# IT'S A SELL OUT!

HERE'S ISSUE 40 OF BRITAINS FASTING GROWING POLITICAL PAPER!

The new style Class War went down a treat with you, our readers. We had to increase our print run by 50% just to keep up. But we still managed to sell out early!

As you may of noticed, we've got a distribution deal which will be putting Class War on the shelves of record shops. So now you ain't got no excuse not to get your red-hot copy of Class War every time!

PS, If you can't see it in your local one - ASK! Anyhow, enough of the chat - GET STUCK IN.

**MILLIONS AIN'T PAYING AND THATS OFFICIAL.** Councils are in cash crisis right across the country as people say "I'm not paying".

In many areas a whopping 50% of people have ignored their bills. Worst hit are the 21 areas who are 'tax capped'.

"We are seeing mass non-payment on a massive scale" moaned one cash-strapped council. "If this goes on local government will collapse", whinged another.

**THEY AIN'T SEEN NOTHING YET!**

# WILL WE PAY ... WILL WE SHITE!

**SINCE THE ANTI-POLL TAX RIOT IN TRAFALGAR SQ ON THE 31ST MARCH, THE POLICE AND THE ESTABLISHMENT HAVE BEEN DOING THEIR BEST TO FRIGHTEN PEOPLE INTO SUBMISSION.**

There has been loads of publicity about how the filth are going through videos and press photo's to identify the rioters. This is a deliberate ploy to try and scare working class militants into keeping a low profile.

The plan is to try and force us 'underground' where they know we will have less influence, in order to neutralize the fightback against the poll tax. The Labour party have been right at the front of this, with Roy 'fatman' Hattersley ranting about the "severest punishment" for those responsible for the riot. Labour councils have even threatened people speaking out with the sack!

There is nothing strange about this, Labour don't give a toss about working class people. All they're interested in is getting into power so they can have their turn at managing British capitalism. They say "keep quiet, don't do anything, and vote for us in two years time". *We say, fuck 'em!*

But their plan ain't working. Despite all this harassment local anti poll tax unions are THRIVING! "Bin 'em and burn 'em" rallies are happening all over the country, and people are already organising to defend their communities against the bailiffs when they try to seize the property of non-payers.

But there is still a lot of work to be done. It seems likely that the local authorities will attempt to forcibly collect poll tax through seizing the wages of non payers. So it is essential that we start to organise at work so that employers know that any attempt to dock people salaries will be met with the fiercest resistance.

Similarly, council and DSS workers MUST refuse to cooperate with any attempt at forcible collection, if only for their own safety. It's a sad fact that

many people see the innocent person behind the counter as being directly responsible for their problems.

Public service workers already get loads of hassle due to the policies and mismanagement of their bosses. The poll tax will only add to this unless people see that they are willing to join the resistance.

The fightback seen so far has been an inspiration to us all, but we must not let it all be wasted, now is the time to step up the fightback. **LETS MAKE IT A LONG HOT SUMMER FOR THE BASTARDS!**

**MILLIONS DODGE POLL TAX**

CRIS ANDERSON  
COUNCILS through-  
England faced a  
crisis last night  
cause: MILLIONS  
ve not paid the poll  
x.  
Half of those liable to  
pay have ignored  
demands in many areas.  
Local authorities are col-  
lecting between 20 and 30  
per cent less in tax than  
they expected.  
A local government  
union official warned: "If  
this goes on local govern-  
ment will collapse."  
He is seeing non-pay-  
ment on a massive scale.  
The 21  
worst hit  
are the 21  
areas who  
are 'tax  
capped'.

They have only col-  
lected on average only  
half the amount due.  
A spokesman for the  
Association of Metropol-  
itan Authorities said: "Cap-  
ping has resulted in a  
great deal of confusion."  
"People do not know  
whether they should pay

happens to the legal chal-

**IF YOU CAN'T SEE IT ON THE SHELF ASK!**

**SHOPPING SPREE**

Inmates in an Australian prison used their imaginations to take advantage of a recent strike by screws.

They posed as prison officials to place orders on the phone, including one for 312 takeaway pizzas and tonnes of quick-setting concrete!!!

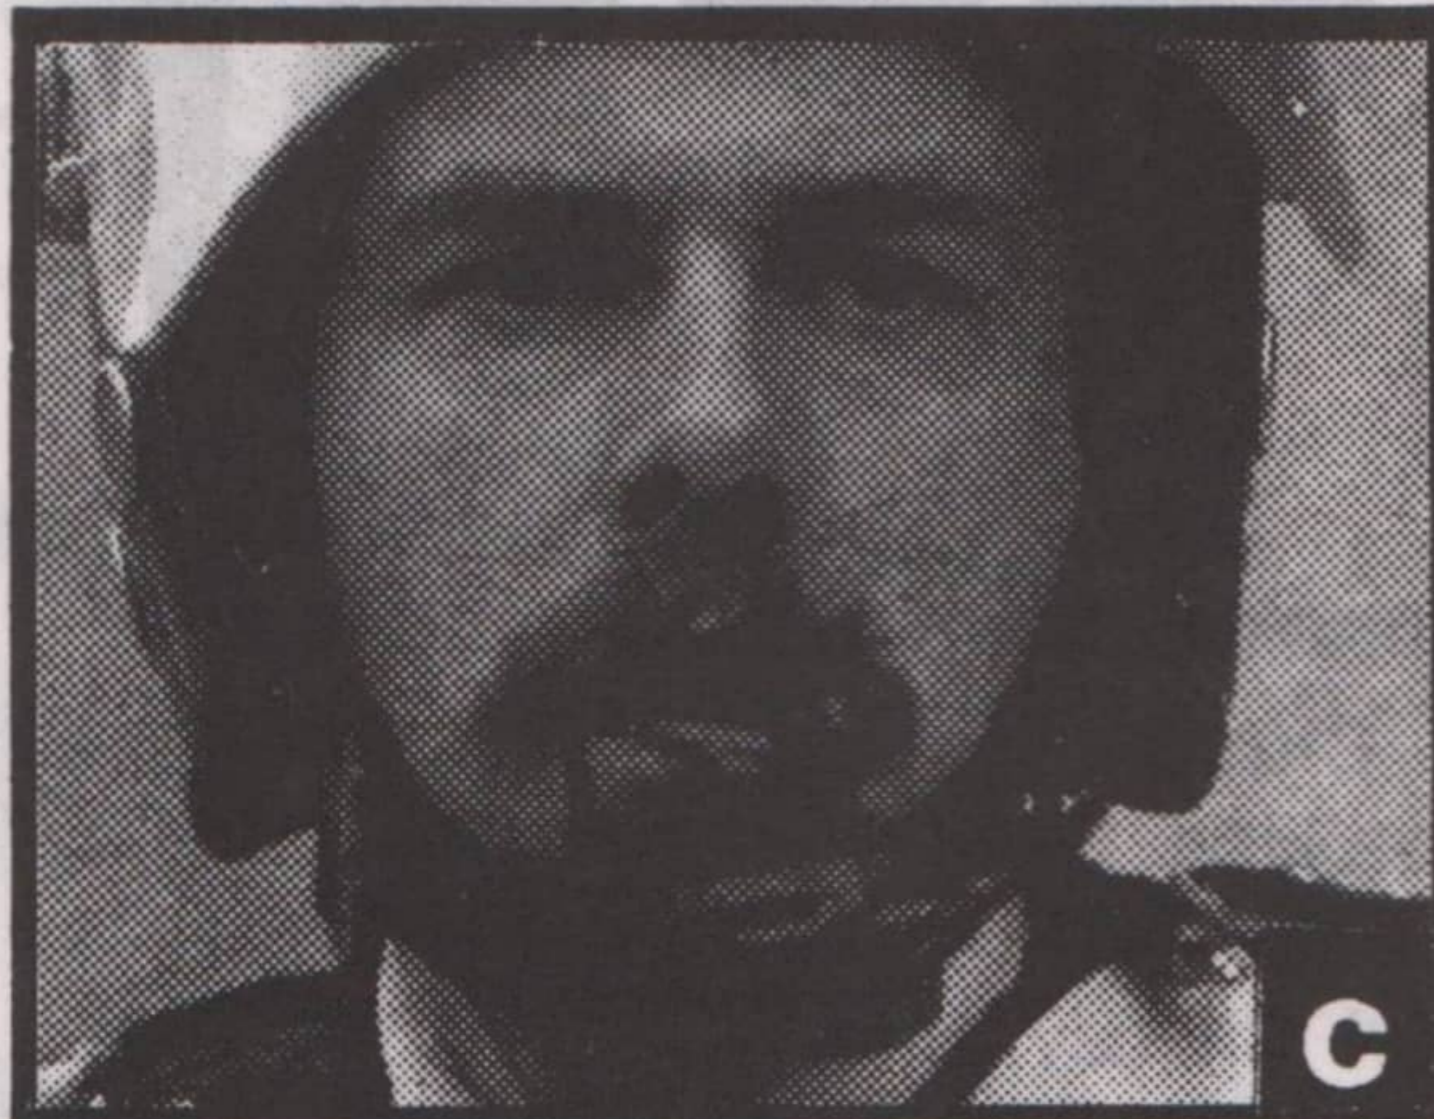

**BATTERED!**

Toffs from a posh wedding party got a right battering when they decided to go into a local chippy in the Yorkshire village of Slaithwaite.

The locals started calling them yuppies, and when they had the cheek to answer back by calling them 'peasants', fists started flying and the toffs ended up going home in a ambulance!

**Nice one!**

# IF YOU KNOW 'EM CHOP 'EM

**CLASS WAR HAS HAD 150 OF IT'S SPECIAL INVESTIGATORS POURING OVER THOUSANDS OF PICTURES FROM THE BATTLE OF TRAFALGAR.**

And in the interests of working class justice we have bought you a 'rogues gallery' of coppers who we've identified as committing brutal acts of violence against poll tax protesters.

Most coppers who were out of order on the day, were dealt with (320 of 'em) but nevertheless these scum managed to avoid justice, and in the interests of public safety, we are warning you about the above, **SIX MOST WANTED FILTH!**

**COPPER A - SEEN PUTTING THE BOOT INTO A ST. JOHNS AMBULANCE MAN.**

**COPPER B - 'HAIRY FACE' SNAPPED JUST BEFORE PUNCHING A SMALL CHILD**

**COPPER C - SEEN BITING PEOPLE ON THE NECK, BELIEVED TO BE VAMPIRE!**

**COPPER D - KNOWN TROUBLE-MAKER. SPOTTED AT BRIXTON, TOXTETH, AND MORE RECENTLY BOURNEMOUTH.**

**COPPER E - SNAPPED MOMENTS BEFORE HITTING ELDERLY WOMAN.**

**COPPER F - ENOUGH SAID!**

When interviewed, the tearful Mum of Copper F said; "He used to be a nice boy. Always helping out round the house, then he moved to London and started hanging round this bad crowd who all wear these strange blue uniforms. I've given up on him".

## P-P-P-PICK ON A PENGUIN!

**THE TOP THREE PUBLIC SCHOOLS IN BRITAIN, WHERE THE TOFFS SEND THEIR BRATS TO TRAIN THEM TO BE THE NEW BOSSES, HAVE BEEN WHINGING ABOUT THE BEATINGS THEIR PUPILS ARE GETTING AT THE HANDS OF ANGRY LOCALS.**

It's got so bad at Eton (where the toffee nosed gits are known as 'penguins' on account of their stupid uniform) that the Headmaster decided to let the them wear jeans when they

go into town. But a toff is still a toff, whether he's in uniform or overalls, and there was no fooling the locals.

One pupil moaned; "If we go into town wearing Levi's we still get beaten up"! The manager of the local McDonalds said "We treat the pupils like any other customers, the problem is the rest of the customers don't!"

Winchester College, down on the south coast, is having similar problems. The rich pupils are unable to leave school on Saturday nights on account

of them getting attacked by local squaddies!

And top London public school, Harrow, has banned its privileged pupils from going into town at night after a spate of recent 'toff bashing' on the High Street!

Whilst we have to learn in crumbling comprehensives that probably haven't

had a lick of paint since they were built. These spoilt brats of the rich, titled, and famous pay up to £9,000 a year to get a education that will elevate them to be the new boss class.

If they get the occasional kicking while they're there, **SO MUCH THE BETTER, THEY DESERVE EVERYTHING THEY GET!**

## KEN CLARK KILLER!

**IT HAS RECENTLY BEEN REVEALED THAT AT LEAST 50 PEOPLE DIED BECAUSE OF THE AMBULANCE DISPUTE.**

All these deaths have been linked to the bizarre tactics adopted by Health Minister Kenneth Clark which included directing calls away from ambulance

crews, confiscating emergency life saving gear, and calling in the Army.

50 people died so that the government could win its propaganda game. And at the end of the day all the crews got was a harsh lesson on where union officials and their loyalties really lie...

**THE NEW BOSSES ...**

## YOU ARE SCUM!

**JULIE BURCHILL YOU ARE SCUM! SCREAMED MUSIC RAG NME ... AND FOR ONCE THEY'RE RIGHT.**

Julie Burchill is the ex-punk columnist who made it big by writing Tory 'greed is good' type articles in magazines like The Face and Time Out. She's finally made it to the top of the shit-heap, and now writes for the arch Tory newsheet (or should it be shit?) the Mail On Sunday.

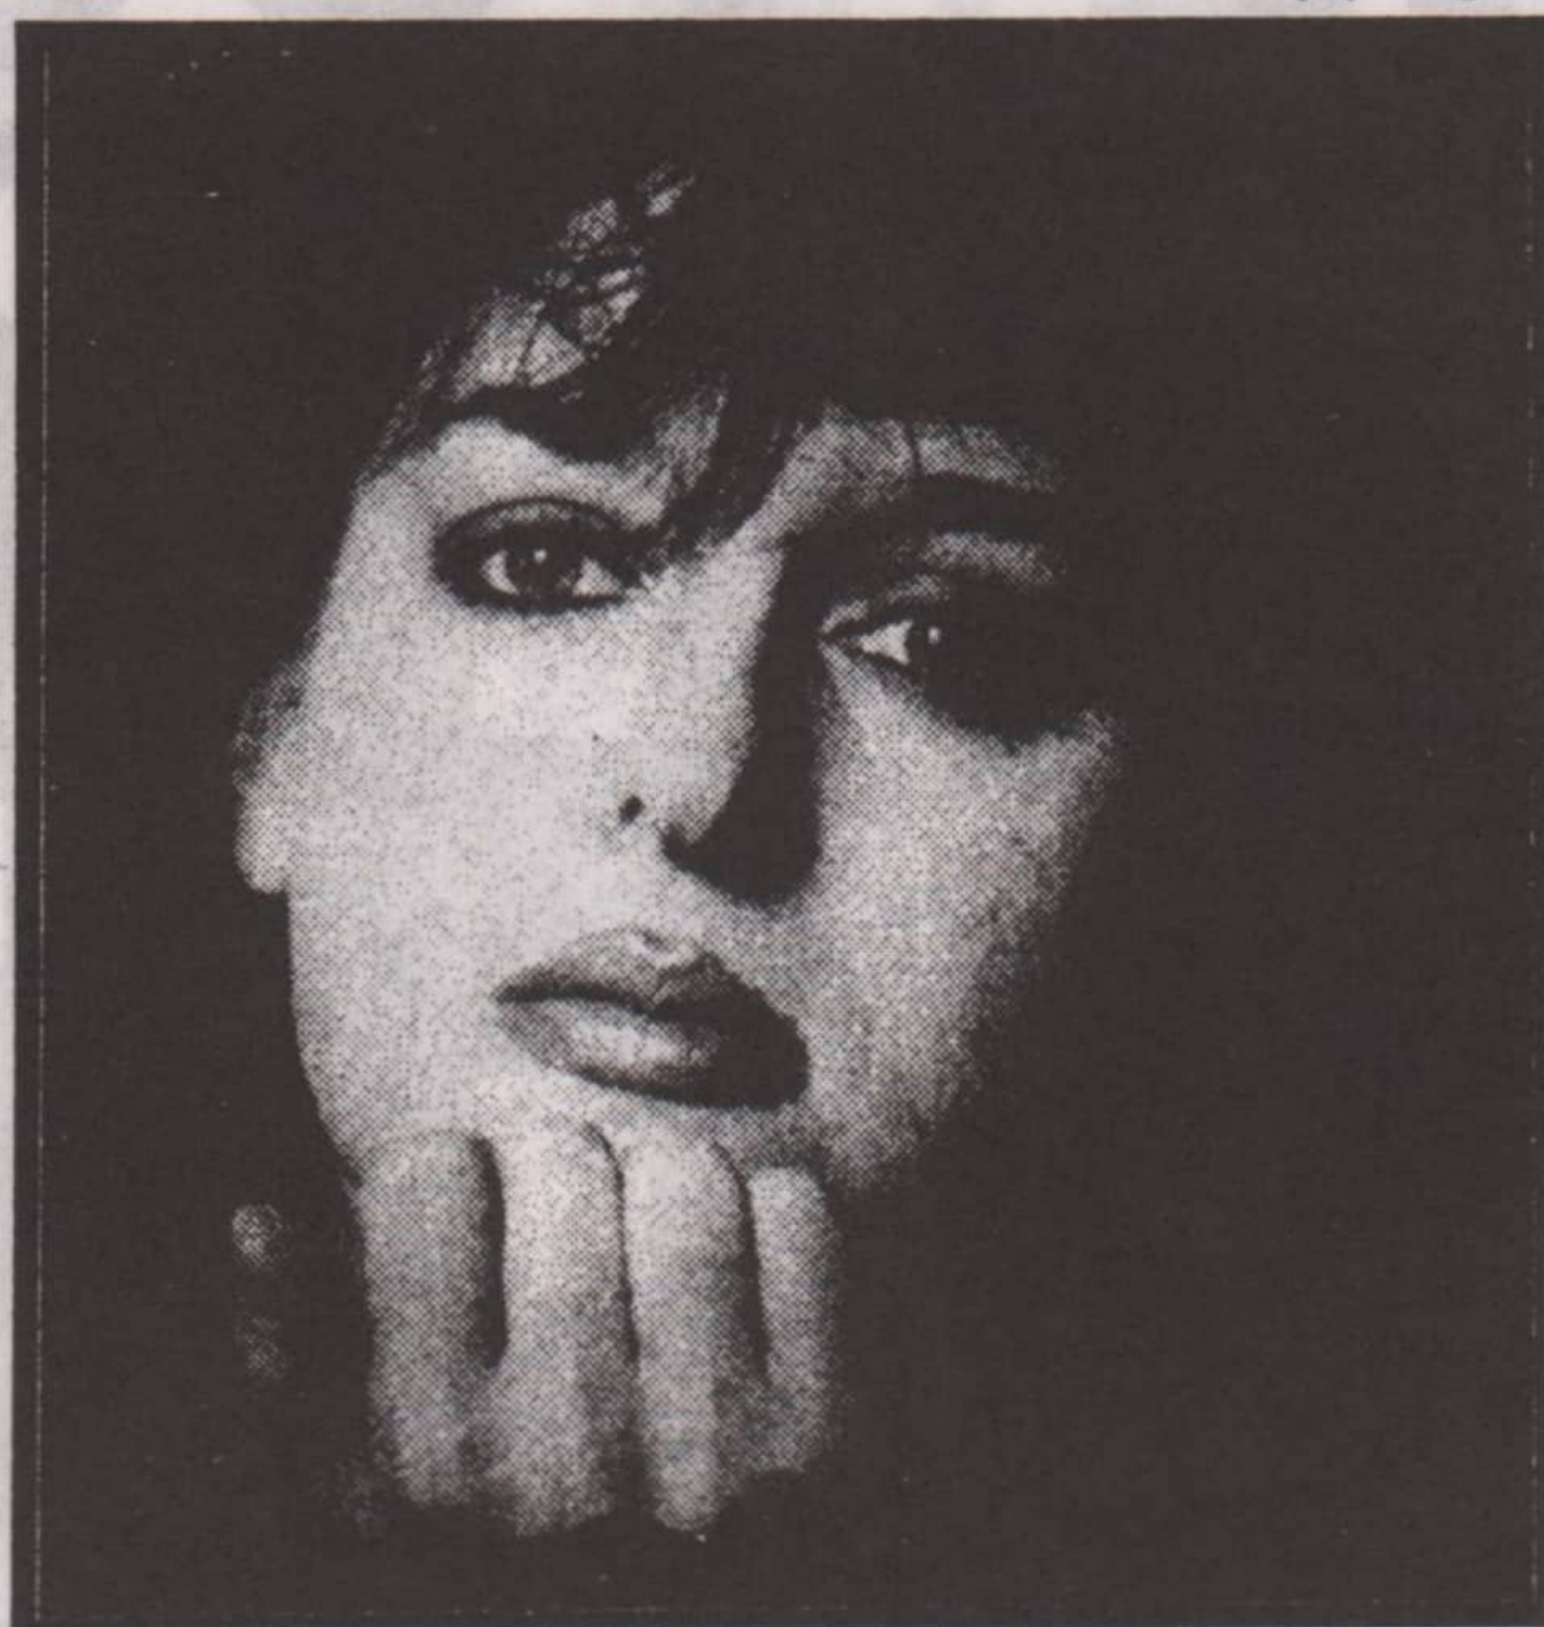

When she's not busy spending the whopping 60 grand a year they pay her, to write just three articles a week! She's busy writing other crap like the book she's just published called 'Ambition'. This is a classic 'shopping

and shagging' blockbuster set in the sordid world of Fleet St, and is no different from the usual sexist crap you'd expect.

So why bother? Well, what makes Burchill so different, is that she's a card carrying member of the Communist Party of Great Britain! "I am still a communist" she says, "I'm the only true communist left in the world, but at home I'm a Thatcherite".

She reckons that the Poll Tax is fair and good, and that Stalin was a good bloke! Now the CPGB has been going right down hill these last 20 years, but I don't reckon anyone thought it was so bad that they had scum like Burchill as members.

*Apart from anything else, she sounds like she's a few bricks short of a load!*

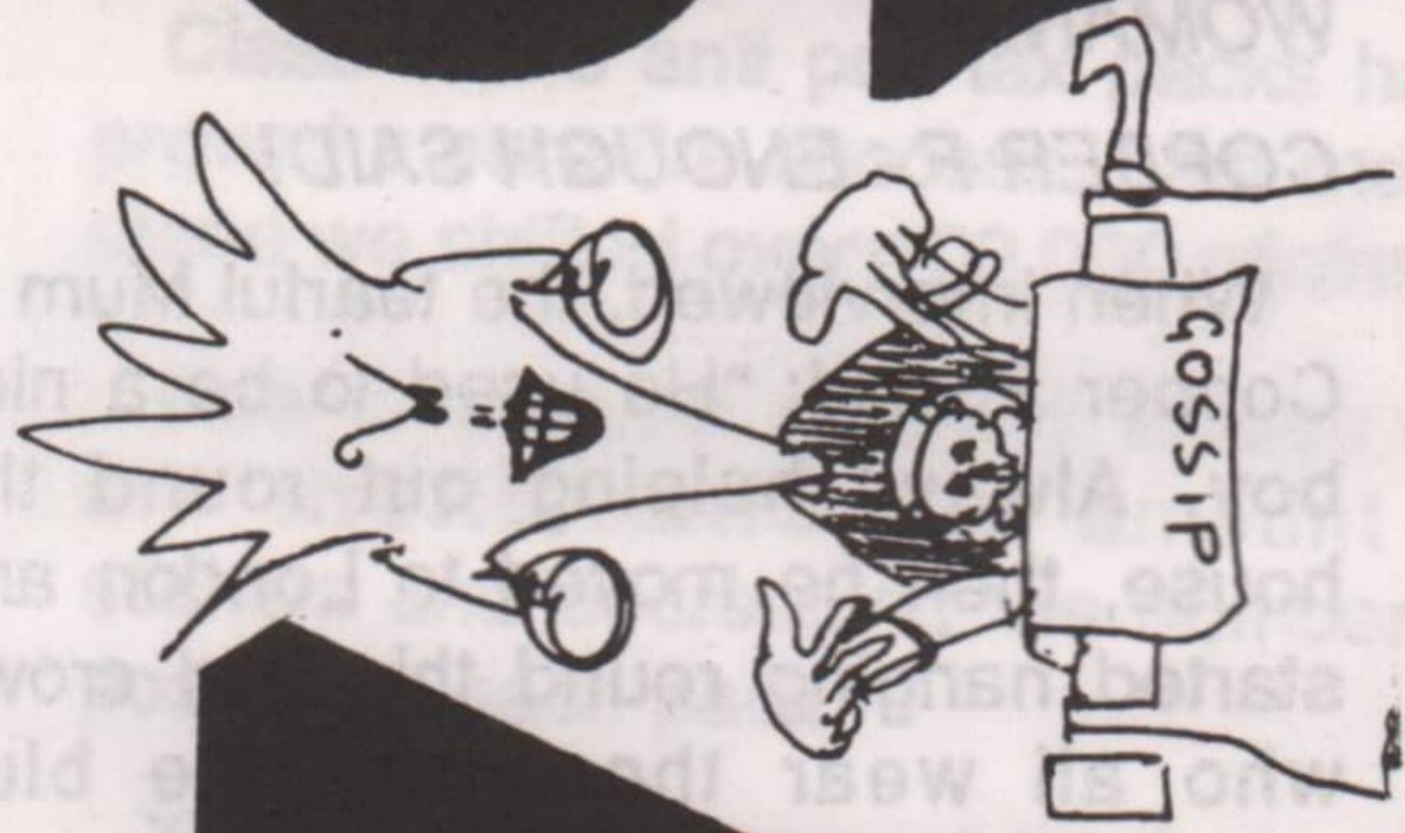

## PRAT

**THAT ALL ROUND PRAT, AND WELL KNOWN WIFE BEATER, JIM DAVIDSON, FINALLY HIT SOMEONE WHO WASN'T A WOMAN THE OTHER NIGHT.**

Whilst out in one of London top clubs, Jim was set upon by a bloke who was pissed off by Jim's obsession with the Falklands war, and how great it was.

Look Jim, if you reckon the Falklands are that brilliant, why don't you fuck off out there on a one way ticket. Don't worry, no one will miss you, and since no woman is ever going to put up with your sexist crap, you'd better take your wellies, 'cos from now on its only sheep for you!

## SLAPHEAD!

**PAUL HEATON, SINGER WITH THE 'BEAUTIFUL SOUTH' SAYS FUCK THE POLL TAX!**

The ex-Housemartins front man, says that he ain't registered either and that 'There will be a hell of a lot of people who won't pay. There are all sorts of ways of going about it.'

He's one of the few 'popstars' who've said they won't pay, the rest of the whinging bastards, including Krays stars-the Kemp brothers, have made all the usual noises- "Oh isn't it bad", but won't give up their champagne and cocaine lifestyles to do anything about it.

I expect they're all busy waiting in line to take over from Phil 'Slaphead' Collins, as Prince Charles favourite polo chums.

## BLASTED!

**I'VE HEARD OF A RIGHT ROYAL BUST-UP DOWN IN THE COTSWOLDS, DUBBED THE 'ROYAL TRIANGLE' ON ACCOUNT OF THE WALL TO WALL PARASITES YOU GET DOWN THERE.**

It seems Lady Edith 'Clumsy' Foxwell, is planning on suing Princess 'Horse face' Ann. What happened was that Clumsy's two pet dogs were out for a walk, on land owned by Horse face. When a game keeper employed by Horse face decided to blast them both with a shotgun!

Clumsy's odd-job man, who was walking the two dogs, was none to chuffed about this, and writs look set to fly! Clumsy, who

suffers from a inherited disorder, caused by generations of in-breeding. Is still in hospital recovering from a broken shoulder she got when she did a nose dive down stairs!

Some of her more resent 'accidents' include; falling over the dancer Wayne Sleep (16 stitches in her mouth) and breaking her jaw when she rode into a tree, while out fox hunting. *Couldn't happen to a nicer person...*

## PARASITES!

**I CAN EXCLUSIVELY REVEAL THAT THE LABOUR PARTY'S NEW (OR NOT SO NEW) IMAGE IS ALREADY ATTRACTING JUST THE SORT OF PARASITIC YUPPIE FILMSTAR THAT NEIL PILLOCK SEEMS SO KEEN ON.**

When it was revealed that the woman on the front cover of Labour's new policy document, is none other than Serena Scott-Thomas (the yuppie from the Fiat Uno ad) who's Dad is a top navy officer, and she was educated at top public school Cheltenham Ladies College. A Labour party spokesman said;

"We are not concerned about her background, she is a supporter of the Labour party, and we welcome the support of people who have gone to schools like Cheltenham Ladies College."

Enough said...

# GET STUCK IN!

## ON MAY 1ST THE TRADITIONAL ANTI COP RIOTING BROKE OUT IN THE KREUZBERG AREA OF WEST BERLIN.

There has been May day festivals in the area for years, and since 1987 these have always ended with the police being the target of thousands of rioters!

This year was to be no disappointment with young Turkish 'guest workers' at the forefront of the petrol bombing. Despite the law using teargas and water-cannon, the people held the area for as long as they wanted.

Over 232 coppers were injured, including one in plainclothes who failed to identify herself quick enough to her

baton wielding colleagues!

Since the unification of Berlin, Kreuzberg has become part of the city centre, and is becoming much sort after by the yuppies, so the pressure is growing on the locals to move out.

The council is trying all sorts of schemes, including saturation policing to keep the local Turks off the streets, one idea they had was to have a 'Turkish youth disco' on the night of May 1st, but only six people went, and even the organiser admitted that the riot 'was more interesting'!

## KINNOCK THE PILLOCK & Co

**IF THE OPINION POLLS ARE TO BE BELIEVED, THE TORY BASTARDS WILL BE SWEEPED OUT OF POWER AT THE NEXT GENERAL ELECTION.**

Thatcher is the most hated Prime Minister ever, and to many working class people the Labour party is the only option. But will things be better under Labour?

The recent 'policy review' has turned the Labour party into a party of the middle class, the most right wing its ever been. Labour realise that the working class will vote for them to get Thatcher out, but to win they need the votes of the middle class. In order to

appeal to them, Labour has had to drop all pretence of being 'socialist'. They are now more behind the capitalist system than ever before.

The near feudal anti-union laws of the Tories will largely stay, with only 'token' concessions made to the unions.

There's no promise of reversing the cuts in public services they now use the same language as the Tories; talking about 'cost efficiency' and 'necessary cuts'.

In short, the Labour party in power will become the Tory party with a red rose between its teeth!

## 10 THINGS YOU SHOULD KNOW ABOUT THE LABOUR PARTY!

- 1) They have used troops loads of times to break strikes. eg, in the 70's to break a power workers strike and the 'winter of discontent'.
- 2) They are in total agreement with all the Tories political and military schemes in N.Ireland.
- 3) Have said 'it will be at least 2 years' after a general election before the poll tax will be replaced.
- 4) At the recent debate on abortion Labour MP's did not have to oppose it, they were given a 'free vote' by Kinnock.
- 5) Kinnock, who condemns all violence from the working class, ain't a stranger to a punch-up himself, he once decked a bloke out in a chippy, and once left a left wing opponent out for the count in a toilet after an argument!
- 6) Labour has ALWAYS stated its support for capitalism, the system that produces unemployment, war, poverty, slums, etc, etc
- 7) Labour has always supported war, right from the bosses World War One, to Vietnam, and all the nasty, murderous little colonial wars in between.
- 8) Are Labour MP's working class? Are they fuck! Most went to Oxbridge, only 1 in 10 were manual workers.
- 9) Labour has always supported 'law and order' ie, one law for the rich, another for the poor.
- 10) The most 'controversial' bit about Labours new policy document is its token support for nationalisation ... **BIG DEAL!**

## MAKE 'EM PAY

**ROBIN HOOD BANK MANAGER HARTMUT HUETTIG, FROM WEST GERMANY, GAVE OUT OVER £25,000 TO SOME OF HIS POOR CUSTOMERS!**

And the best bit, is that ALL the money came from the bank accounts of his RICH clients!

Hartmut, 38, doled out the dosh for almost FIVE years, plundering the lolly from those who would never miss it, he said "why should the rich have everything in this world, its about time we started having an equal share"

*Quite right mate, and by the way have you thought about getting a job over here?*

**CLASS WAR RELIGIOUS FANATICS, IN ASSOCIATION WITH THE PEOPLE WHO BROUGHT YOU MONOPOLY, CLUEDO AND THIS TORY TWAT ...**

**PRESENTS ...**

# EXPLOSION OF EVIL

**YES THAT'S RIGHT 'WADDINGTONS'!**

Class War Religious Fanatics had a call from the big guy in the sky warning us that various ruling class scum/demons were posing (very convincingly) as religious nutters.

To help expose their sinisterly devilish deeds, we present this new game to help YOU spot the real 'Manifestations Of Evil'. If you've been reading Class War long enough you'll be able to spot the Devil inside these top figures, that is invisible to everyone else:

**BEASTLY BRENDON O'RIORDAN**

Governor of Strangeways who blamed the riot on the work of the devil, but in fact is no more than a servant of the devil himself! **LIKES:** Locking people up and general bondage, drinking blood, the full moon...

**BLOOD CURDLING KINNOCK**

An interesting fact is that if you translate 'Kinnock' into ancient Egyptian you get "Devil servant Demon of Slime". Scary eh? **LIKES:** Telling people he's their friend and them locking them up anyway!

**THE THATCHER**

Long suspected Explosion of Evil and Manifestation of Hate. **LIKES:** working class babies blood (for bathing), Mass Misery, and Dennis Thatcher (an obvious sign of perversion)

## "PUTTING THE BOOT IN"

**WITH THE TORY BOAT RAPIDLY SINKING, AND THE RATS ALREADY FLEEING, THATCHERS GOVERNMENT IS DOING ITS BEST TO PUT THE BOOT IN WHILE THEY STILL CAN!**

First they introduce the 'racists charter' (see separate story) and now

they want to bring in a 'class charter' into education.

Despite it being slammed by the Social Security Committee, the Tories want to stop students claiming housing benefit, and dole money for the 14 weeks of the summer break. Now Class War doesn't give a toss about

the poncy, middle class, rich students who flock to the top universities, and swan around for a few years living off Daddies fat bank account. These people are privileged scum. No, what we care about it that this is yet another nail in the coffin for working class education.

By using financial pressure the Tories have succeeded in their aim of preventing a large number of working class people the right to higher education. This is a blatant attack upon us, an attempt to keep us ignorant, an attempt to divide us, an attempt to keep us down, in 'our place'.

If your saintly vision helps you see these 'Explosions of Evil' then you're a true convert. Hallelujah!! If however you can't and you want to be saved, then join your local Class War group, and your sins will be forgiven!

While your at it why not tear down the symbols of all churches and religions, God and the devil, and leave 'em to burn with all the other shit...prisons, poll tax forms, parliament..etc...etc..

## WHAT A SHAME!

Work has been halted in turning a disused Hull school into a Police training HQ.

St John Fisher school was fire-bombed and badly damaged only two days after work had started!

The 'Keystone cops' of the Hull police, who's favourite sport is trying to stop speeding vehicles by standing in front of them! and shooting themselves! are now going to have to find somewhere else to train ... **AHH!!!**

## LUMINOUS YUPPIES!

OUR ROVING REPORTERS HAVE DISCOVERED THAT THOSE DOZY YUPPIE BASTARDS IN BRISTOL HAVE FOUND SOMETHING NEW TO WASTE THEIR MONEY ON.

It seems that these rich filth, no longer content to flaunt themselves by day, are now keen on getting themselves seen by night. Tattoo artists have been flooded with requests for luminous tattoos! These new tattoos (from America) are invisible by day but 'glow' at night so they can be seen in their expensive and fashionable nightclubs!

This unheard of generosity by Bristol's yuppie vermin will not go unwelcomed by poor-sighted readers of Class War in the city, who can now 'mug a yuppie' by night as well as by day!!!

# INSIDE-OUT

**THE BIGGEST PRISON RIOTS IN BRITISH HISTORY! WITH STRANGEWAYS LEADING THE WAY THE WORKING CLASS IN BRITAIN'S JAILS SAID "ENOUGH IS ENOUGH WE AIN'T GOING TO TAKE THIS SHIT ANY LONGER" AND PROMPTLY STARTED ON THE ONLY PRISON REFORM PROGRAMME THAT WE SUPPORT - DEMOLITION!**

What happened in the prisons was not just a riot - it was an uprising. As the liberals and the Left whinge on about the answer being nicer prisons we know different. Working class people inside, and outside, prisons have had enough, what we have had enough of is; unemployment, boredom, frustration, poverty poll tax etc, etc.

Prison is much like life on the outside, the system can only work if we agree to let it, in other words if we consent to it. But things are changing, the politicians and the bosses have cranked up the odds in the class war, that they are fighting against us to such an extent that many in our class are now faced with a clear cut choice; fight back or go

under. To their great honour the prisoners decided to fightback, many had a great deal to lose, especially those on remand.

## PRISON AND THE WORKING CLASS

The vast majority of people in nick are working class people there because they broke the laws designed to keep us all in our place. Meanwhile the real criminals, the bosses, are free to steal our work, kill us in wars, cause poverty and misery, loot the third world etc, etc.

One of the most important things about the prison uprising was the growth in support on the outside. At Strangeways hundreds gathered to show solidarity and give support. This helped keep the men going, this is excellent, because the media try to persuade us that we have nothing in common with the people inside. They say they are animals who should be shot down, that the army should go in.

The fact is most people inside nicks are not a threat to our class, many are in for petty crimes like nicking cars or non-payment of fines. We don't take the view that everyone inside is a wonderful person, that's romantic crap, but we do take the view that people are in prison because of their class.

## LAW & ORDER OR JUSTICE

People go to prison because they break the law - simple. But those laws are there to protect the rich and their property. If you steal from the rich or the state you'll go down for a long time (like the train robbers) if you hurt or kill a rich person you'll go down for a long time (possibly life).

When it comes to us, the courts don't care if we rob or kill each other, but they have to go through the motions of justice to keep us believing in it. When it comes to crimes working class people are really worried about, violence against the old, women and children, the courts always give shorter

sentences than crimes against property. Remember Judge Pickles who said a woman who was raped was "asking for it" or the Marine who recently shot his wife and baby dead, and walked from the court after a ticking off.

## JUSTICE

If we want justice we have to do it ourselves. We don't mean revenge or gangs of 'vigilantes', which is what we have now. Instead of their sick morality, we have our own values, in a nutshell its called SOLIDARITY. We have to argue for this in our class and act accordingly.

This means you don't steal from your own, you don't beat or bully people who are weak, you don't put people down for being black, you don't treat women as inferior and you don't put people down for being gay.

Those in our class who break the solidarity of our class should know

(Continued on Page 8)

# 'STRANGWAYS

## DURING THE UPRISING CLASS WAR HAD PEOPLE THERE EVERY DAY ...

**THE PEOPLE GAVE AN  
ALMIGHTY CHEER. STRANGE-  
WAYS WAS BURNING.**

On April 1st I was watching TV footage of the riots in Trafalgar Square when a newsflash came over the radio saying that the prisoners had taken control of Strangeways.

It was reported that the prisoners had killed many sex offenders.

Getting to Strangeways was difficult, the filth were everywhere. All the roads were closed to cars, and they were trying to stop people from reaching the prison. Myself and many others decided to approach the prison from one of the small streets that converge onto the nick. Little kids were side-stepping the police and shouting

obscurities at them, there were some groups of youths facing the coppers singing "run rabbit run" at them!

Strangeways was burning like hell, and I could see prisoners ripping off slates and throwing them at the screws. Every time a slate was thrown the people cheered them on. The police helicopter was circling with its 'night sun' light on and sirens going at full pelt. For all the press hype, all this did was to piss off the local residents, the prisoners took no notice!

Whilst the prison burned, I could see a prisoner play his guitar with smoke and flames all around him. The Manchester Fire Brigade was all around the nick, laughing and joking with the coppers and screws.

After that first night the weather turned very bitter, ice had settled on the roof, and the prisoners had a new danger to face. It was the Fire Brigade. They started to play the hoses at the men on the roof, it seemed that they were trying to knock the men off! The relatives of the prisoners watched with astonishment, as did hundreds of spectators at what the Fire Brigade was doing to them.

That was when people started to shout obscenities at them. People were asking "does your union know what

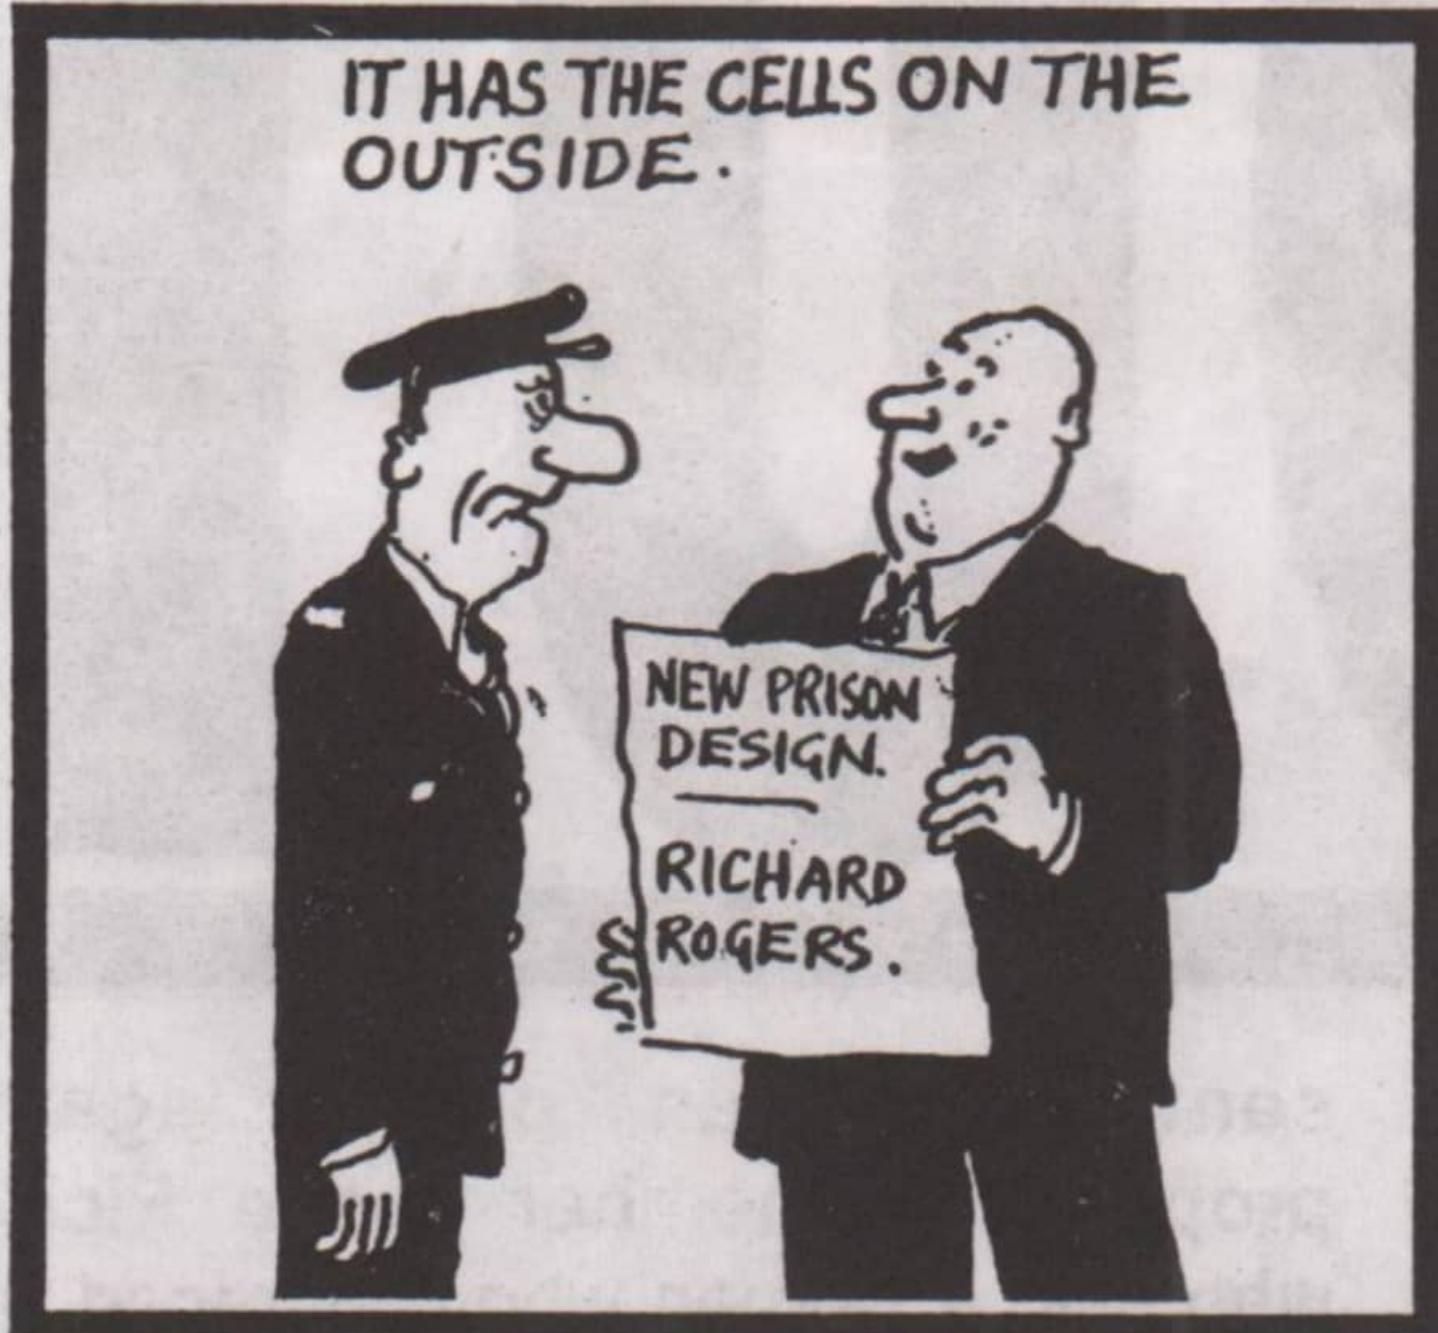

your doing?" others in the crowd wanted to attack them, but people held them back. People who went home that night wrote letters to the press, or phoned their local Fire Station, saying that if the Fire Brigade carried on they would have only themselves to blame, if the next time they went into the

Housing Estates, they were attacked.

Two days later the Fire Brigade withdrew and 'Green goddess's' were brought in.

Throughout the rooftop protest the crowds were full of admiration for the

they will suffer for it. Of course argument and reason must be used to try and stop anti-social acts in our class, but if it fails we have to do what is necessary.

### SCREWS

These people, like the police, are from the working class, but have crossed the line to the other side. They are not workers in uniform, they are traitors who work for our enemies. They enjoy their work, one of the perks of the job is that they are allowed to feel powerful by humiliating, beating and even killing us.

In some places their bullying and brutality drives people to suicide, just look at the infamous Rislely Remand centre. Some of their tricks include pissing on prisoners beds, spitting in food and lacing dinners with broken glass. And we are supposed to feel sorry for these people when prisoners riot! It's time to give these bastards a taste of their medicine on the outside.

The screws stay in control of prisons by force, and by creating divisions between prisoners, setting up a pecking order to keep them in their place. Just like life outside.

### SEX OFFENDERS & RULE 43

These people sum up all that is shit in our lives. This society actively portrays women as bits of meat, and when some twisted fucker goes out and rapes a women this same society, with its corrupt and depraved Judges tell us that this is wrong. We KNOW its wrong, and we KNOW WHY its wrong.

As this society becomes more fucked up, child abuse, anti-women ideas and even ritualised abuse and murder of children is becoming more common. The people who do these things are SICK and need TREATMENT, some of them will never get better and will

always be a danger to the rest of us, and yes they should be kept confined.

At present rule 43 prisoners get a hard time inside. They are beaten and abused by other prisoners, this is only possible because the screws arrange for it to happen, indeed they wind prisoners up to attack rule 43 prisoners. The screws do this to divert hatred away from themselves. The beating of rule 43'ers is an official safety value, used by the screws and governors to stop the prisons exploding.

For these reasons we are AGAINST the beating of rule 43'ers. They are sick fucked people. Our real enemies are the screws, it takes a lot more courage to give a screw a beating than a nonce, because you know you'll get it back, with interest!

### THE WORKING CLASS AND PRISONERS

Up till recently many of the working class have swallowed the ruling class propaganda that those in prison are animals, and should be treated accordingly. These people have, in the main, been those who consider themselves 'respectable' and 'play the game'.

These people have to understand that prisoners are not scum. When they themselves get involved in strikes, or poll tax activity, as many are, if they get sent to prison then being 'respectable' makes no difference to the screws. The miners and the Printers found this out to their cost.

Finally its important for us ALL to see prison as a result of living in a class society, and not a question of who's good or bad.

# WAYS BURNS!

## SEND IN THE SAS SCREAMED THE PRESS

As more and more support was growing outside Strangeways for the rioters. The press were screaming for the SAS to be sent in and end the riot. Many people shouted warnings to the rioters that the SAS were inside the nick. On hearing this Alan Lord (rioter) wrote on the blackboard "They're shit! We are waiting for them"

Day and night people were taking the piss out of the screws. They kept asking them "Where are special trained screws" "Why don't you go onto the roof to bring them down", The kids took the piss by shouting "Show us your catapult"

The screws and coppers made daily excuses to the media saying why they couldn't clear the roof (they didn't relish the thought of hand to hand fighting!) On the last day of the siege 300 specially trained, riot busting screws, backed up by riot coppers, gained access UNDER the roof where the prisoners were.

enlarge a hole on the roof, the plan being to string barbed wire across it to stop the prisoners running up and down. When the rioters saw what was happening, two of them ran over, took the barbed wire off them! Much to the delight of the people outside who clapped and cheered.

*Later, quite hopelessly outnumbered, the last of the men gave up.*

The motto of the shit SAS is "Who Dares Wins". Well Allan Lord, Paul Taylor, Darren Jones, Martin Bryan, Mark Williams and Glen Williams did DARE, and won! Well what did they win? At a cost of £100 million Strangeways is to be rebuilt, each cell will have its own toilet, more space, less overcrowding and many more improvements. But more importantly, they showed the rest of us

Prisoners in jails right up and down the country, rioted in support of Strangeways. Class War Federation would like to give them a big thank you on behalf of the Strangeways Seven. Well done lads.

The screws were frantically trying to

*(More on page 10)*

prisoners, much to the dismay of the filth. I can recall one young man telling one of the coppers; "if you bastards don't stop talking to people like they're shit. Then I'm going to knock one of you bastards out" and to everyone's amazement, including the filth, he did! The filth tried to nick him, but everyone helped him escape. That what I call community spirit.

## LYING PRESS BASTARDS

As was predictable, the press descended on the prison and the lies came thick and fast. Murder, bloodbath, hangings, castration. In the end the Home Office had to admit that all prisoners were accounted for.

All the press were calling the rioters cowards. But the real cowards are the sadistic screws. Some young prisoners are in jail for the first time, and are subjected to unspeakable acts of sexual perversion by prison officers who know any complaint against them will not be believed. The rioters were consistently shouting from the roof asking for photos to be taken of one certain screw. This officer was turned out to be Mr Duffy, from Claton Le Moor. Class War can reveal Duffy was one of the reasons that Strangeways erupted into unprecedented violence.

Duffy is a bullying maniac, a sadistic bastard who gets his pleasure from beating the prisoners. Especially the young prisoners. In all of Britains jails there are many such men as Duffy. prison officers like him are responsible for the many suicides that are taking place inside our jails.

# WAR!

ES, IT'S OFFICIAL, WAR HAS BEEN DECLARED IN SALFORD, MANCHESTER.

Chief Superintendent Turner at an open public meeting on 22nd of January 1990 said to the youths "If you want war then we've got it".

And while the Manchester Evening News continued to print headline news about Turner's campaign against thugs harassing Salford. The people of Salford have also declared war on the police harassing Salford. THE POLICE are guilty for those who live elsewhere in the country, here's what's been happening that's led to this situation.

As reported in our last Class War (37) the police in Salford are L.A.R.Y. Dirty, Greasy Bastards. Far from there being an improvement in their behaviour, it's got steadily worse. A series of events since around Christmas have led to the state of war that now exists.

**PARTIES**

Several private parties were organised at the premises club over Christmas and into the new year. Despite the fact that the club was being played the only thing that was dancing Crack Zombies to turn the police, who, like the mindless dickheads they are, were looking for an excuse to close the club down.

The parties were legal, and his really enjoyed them. So they plotted an all out assault on the venue for next time.

**PROTESTERS with pit bull terriers besieged a police station after riot cops faced an angry mob.**

The confrontation came after a weekend of tension on the Ordsall Estate.

The 100-strong group protested about police harassment outside the Crescent station in Salford.

**DICKHEADS**

On Saturday the 1st of January hundreds of thugs roamed off the area surrounding the club while the party was in full swing.

They were:

- 1. Police
- 2. Thugs
- 3. The Tactical Arms Squad

the club and no dead body or even gun shot wound was to be found. As it happens a POLICE INFORMER had been shot in the leg (no wonder they were so jumpy) but it wasn't at the club.

Changes are they know this too. The point was that they were making it clear that they were prepared to go as far as they could to make sure everyone knew they were in charge.

**NOT SO SUNNYSIDE**

Sunnyside Court is a high-rise block of flats in Ordsall. The Police have targeted this block for 'special treatment', to help protect 'the decent folk' there (an excuse to criminalise every youth in the flats).

The way they go about supposedly protecting 'the decent folk' is by repeated raids on select people's flats, the destruction of the furniture and fittings in these flats, and the intimidation and abuse of a large number of police suspects there.

The results the Police have got from this terrorism are rubbish.

Usually its only possession of car driving licences (a harmless drug pusher the Police class as low risk or soft).

They do nothing to stop the real crime residents are concerned about, which are muggings, rape, stealing from old folk, and other anti social crimes.

**DOGS**

Often on these raids the Police take their dogs with them. These dogs, often in a semi-crazed state, are let loose on families, homes, or allowed to roam free around whole floors of the flats.

It was a result of this and all the

calling out the "Million pound candle" (helicopter equipped with night vision), as hundreds of Ordsall's residents demonstrated outside. (see above photo).

**A STAND OFF**

On the days leading up to the next planned demonstration on Monday the 22nd Jan, the Police were working overtime. They were:

1. Drawing up 'War Zone' plans, to control a mass uprising in the area.
2. Contacting every liberal middle-class

The Manchester Evening News particularly, has printed every lie and story the Police and local council have fed them.

Such headlines as 'Yob Scum' have been used in a pathetic attempt at convincing the people, that the only people against the Police are 'Dog fighters, drug dealers, and terrorists'.

This is no more than a desperate attempt at 'divide and rule'. In other words, try and convince the Ordsall residents that no matter how bad the Police may be, the alternative is worse. Hardy anyone believes the crap they print, but its a good sign of how worried they really are.

**WHAT NEXT?**

As we want to press a number of further developments came about.

The council, who for years have done bugger all for Salford, except milk it for rent and rates and build crap houses for us, and push houses for the Yuppies. Suddenly woke up to the idea of a civil war.

**WAR DECLARED**

Here and there posers of youths could be seen, some with rocks in hand, a few staying deeper in the shadows had petrol and bottles. The Police moved in early and quickly, solving a protestor's megaphone and dispersing the crowd before it became too big. The situation was a stand off, at any time waiting to erupt.

Meanwhile at a local school, the police were 'meeting the people' to answer criticism. Here was where Chief Insp Turner formally declared war.

He'd have been the first victim of this war there and then if the Police hadn't planned in advance to get tenants' groups, old army types, well off community parasites and gulfers liberal

# DON'T ROB YOUR OWN

**AT LAST IT IS FINALLY HAPPENING 'REAL' COMMUNITY POLICING ... NO NOT THE LIKES OF BERNARD, THE BALD HEADED, BOLLOCK BRAINED BOBBY, ON A BICYCLE.**

But the youths of Salford's Ordsall estate. We've reported before (see CW's 37 and 38), on how the people are fighting back against the filth and their Belfast style policing, in the area.

Well now the residents have taken it one stage further. The youths came together and decided that enough was enough. The burglaries, that plagued the estates working class homes were stopped. From now on no one is allowed to rob from their own, with any

would be Bill Sykes's being told to "fuck off into the rich areas of Manchester" (Salford Quays)

Only one person decided to carry on, it was soon discovered who this person was, and after a fuckin' good hiding he returned all the property he robbed, and saw the error of his ways.

They have also stopped the sale of hard drugs on the estate, and have warned off the dealers from coming into the area. One youth said; "We won't have people robbing of their own, us the everyday working class people, instead of the rich parasite yuppie bastards who live within petrol bombing distance of our estate".

Watch this space for more news...

# SPOT THE DIFFERENCE

*Trick question, there ain't one!* ON THE RIGHT is WPC Fiona Roberts, wheeled out at the Police press conference after the Battle of Trafalgar, who said "You don't expect people to hate the ordinary British police officer".

AND ON THE LEFT...is WPC Fiona Roberts, who was snapped in full riot gear, only this time it was FOUR YEARS ago on the picket lines at Wapping.

It looks like Fiona's been telling porkies! She not the shy, young innocent who's never been in a riot before, that the Met would have us believe!

# THIS IS CLASS WAR

THE CLASS WAR FEDERATION IS AN ORGANISATION OF LOCAL GROUPS AND INDIVIDUALS YOU HAVE COME TOGETHER TO DO SOMETHING ABOUT CHANGING THE SOCIETY WE LIVE IN.

# WHAT WE BELIEVE

THIS SOCIETY IS DIVIDED INTO CLASSES BASED ON WEALTH AND POWER. THE RULING CLASS WHO ARE SUPPORTED BY THE MIDDLE CLASS...AND THE WORKING CLASS. SUCH A SOCIETY IS THE CAUSE OF ALL THE PROBLEMS EXPERIENCED BY WORKING CLASS PEOPLE THE WHOLE WORLD OVER. THIS CAN ONLY BE SORTED OUT BY THE DESTRUCTION OF THE RULING CLASS BY THE WORKING CLASS...THIS IS CLASS WAR! REAL CHANGE CAN ONLY COME ABOUT THROUGH WORKING CLASS PEOPLE ORGANISING THEMSELVES TO DEAL WITH THE PROBLEMS THEY EXPERIENCE, USING DIRECT ACTION AGAINST THE INDIVIDUALS AND INSTITUTIONS RESPONSIBLE FOR THEM...THERE IS NO ALTERNATIVE. VIOLENCE IS A NECESSARY PART OF THE CLASS WAR, BUT ONLY AS MASS CLASS VIOLENCE OUT IN THE OPEN, NOT ELITIST TERRORIST ACTIONS. THE LAW IS MERELY A WEAPON OF THE RULING CLASS AND MUST BE IGNORED AND BROKEN WHEN THE NEED ARISES. THE RULING CLASS DIVIDE US BY GETTING US TO FIGHT EACH OTHER ON THE BASIS OF STUPID THINGS SUCH AS RACE, SEX, SEXUAL PREFERENCE, AGE OR FOOTBALL TEAM YOU SUPPORT. WE WILL DESTROY THESE BARRIERS. ABOVE ALL CLASS WAR BELIEVE POLITICS IS LIFE AND LIFE IS POLITICS. WE REJECT THE BORING CHARACTER OF THE SO-CALLED "REVOLUTIONARY" GROUPS. POLITICS MUST BE FUN, IT'S A PART OF ORDINARY DAY TO DAY LIFE AND MOST BE ABLE TO TAKE THE PISS OUT OF ITSELF!

# DIVIDE AND RULE

IN APRIL THIS YEAR JOHN MACGREGOR, THE MINISTER FOR SCHOOLS, DECIDED THAT THE RIGHT OF PARENTS TO CHOOSE SCHOOLS, WAS MORE IMPORTANT THAN RACE RELATIONS LAWS.

This means that parents can now take their kids away from schools with blacks or Asians in them, and send them to white-only schools- educational Apartheid.

This decision overturns one made by the Commission for Racial Equality, in Cleveland, who wouldn't allow a girl to be transferred on racist grounds. The

girl's parents had wanted her moved because they didn't want her learning about 'Pakastani's and their religions'.

We are right behind the teaching of other peoples' cultures. It can only lead to us increasing our knowledge and understanding. But we are against the teaching of religion, any religion. And here's where the problem lies. It's difficult to separate culture from religion, because most cultures are steeped in religion.

All religions, whether Christian or Hindu, are used to oppress. They force people into conditions and situations

that no one should accept. Women are taught that they are inferior and mens property. They condition us to blindly follow, and not to question our 'lot' in this world. They teach us to accept the most crippling hardships and poverty, by offering us the idea of some sort of 'hereafter' a paradise when we die, but only if we're 'good' in this life. What a load of bollocks!

*Whilst we can't deny peoples own personal faith, we must resist and destroy ALL faiths that try to blind and turn us against each other.*

# YOU SNEAKY BASTARDS!

COUNCILS, DESPERATE FOR THEIR POLL TAX MONEY, ARE TRYING ALL SORTS OF WAYS TO PRIZE MONEY OUT OF PEOPLE.

- In Grantham Lincs, Kesteven council, like many other rural ones, have splashed out on 'Tax Tanks' at the cost of up to 60 grand each! The idea is that these 'tanks' drive from village to village collecting dosh and at the same time "encouraging people to pay".

- Holderness council, nr Hull, tried snooping on people who sent their forms back unopened, by asking postmistress Hazel Bland to grass up who lived there. She told them to "sod off!"

- Kingswood council in Bristol was so desperate to get people onto the electoral roll, and then clobber them for poll tax, that they offered a £200 prize draw for people joining the roll!

WHAT SNEAKY TRICKS IS YOUR LOCAL COUNCIL UP TO, TO COLLECT THE TAX? Drop us a line at PO Box 499, Bristol, BS 99. and tell us all about it!

## SELL OUT REBELS

Dear Class War,

It was great to see one of you on the box, not slagging people off, after Trafalgar square.

I think a lot of people will see the Labour party for what they are after their hysterical outbursts, in which they called for more punishment, for the people involved in the bother, rather than the Tory bastards.

Labour are just scumbags, channelling working class frustration and anger into ineffective channels, where they then sell us out.

Anyway, keep up the good work,

Stan,  
Consett, Co Durham.

**THE RUTHLESS, RELENTLESS BLOODLETTING OF BRITISH COLLIERIES CONTINUES WITHOUT RESPIRE.**

Another two in Yorkshire, Treeton and Shireoaks have been told their lives are over, and two more have been given six weeks notice to 'improve' or be shut down for ever.

The first of these Brodsworth has been under review for 12 months, it had been set production targets which it was unable to meet, and has now been given six weeks to get these targets or it will close.

Hatfield, which was the centre of the recent strike which halted the whole of South Yorkshire in solidarity, has been reserved some different treatment. No 12 month stay for this pit, it has been given six weeks only to 'change its attitude' or close!

No production targets, no identification of mechanical or geological problems - it is the 'attitudes' which must change. Just what are these 'attitudes'. In a nut shell Hatfield NUM branch has preserved large areas of job control and union veto over operations. It is this which sticks in the throat of British Coals insistence on 'managements right to manage'.

The director has complained that "Hatfield Colliers prefer to fight the class war rather than produce coal". In a letter to the workforce he castigates "the resurgence of out dated militancy" it is this the Coal Board wants to destroy, even if it means closing the colliery and wiping out 150 million tonnes of top grade coal.

The NUM is prepared to do what it can to improve operations at the pit, but it will not give up its existence as an independent trade union with its own aims and objectives.

The best thing that can be done, from a class point of view is to ensure the survival of Hatfield NUM, one of the most militant and farsighted branches in the country, by attempting to save the colliery and oppose all plans to prematurely close it.

THE AREA DIRECTOR,  
BRITISH COAL,  
ST. GEORGES,

## BIG DEAL!

Dear Comrades,

**I MUST TAKE ISSUE WITH YOUR ANTI-MANDELA ARTICLE.** It was out of character for Class War, and smacked of the middle class arrogance normally seen in the self appointed leaders of the Leninist left.

"After 27 years in jail Mandela is free - big deal" is Class War so used to doing 27 years inside for a political point, that they can coolly say "big deal"? If Mandela was simply a middle class black nationalist his imprisonment would still of been a crime.

His refusal to give in and accept Apartheid, or to condemn the armed struggle makes him a selfless fighter for freedom, an example of how principle can face down tyranny.

Comrades, the black people of South Africa will write their own verdict on Mandela, and they alone. When any of us have suffered as much for our values and principles as Mandela, then that person can say "big deal".

I think this article highly unworthy of Class War. Nelson Mandela is a hero of the worlds oppressed people and a symbol of its unquenchable thirst for justice.

All the best,  
Dave D,  
Doncaster.

REPLY;

*We have made this same point on the issue many times in the past, and we sure as fuck ain't going to change it now just because everybody from George Bush to George Michael thinks the sun shines out of his arse.*

*Our use of the term "big deal" was NOT meant to imply that spending 27 years in a S.African jail is an easy option. We merely wanted to point out that his release should not be viewed as a victory for the S.African working class.*

*Mandela was well aware that the S.A. government was desperate to free him. They need him to placate the masses, so they can get on with restructuring S.A. capitalism. He WILL perform this task faultlessly, hasn't he already backed down on the nationalisation of certain industries?*

*You are right, the black working class will write their own history, but to say that Mandela must not be criticised because he's "a hero of the worlds oppressed" is wrong. Does that mean we can't criticise Lenin or Mao Tse Tung, because millions supported them as well?*

*Mandela's release means the end for Apartheid, but it will only be working class themselves who destroy capitalism.*

Dear Class War,

I recently got a 'Turbo' sub, and was very pleased to find that there are people out there with a similar political outlook to myself.

However, I do have one point of difference. In 'This is Class War' there's a bit saying "a minority of the middle class regard themselves as pro working class ... these peoples interests will never be the same as ours." Amongst others, you apply this to students.

This is far to generalised as there are some working class students, although not for long if the bastard government gets its way! Those of us who have made it into further education shouldn't be hassled for doing so.

You make a big point about saying how the ruling class try to divide us on the basis of things like race, sex etc. It seems like your doing the same thing! Dividing us from the rest of our class on account of us going into further education.

But the other bit where students are directly mentioned ("unlike much of the trendy 'student' Left, our politics are not a game, for us our lives depend on it") is very astute.

This is a perfect description of many of the people I know at college. They usually come from middle class backgrounds and either pretend, or do, hold left wing views. As soon as they graduate and see a fat pay cheque they conveniently forget their previous values, and usually do as much as possible to perpetuate the current system, to protect their money.

Cheers,  
Andy,  
S London.

REPLY;

**WE COULDN'T AGREE WITH YOU MORE!** We recognise that there are working class people who have made it into further education, (some are in Class War).

But when we talk about 'students' or the 'student left' we mean the type of person you mention in the last bit of your letter. The sort who 'play at politics' or 'slumming it' for few years until they get fed up, and go back to mummy and daddy and become the new generation of bosses.

# OUR TIME HAS COME

**THE 1990'S LOOK SET TO BE AN ERA OF MASSIVE CLASS STRUGGLE, IN BRITAIN, EUROPE AND THE WORLD AT LARGE.**

The opening up of new markets in East Europe and South America, accompanied by a huge increase in the availability of cheap labour will start a massive change for world capitalism. This will be the advantage of the bosses and to the loss of the international working class.

However, failed revolutions in East Europe, which have bought the workers nothing more than the right to speak about their exploitation, have shown that without the existence of an international anti-capitalist organisation rooted in the working class, NOT preaching from above, there is no guarantee that class struggle will develop into all-out class war.

In Britain there are new political opportunities for revolutionaries. The Labour party has moved so far to the right that there is fuck all difference between them and the Tories.

More and more people are becoming disillusioned both with Labour, and the whole system of parliamentary 'democracy'. They are becoming more and more open to new ideas...and thats where we come in!

The publicity given to anarchists and Class War in particular after the Poll Tax riots means that working class people are curious about us: paper sales have increased massively up and down the country, and inquiries from people wanting to join are flooding in.

But this isn't enough. If we are to become a truly influential organisation within the working class then we need to be MUCH BIGGER. The time has come for revolutionaries to get off the fence and put their money where their mouth is. Its no good having revolutionary views if you do fuck all about the world you live in - and that means getting ACTIVE and getting ORGANISED!

THE NATIONAL CONFERENCE OF THE CLASS WAR FEDERATION HAS DECIDED TO ORGANISE AN INTERNATIONAL CONFERENCE IN 1991.

With collapse of the Eastern Europe regimes, and the arrival of the Single Market in 1992 Internationalism becomes not only more possible, but more essential.

We shall face a united European ruling class. We hope that a new movement will come from this week of meetings and rallies we will organise; a movement that will wipe the arrogant smile from the greedy faces of the rich and powerful.

This conference will not only be for the supporters and activists of Class War. We welcome anybody interested in forging a new class struggle movement (beyond Nationalism, Marxism, Syndicalism and Separatism) to help us in organising this ambitious project.

We particularly need people who speak a number of languages. We are also trying to set up contacts in all European countries. We urge our European readers to help us. Anybody from outside Europe who would like to attend is welcome.

# WOT A BALLS UP!

**THE GUTTER PRESS COVERED THE EVENTS 'AT BOURNEMOUTH WITH THEIR USUAL HYSTERICAL REACTION.**

What really happened was a massive balls-up by the football authorities in placing the fixture the last match of the season, on a sunny bank holiday weekend, at a seaside resort club, against a club with one of the largest following in the country.

Added to this was that the match was a decider for the second division championship and promotion for Leeds. Its blatantly obvious that the 2500 ticket allocation for Leeds was going to fall pitifully short - (Leeds has 15,000 season ticket holders!) So thousands of fans made their own way down to Bournemouth in the hope of getting tickets there.

For the media to claim that these thousands of people were all hooligans and not fans is way off the mark. Most will have followed Leeds all season, and wanted to be a part of the celebrations. Admittedly, Leeds does still contain an element of fascist scum, but for the media claim that the violence was 'preplanned and orchestrated' is crap!

*The media seem incapable of understanding that ordinary people, when they are fucked off enough, will confront the authorities by themselves, and don't need so called 'agitators' to stir them up. The only trouble makers that day were the 1000 riot cops on duty, hassling and herding people about - only this time Leeds fans who couldn't get in fought back, and had their own 'match'*

## FROM FSA TO SWEET FA!

**WHAT'S GONE WRONG WITH THE FOOTBALL SUPPORTERS ASSOCIATION AND THE FANZINES?**

When the ID card scheme appeared the cynics said nothing could stop it, the optimists produced leaflets, banners, petitions etc, the experts said it would be dangerous and the clubs said it would bankrupt them. And we won!..

As ever, ungraceful in defeat, the Tories came back with the crackpot idea of All Seater Stadiums, supported by all manner of football 'experts'. What killed the people at Hillsborough wasn't too many people in the ground,

or because they were standing. It was the fences, the police, cost cutting and the need to start a TV match on time.

But still the 'experts' support ASS's, and so do the clubs (especially if they can get grants to build them) Why?, well seats = profits. So what keeps the FSA and some fanzines quiet, are they scared of confronting the same thing that keeps people on the dole, in dead end jobs or living in slums?

Football is business, and the Tories want to rationalise and control it. For us this means the destruction of football as we know it. You want to know how they want football to look in 10-15 years? Then look no further than the USA where 'American football' equals Big Business, corrupt, passive, and franchised. Stand strong, united against all seaters.

## FOUL!

**THE BMW DRIVING SON OF COVENTRY CITY BOSS JOHN SILLETT, IS TRYING TO MAKE A PACKET OUT OF ADVISING PEOPLE HOW TO AVOID POLL TAX.**

John Sillett Jnr, who's dad manages the First Division team, is advertising in national newspapers, a £2.50 book which is packed full of crap like \*EMIGRATE \*BECOME A NUN \*GET PARKINSON'S DISEASE \*BUY A TIN MINE.

Sillett, speaking from his posh West Midlands house, said "It's not a con, I'm going to buy my own Tin Mine soon!"

This BMW driving brat, is just one of the money-grabbing bastards who are trying to make a quick buck out of the poll tax, and like the rest of them he deserves a good smack in the teeth!

# WORLD CUP SLAUGHTER

**ONCE AGAIN THE GREATEST FOOTBALL EXTRAVAGANZA IS UPON US. FOOTBALLING STARS SUCH AS MARADONA, GULLIT AND VIALI ARE DESTINED TO LIGHT UP OUR LIVING ROOMS AS THEY TURN ON THE STYLE.**

Unfortunately 23 people who planned to watch the tournament can't. These 23 people were murdered at the hands of the business men, as they pushed to complete the building of the 12 venues. 700 other construction workers have been injured, many seriously.

World Cup organisers are 'concerned'. Concerned about the delays in finishing the venues, and not with the plight of the workers. The most concern is directed at the San Siro Stadium, Milan, where the pitch has had to be regressed. This is also the location of the opening game, and before kick off a minutes silence is to be held for the workers killed, ample time for the champagne glasses to be refilled as the Business men sit in their luxurious private boxes and gloat over the fat profits they'll be racking in.

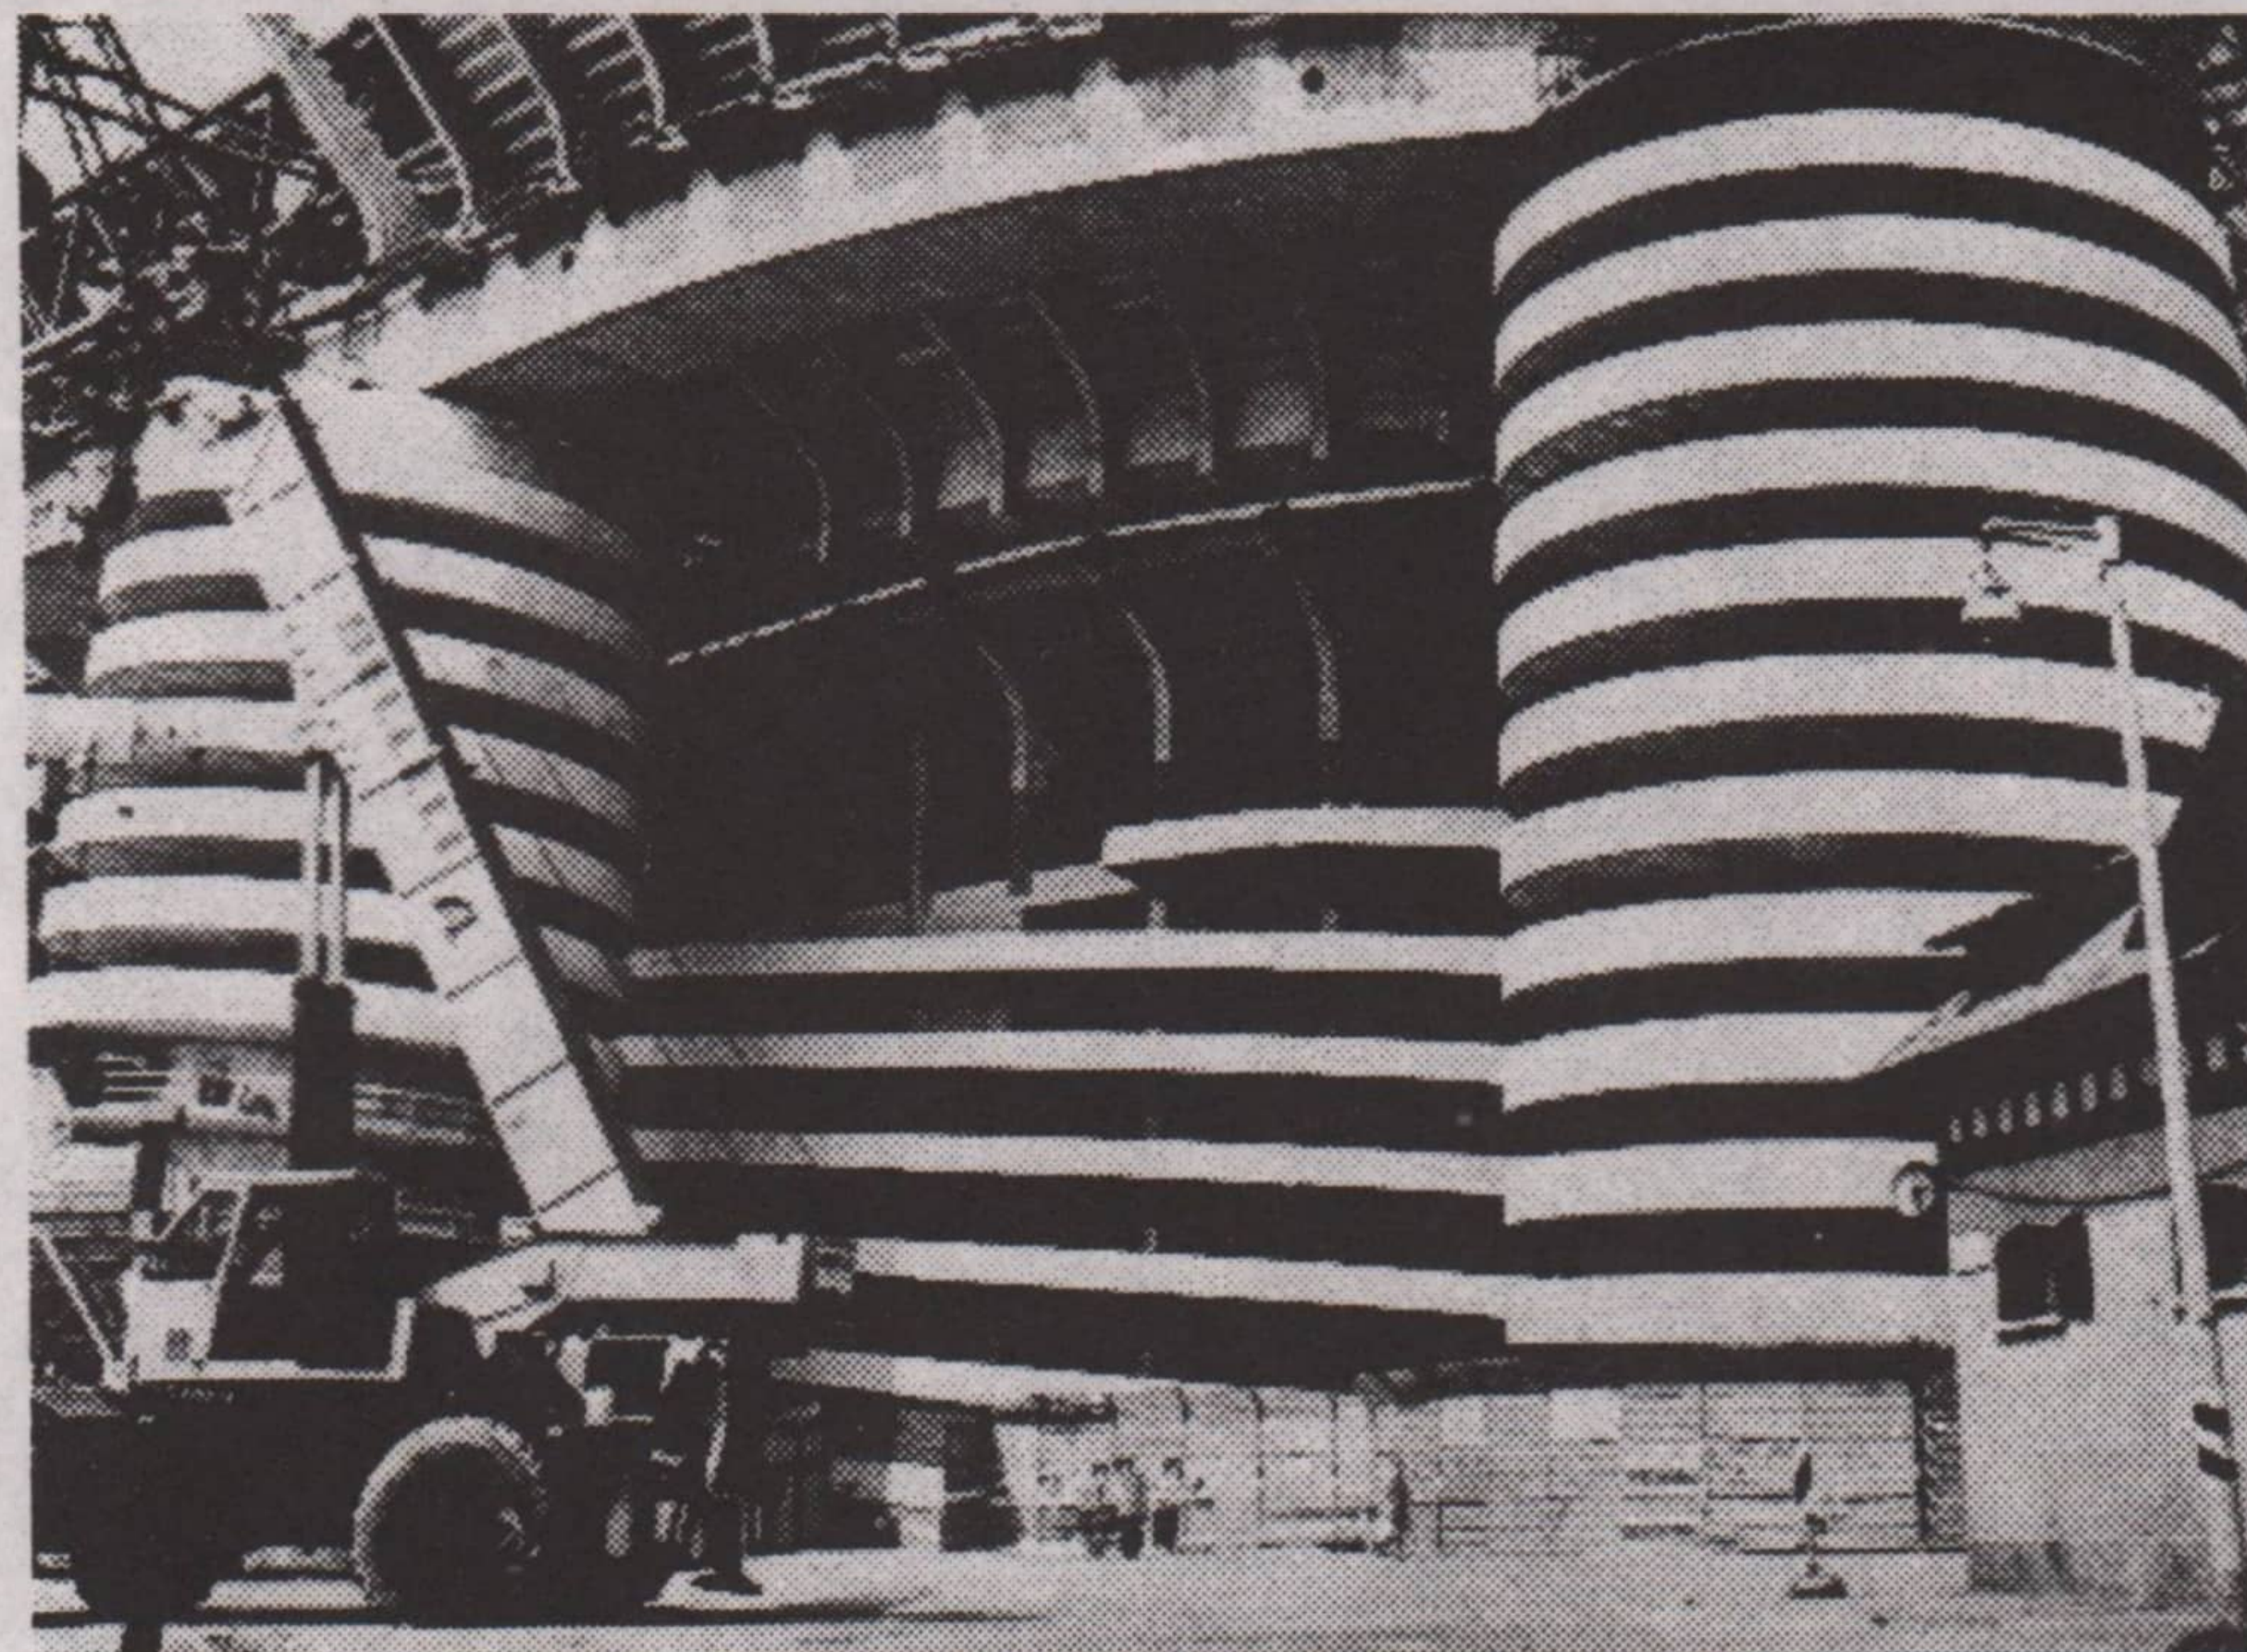

Just like the channel tunnel project, where 6 people have been killed, its the capitalists drive to increase profit, by getting the work done as quick as possible, that puts lives in danger. As with all the worlds great construction feats, they're built with our sweat and blood, for their profit and pleasure.

Perhaps the greatest crime is that football is our game. It's played and supported purely by the working class. It's part of working class culture throughout the world. Because of this, we take great pride in 'our' teams, because its an extension of our communities. This is eventually extended to our national sides.

We take pride in them because they come from our own communities, and naturally wish them well and would like to see them win because were proud of them, not because they're any sort of symbol of national strength.

## ON THE SHELF

AT A TIME WHEN MOST T.V. PUNDITS ARE SOUNDING THE VIRTUES OF FOOTBALL AND FOOTBALL SUPPORTERS, it will come as no surprise to ordinary fans that Brian Deane and Tony Agana's revelations about being shocked by 6 and 7 year old kids yelling racist abuse at them.

The newspapers blew it up, saying that it was a rare occurrence, but ask any fan and they'll tell you that racist chants are heard at almost all grounds.

BRIAN DEANE

Football fans aren't saints, and the inter-club rivalry helps to make football what it is. But we must make sure that the racist (and sexist) chanting continues it's demise and will one day be put on the shelf alongside ID cards, and Colin Moynihan!
