The faces of oppression

Welcome to the third edition of stand up and fight back. This issue includes a revised edition of the 'arrest leaflet', class war article, and an anti-war article by Final Conflict (USA). As you can see the booklet is now properly typed, laid out and hardly any spelling mistakes (this is not sounds) ect. This booklet is now A5 size instead of A4 but there are eight sides instead of previous issues being only five sheets. Included with this booklet is an A3 poster (black & white) for a copy please send an A4 S.A.E. (address being at bottom of page).

Since the beginning of April I have now set up a distribution service for small indie, hardcore bands ect. Anybody wishing to have a no. of fanzines, tapes, records 7" or 12" records please write enclosing a S.A.E. These products would be distributed free of charge unless a profit is being made then I would want a percentage of it going to a organisation charity of my choice. You will not be ripped off. Anybody out there wanting to do a split fanzine please write (C/O Steve (*Standup and fight back products*) P.O. Box 485 TELFORD, SHROPSHIRE. Address also for the distribution service). TF74SS.

If there are a no. of bands, fanzines wanting to have products distributed a newsletter will be published every three months.

See you all soon. *Steve*

GAY RIGHT'S

Over the past few months the system is trying to ban homosexuality in schools. Why should lessons like this be banned to school children is it you don't want future generations to except gay's. I myself am not keen on gay rights but what right have I to tell someone how to control their lifestyle. Why put down the average gay or lesbian below yourself then go out and buy a record by Boy George (he's gay). My view's are these lessons should carry on. No future generations will except being a gay is not some kind of dreaded disease but a natural humane feeling.

For gay switchboard phone-(01) 8377324 (this is a 24hr help and information for lonely or isolated lesbian and gay people run by volunteers day and night. It does not provide a pick up service but assists people with any problems they might have).

Lesbian line-(01) 8378602 (the same as above but this is run for gay women Monday's and Friday's 7pm-10pm and Tuesdays and Thursday's 7pm-10pm.

RACISM

• A MISQUOTE. IT SHOULD BE I AM NOT GAY NOT ANTI GAY. THANKS TO THE APOSTLES FOR SPOTTING IT!

Everyday anywhere you go this problem exists but only through the ignorance of people because they don't like pigment in another race's skin. Why can't people mix and love each other there would be a lot less pain in this world today. I walk through the streets see black youths going 'honky bashing' and white youths going 'wog bashing'. What a joke it would be if it wasn't so serious. People are the same no more 'black power' no more 'white power'. We are all equal. This problem is not only confined to the streets but in Religion, Politics and Factory's ect. If you want more information contact:

Nazi killer to hang

An Israeli court sentenced Nazi war criminal John Demjanjuk to death today for killing hundreds of thousands of Jews during World War Two. Demjanjuk, a 68-year-old retired car worker, deported from the United States in 1986, was sentenced to hang after the special court identified him as Ivan the Terrible, the sadistic guard who operated the gas chambers at Treblinka death camp in Nazi-occupied Poland. Applause, cheering and whistling erupted in court after Judge Zvi Tal announced the sentence, saying there could be no forgiveness for the mass murder of more than 800,000 Jews. Before the sentence was announced Demjanjuk had again denied that he was Ivan.

Femenist and Sexist I hate you

Femenist and sexist I hate you
Force your lifestyle on to your friendly few
With your righteous bigotted views
Well i've got something to say which may not amuse
Femenist and sexist you all abuse

Femenist you hate the Male race
Think your all intellgently ace
Walking round holding hands with a sickly grin on your face
Well i've got something to say which may not amuse
Femenist I hate you and your views

Big breasts bulging bum
Hey lads how about a test run
Beautys only skin deep love comes from the heart
Well i've got something to say which may not amuse
Sexist, I hate you and your views

Male and female unite not fight
Break down the barriers and bridge the gap
Female and Male we've gotta hold on tight
Femenist and sexist people we're gonna fightback

Why this was written is that i'm sick of people being blinded especially by sexists and femenisists. You go to gigs femenisists scream out all men are scum and distribute their biast literature and encourage women to hate the male race thats sick in my eyes.

Sexists you hate girls you'd rather them dress up in pink and stay at home and do the house work. Do you feel so threatened when girls put out shows. If you do then you're a bloody idiot!. Well heres my message to both sexists and femenisists.

WANTED FOR THE ATTEMPTED MURDER

This woman Margaret Thatcher was voted in a third time and left others and I very disillusioned. Her crimes include attempted murder to assaulting miners and print workers during the strikes. If your to blind to have seen the mess she has left this country in you had better buy some Optrex eye lotion to wipe the shit from your eyes.

PUNK WAS NEVER ABOUT FORGETTING

When punk first exploded out it was about challenging the same old shit, rejecting the ways we were supposed to behave. Nowadays punk has become another fashion, complete with uniforms of leathers, studs, torn jeans and multi coloured mohicans. Circled anarchy armbands mean as much as the Sun and they think there not conforming. BOLLOCKS. We stand obediently below out heroes, dumbly singing along as the same old chords crash out, screaming defiance but meaning nothing. Punk is nowadays as threatning as Tesco's. Direct action is what achieves change, not miming to words. Isn't it about time that we give the fuckers who run this country a good kicking and stopped this shit once and for all.

IF YOUR LABEL FITS FUCK OFFJAMES ANDERSON SPEAKS OUT

"I think that from the police point of view my task in the future in the next ten to fifteen years will be that basic crime such as theft, burglary, even violent crimes will not be predominant police feature...what will be the matter of greatest concern to me will be the covert and ultimately overt attempts to overthrow democracy, to subvert the authority of the state and to in fact involve themselves in acts of sedition designed to destroy out parliamentary system and the demecratic goverment of this country.
FUCK OF ANDERSON WE DON'T WANT YOUR FUCKING LAW!

THE FACE OF OPPRESION*

Here's a picture of our great British police force. Their favourite hobbies include spending large amounts of time in hospital and picking meat cleavers out of other coppers necks. They have their own way of getting rid of unwanted facial hair. They headbutt petrol bombs. Remember not all coppers are innocent ask them about Clinton McCurbin they strangled him to death in Wolverhampton shopping centre.

THE ARREST-WHAT TO DO AND NOT TO DO

If you take part in any action against the state you might get nicked so here's some tips:

- A You don't have to say anything at all.
- B You now have to give your name, address and your date of birth, then say nothing else.
- C If you don't give them these details they will hold you longer while they try to establish your indentivity.

YOU ARE OBLIGED NOT TO ANSWER ANY QUESTIONS AT ALL.

Most people are caught out on their own evidence. The police are cunning thick. DON'T HAND IT TO THEM ON A PLATE.

You now have to give your finger prints. You must not let them take your photograph, this is only compulsory after you have recieved a prison sentence. Don't let them tell you different. You can demand suitable food you might not get it but keep on asking. You are entitled to make phone calls but the bastards won't let you. Remember the officers number or any other scum that treat you badly, make a legal complaint afterwards. Look bored but stay polite because if you start swearing at them they will use it as evidence against you. When they question say "no comment". Don't admit to any weakness eg. Claustrophobia (they will lock you in a small cell).

What ever you through in a police cell is nothing compared to the sufferin inflicted by Goverments. The state destroys, tortures and murders. WE must stop them, by using force if necessary. Remember that and good luck.

You will have seen some changes to the ones Conflict have been handing out but there have been changes in the scummy police act which was brought out on the 1.1.86.

If you or your mates get arrested and cannot be grabbed back arrange a solicitor for them by calling "RELEASE" on 01-3775905.

As I have never been arrested, but have been assaulted by police I felt that I should not have put this article in. Maybe I have been lucky that is why this article was included as other people might not be so fortunate.

Here are the first accounts of The bust fund dated 1/2/87. As you can see the fund is now in full operation and running smoothly, and we are very pleased with the number of people that have donated cash or that have gone about raising finance in their own way. To all the people/groups listed on these accounts, THANKS FOR YOUR HELP AND SUPPORT. There are many people on our list who urgently need financial help, so let's not forget that these are the people who are helping to achieve our aims, by using the best method possible...DIRECT ACTION. Not everyone likes being involved in direct action and this is understandable, but it's up to all of us to support and help the many that do, and show that they are not alone. Therefore we are asking all who read this to make a donation, it doesn't matter how small for if everyone was to send just Ten pence it would be a great help.

DONATIONS SHOULD BE SENT TO THE P.O. BOX, C/O THE BUST FUND. CASH, CHEQUES AND POSTAL ORDERS CAN BE SENT (with cheques leave payee blank, as these are passed onto the people in need without going through the account, you can check the money arrived safely by checking your account). An official receipt will be sent upon request.

However if you need help from the fund disregard the above and drop us a line, telling of the circumstances. If requesting help with payment of fines send a copy of the charge sheet as this must be witnessed before any monies are released from the fund.

CO-OPERATION NOT COMPETITION

Dear Reader

This is the last political booklet I am doing as I feel I'm getting nowhere in the struggle for change. No I have not sold out against my Anarchist principles but it is time for change. I just feel under Anarchist movement our final goal will never be achieved. Also I don't want to hide behind any movement to express my political beliefs nor do I want them Published anymore for people to slag me down or put me on a pedestal. Any further booklets will be my own feelings to the human race and life in general. Publishing just for anarchists alone does not achieve change and will nver achieve change: I want everyone envolved apart from the Scum who hold us back. Yes you know who you are. We will win one day through Unity and nothing else.

In future any booklets through Stand up & Fight back will be written and produced to reach a wider scope of people. Unity remember! I want change with everybody taking part not just Anarchists. If you don't like what I've said tough, we can do without you. I am an Individual not a clone remember that. No further explaining I hope you've understood. Well if not Tough! Hopefully a new project might be set up in Telford. A number of people including myself taking part in producing hopefully a none Politcal Fanzine. More newssoon. I'd like to thank everyone who has helped me put out previous booklets over the past couple of years.

Ta!
