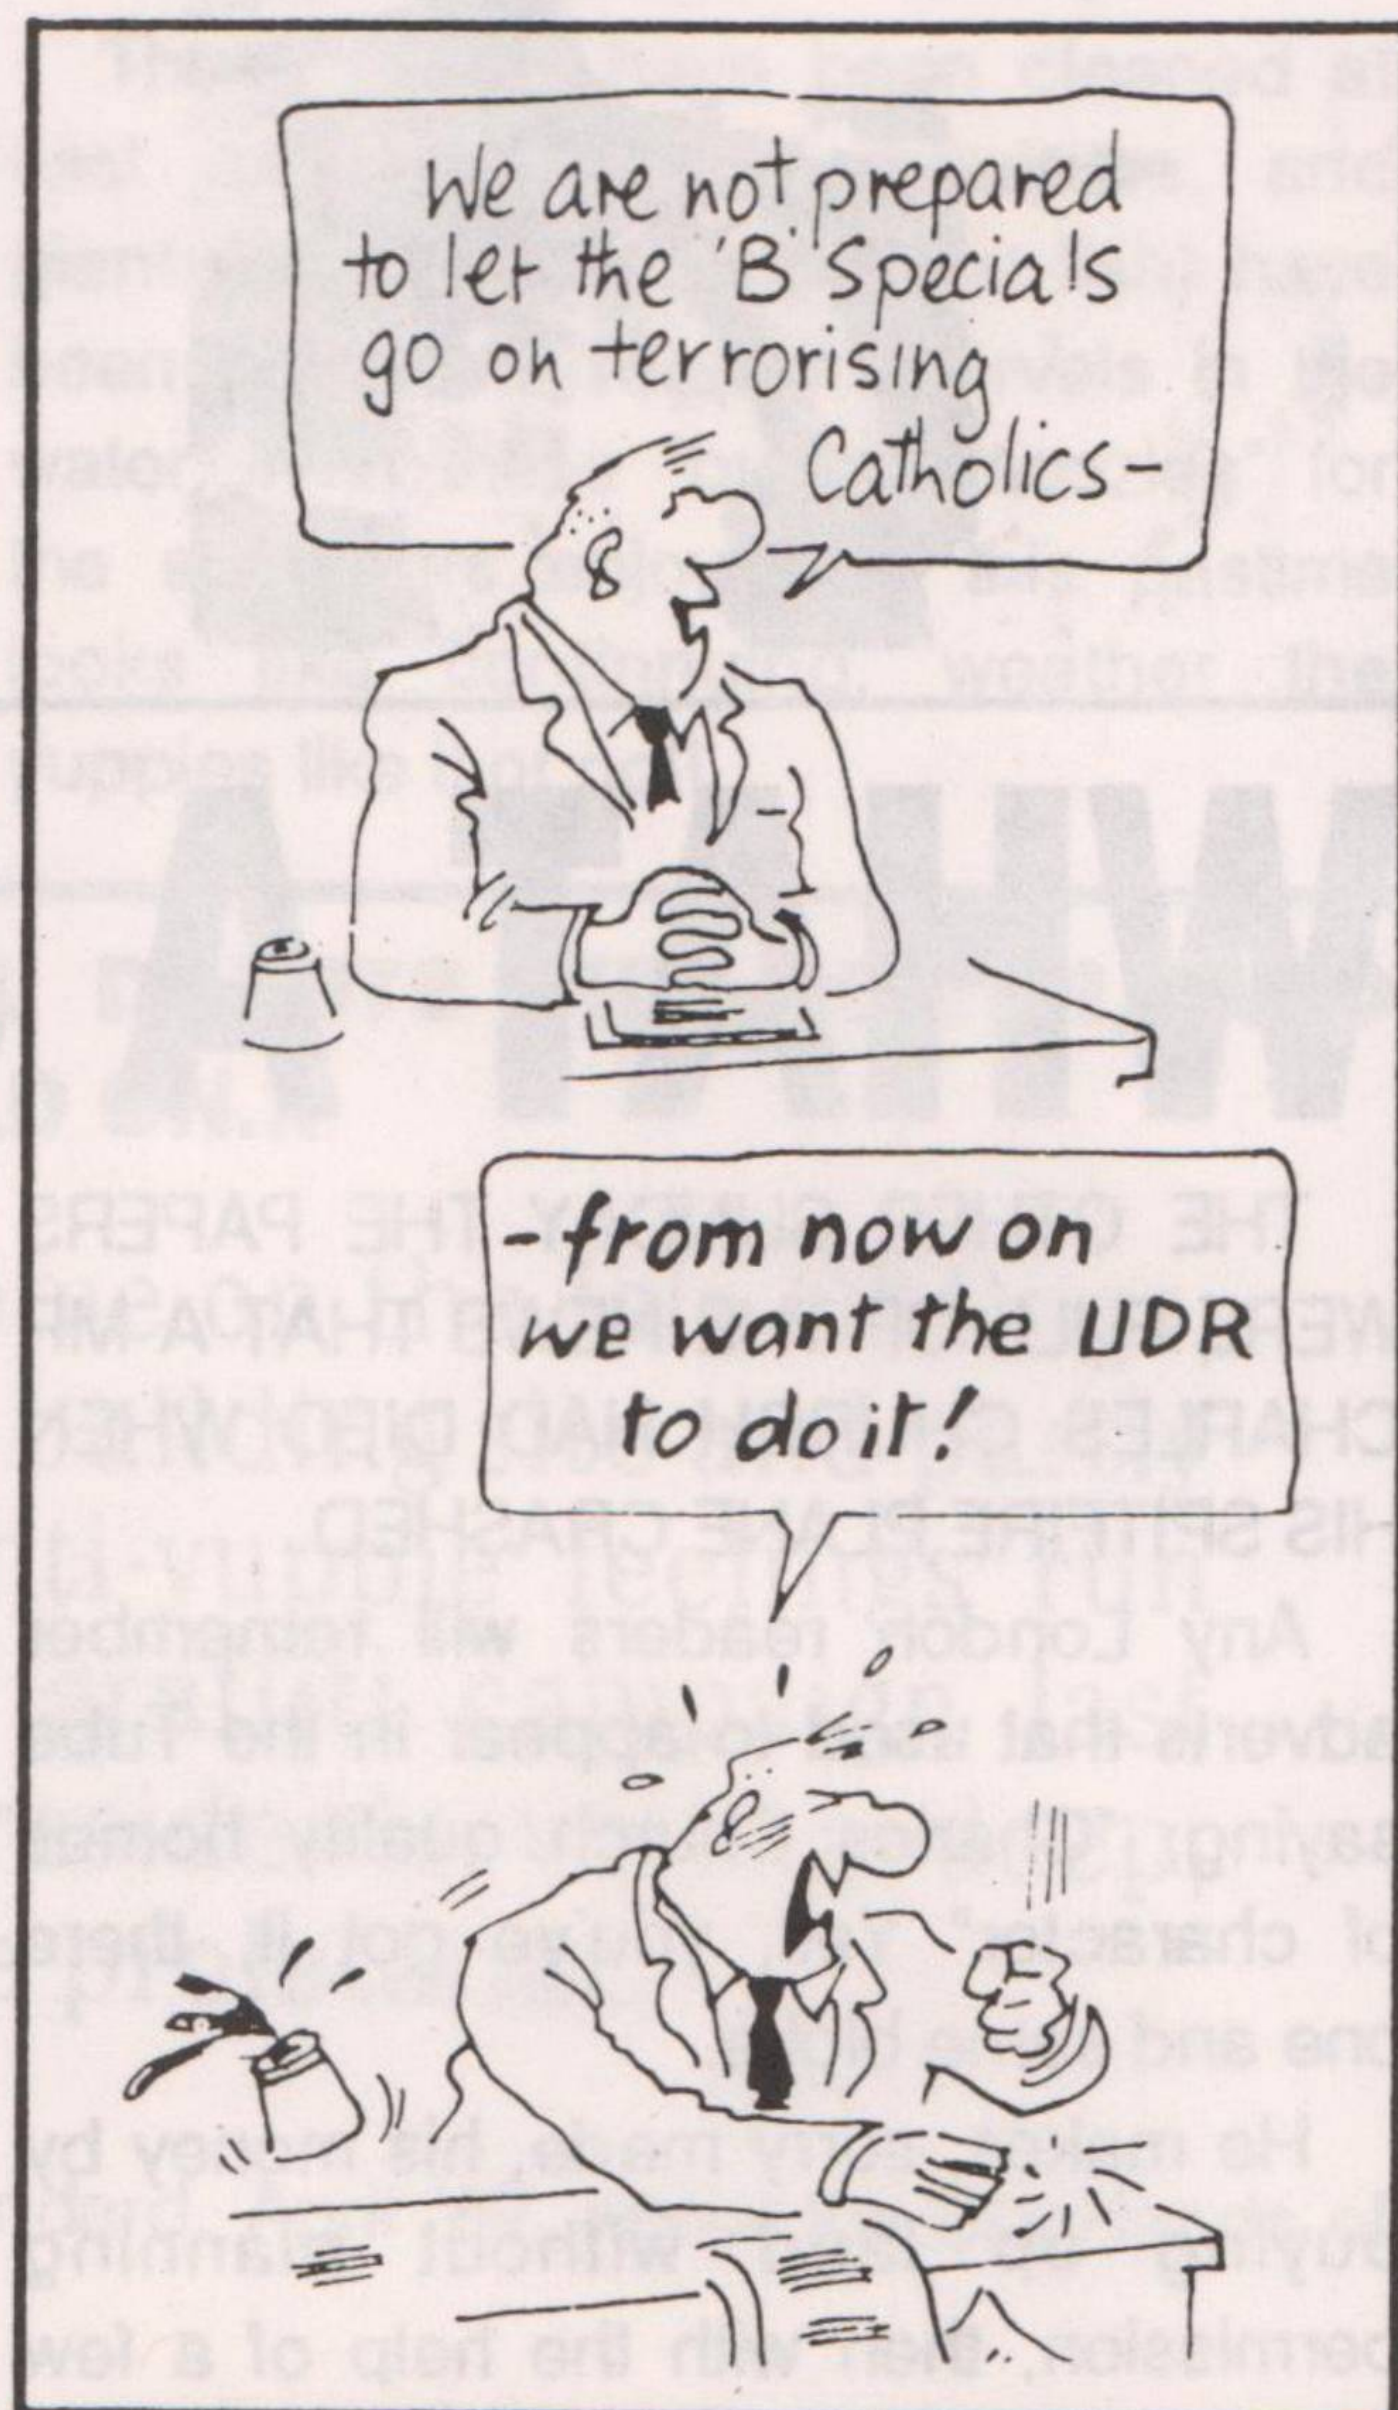

Twenty years ago the Catholic population were supposed to believe that the Cavalry had arrived, they were well aware that the enemy had just changed the colour of its uniform.

There is as much bigotry to be challenged in Ireland as there is in

Britain, but the presence of British troops, in Ireland, is no answer, and in fact makes the problem infinitely worse.

Its like arguing that you'll stop racism in England, by military occupation of black communities!

When the working class does take control in Ireland, and finally stamps out bigotry, you can be sure the only British presence will be in history books.

DO THE RIOT THING

ONE OF THE BIGGEST FILMS OF RECENT WEEKS, WITH ITS PUBLIC ENEMY THEME SONG "FIGHT THE POWER" RIDING HIGH IN THE CHARTS. HAS BEEN "DO THE RIGHT THING".

It tells of a days events in a largely black area of New York. The film claims to compare the pacifist ideas of Martin Luther King, with the more militant, black nationalist Malcolm X. And to ask, if and when community violence is justified.

Spike Lee, the director, has gained attention through his previous films, by using a practically all-black cast each time.

This is all very well, but in "Do The Right Thing" this means that the question of violence is shown only in terms of race; The only whites in the film being shopkeepers, cops and a token yuppie. The violence that erupts in the end of the film, is class violence, its anti-law, anti-boss, anti-authoritarian and anti-racist violence, but is only shown in terms of blacks verses whites.

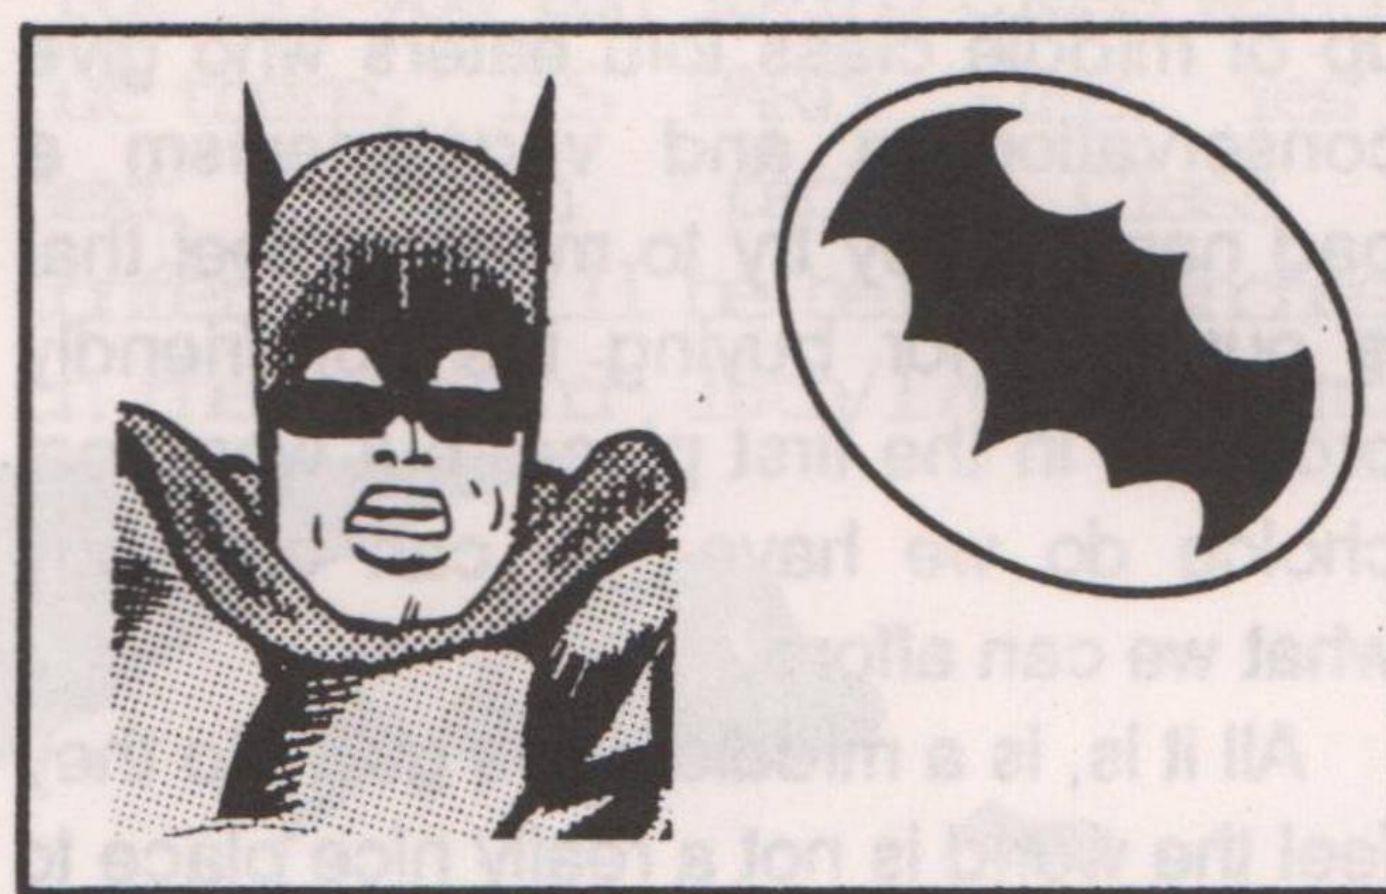

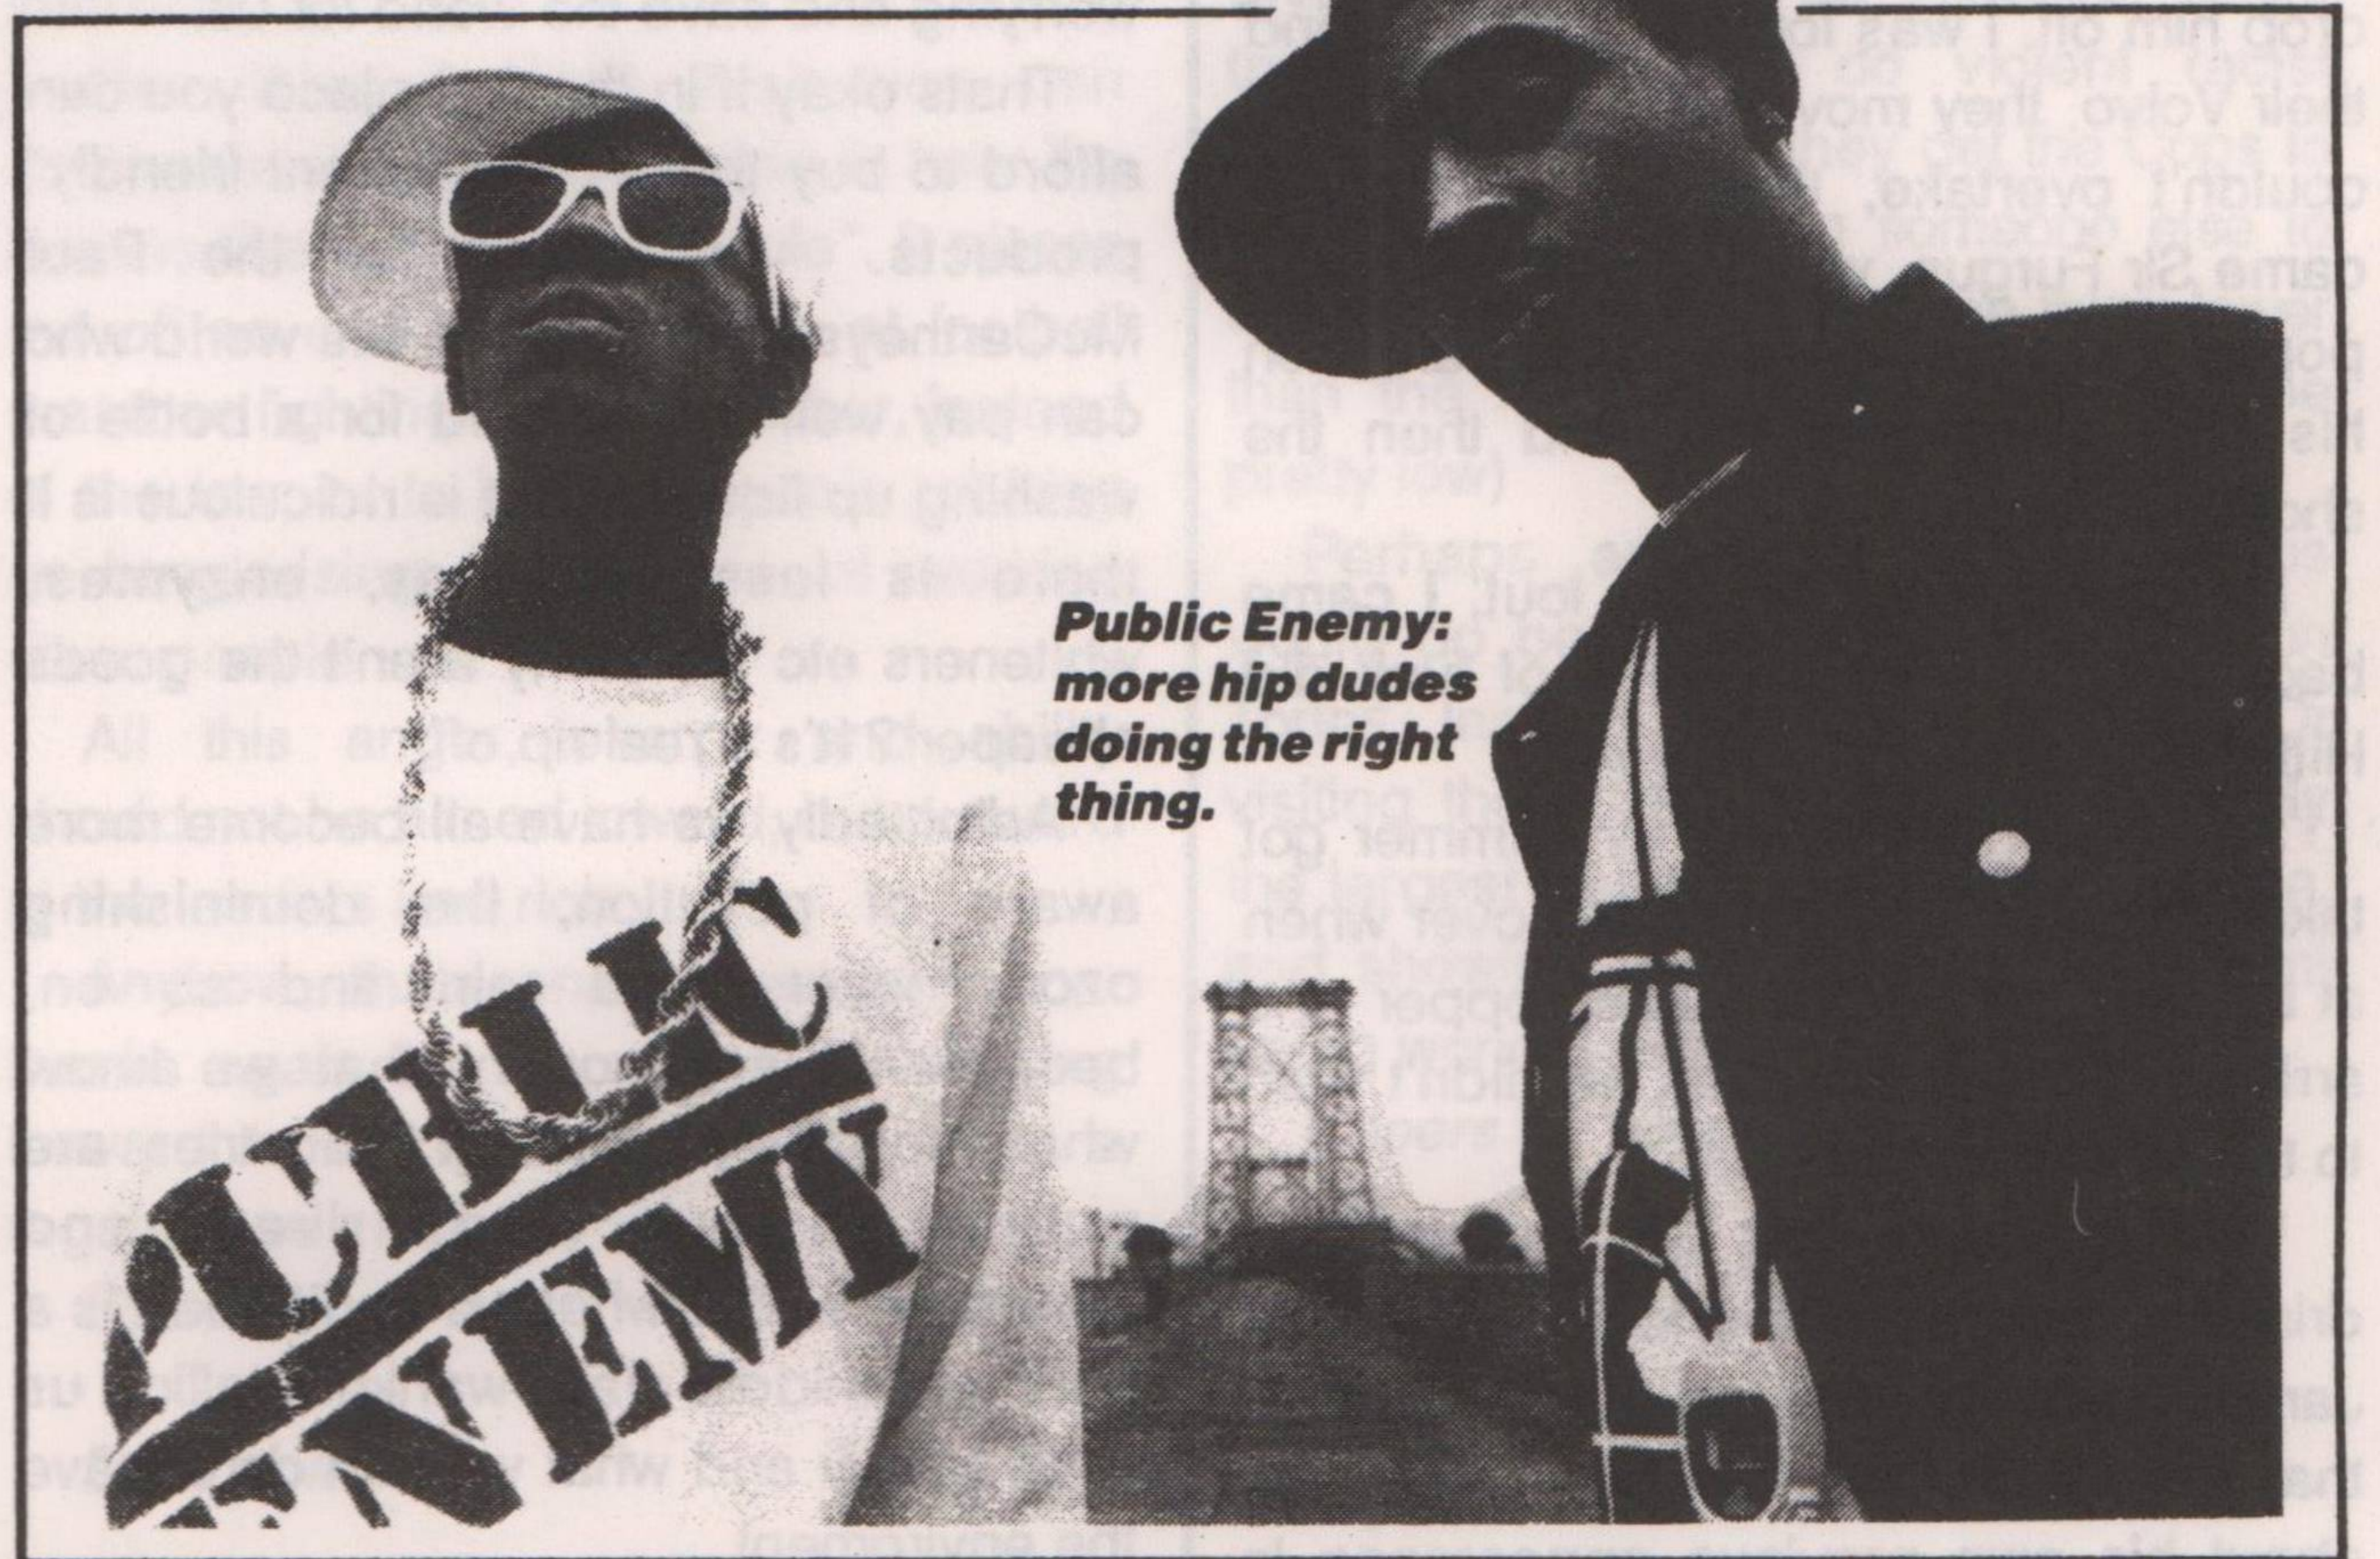

The limitations of a black nationalist

outlook have been further exposed with the booting out of Professor Griff from Public Enemy. Griff, who's a follower of the black nationalist leader Louis Farrakhan, was kicked out for making anti-jewish statements in an interview. All nationalists, of whatever sort, all try to justify their position by blaming another group for their problems. Jews have been a favourite target for such nationalists, there isn't that much difference between the race ideas of Hitler and Farrakhan. Both have the same looney ideas about Jews.

Black nationalism either ignores or disguises the fact that working class blacks have more in common with working class whites than with middle class "leaders" like Martin Luther King or Nelson Mandela and that only a united working class can take on the system that rips us all off, and win.

Or to quote rap artist KRS 1:

"Seperatism is the root of our problems".

THE MOST TALKED ABOUT FILM EVENT OF THE YEAR HAS GOT TO BE THE RELEASE OF THE NEW "BATMAN" FILM. Despite all the hype in the papers its certain that the film will turn out to be a good bit of cinema escapism. Buts let's look a little bit closer...

What the film is about is some scumbag millionaire taking it upon himself to protect us poor defenceless "ordinary citizens" from an evil criminal. What a tosser!

We don't need some rich bastard with his underpants outside his trousers to defend us, we can look after ourselves by sticking together-check out back issues of Class War to find out more.

And who is this vilian? Some maniac who looks like Ronald MacDonald

NANA, NANA, NANA, ...BATMAN!

without the clown suit, trying to destroy the world.

But we know that in real life its these sorts of nutters who are actually in the government, bugging up our lives. Far from calling some self righteous superhero to get rid of them, the cops and authorities spend all their time keeping them in power.

So our message to any millionaires thinking of doing a Bruce Wayne is.. if you want to do something REALLY useful-then FUCK OFF AND DIE!

ARISE SIR FUNGUS

SIR FUNGUS MONTGOMERY IS THE TORY M.P. FOR ALTRINCHAM AND SALE (MANCHESTER). ROGER TRIMMER IS A TRUCK DRIVER. When they met each other through a driving argument we're pleased to report that snotty Sir Fungus got a well deserved earful from the trucker.

"Should of run him over" we hear you cry, well maybe next time, but on seeing this widely reported incident our roving Manchester Class War reporter dug deeper than the rest of the media, interviewed Mr Trimmer and did a little research on Sir Fungus.

Firstly we asked Mr Trimmer what happened. "That bastard Sir Fungus was on his way to a memorial service. His wife, stopped in the middle of the road to drop him off. I was forced to stop behind their Volvo, they moved forward but I still couldn't overtake, then out of the car came Sir Fungus, wearing a massive red poppy. He stood there with his hands on his hips starring at me, and then the shouting began.

He called me a fucking lout, I came back with "how in the name of fuck did Hitler miss a bastard like you!"

So we wondered why Mr Trimmer got taken to court, and got bound over when at the time, Sir Fungus told a copper who arrived at the scene, that he didn't wish to take it any further.

Well it seems that Sir Fungus is a drinking pal of Manchester top cop James Anderton. Say no more. Not only that but Sir Fungus has been very shy about his own previous appearance in court, he got done for shoplifting!

Theres plenty wrong with our ruling class as it is. To start with there not all dead yet. But were never ceased to be amased at how they push their luck. Here is a quiet family man, and a member of our class, abused by a stuck up aristocratic scum bag.

Sir Fungus was very lucky that his squashed remains weren't being scrapped off the road after a nasty accident involving Mr Trimmers truck.

GREENPEACE OFF!

GREEN IS THE COLOUR TO BE AT THE MOMENT. NOW YOU DONT HAVE TO EAT BROWN RICE AND LENTIL BURGERS OR SHOP IN A PLACE THAT SMELLS LIKE ORGANIC FARM YARDS TO BE ENVIROMENTALLY FRIENDLY.

Greeness has gone up market, you can go to your local Tesco's, Sainsburys or Gateway etc and buy "ozone friendly, phosphate free and cruelty free products" and save the enviroment without lifting a finger - just open your wallet!

And this is exactly what it is all about, guilt free consumerism, when you buy these products you can go home and feel smug and happy in the knowledge that you are no longer ruining the atmosphere, or the rain forests.

Thats justwhat the multi-nationals, governments and middle class "greens" want us to believe. Its the typical holler-than-thou attitude these people have. We give them the money, and they'll do the worrying and save the world for us.

Thats okay if in the first place you can afford to buy these "enviroment friendly" products. Its alright for the Paul McCartneys and Stings of this world who can pay well over a quid for a bottle of washing up liquid. What is ridiculous is if there is less additives, enzymes, whiteners etc then why aren't the goods cheaper? It's a real rip off.

Admittedly we have all become more aware of pollution, the deminishing ozone layer, acid rain and so on, because it is important that we know what crap these corrupt industries are putting in our food, rivers and atmosphere. But what we don't need is a bunch of middle class wankers telling us what to buy and what we can do to save the enviroment.

Basically the "Green Mob" are made up of middle class tofu eaters who give conservationism and vegetarianism a bad name. They try to make us feel that is our fault for buying the non-friendly products in the first place, but what real choice do we have, we can only buy what we can afford.

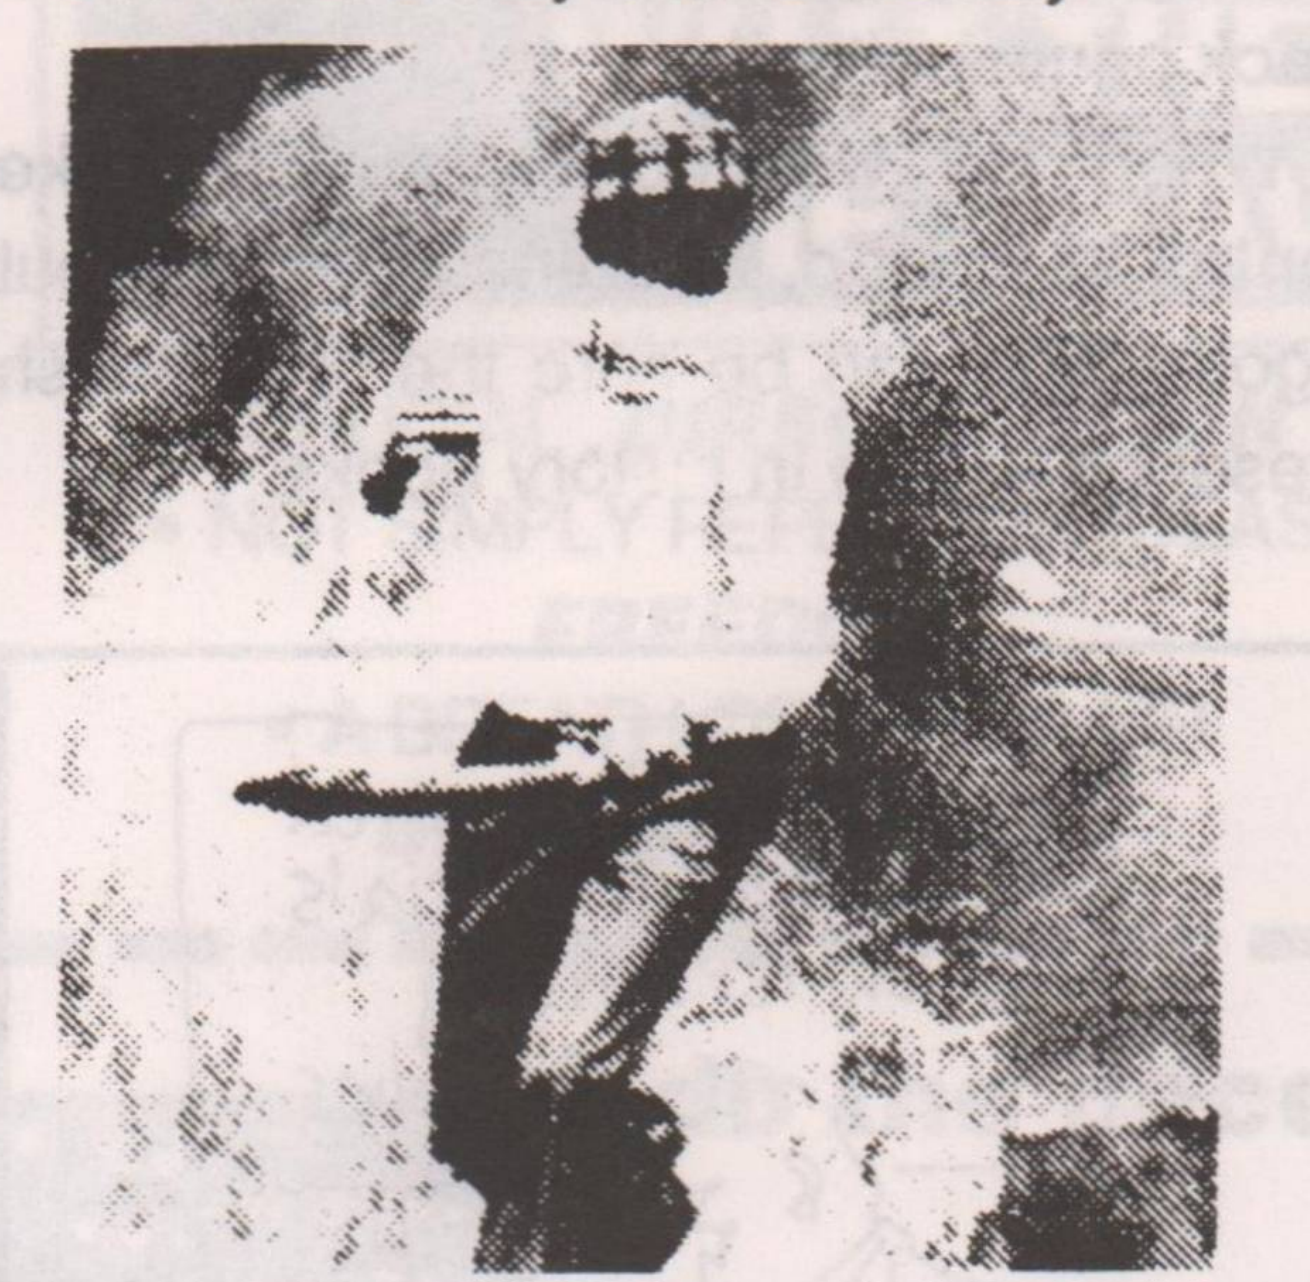

All it is, is a middle class guilt trip they feel the world is not a really nice place to live in, but overall they do very well thank you out of this system.

PLEASE BRING YOUR CONTRIBUTIONS FOR THE CLASS WAR BOTTLE BANK

So all it needs is a few changes to make it better for them, without them losing too much comfort, or privilege.

If you want to buy enviroment friendly goods, then fair enough. However the only way our enviroment will improve, is the getting rid of capitalism which does invola a bit more effort than buying lead free petrol. Maybe we could burn the parasitic upper classes instead of fossil fuels, but are they ozone friendly?

TOFFS IN DEATH WISH SHOCK!

Vigilante threat over violent groups of jobs

By Wayne Standhouse

IT SEEMS THE POSH RESIDENTS OF THE BRISTOL AREA OF CLIFTON ARE THINKING OF STARTING VIGILANTE PATROLS MADE UP OF LOCAL HORRAY HENRIES AND YUPPIES!

For years its been traditional that at weekends, youths from other parts of Bristol all descend on Clifton, for a spot of Yuppie bashing or just to wind up the local toffs.

In early July, one Saturday night, things went a bit mad and over sixty posh cars got smashed up, including one brand new XJS to the tune of 12 grand!

To judge by the local papers, they were up in arms about it, (oddly enough) letters were written to the Chief Constable, and local MPs all demanding that a new Cop Shop is built smack in the middle of Clifton, to protect them! Or else, they threatened, we will start vigilante patrols!

I couldn't imagine a more comical sight than the green wellied toffs, blundering around, followed by gangs of youths, just waiting to get them round the next corner before they kick their heads in!

We can't wait...

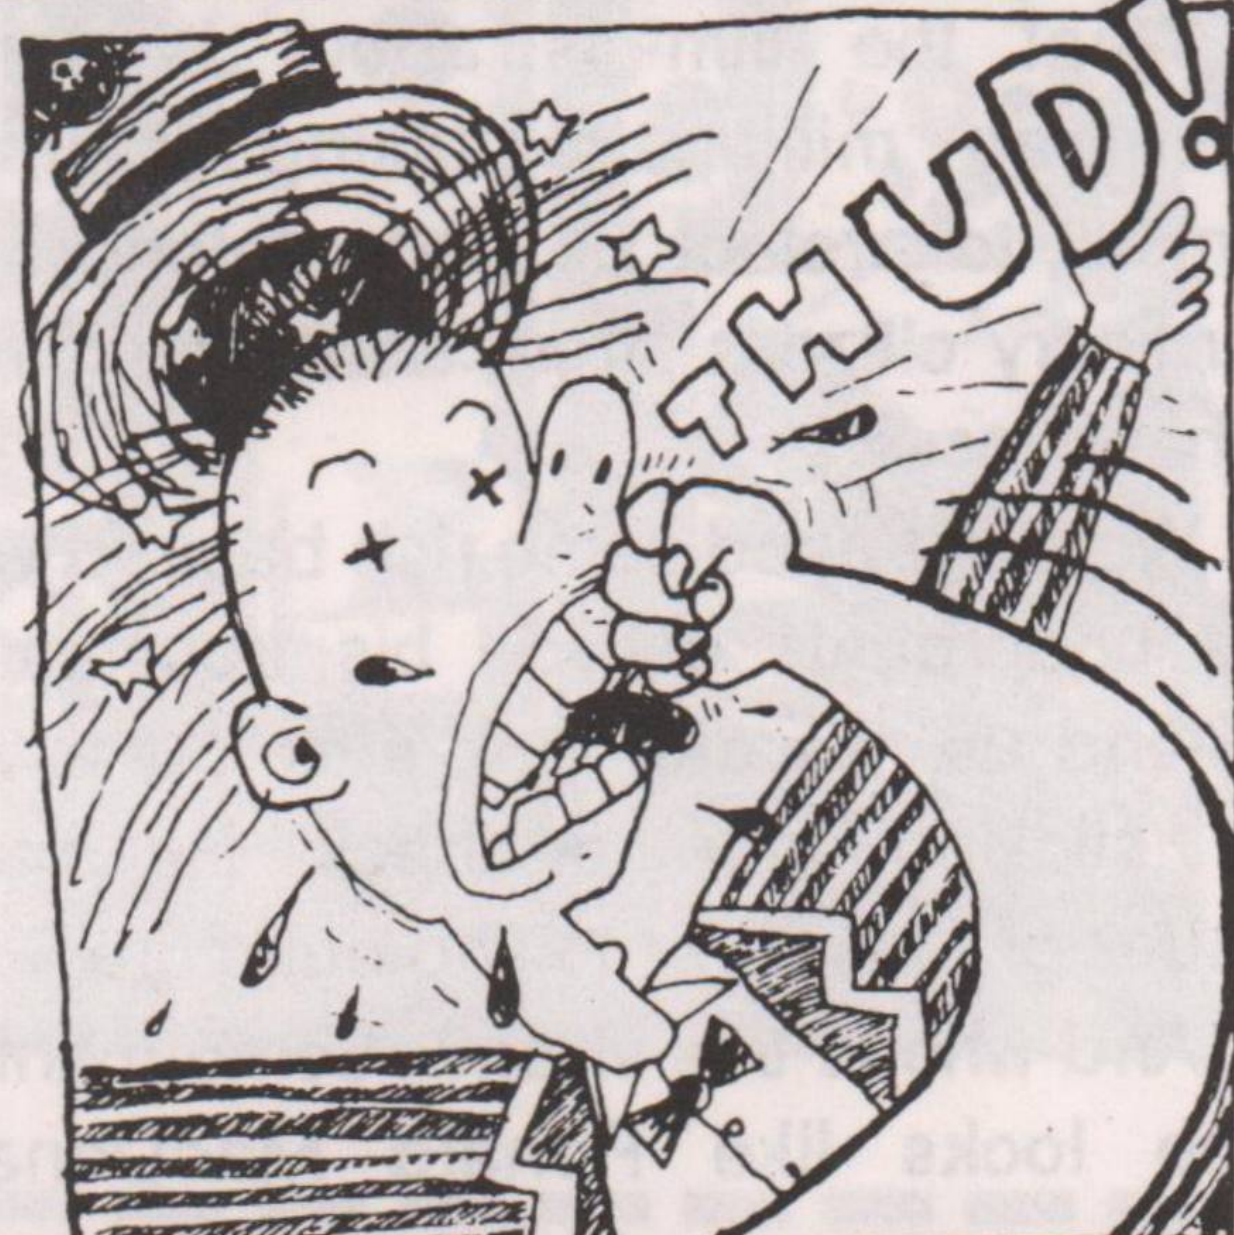

BEST DAYS OF THEIR LIVES???

THE HISTORIC CITY OF BATH, NOT NORMALLY ASSOCIATED WITH SUCH THINGS, HAS BEEN HOME TO A SPOT OF "TOFF BASHING" RECENTLY!

The papers reported how local youths were attacking the pupils at a posh public school, in the streets.

It seems that the toffee noses have been "singled out for attack by their school uniforms and posh accents"!

Its most encouraging to see that the working class youth of Bath, a city that is usually a playground for the rich, have been getting their own back.

WHAT A SHAME!!!

THE OTHER SUNDAY THE PAPERS WERE FULL OF THE NEWS THAT A MR CHARLES CHURCH HAD DIED WHEN HIS SPITFIRE PLANE CRASHED.

Any London readers will remember adverts that used to appear in the Tube saying; "Charles Church quality homes of character" Yes, you've got it, there one and same bloke.

He makes, sorry made, his money by buying up land without planning permission, then with the help of a few

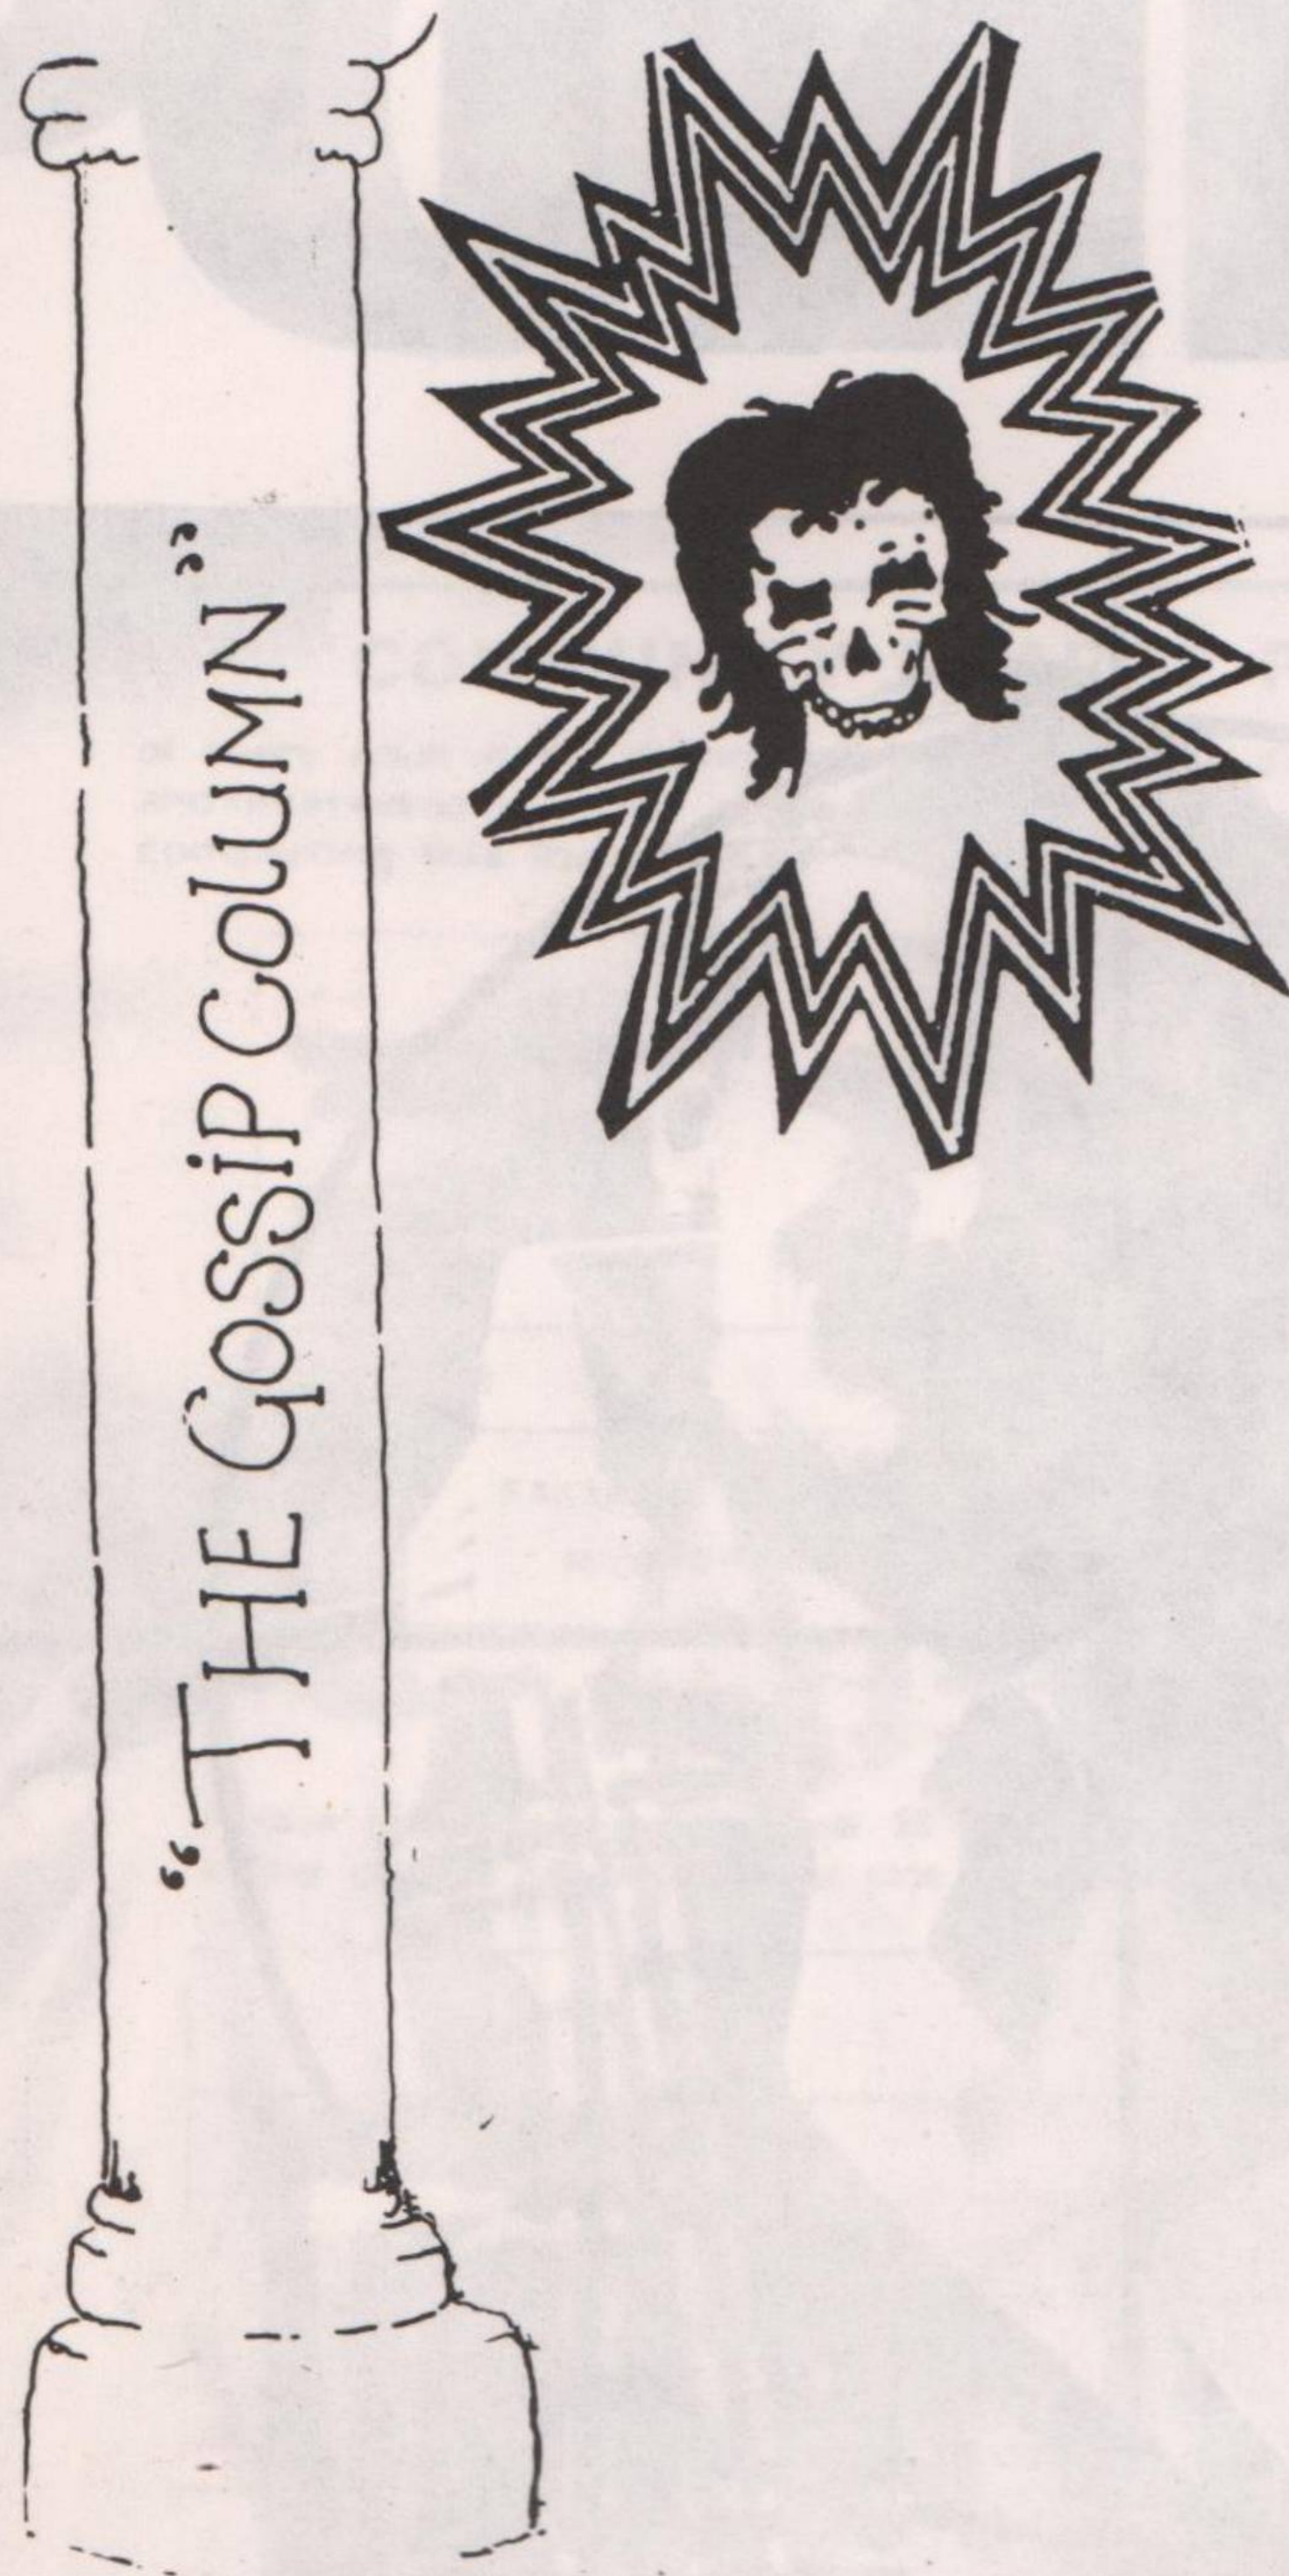

"backhanders" to his Tory pals, bulldozed planning permission through the local council. He made so much money he din't know what to do with it! So he bought his own airfield, and collection of antique planes.

Only Mr Church didn't check his spitfire to well, and the rest is history!

The reader that pointed this out to us, suggests that Class War start their own flying school, (for yuppies and speculators) give them enough fuel to get airbourne, not enough to get back! (well in one piece anyhow).

SALLY SKULL - BACK WITH A BANG

SHE HITS THEM WHERE IT HURTS.

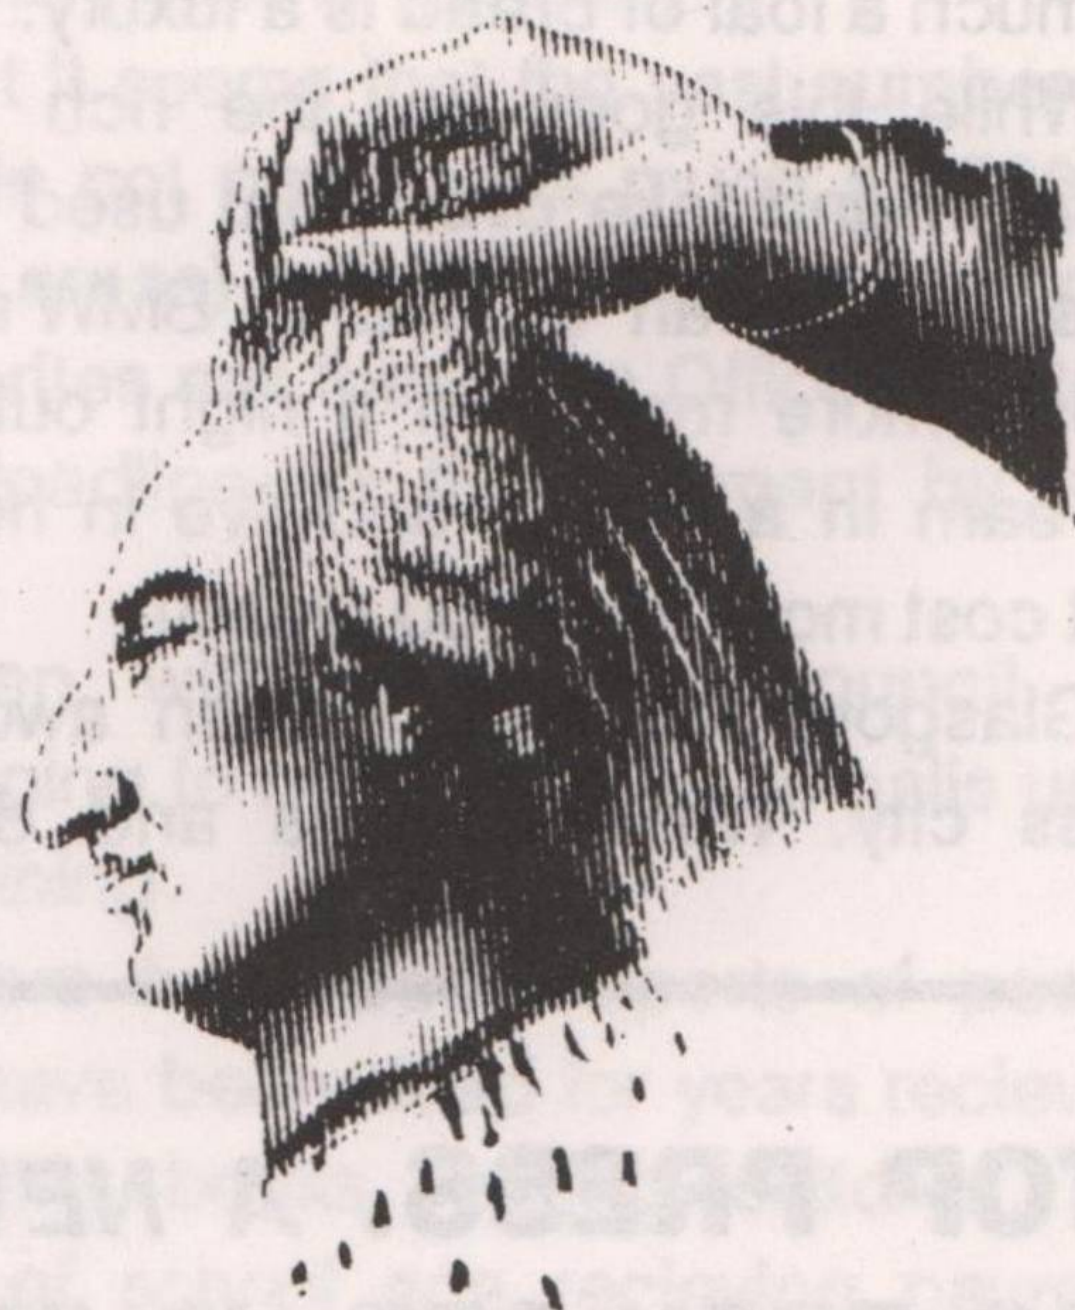

TV "FUNNY MAN" JIM DAVIDSON, A MAN (IN THE BROADEST SENSE OF THE WORD!) WHOSE MORE WELL KNOWN FOR HIS WIFE BEATING, CRONIC DRINKING AND OUTRAGEOUS RIGHT WING POLITICAL BELIEFS, HASN'T GOT ANY FRIENDS! (SURPRISE, SURPRISE).

Yes its true, straight from the horses mouth. He told a story recently about how he was down in the Falklands entertaining "our boys" when he bought three postcards, to send home, only after he bought them, did he realised he didn't have a SINGLE friend to send them to!

I like to consider myself a woman of the world, but the thought of snuggling up to that pathetic, racist, drunken, whinging Tory git makes me want to VOMIT! What did TV presenter ALYSON HOLLOWAY see in him? apart from a grand a week and a CHELSEA flat that is?

THE MOST SIMPERING, CRINGING EVENT OF THE WEEK HAD TO GO TO THE WEDDING OF MIKE SMITH AND SARAH GREENE. I'm still shocked that the ex BLUE PETER girl married him in the first place. Not only did he manage to crash his helicopter a couple of months ago, very nearly killing her (and him). But his flirting with every sort of motor racing going, (he is very bad at it) means he'll undoubtedly be DEAD in a few months (well, we can hope).

THE TOFFS WERE OUT IN FORCE FOR THE RECENT ROYAL ASCOT EVENTS, (AREN'T THEY ALWAYS) AND THE BBC HAD HIRED SOME LACKEY CALLED LYNDA BERRY TO COMENT ON THE CLOTHING THEY HAD DRAPPED THEM SELVES IN.

Exactly for whose benefit this was I don't know. I can't imagine anything more boring than listening to what LADY AMANDA SHITHOUSE D'OR is wearing.

Anyhow, the luckless BERRY was heard to comment on a woman wearing a blue dress who; "could be a dead ringer for LADY DI" Not to surprising really, as it was LADY DI, and stood next to her was an equally recognisable PRINCE CHARLES (how could she of missed those ears?). The BEEB was apparently fuming about this ROYAL PROTOCOL COCK-UP.

Rumour has it she'll be doing CRUFTS next year!

NOW, BACK TO EVERYONES FAVOURITE ROYAL, FLATULENT FERGIE! AND THIS ISSUE SEES FERGIE ON TOUR WITH HUBBY PRINCE ANDREW IN CANADA;

On a walkabout in the Canadian city of Quebec in early July, ROYAL PARASITES FERGIE AND ANDY became confronted by a baying mob of Quebecan separatists, so loud and persisiant was the booing the royal couple got, FERGIE was seen to be CRYING!!! and only words to the effect of "keep a stiff upper lip dear" stoped the FLATULENT ONE breaking down altogether!

Taking of FERGIE, it seems one of her homes, the palacial CASTLEWOOD HOUSE, has been infested with a fabric munching insect nicknamed the "woolly bear". It seems prize targets for the woolly bears are FERGIES DRESSES! Three of the hideous things have been munched so far, the poor things properly think they've broken into the DR WHO COSTUME DEPARTMENT!

IT SEEMS THE TORIES ARE REALLY SCRAPPING THE BARREL IN THEIR ATTEMPTS AT FINDING HAPLESS GITS FOOLISH ENOUGH TO WANT TO FIGHT BY-ELECTIONS FOR THEM.

SEB COE (remember him? He won some medal or another at the Moscow Olympics on account of the Yanks never showing, and has failed, spectacularly, at everything else since) well, it seems that young Seb has been accepted as a potential Tory candidate.

In an arse-licking interview the other day in some MURDOCH rag he told of his student days when he was an officer with the now banned FEDERATION OF CONSERVATIVE STUDENTS, (child sex abusers, into legalising smack and hanging). Baby Seb was also whinging about the low regard people have for his political ideas;

"People often think that just because I'm a sportsman, the lights are on but nobodys at home. They think I haven't got much up top". I couldn't put it better myself!

TROUBLE IN PARADISE

THE PLACE; BOUGAINVILLE ISLAND, PAPUA NEW GUINEA. THE DATE; JUNE 28TH.

Thousands of workers battle with police, take over the Copper mines and chuck the bosses out.

The action spreads like wildfire all over the Island-police and army are overwhelmed and totally lose control. Reinforcements, sent in, in a desparate attempt to quell the uprising, are beaten

back by armed workers!

"We have lost control of Bougainville. It is in a state of anarchy".- Papua New Guinea goverment spokesman.

Intrepid Islanders set off, in secret, from Bougainville, sail to Papua New Guinea, and assassinate the minister in charge of the island, bringing back his head!

Nice one...Watch this space for more news!

BOLTON BARRATS BOMBED!

WHEN THE BUILDING GIANTS BARRATS PLANNED TO MOVE IN ON A 35 ACRE SIGHT IN BRADSHAW (NR BOLTON) LOCAL RESIDENTS DIDN'T THINK THEY SHOULD. THE BATTLE OVER THE LAND THEN BEGAN..

Having exhausted all legal means of stopping Barrats, mid July saw the baliffs moved in, accompanied by scores of riot cops, including Manchesters infamous Tactical Deployment Unit.

The community was at first shocked then angry at these moves, they spent all day harrasing the contractors, and stopping vehicles entering the sight.

But as night fell, and the cops left, the fun really started, first a barricade was built around the site to stop any more work, then the site buildings were PETROL BOMBED!

Sources say that this is only for starters.

"EAR, EAR"

Seven filth were injured after clashes outside a party in Hackney, East London.

"PC Craig Wallace was left with part of his ear hanging off"

CRISPY

Late June saw a very determined attempt by a petrol bomber, to incinerate half a dozen snoozing coppers in the HQ of Coventry's police station!

Smokey bacon crisps anyone?

BATTERED

A copper was beaten unconscious recently, in the Cambridgeshire city of Peter-borough, after he tried to stop two youths nicking the blue, flashing light from the top of his motor!

This brings a whole new meaning to the advertising slogan "Come and feel the power of the Peterborough Effect!".

"WHATS THATCHER YUPPIES AND I

GLASGOW WAS ONCE KNOWN AS A WORKING CLASS CITY. SADLY IT IS NOW MORE LIKE A YUPPIE PARADISE.

With dockland homes and opera houses and bays on the river Clyde, where the yuppies can put their expensive boats! Is this the way we want Glasgow to be? IS IT FUCK! Last year was the first time we saw Glasgow going all out to bring in the tourists. For four months last year we had the Glasgow Garden Festival.

Built on the sight which used to house shipyards and factories beside the Clyde, which used to have working ships sailing up and down it all day long.

It had been turned into a giant showpiece to bring in the tourists. The council gave us the usual bullshit about it bringing in money into the city are that is was a good thing for everyone.

We considered it to be like dancing on a grave. Needless to say the homeless, and the people who live in housing schemes like Drumchapel and Possil Park didn't see any of this "money".

Instead we've seen the cities new found wealth being put back into such

trying to fool us that they were.

That was over a year ago now, and all that remains of the festival is a giant rubbish tip!

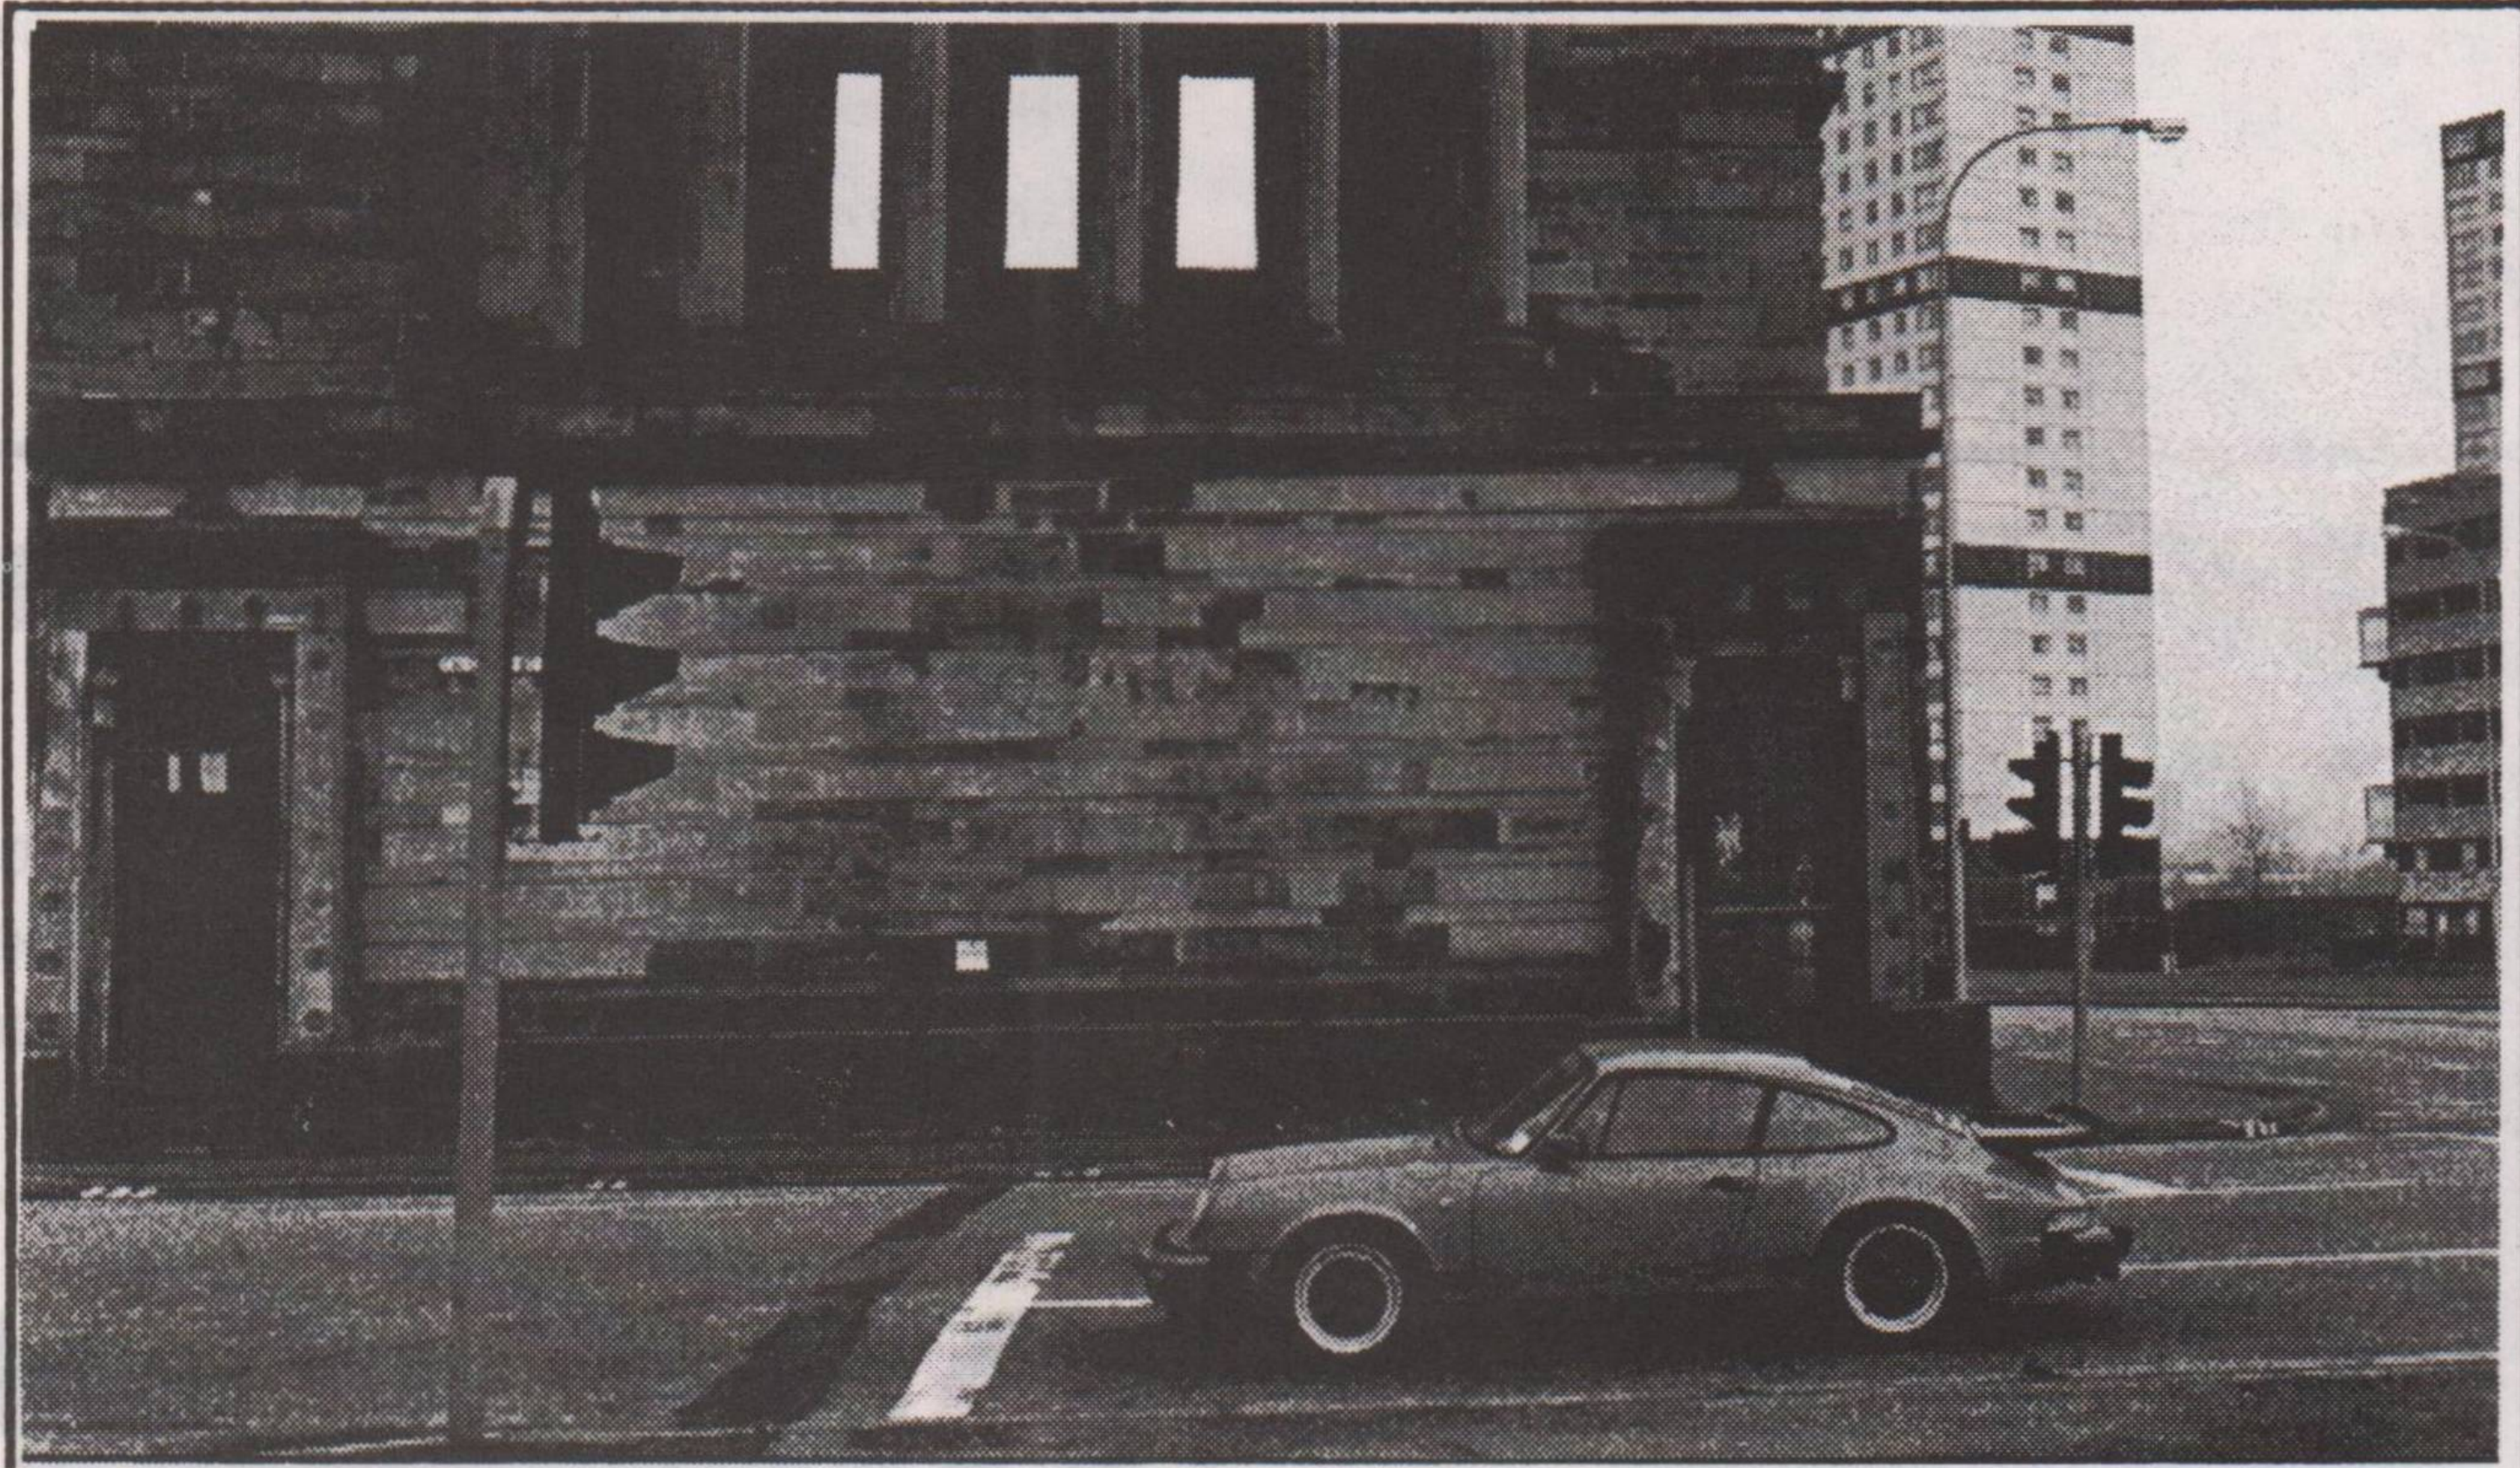

This, the council tells us, they can't afford to shift. But they can afford to build Docklands homes, large expensive stores and manage to prepare the city for the forth coming "Arts Year".

This of course, is just another farce, and another way in which the rich scumwill benefit from us. To coincide with the Arts Year there will be bus tours round the city. Not, of course to places like Easterhouse or Castlemik, but down towards the new dockland homes which stand at the side of the Clyde.

These have been built along side bays which sit under the Kingston Bridge. The bays will obviously be where the rich yuppies can leave their expensive boats.

Also on the Clyde sits such things as the Renfrew Ferry, a newly decorated night spot/wine bar and the Tuxedo Princess, both are favoured by the rich, who are the only ones who can afford their prices.

In the centre of the city we have seen the building of such things as

Tale of two cities: a Porsche car drives through Gorbals

things as opera houses! 600 grand could of been used on better things than that don't you think?

Also a Govan homeless unit was painted and cleaned up ON THE OUTSIDE! to the cost of a couple of thousand pounds, while the inside remained rotting and smelling, just so that the "new money" doesn't get offended by such sights.

So as you can see the garden festival was just another way for the council to screw us for more money, and not for the benefit of the people of Glasgow. Whilst

the Merchant City, which is large flats that stand over expensive stores where a simple thing like a lamp can cost over 200 quid!

The stores that have been springing up are now catering for the rich and are forcing out the smaller, cheaper businesses. A new Lewis's just opened its doors looking something more like an American type centre than something Glasgow would have, with prices to match. Also theres the new St Enochs shopping Precinct, the Briggait, and of course Princess Square. With its wine

bars, coffee shops and live band entertainment, you can go down there any day and play "spot the rich bastard" to your hearts content!

Quickly we are seeing Glasgow changing, the council are putting more money into such things as those mentioned and less into decent housing, jobs and more necessary things for the working class of Glasgow.

While we see our factories and shipyards closing down, decreasing housing forcing people out into the schemes and prices in our shops rising so much a loaf of bread is a luxury.

While this goes on, the rich scum move in and take over what used to be ours, they swan around in BMW's and spend more money in a night out than we earn in a month, and live in houses that cost more than 100 grand!

Glasgow has always been a working class city. We want jobs and decent

houses, we are tired of council lies that they are bringing in money through their "festivals".

We all know the reason they bring the money in, to cater for the rich pigs that are taking over our city-taking what is rightfully ours away from us, we can either sit back and accept this, or else do something about it NOW!!! Its up to you!

GLASGOW'S

For Glasgow's growing army of homeless people, the city's Miles Better campaign is little better than a sick joke

SCOTLAND ISN'T PAYING THE POLL TAX, AND THAT'S OFFICIAL!

Although the government has tried to cover it up with their usual media-hyped lies the truth has come out.

Hundreds of thousands of people have escaped the register, and people who have been caught are having Sherrifs officers visiting their homes to value goods for warrant sales.

But if the slimy Sherrifs thought that this would be easy, they soon had another thought coming.

Recently, we heard of how two Sherrifs officers on an estate at Aberdeen had to be rescued by the filth, after being met by hundreds of angry locals, who were determined not to let them seize the goods they came for. Unfortunately the officers got away, they won't be so lucky next time!

In early July in Glasgow, after hearing that the Sherrifs officers were on their way, over 300 people gathered outside the folks house completely blocking the road, and waited. The officers bottled, and didn't show, so the crowd piled onto a double decker bus, and went down the town hall. Over 70 people stormed in a

démanded to see the Officers, only to be told by the much harrassed receptionist, that they were "out". Where as it seems they were all cowering under their tables, hoping they couldn't be seen!

For those people who have registered but who can't, or won't pay, things haven't started happening yet.

Although the final date for making your first payment was 28/6/89, such things as arrestment of wages, seizing of savings or warrant sales, won't begin before September. That's when things will really start to get lively.

But it seems that the vast numbers of people not paying (as much as 50% in some areas) has made the Scottish Local Authorities ask the Home Office to extend the deadline for first payment by sixty days!

Even without us the council are managing to make their usual balls up of everything.

There have been reports of people who have been dead for years receiving payment books, young children, not even of school age receiving payment books.

Some people have recieved five

books or more while some have still to get theirs. The worst story of all had to do about the man who died 48 hours after the poll tax was introduced. The scum at the local council forced the grieving family into paying the two days tax! It makes you wonder how low these "people" will stoop to get money from us.

But as we have shown the councils have been finding it, to say the least, very difficult to get people to pay up.

Now that the rest of the country is getting their forms, we will have to be a lot stronger. Scotland has stood on its own for a year proving to the government that we don't want them, or their poll tax.

Now that the whole of Britian is involved, if we all stick together we can show them that were all NO PAYING!

BEFORE WE SIGN OFF THE POLL TAX FOR THIS ISSUE, HERE ARE SOME LATE RESULTS ON THE SOUTH'S ANTI POLL TAX CAMPAIGN.

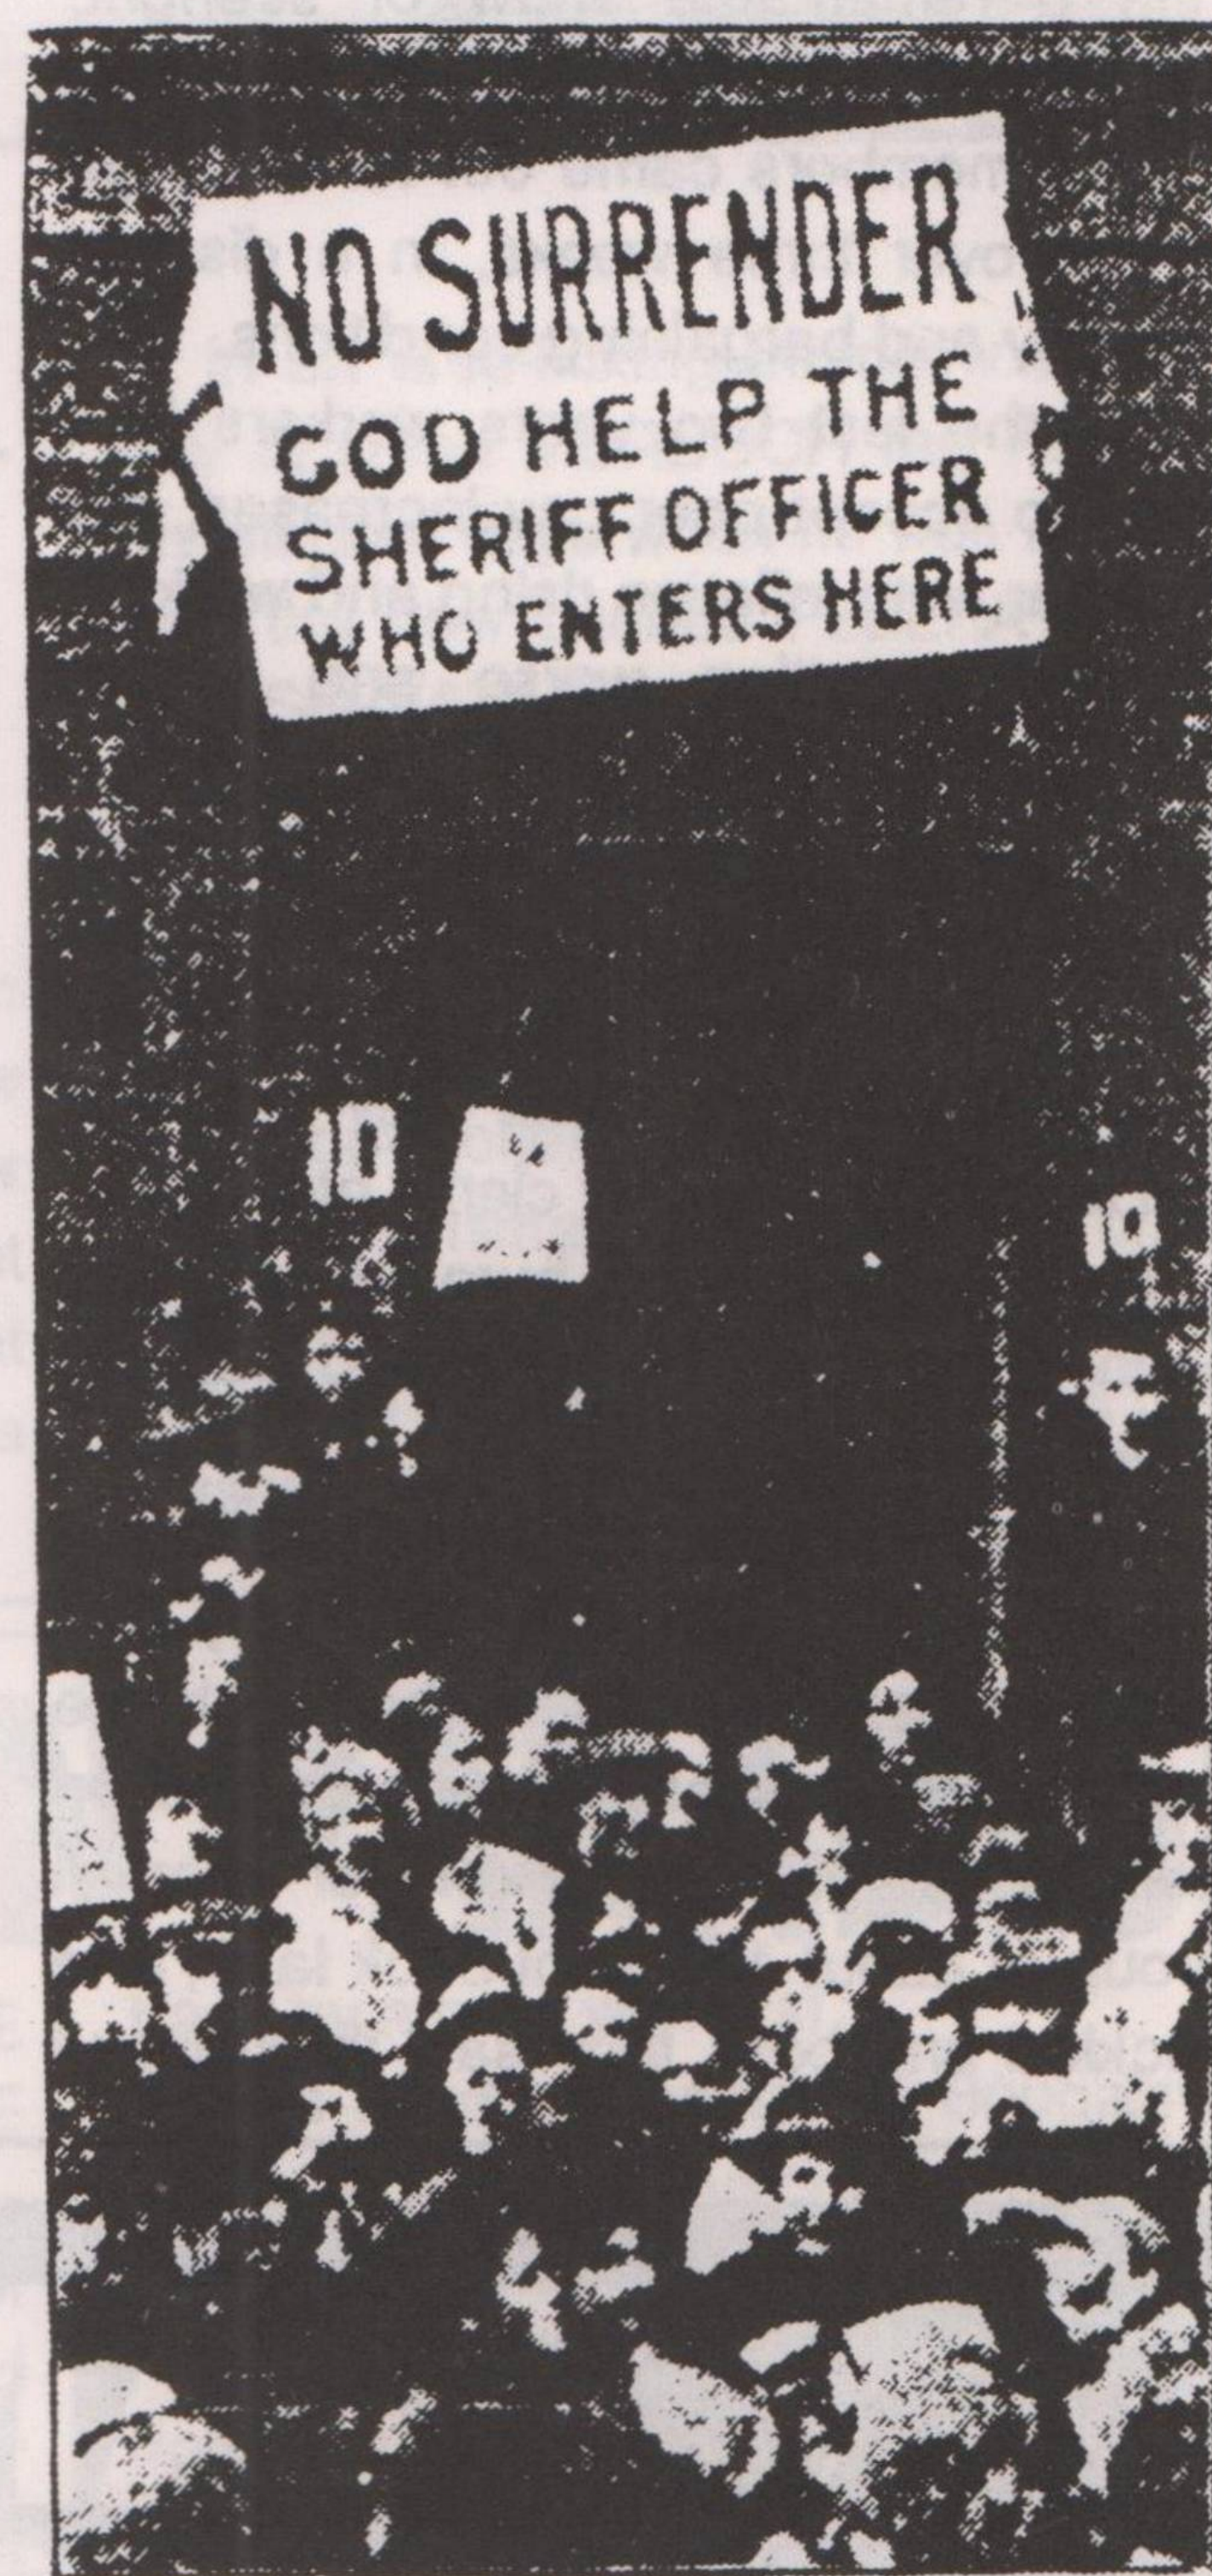

London, as have most of the large English cities, has seen a very positive anti-poll tax campaign.

In Hackney, (E.London) only 40% odd, have returned their forms, with the deadline passing weeks ago.

Many London areas have done even worse, with very small amounts of forms being returned. Of the ones that have been, many have been completed only partly, or with "messages" scrawled on them ie; FUCK OFF!

One council dimly reported, to a well chuffed population. That of the 128,000 forms that it had sent back to them, only 21,000 were complete!

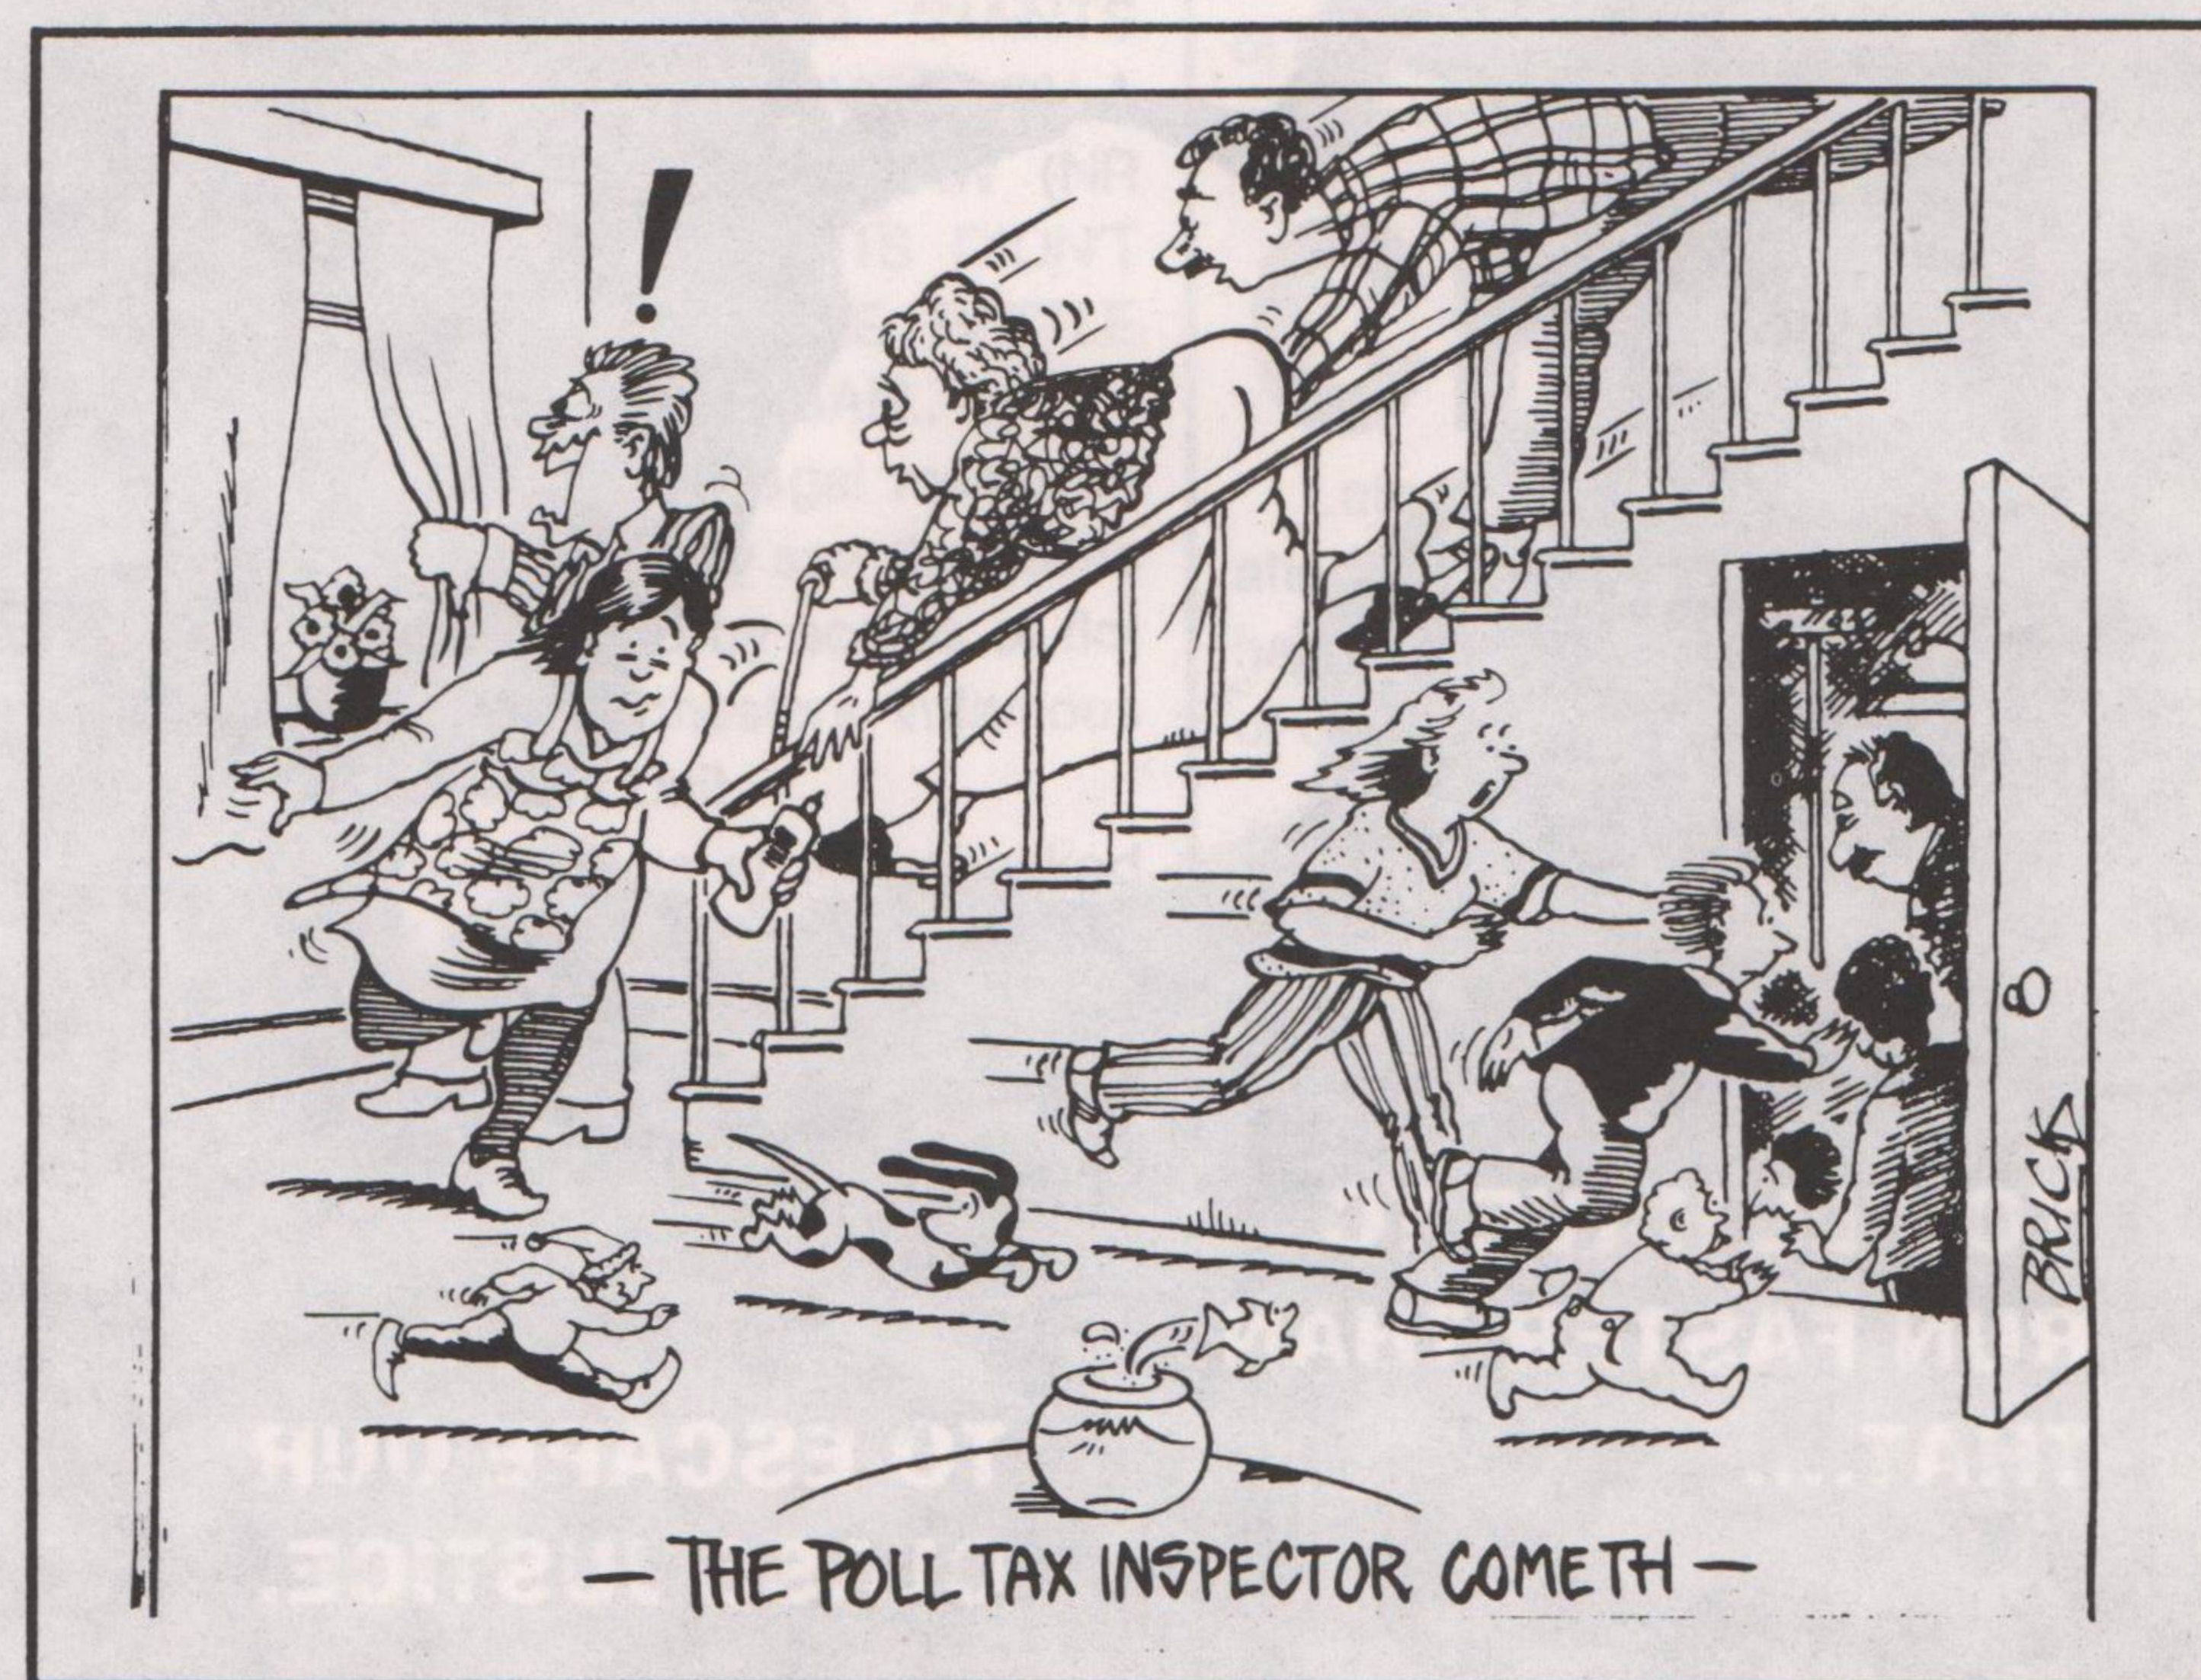

Finally Guy Fawkes night came early

• Beat the Bailiffs: the way your granny did!

for the people of Islington. Their poll tax collection office went up in a ball of flames in June. The law said the fire was "very suspicious" we say its "very encouraging"!

Lets hope other areas of the country are not deprived of early bonfire nights.

TALK OF THE TOWN

AT THE BEGINNING OF JULY, TOWN HALL "WHITE-COLLAR" WORKERS BELONGING TO NALGO EMBARKED UPON THE SINGLE BIGGEST STRIKE SINCE THE GENERAL STRIKE.

In a remarkable show of strength, around 90% of NALGO'S 500,000 council members came out for six days spread over three weeks, in a dispute over pay and bargaining conditions.

For the last two years workers had voted to accept poor pay increases, but this year, with inflation rising and working conditions getting worse and worse, they've said ENOUGH!

As we go to press there's no news about any improved offer from the bosses and there's a possibility of an indefinite strike for some "key workers" poll tax clerks, treasury clerks etc.

As usual the union bureaucrats have been doing their best to keep peoples anger in check.

When 5,000 people marched to the bosses HQ in London to lobby the negotiations, stewards worked with the cops to ensure that everyone carried on walking straight past. However a small group of about 100 went back later, and heckled any boss they saw throughout

the afternoon.

Many branches have set up rank and file strike committees, but these still seem to be dominated by the usual bunch of lefties.

Unless more imaginative tactics than token pickets are put forward then the usual apathy will take a grip again soon.

As usual, the opportunist left have produced a deluge of boring leaflets to further confuse and stupefy the masses rather than getting on and doing some action.

One lefty group has adopted the slogan "No deals, no strings, make the Tories pay!" Which sounds okay until you find out that LABOUR councils hold a clear majority on the bosses negotiating committee!

STOP PRESS! Class War activists working for local councils have decided to try and set up some sort of group/network to produce and distribute a regular council workers newsheet in our own inimitable style.

If you're interested in getting involved please drop a line to the LONDON GROUP as soon as possible.

TOGETHER WE'VE CRACKED IT

LEAFLETS ON CRIME HAVE BEEN CIRCULATING THE SALFORD AREA OF MANCHESTER. SO WHAT WE HEAR YOU SAY, WELL THESE LEAFLETS ARE TITLED "DON'T GET CAUGHT" AND ARE A STEP BY STEP GUIDE TO GETTING AWAY WITH IT!

Apart from some good sound advice on how not to get caught, the best bit of the leaflet is at the end;

"Remember don't steal, or mug old age pensioners or poor people, its just not on. If you have to mug somebody then SALFORD QUAYS is the best place for you. It has plenty of fat rich YUPPIES living there. Good luck".

Sound or what!!!

FAIR DINKUM!

IT WOULD APPEAR THAT "YUPPIE BASHING" IS SPREADING FAR AND WIDE. In Sydney, Australia, local youths have been taking revenge on the rich invaders that are taking over the Darling Harbour area of the city.

The papers are calling it the latest trend, the filth say their worried. Not half as worried as the yuppies we bet.

"Since a few plush clubs and pubs have opened up at Darling Harbour, we have had a growing number of attacks in the area, and the vast majority on the recieving end have been yuppies" says a spokesman for the local police.

"They seem to have taken a dislike to the yuppies affluent position in the community, last Thursday four men were called yuppies, before being kicked, punched, and head-butted."

Good to see the working class youth of Australia are playing a part in the Class War.

SMACK CRACK

FROM HEROIN A FEW YEARS AGO, TO EXTACY LAST SUMMER TO CRACK THIS YEAR, THERE'S ALWAYS BEEN A NEW DRUG READY TO DESTROY SOCIETY AS WE KNOW IT.

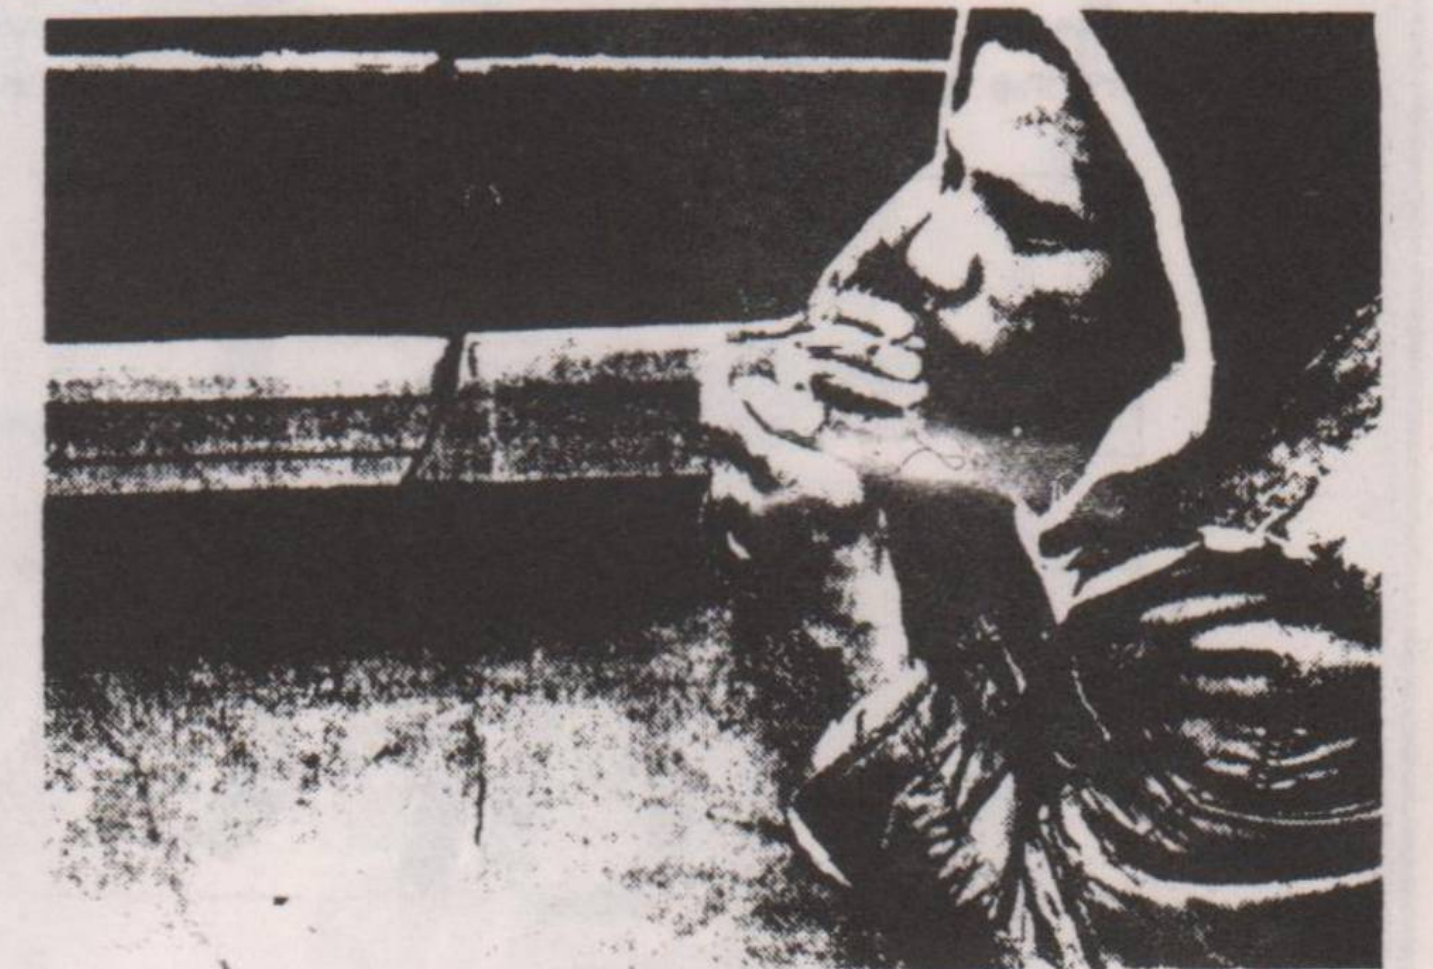

Drugs have not arrived in the last ten years, or twenty, but over one hundred years ago. Britain used to run opium from China, officaly, in warships! Hard drugs like morphine aswell as opium used to be available over the counter in literally hundreds of different "Elixers" which were supposed to cure everything from a headache to TB.

Even Coca Cola used to have coke in it! This state of affairs wasn't to last. The Victorians decided that they wanted a work force capable of maning the "work shop of the world" that Britain was then.

Ever since, government policy to drugs has been one of increased control, and ever more paranoia. With little or no real attempts to solve the problem at source. That being the chronic poverty, or mind blowing boredom, of the dole that draws working class youths into drugs in the first place.

As they found in America when they banned booze. There will always be capitalists ready to sell anything, for a profit. Overall laws are designed to keep the working class in control, not to interfere with making money, and modern day drug dealers have built around them a massive multi national bulsness.

The government is quite happy to tolerate a certain level of drug abuse, as long as the adicts are few in number, stay in their own areas, and don't pose

Crack, cheap to produce and highly addictive, is the fast food of drugs any threat to law and order.

The problem arises when the threat of drug abuse is on such a massive scale that it does effect society outside of the "ghetto" areas.

This is what were seeing at the moment with both the "Acid house" hysterics and the threat of crack "flooding the nation".

But the way the scares are being run has little to do with drug control, and everything to do with an excuse to crack down on certain working class, inner city areas.

From the St Pauls riots in 1980, right up to the Wolverhampton riot last month. The filth always use the excuse "We are cracking down on known drug dealers". And when the local youths fight back, oftenwith success, we are told they are "protecting drug dealers profits". What a load of bollocks!

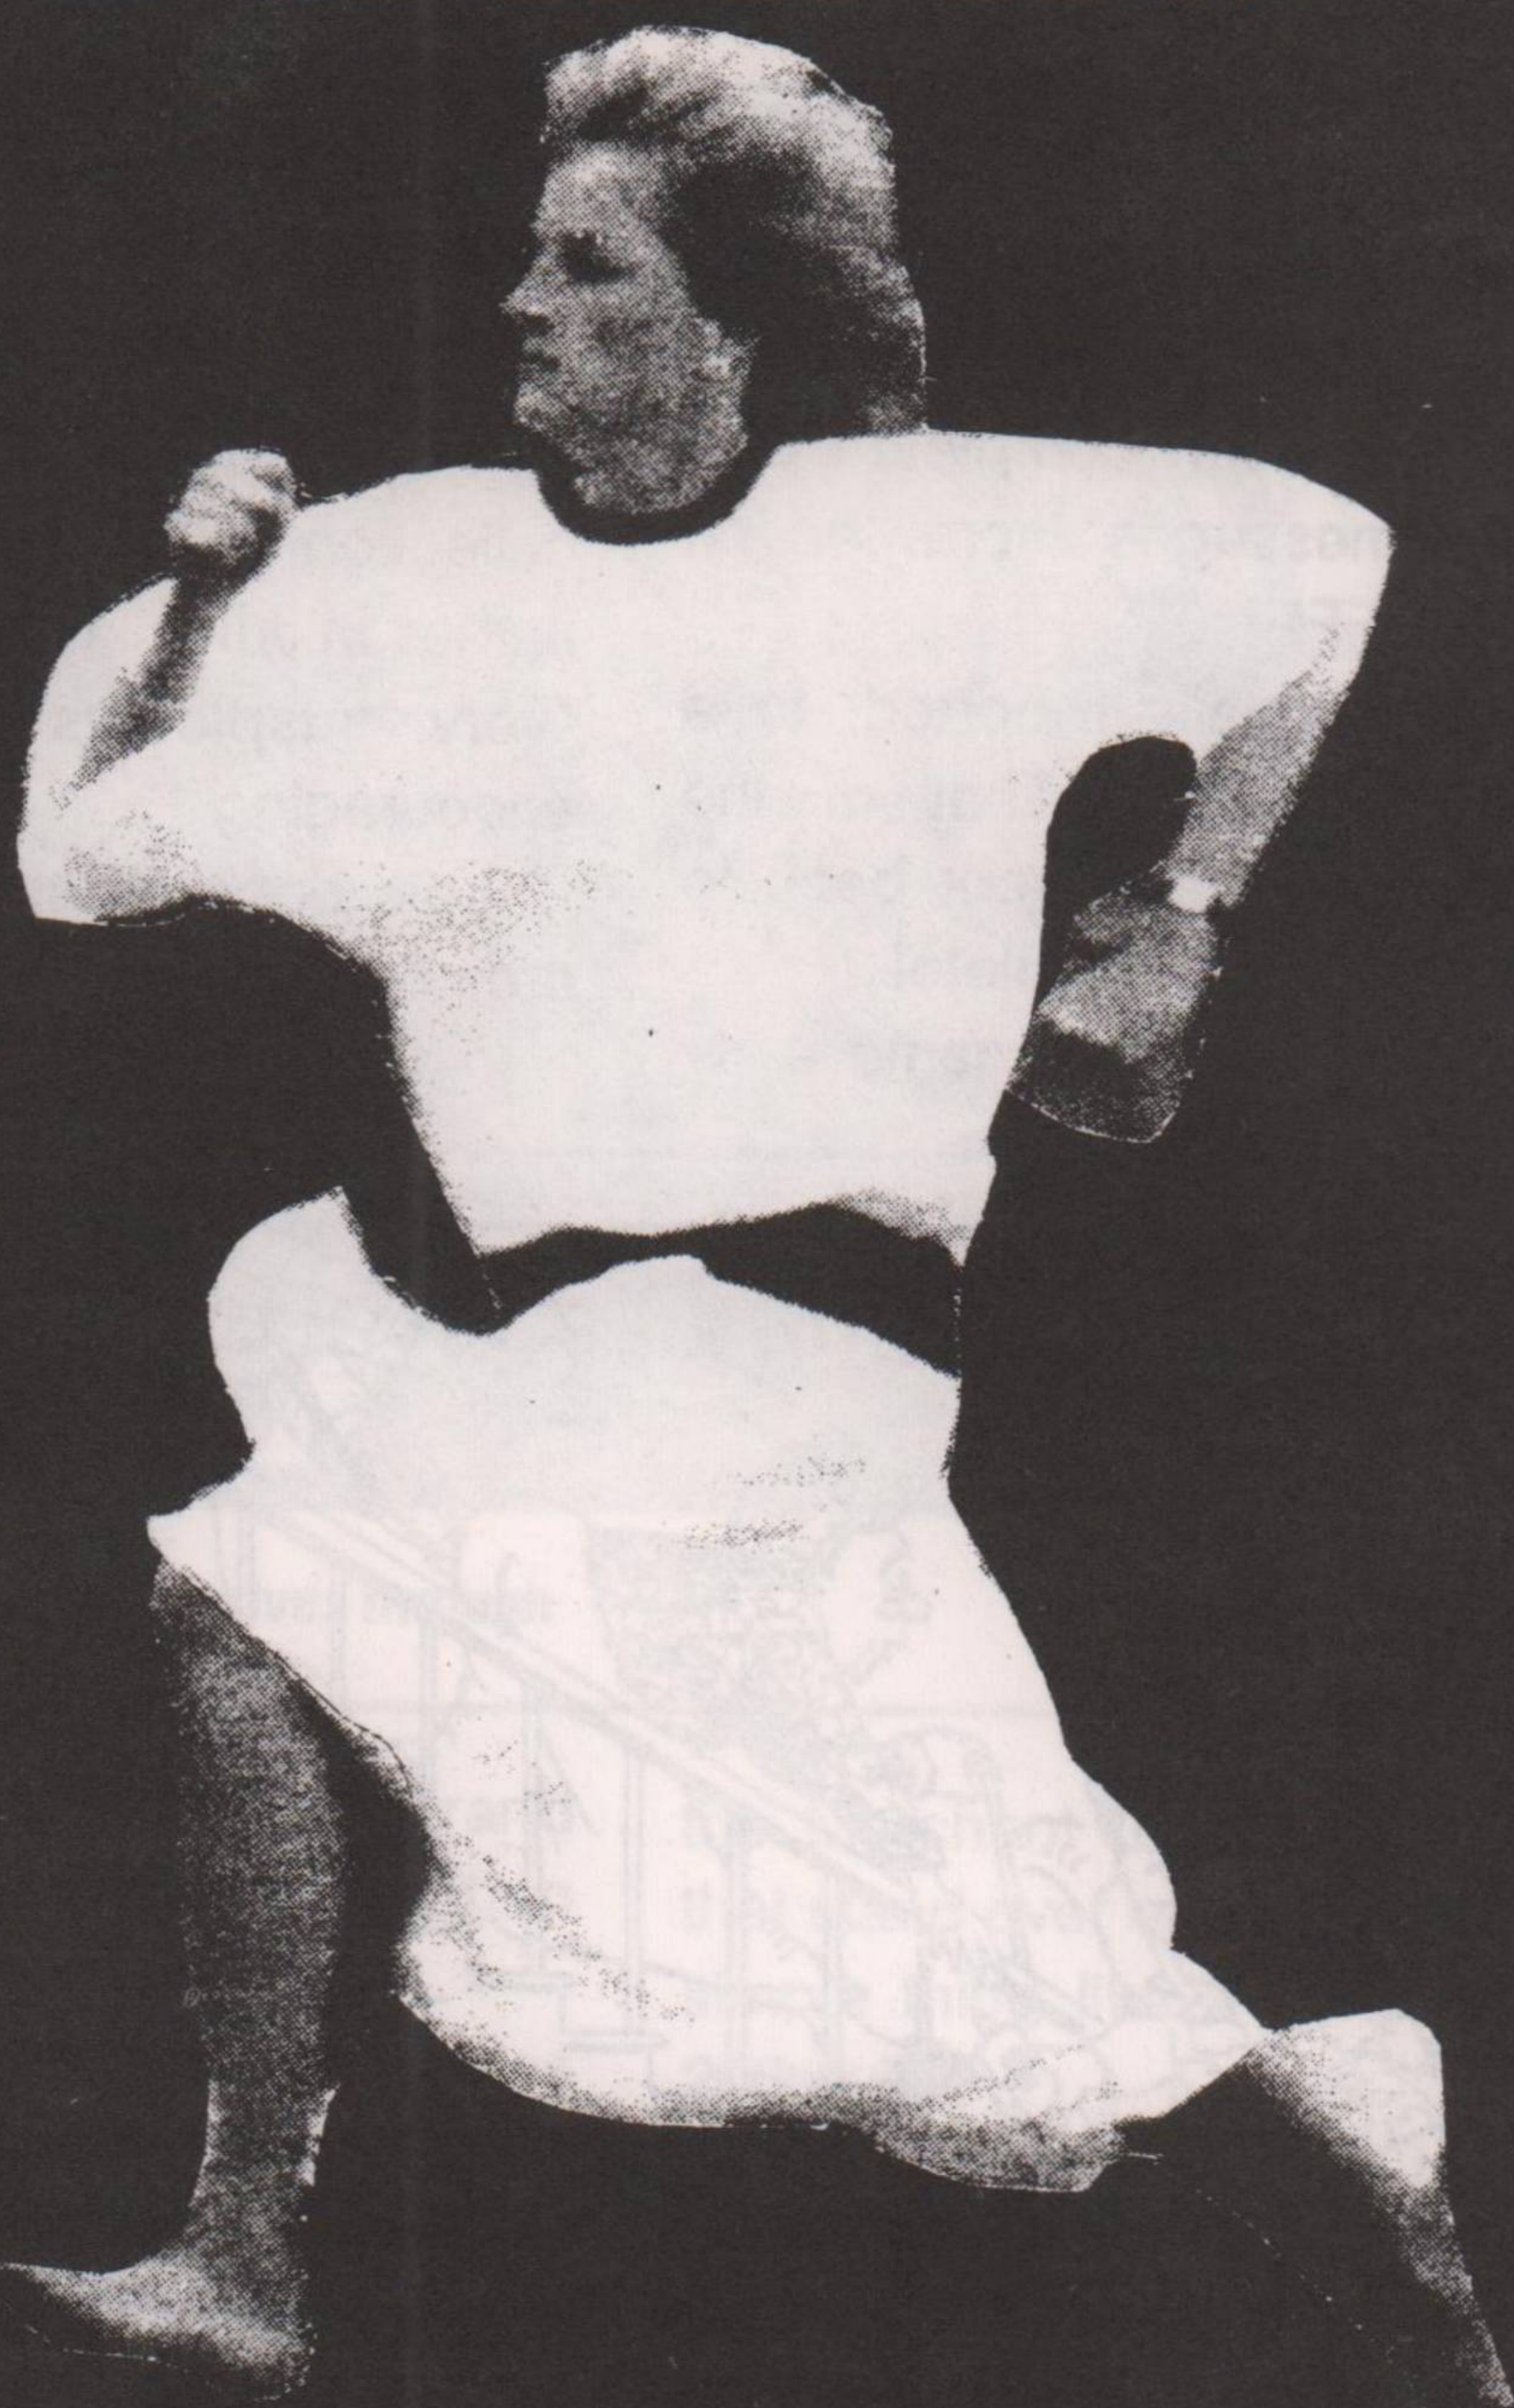

Its our communities that get raided, its our communities that get labeled as "problem areas", Its our communities that live under a permanent police siege. And what a surprise, the drugs never go away.

As an ex-copper in Liverpool once said; "We didn't care that smack is in Toxteth. It keeps the youth quiet".

The drug scare is about creating a climate of fear, fear of other sections of our class. Only the local community can wipe drugs off its streets. In both Dublin and Liverpool the Anti Smack Squads went some way to driving out the hard drug dealers.

As in the Aids scare, the drugs one has little to do with drugs, and a lot to do with attacking our class.

DIANA...

YOU'LL HAVE TO RUN FASTER THAN THAT....

TO ESCAPE OUR CLASS JUSTICE.

CLASS WAR POSTAL WORKERS

AS THE POST OFFICE GETS SET FOR ANOTHER STRIKE BALLOT WE MUST BE ASKING OURSELVES IF IT IS REALLY WORTH OURWHILE LETTING THE UNION DO THE TALKING FOR US.

Last year they sold us down the river...Are we going to sit back and let that happen again?

The answer is obviously NO, it is up to us to control our own disputes and to do this we must communicate with other D.O.'s and main sorting offices.

This is the aim of the Class War postal workers group. At the moment we are in contact with the Postal Workers Co-ordination Committee, some of whom were involved in Communication Worker.

There is a leaflet currently being distributed by the PWCC, which is available from the address below.

The Class War Postal Workers will work along with this group and also do their own leaflets/posters etc.

So if your tired of Tuffin and Co making a bollocks of everything he touches, sick of the Post Office management shitting on you everywhere you go then do something about it.

LETTERS

IF YOU HAVE A LETTER YOU'D LIKE PRINTED, PLEASE SEND IT TO THE BRISTOL ADDRESS.

Dear Class War,

This is shit, every time I read an issue of CW I hear about all the fun you lot are having and I'm stuck here in Northern Ireland doing buggar all.

Yuppies have begun to move in on the far side of town and they drive about in the Porches playing crappy music every Saturday.

However there is nothing I can do because I'm alone and I'm the only person who wants to beat their shite in on my estate.

The problem here is that if I went round the estate and tried to form a local group, I would get my head kicked in because my estate is 98% Protestant and I'm one of the few Catholics. While they are busy fighting me the yuppie scum are coming in and nobody is doing anything about it.

What can I do? I need things like leaflets about religion and yuppies so that we can join together and fight them.

Yours hopefully,

N, Ballymena Co. Antrim.

Dear Class War,

Thanks for sending me a copy of the latest "Class War". I thought Class War was a damn good read-a lot more readable than certain other publications I could mention-they're so boring, know what I mean?

I think the best thing about CW is, you do not seek to rule people but to enlighten people. It seems to me, people have completely lost the ability to think for themselves and seem hell bent on only following, and being led to others. And needless to say those "leaders" are only interested in their own personal interests.

One thing I don't think you can emphasise enough to people is how the bosses like to "divide and rule". It pisses me off no end to see people at football matches fighting with each other, instead of the law, or to hear of people robbing or burglarising the homes of working class people.

All this anger, energy and ability should not be aimed inward, but outward at the leaders and rich.

Anyhow, thats enough waffeling on-thanks again for the paper, I'm looking forward to being able to read it on a regular basis now.

Bye for now,

D, Lincoln.

Dear Class War,

I'm writing in response to your article in issue 33, on the NF. I know you don't, rightly, normally give any space in the paper to them, and I see that the article was to take the piss. But I do think in future that CLASS WAR should give more attention, to more dangerous racist groups. I'm not talking about the likes of the NF, Crybaby Harrington and a few neanderthals sitting round a table and reminising (the ones that have evolved speech that is) about old times. No I mean the Tories, who are just as actively as ever persuing their racist policies.

The NF in its heyday could never do much more than terrorise a few defenceless families. But the Tories deliberately cause discrimination, against all ethnic minorities. Businesses stop them getting decent jobs, or any jobs at all. Causing thousands of families to live in poverty. They and their ass-licking media, produce mass propaganda to blame ethnic minorities solely for violent crime, to stir race hatred, in their divide-and-rule the working class tactic.

But probably worst of all they condemn groups like the NF for violence, when, though they don't do violent racist attacks themselves, they get the Cops to do it for them. Paying someone else to do your dirty work is the one thing lower than the NF, (lets face it that must be pretty low)

Perhaps anti-racist action groups would do better spending their time on Tories, leaving Tory clubs at night. Or visiting the next Tory conference, easily the largest gathering of nazis in Europe, and showing them just how unpleasant being worked-over in the cells really is.

Cheers for now,

Mark K. S.W.LONDON.

COME ON IN

KIDS FROM THE ODSALL ESTATE IN SALFORD HAVE BEEN GETTING RIGHT UP THE NOSES OF THE YUPPIES ON THE NEW SALFORD QUAYS DEVELOPMENT

The heat wave has seen a new trend amongst the local kids, to take a nice relaxing dip in the canals of yuppieland.

These canals have been cleaned at vast expense by the developers, and giant water aerators (for the fish) have been placed at regular intervals in the water. With these "built in jacozies" for the swimmers enjoyment, this pastime looks like continuing, weather the yuppies like it or not!

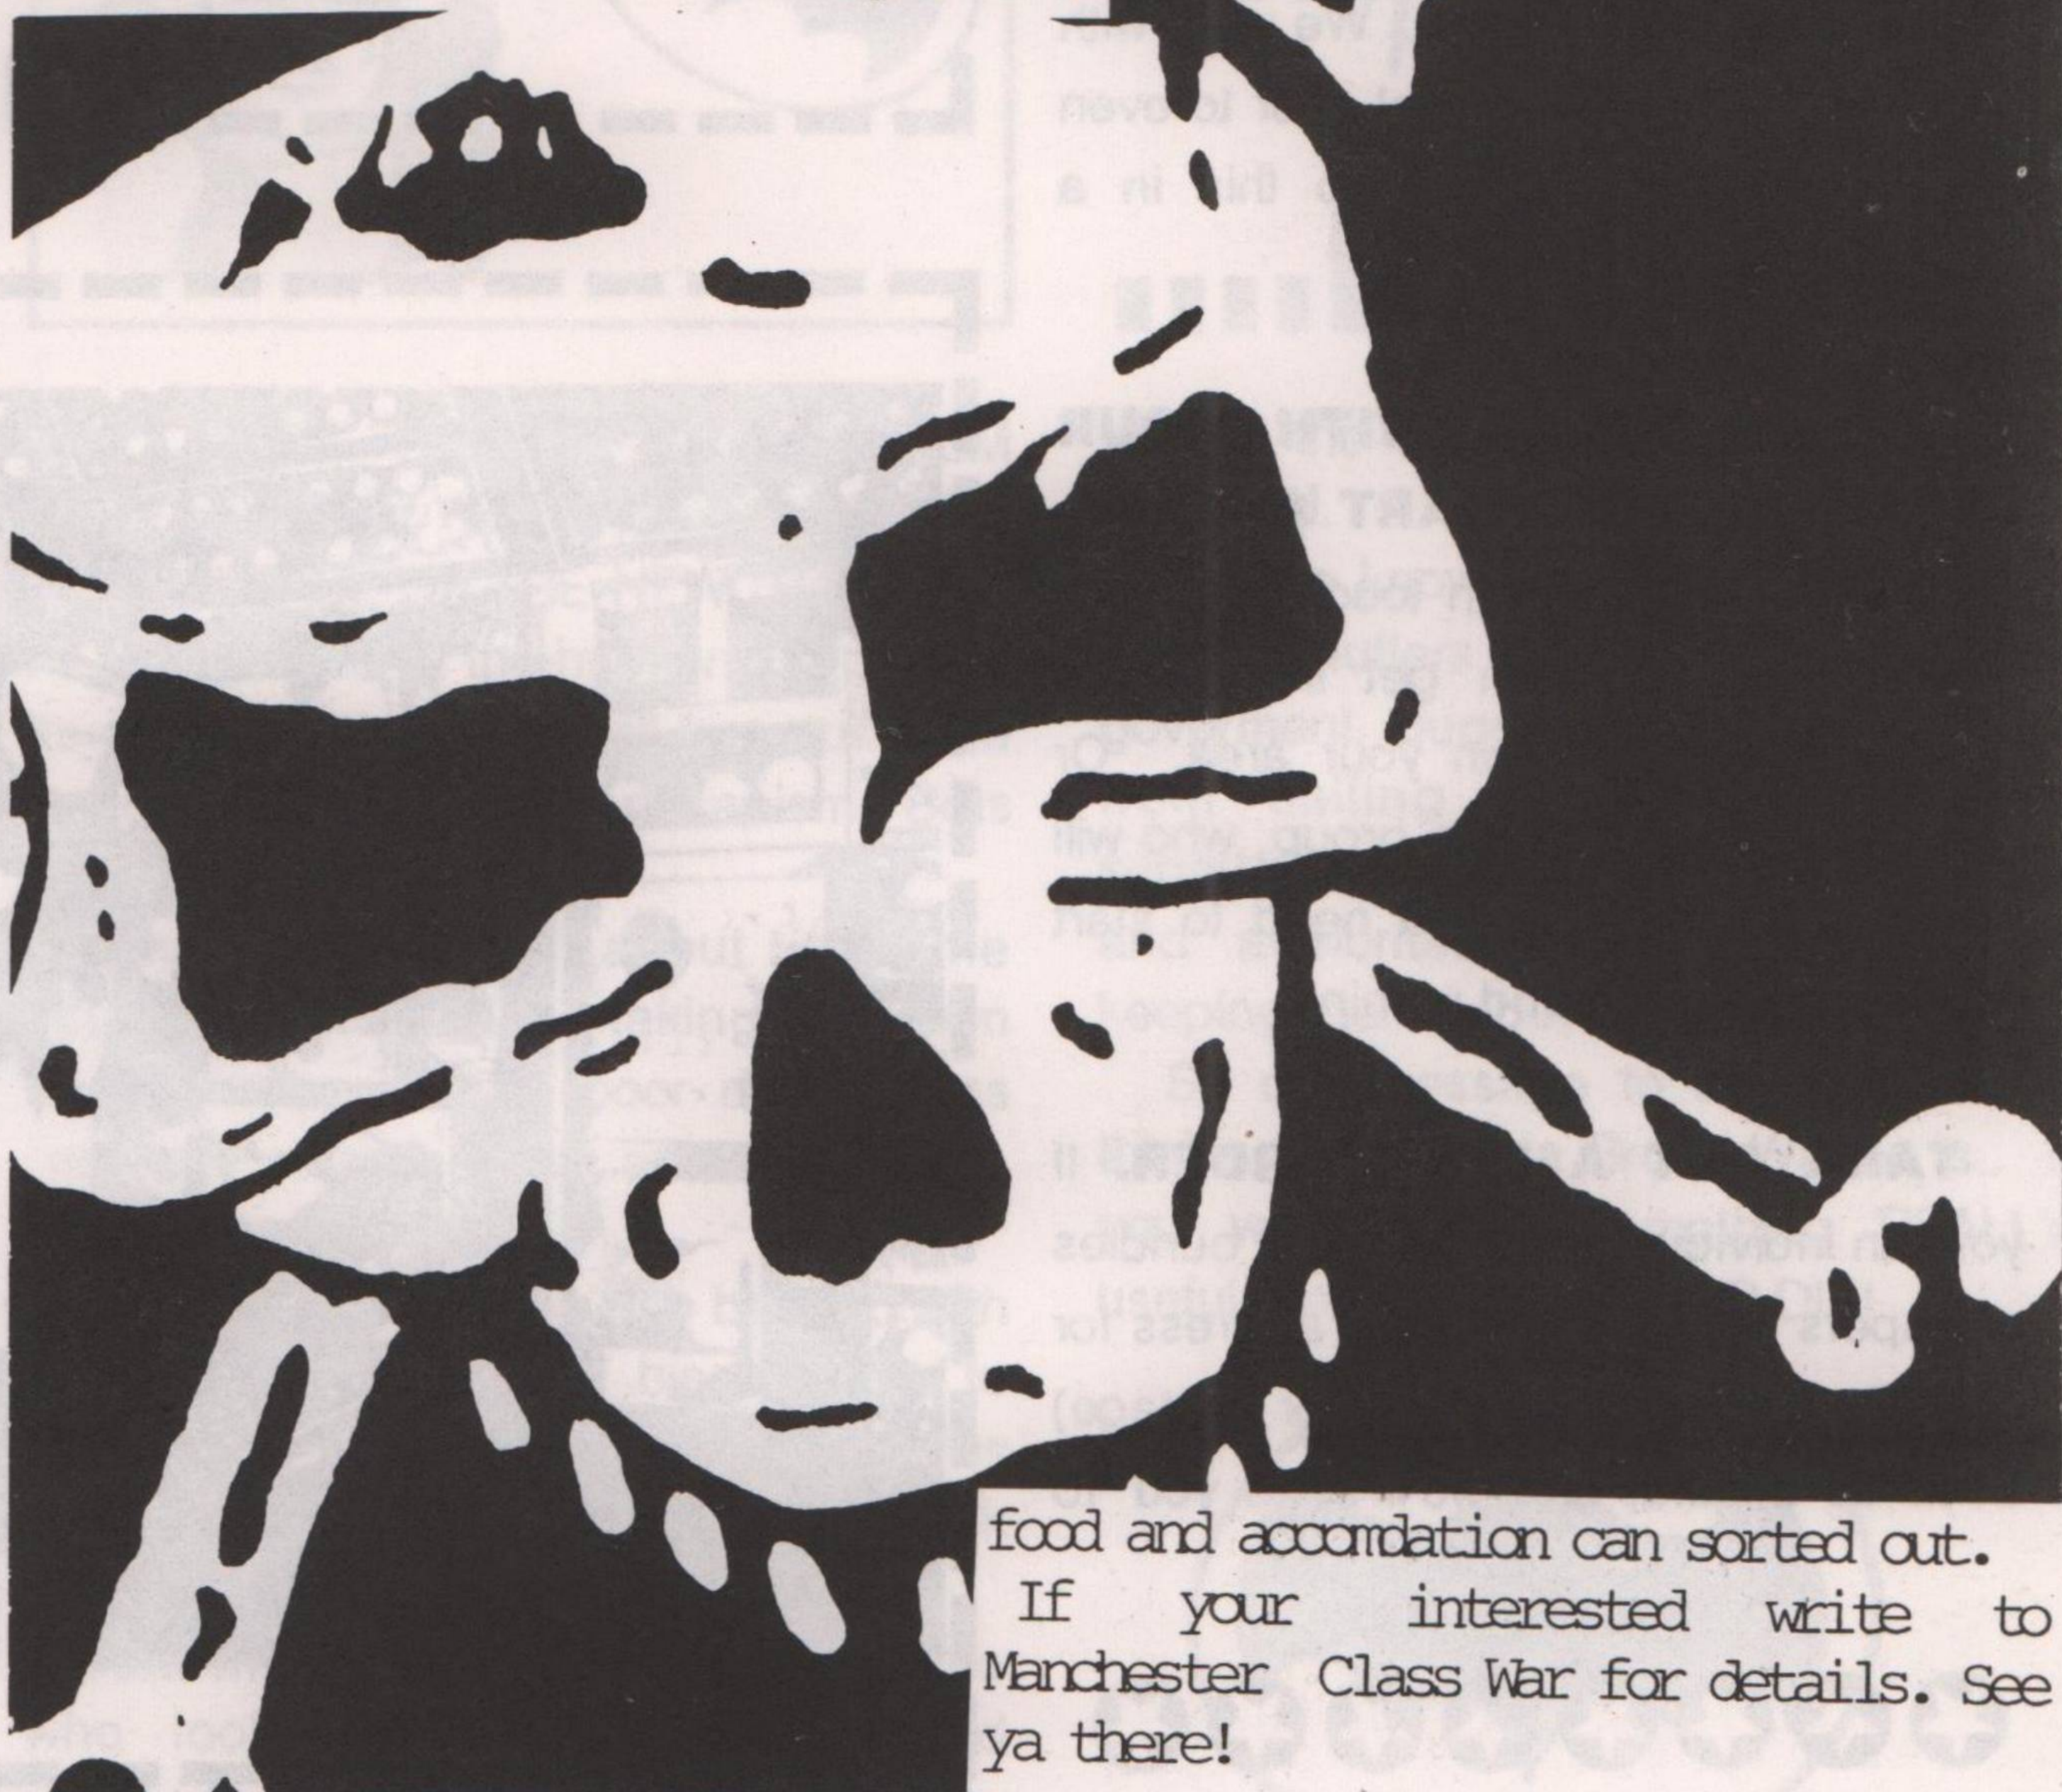

IF ANYONE OUT THERE STILL DOUBTS THE POWER, AND IMPORTANCE, OF GRAFFITI; READ ON...

Isolation is most extreme on the Isle Of Dogs, partly because it is still a building site and partly because that's where anti-yuppie feelings run highest. The Class War graffiti campaign last year has left the new residents with a deep, almost primal, fear of the proletariat.

That was a cutting from the Evening Standard, April '89, about the Docklands of the East End of London.

SO GET OUT THERE WRITING !!!

For all you fun loving class warriors out there, ITS PARTY TIME. Yes the next action packed Class War conference will be held in Manchester on the weekend 16th/17th September,

food and accommodation can sorted out. If your interested write to Manchester Class War for details. See ya there!

WHAT CAN YOU DO

So your pissed off with whats going on around you.. you've read CLASS WAR and you like the angle so what do you do now ?

Well sorry to be a downer, but we offer no quick solutions, no leaderships which you can be bottle fed by, because we believe the working class can only be free if it takes power, as a class, at the grass roots, by the street and the factory. With no leadership, no parties, doing it by ourselves, for ourselves.

We say just get with it, where you live, where you work...and if you want, give us a hand as well in getting these ideas across.

Apart from what we do at work and where we live CLASS WAR'S activity is mainly selling the paper. We do this by putting it in local bookshops and newsagents but above all by street selling... standing outside stations or on the High Street on a Saturday.

CLASS WAR doesn't believe it is the be-all and end all of peoples lives, we don't demand all your time and energy. We would be far happier to see people organising where they live and work against immediate threats like the poll tax or cuts etc. Ideas about revolutionary change should be discussed by all of us, because we are the ones who are going to do it.

We want more people, however, to be involved with the CWF, as we think CLASS WAR is one of the best ways of getting these ideas across. CLASS WAR already sells many thousands of copies, copies which in turn are read by many thousands of other people. We want with your help, to be able to get over to even more people. You can do this in a number of ways;

GET IN TOUCH WITH YOUR LOCAL GROUP - START A LOCAL GROUP. By getting in touch with your local group, you can get involved in CLASS WAR activity in your area. Or drop a line to your region group, who will give you all the help you need to start your own group up and running.

TAKE OUT A BULK ORDER. If your an individual, you can order bundles of papers from the BRISTOL address for only 10p a copy! (plus a little for postage) Send us a quid, and we'll send you 10

papers to flog to your mates, at work, school, or on the street. They sell for 20p each, so you'll be making a bit for yourselves to!

TAKE OUT A SUBSCRIPTION FOR CLASS WAR. For the bargain price of only £1.75 per year you can have each and every copy, delivered to your door, as it comes out. Or you can become a "TURBO" subscriber. For £5.00 a year, you get; one years subscription to the paper, a copy of the HEAVY STUFF and goodies like badges, stickers etc. The idea of "turbo" subscribers is that the extra money is ploughed back into the paper, so keeping the costs down.

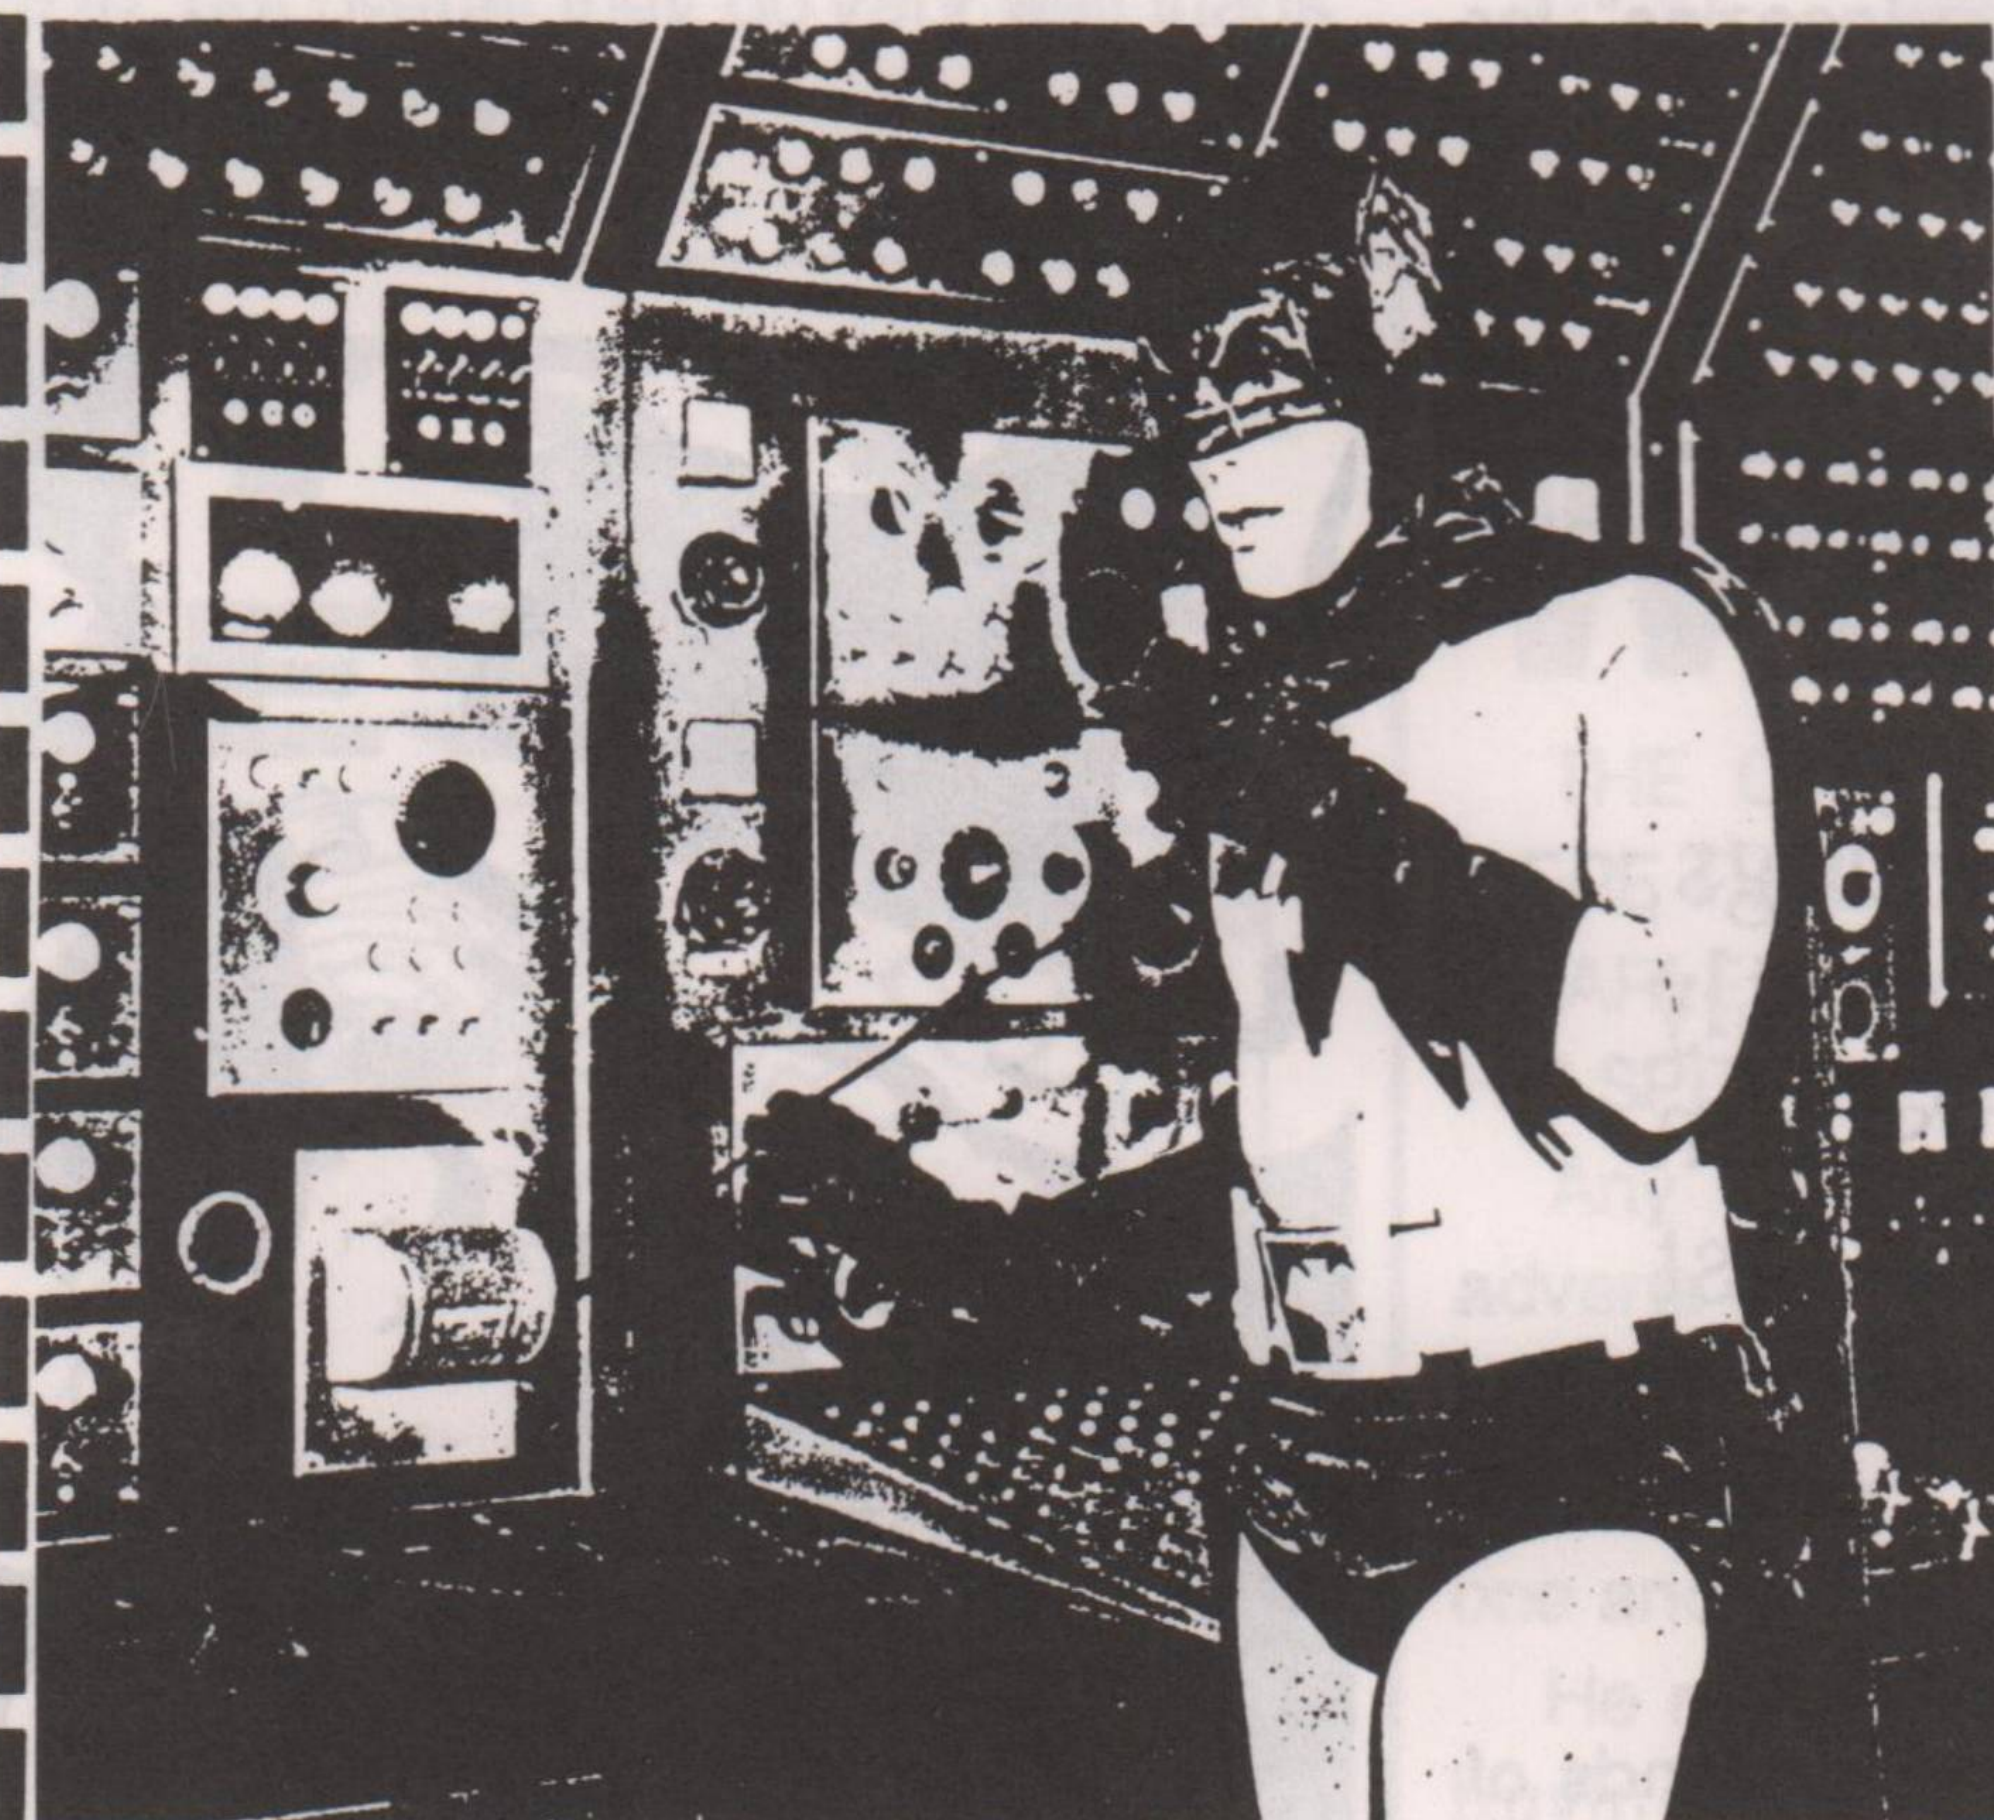

SPREAD THE IDEA OF CLASS WAR. Through things like graffiti and putting up stickers.

THIS IS CLASS WAR

THE CLASS WAR FEDERATION IS AN ORGANISATION OF LOCAL GROUPS AND INDIVIDUALS YOU HAVE COME TOGETHER TO DO SOMETHING ABOUT CHANGING THE SOCIETY WE LIVE IN.

WHAT WE BELIEVE

THIS SOCIETY IS DIVIDED INTO CLASSES BASED ON WEALTH AND POOR. THE RULING CLASSES WHO ARE SUPPORTED BY THE MIDDLE CLASS...AND THE WORKING CLASS. SUCH A SOCIETY IS THE CAUSE OF ALL THE PROBLEMS EXPERIENCED BY WORKING CLASS PEOPLE THE WHOLE WORLD OVER. THIS CAN ONLY BE SORTED OUT BY THE DESTRUCTION OF THE RULING CLASS BY THE WORKING CLASS...THIS IS CLASS WAR! REAL CHANGE CAN ONLY COME ABOUT THROUGH WORKING CLASS PEOPLE ORGANISING THEMSELVES TO DEAL WITH THE PROBLEMS THEY EXPERIENCE, USING DIRECT ACTION AGAINST THE INDIVIDUALS AND INSTITUTIONS RESPONSIBLE FOR THEM...THERE IS NO ALTERNATIVE. VIOLENCE IS A NECESSARY PART OF THE CLASS WAR, BUT ONLY AS MASS CLASS VIOLENCE OUT IN THE OPEN, NOT ELITIST TERRORIST ACTIONS. THE LAW IS MERELY A WEAPON OF THE RULING CLASS AND MUST BE IGNORED AND BROKEN WHEN THE NEED ARISES.

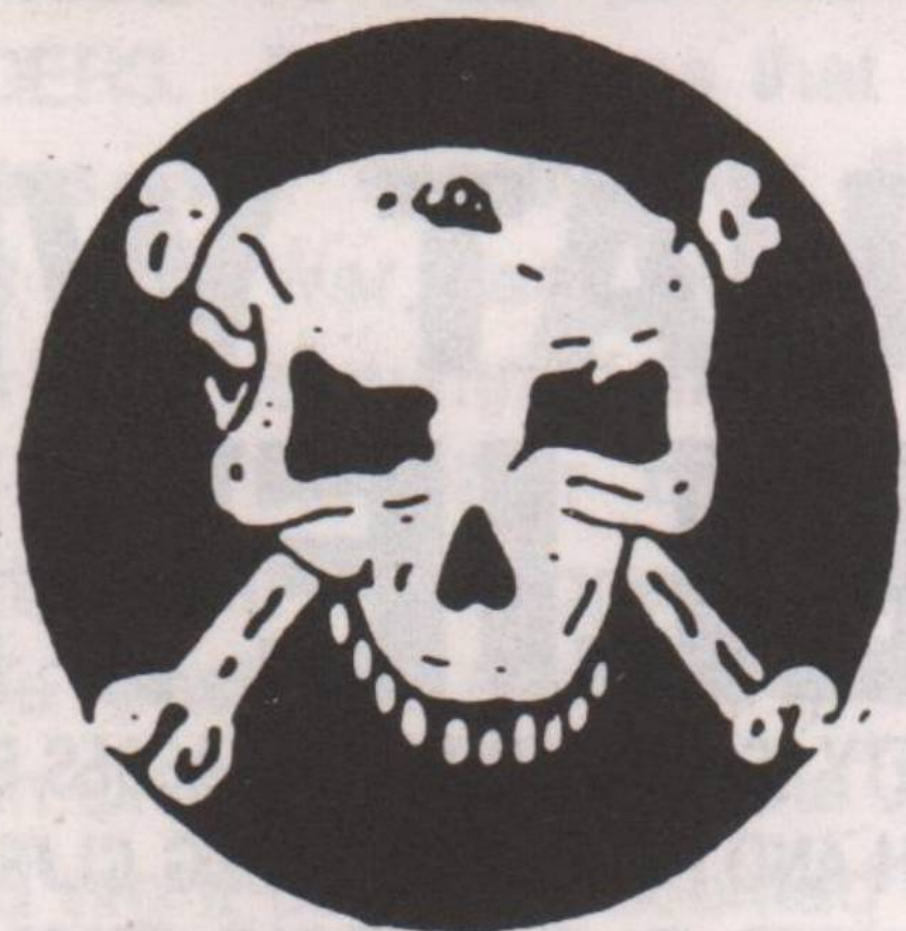

OUR AIM

THE RULING CLASS DIVIDE US BY GETTING US TO FIGHT EACH OTHER ON THE BASIS OF STUPID THINGS SUCH AS RACE, SEX, SEXUAL PREFERENCE, AGE OR FOOTBALL TEAM YOU SUPPORT. WE WILL DESTROY THESE BARRIERS. ABOVE ALL CLASS WAR BELIEVE POLITICS IS LIFE AND LIFE IS POLITICS. WE REJECT THE BORING CHARACTER OF THE SO-CALLED "REVOLUTIONARY" GROUPS. POLITICS MUST BE FUN, IT'S A PART OF ORDINARY DAY TO DAY LIFE AND MOST BE ABLE TO TAKE THE PISS OUT OF ITSELF!

WHAT WE DO

THE AIM OF THE CLASS WAR FEDERATION IS NOT TO LEAD, BUT TO INCREASE THE MILITANCY OF WORKING CLASS PEOPLES ATTEMPTS TO SOLVE THEIR PROBLEMS THROUGH PROPAGANDA, ACTIVE PARTICIPATION AND DEBATE AS EQUALS. THE CLASS WAR FEDERATION PRODUCE AND DISTRIBUTE PROPAGANDA - A PAPER, JOURNAL, LOCAL LEAFLETS AND NEWSLETTERS. WE ARE INVOLVED IN WORKING CLASS STRUGGLES AND WE ENCOURAGE INVOLVEMENT IN THE CLASS WAR FEDERATION TO DO THE ABOVE, FOR DISCUSSION, AND FOR A LAUGH!

A NEW NATIONAL FOOTBALL FANZINE HAS RECENTLY HIT THE NEWSTANDS CALLED LOUD, IT CERTAINLY IS.

For those readers unlucky enough not to have seen a copy, heres a few titbits;

"We believe that the time of writing polite letters to MP's and so called football bosses is over. Now is the time to get angry. We've had enough of being told how we should enjoy OUR game by rich fat bastards sat in executive boxes sipping their champagne and eating smoked salmon while we are hearded like cattle into dangerous and dilapidated football grounds with disgusting facilities and prison style fencing. Grounds that should have been condemned 50 years ago.

**WE ARE NOT CATTLE
WE ARE NOT CRIMINALS
WE ARE YOUR FUTURE..."**

Excellent stuff, we'd like to give you an address for them, but they ain't got one yet. Soon as they do we'll let you know.

"YOU WILL BE BEATEN TO DEATH IN A FOOTBALL GROUND"

IT SEEMS THE "DEMENTED PIXIE" COLIN MOYNIHAN ISN'T THE POPULAR BLOKE HE LIKES TO PRETEND HE IS.

First there was the feature on Radio One's newsbeat which went into some detail about the amount of hatermail the hapless minister for sport has recieved since the ID card scheme was dreampt up.

"Colin Moynihan, you will be beaten to death in a football ground" Was the beginning of one letter the plummy viced newsreader read out. There was then an interview with the editor of When Saturday Comes,

"Hundreds of thousands of people who've signed petitions, tens of thousands of people who've written to their MP's, and it hasn't made a blind bit of difference" He commented, about why he thought people were making little Collins life the misery it should be.

Next came an interview with Q magazine, flatterly titled; WHO THE HELL DOES COLIN MOYNIHAN THINK HE IS! Little Colin comes out with such gems as;

"Sport you see serves a very usefull social purpose. If your football team wins on a Saturday, then the people in the local area work better on Monday mornings and productivity increases. It's a catalyst to regenerate inner cities where people have lost all sense of direction and morale..."

Colin lives at Flat 42, Buckingham Court, Buckingham Gate, London SW1. If you want to visit him as well the nearest tube station is Victoria.

And who was it who said little Colin was just an ignorant, stuck up, toffee nosed, upper class git with no understanding of working class culture. Well their right!

Young collin then goes into depth about how he has two minders guarding him 24 hours a day, because of all the threats. And how tricky it is for him to attend football matches these days;

"When groups of the hooligan, or rowdy element see me at football, I'm not their favourite flavour of the month. (realy collin, tell us more) They come hitting the side of the car, swearing and blaming me for trying to tackle the problem. I frequently come up against this behavioural group."

He also talks of how he was in the directors box at the Millwall Newcastle game when he was spotted by fans, the doors and windows got kicked in and he was forced to hide!

At FA cup final he was spotted in his car and the doors got booted in!

Well isn't that a surprise! Now, because we're generous, and we hate every tiny atom of little Colin, repulsive, toffee nosed body, we are offering a LIFETIMES subscription to your favourite bi-monthly PLUS a T-SHIRT, to the first person to send us one of Colin Moynihans ~~ear~~, (copy of Heavy Stuff Included if both ears are sent)

All entries to the London address!

'89-WE LOOK AHEAD-'90

WITH ONLY WEEKS TO GO BEFORE THE NEW FOOTBALL SEASON IT LOOKS LIKE IT'S GOING TO BE ANOTHER IMPORTANT YEAR FOR THE GAME.

Here are some of the things we'd like to see happen over the coming months. Most immediately we hope to see the end of I.D. cards and "Pixie" Moynihan. At the moment it looks less likely that the I.D.scheme will be in place before the start of the new season. Let's see it finally buried as the Tories worry even more about their arses in Parliament. The prospect of all seater stadiums and the threat to the terraces will grow even larger over the next season. (FIFA has decided that all World Cup ties be played in all seater stadium from 1992) It won't lead to better safety, just lower attendances and higher admission charges pricing out many of us fans from watching our own game. We await the battle ahead.

Talking of the money that WE put into the game its time that we the fans got more of the benefits such as better safety and better facilities, rather than paying for the building of executive boxes, we will never be able to use, or inflated transfer fees, which do fuck all for the game as a whole except benefit a few clubs at the expense of the rest.

IT'S GOOD TO SEE THAT GLASGOW

Mo Johnston

RANGERS HAVE DEALT A BLOW TO THE RELIGIOUS BIGOTS IN THEIR FOLLOWING WITH THE SIGNING OF CATHOLIC MO JOHNSTON.

Even though he's a mercenary bastard who showed little loyalty to the fans of his former club Celtic. We hope to see this trend continue and that either the bigots grow up and realise there's better things worth fighting than opposing fans or Fuck Off. We'll watch with interest any further developments. We hope to see the continuation of the spirit shown by the fans after

Hillsborough. It showed that we can work together and are not the "ANIMALS" that the press would like everyone to believe. The Fanzines and supporters groups will continue to play an important role in this. and we hope that the links and friendships made spread throughout the country and abroad. Will the 1989/90 season see the first true international football fanzine? And finally, let's keep giving those rich scum directors, officials and other associated parasites who continue to ruin our game the big boot. Let's make the coming season the best yet. Let's make it OUR SEASON.

TRY AGAIN

IT SEEMS NOTHING IS SACRED FROM PROPERTY DEVELOPERS. NOT EVEN THE WELSH NATIONAL GROUND, CARDIFF ARMS PARK, AND NEIGHBOURING STADIUM NINIAN PARK! Developers want to demolish the two stadiums, to realise what they call "Tens of millions of pounds profit locked up in the site". They suggest moving the stadiums to Leckwith.

Lets hope local opposition sends them packing, like Charlton supporters managed recently when they saved the Valley from other such scum.
