
U.D.I.

At the Annual General Meeting of the Nottingham and Derby CHE group held on Friday March 26th 1976, it was decided to split into three separate groups - Derby, Mansfield and Nottingham. Therefore UDI is now upon us and last night members representing each group met over coffee, tea, wine and beer to divide up (carve up?) the existing membership.

This newsletter tells you what each group will be doing up to the end of April, by which time the next edition taking us up to the end of June will be out.

It is not often that triplets are born in CHE and although mother has suffered it, the children are doing fine. Who was the father, I wonder, and if we don't know, what does that make the kids?

Derek.

P.S. Guess who I think will win the Bouncing Baby competition at the end of twelve months?

A NOTE TO OUR SPONSORS

Sooner or later, your membership will come up for renewal and when you renew you must indicate clearly which of the three groups you wish to join. That group alone will receive the 25% portion of your total membership subscription. You can, of course, join two groups or even all three - but you will have to pay two (or three) subscriptions. Also you are not confined to joining the group which covers your area; if you live in Nottingham and wish to join the Derby group than you may. Whichever group you join you will still continue to receive FULL INFORMATION ABOUT THE ACTIVITIES AND MEETINGS OF ALL THREE GROUPS.

DISCUSSION MEETING at 8 pm (PROMPT!)

This meeting will be a discussion with Mary Riddell of the Nottingham Council for Voluntary Service and takes place at their offices:- 31a, Mansfield Road, Nottingham (Next to the People's Centre). The basis of the subject is "How can we help each other?"

WEDNESDAY MAY 5th

LA CHIC

at 8.30 pm.

Again we'll start off in the upstairs room next to the restaurant.

N.B. The Nottingham Group still has to ponder whether it wants a committee or whether it wishes to function in an alternative manner. If a committee is required (and probably even if it is not) some people will have to represent the group in 1 or 2 semi-official capacities. Such decisions must be made in the fairly near future and obviously as many members as possible should try to be present when those decisions are contemplated; they will affect all of you.

Unfortunately, in the hurry of assembling a programme, no date seems to have been fixed to officially inform members of such a meeting. May I therefore suggest that we make this the 'Business' part of the meeting at LA CHIC on APRIL 21st (As at 8.30 it will be considerably quieter than the Roebuck). If the members present believe that this date is inappropriate, then they can arrange another, later date.
