# THE REALITIES OF SOCIETY

(THE HORRIFYING TRUTH FOR THOSE OF YOU WHO TURN A BLIND EYE)

NATURE CREATED A PARADISE  
IN THE SUN;

**MAN DESTROYED IT!**

What?

WE'RE THE PUNKS.....WE KILL THE SKINS  
WE'RE THE PUNKS.....WE KILL THE SKINS

WE'RE THE SKINS.....WE KILL THE MODS  
WE'RE THE SKINS.....WE KILL THE MODS

WE'RE THE MODS.....WE KILL THE PUNKS  
WE'RE THE MODS.....WE KILL THE PUNKS

WE'RE THE TEDS.....WE KILL THE SKINS  
WE'RE THE TEDS.....WE KILL THE SKINS

WE'RE THE ROCKERS...WE KILL THE MODS  
WE'RE THE ROCKERS...WE KILL THE MODS

ON AND ON AND ON AND ON AND ON AND ON AND ON AND ON AND ON AND ON AND ON AND ON . . . .

WHY do the punks kill the skins,mods,teds..... why do mods kill rockers,teds.....

**WHY?** Because this system tells you that you have to.....THATS WHY!

The media says..." In Brighton today the mods beat up all the rockers ". This then makes all mods and rockers think that the other is the ones that they have to fight."

The media says..." IN London today, there was a pitched battle between punks and skinheads ". This then makes all punks and skins think that the other is the ones they have to fight. ALL THIS FUCKING SHIT REACHES YOU THROUGH T.V., NEWSPAPERS, MAGAZINES, FUCKING CAPITALIST PAPERS LIKE 'SOUNDS', 'NME', 'MM' and through literally hundreds of different other ways.

## WHY DO THEY TELL US TO FIGHT EACH OTHER?

THE REASON FOR MAKING YOU FIGHT IS SO THAT you do not fight the real thing that is fucking us all up..... THE SYSTEM, THE STATE." By making us fight each other (all us rebels, that is) we forget why we are fighting and what we should really be fighting against. WE DON'T HAVE TO BE VIOLENT TO FIGHT THE SYSTEM, WE JUST HAVE TO OPPOSE/ REJECT THIS SHITTY SYSTEM IN WHICH THEY MAKE US LIVE! The real people who are manipulating you are the government, the state, the ~~system~~, the monarchy, the church.

DON'T PLAY THEIR FUCKING GAME ANYMORE. TRIBAL RIVAL FIGHTING IS SHIT. IT'S THE SYSTEMS WAY TO STOP YOU FIGHTING THE REAL PEOPLE WHO ARE FUCKING US UP. IF YOU ARE GOING TO FIGHT?? (not violently I hope), then fight the system NOW. Violence is NOT NEEDED AND DOESN'T PROVE-ANYTHING....IT'S BEEN TRIED EVERYWHERE AND IT DOESN'T WORK.

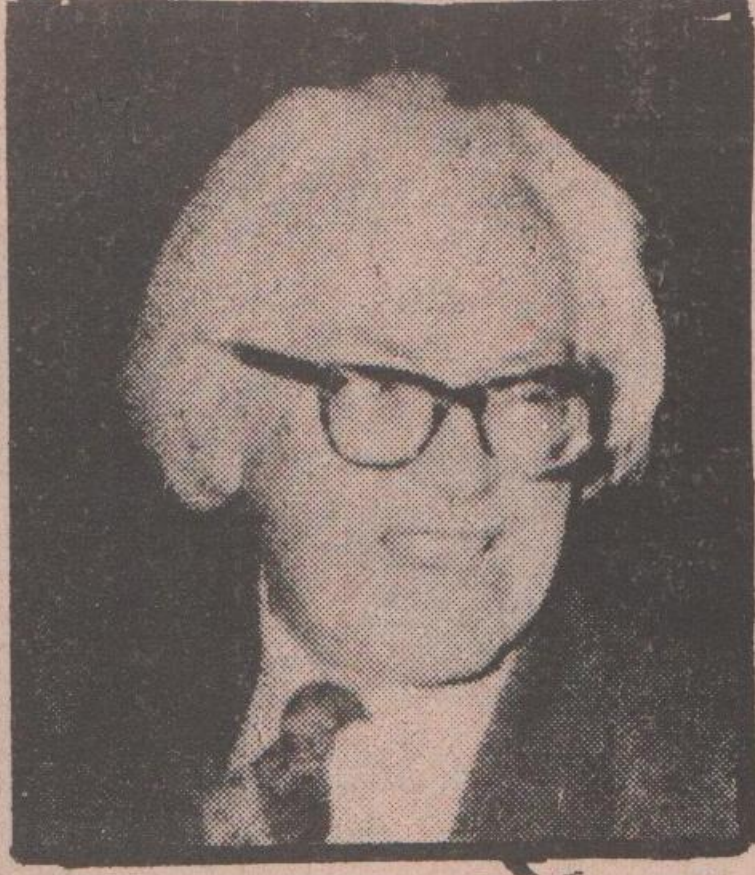

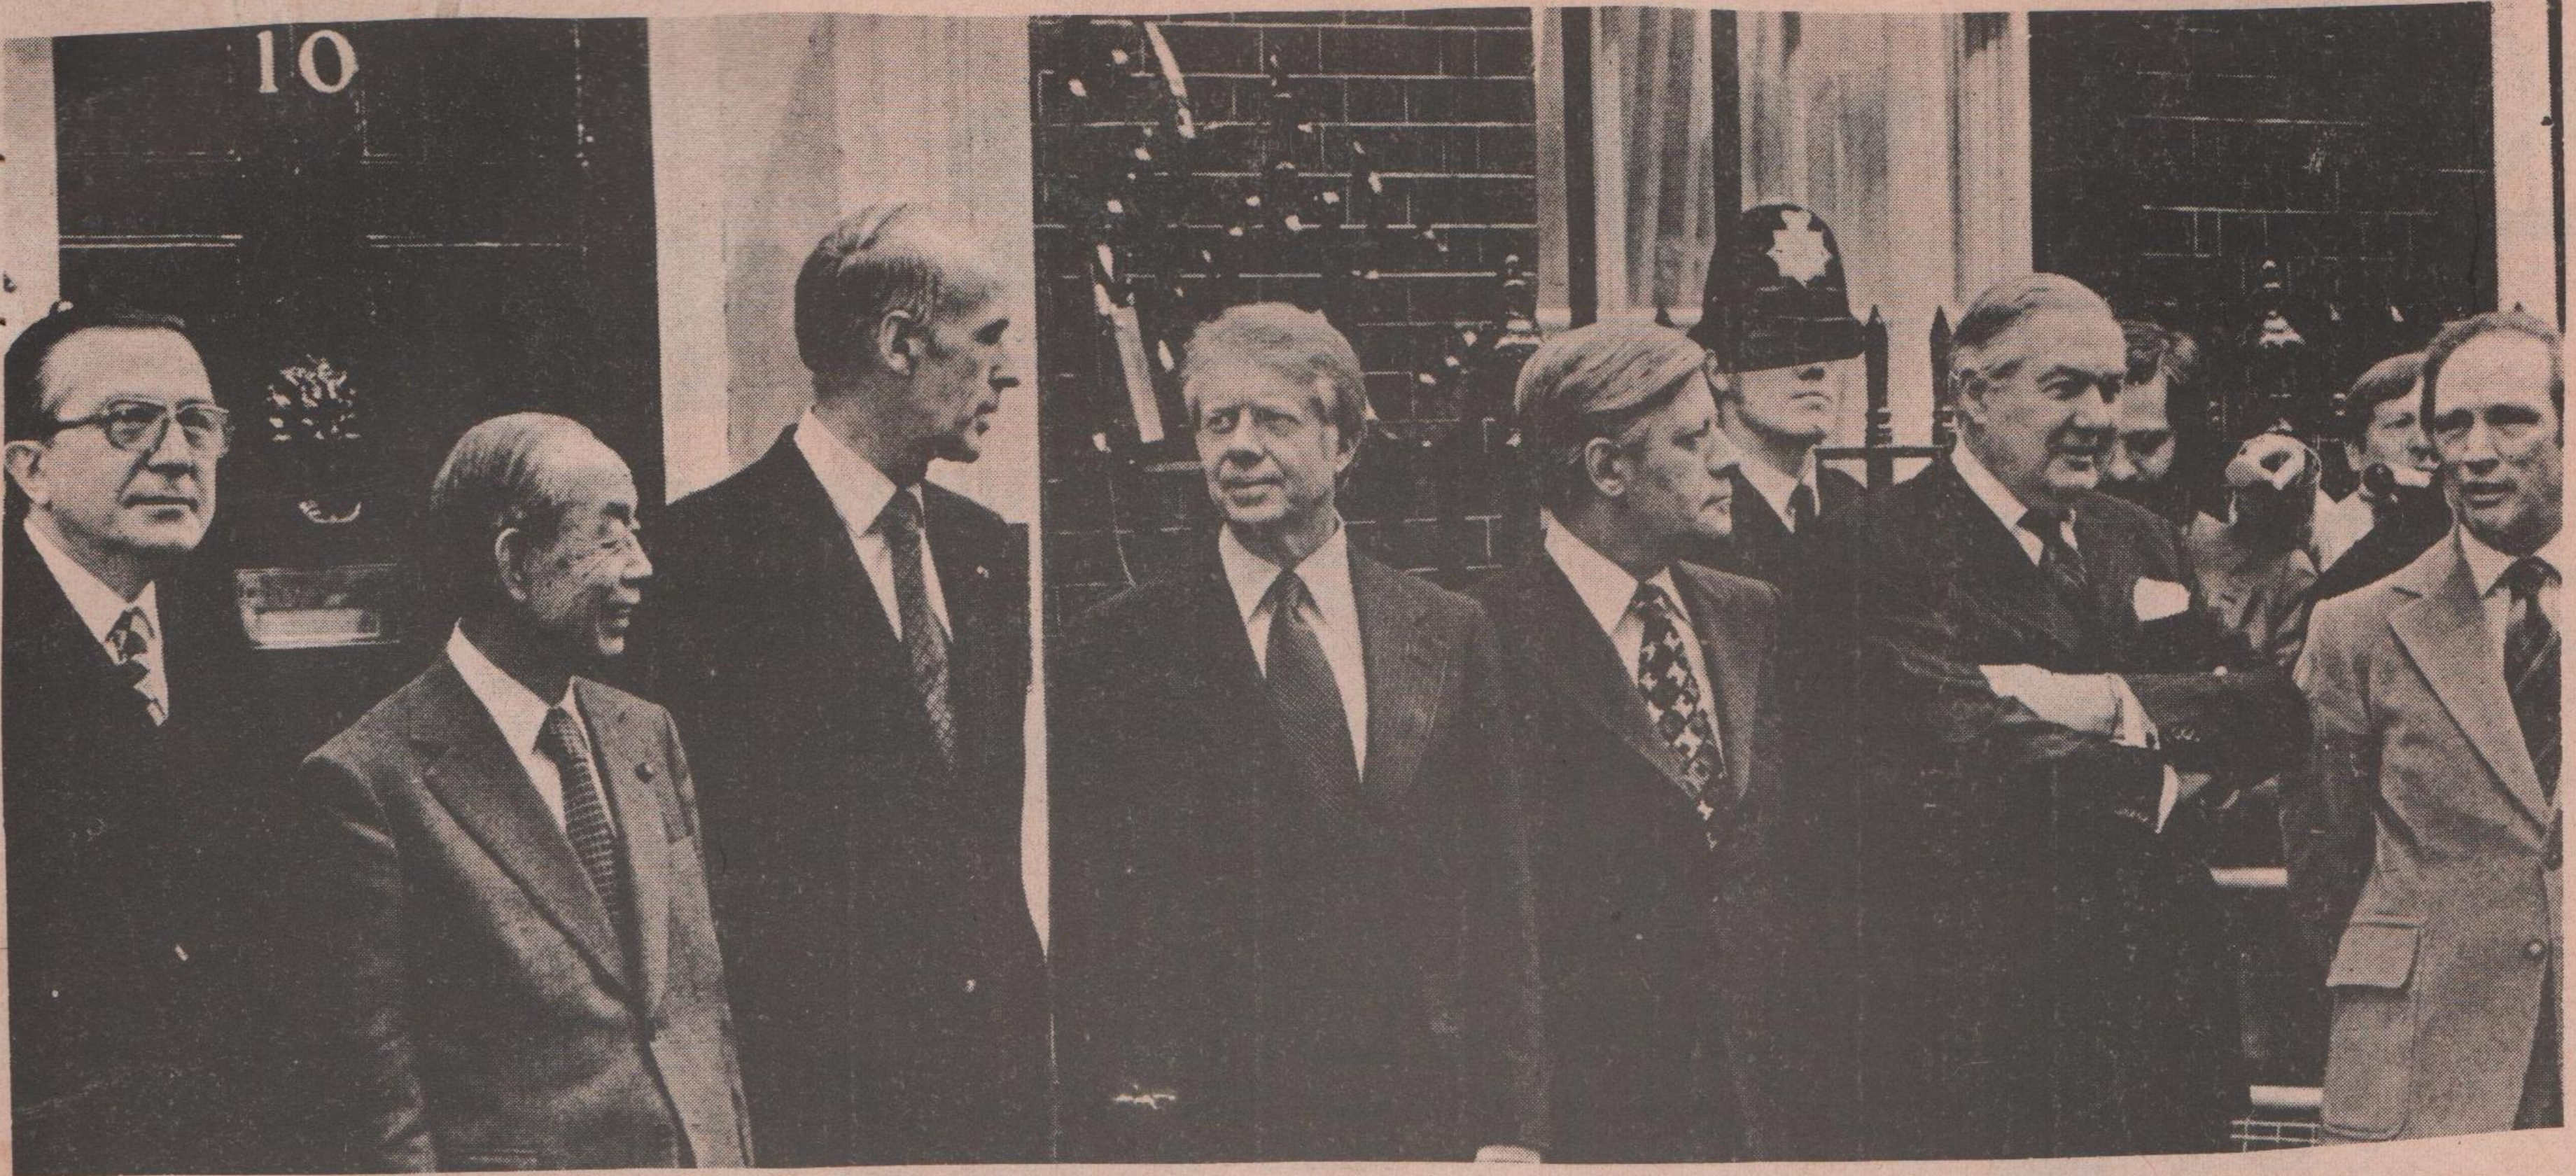

FIGHT THE SYSTEM.FIGHT THE OPPRESSORS.FIGHT THE MEDIA.FIGHT THE STATE.FIGHT BACK.NOW!

# RIGHT YOUR

# REAL MEN

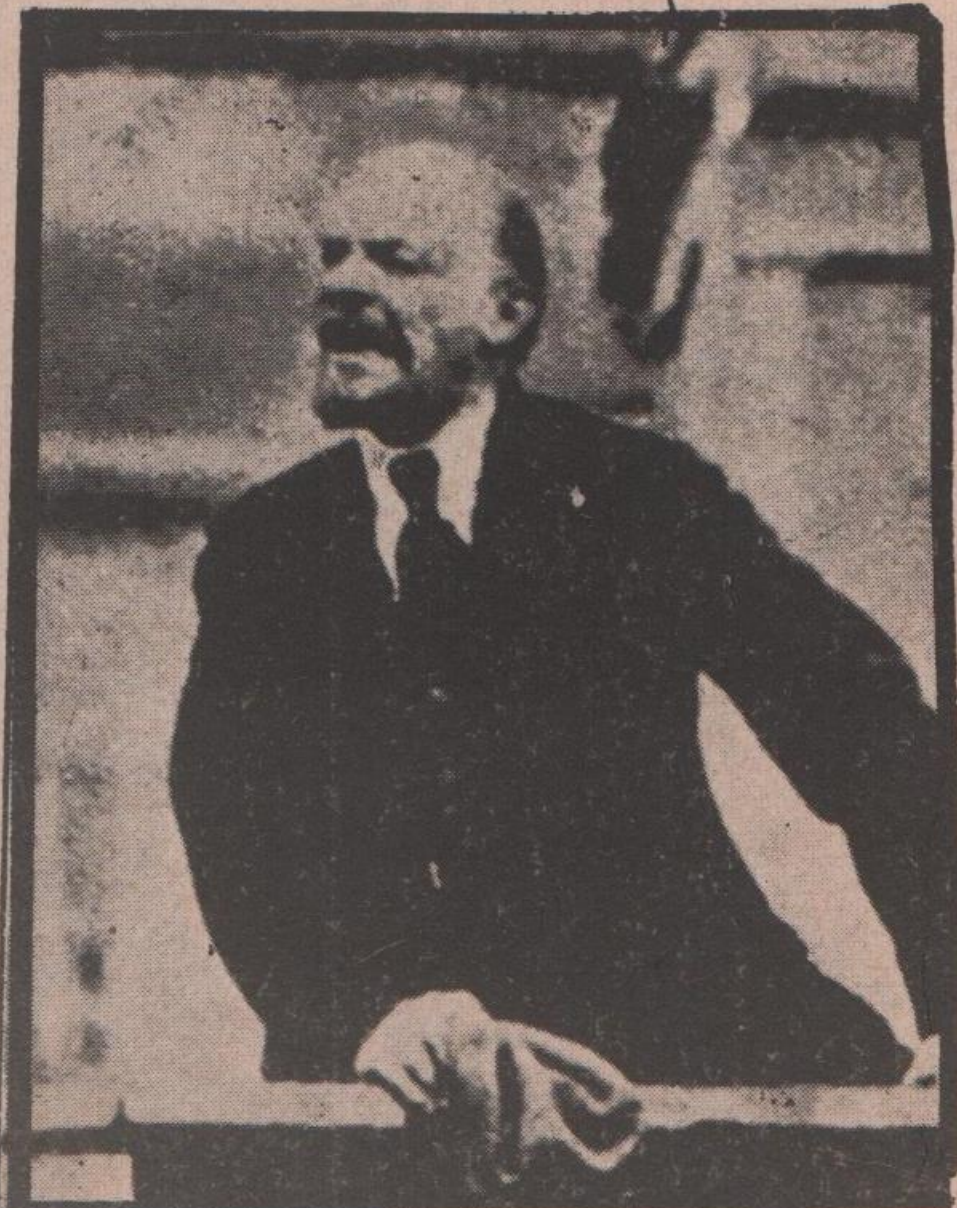

WHY MUST WE  
SUFFER TO FULFILL  
THEIR POSITION OF  
POWER and GREED?

ANARCHY AND PEACE...!

# WAR

**WAR CAN ONLY BE FOUGHT IF THERE ARE PEOPLE WILLING TO FIGHT IT.**

There is no PEACE/we are at war/war is a permanent state of reality/war in Ireland, war in the home, where's the difference? WAR IS A STATE OF MIND. War can only be fought if there are people willing to fight it; by opposing war you are standing against one of the oldest institutions of big M.A.N.; by being a PACIFIST you are removing your part in that machinery.....

(DREAM)If everyone was a Pacifist there would be no war.....  
(REALITY)By being a vegetarian you don't stop the slaughter of innocent animals, by being a Pacifist you don't stop war, BUT BY NOT BEING A PART OF THE SLAUGHTER & WAR YOU HAVE MADE A START BY NOT BEING PART OF IT and that is the only possible start towards a SANE WORLD.

Peace is an 'internal vision', something that you feel inside yourself, by sharing that vision you are creating HOPE, and hope in a hopeless world is like water in the desert. We are taught, at school, at home, on the T.V., in the papers etc.etc. to accept rape, violence and killing as a NATURAL PART OF BEING ALIVE. THEY ARE NOT, we don't have to accept that life is an ordeal, a trial of fear and intimidation; by standing against the so-called tradition of violence, you are standing apart from it; by opposing violence, you are no longer supporting it, in other words you are DOING SOMETHING ABOUT IT, even if it appears that nothing much is changing. Little boys are given toy soldiers to play with, guns and war books. Little girls are given dolls to play with, nurses outfits and cookery books. This is all a preparation for the wonderful experience of ADULTHOOD. Big boys mutilated by war, (even if they don't go to war, they have gone to real war a thousand times in their dreams, murdered, raped, destroyed, time and time again in the fantasy world of the playground.) The big, dominant, gun carrying, muscle-bound MAN looked after by the slave in that fantasy, the little lady. Taught to cook, to nurse, to support her MAN, the girl becomes a woman, slave to the violent world of war, passive acceptance is all that is permitted from the little woman, the Florence Nightingales that they all must be. WHAT A LOAD OF SHIT.....

Boys MUST be boys, rugged, tough, mean and manly.....RUBBISH!!  
Girls MUST be girls, soft, gentle, meak and feminine.....BULLSHIT!

We are taught to accept these stupid roles simply so that the systems of control and oppresion(God, Queen and Country) can maintain their structures of power and greed and violence and war. Men are taught to destroy their fellow men, and women are taught to patch up the bits and produce more raw material i.e. Children. Women are taught to accept that the child they bare must clamber from the womb to MAKE WAR???.....is this really what we want to offer to the unborn children of the Future???

Penny Rimbaud, CRASS

'The extermination squad had come out from Prague. They set up a line of mattresses against the wall of a barn, (at back of picture above) and then they bought out the men and boys, ten at a time, lined them up, and SHOT THEM. 173 were shot in all. From 10 in the morning till 3 in the afternoon the work went on, until every person left in Lidice had been killed'.

## REALLY FUCKIN' SICK!

If this is what war is then you can FUCKING STUFF IT. This isn't humane. It's fucking SICK. The people probably had'ent done a fucking thing wrong, but still - they were killed. WHAT ELSE CAN I FUCKING SAY?????????????????

# WORLD WAR

NEVER AGAIN!!

## THE THREAT OF ANOTHER WORLD WAR.

GUNS, GUNS, FUCKIN' GUNS. This is the thing that will destroy the world.

MAN VS. MAN = NO MAN, ANIMALS or ANYTHING LIVING.

The Army/Navy etc have weapons that they say are there for all our protection. Protection for us all, OR JUST FOR THEMSELVES?

DO they really care about you or me or is it just THEIR JOB?

NUCLEAR ARMS are the new frightening reality. Don't just think,

"Ah well, it won't happen in my lifetime so i don't really give a toss."

because it already has happened in your fuckin' lifetime (HIROSHIMA/NAGASAKI), and unless something is done soon, they are likely to be used again and this time It'll be the world over.

DO YOU WANT your children to grow up in a world of FEAR and HATE where nuclear war will be inevitable? ...FIGHT BACK....FIGHT BACK....FIGHT BACK.....

Don't just let it all slide by.

....DO SOMETHING...DO SOMETHING...DO SOMETHING.....

Go onto some C.N.D. marches and support the cause. Organise amongst yourselves to do something constructive about banning nuclear arms, because the way that the world is going at the moment, it is almost definite that the world will be destroyed in the near future by a nuclear war. It's a load of fucking shit when they say that Cruise Missiles are here to protect us.

THEY WON'T FUCKIN' PROTECT US, THEY WILL KILL US ALL.

## DO SOMETHING NOW, BEFORE IT'S TOO FUCKING LATE.

MILITARY EXPERTS WARNED?

## Troops on alert over Poland

U.S. TROOP commanders were put on alert in Europe last night after military experts warned that a Russian invasion of Poland was now likely. (SO WHAT???)

CROSS are an anarchist/pacifist band. There on stage (and most of the time off stage) dress is black. They wear black in one way as a rejection of values;

ANDY: The normal image of a band is to have every member of the band wearing different clothes so that you can pick people out as being personalized and usually the lead singer is wearing all the gear and he's set apart from the rest of the band, and like none of us consider ourselves better than the rest. Like we've taken on by being a band that we've got to go onstage and generally do what other bands do in most areas, but we are trying to get as far away as we can from the star-image by wearing the same clothes, well, not the same clothes, but clothes that you can't immediately identify people by, and then you don't see the people by the clothes people that they really are. And theres also the whole image of the stage being quite ordered in front of an audience to create a good impression." Crass have also been accused of trying to indoctrinate or ordering people what to do. What do they think of this?.....

Prime Minister Thatcher for TIME FEBRUARY 16, 1981

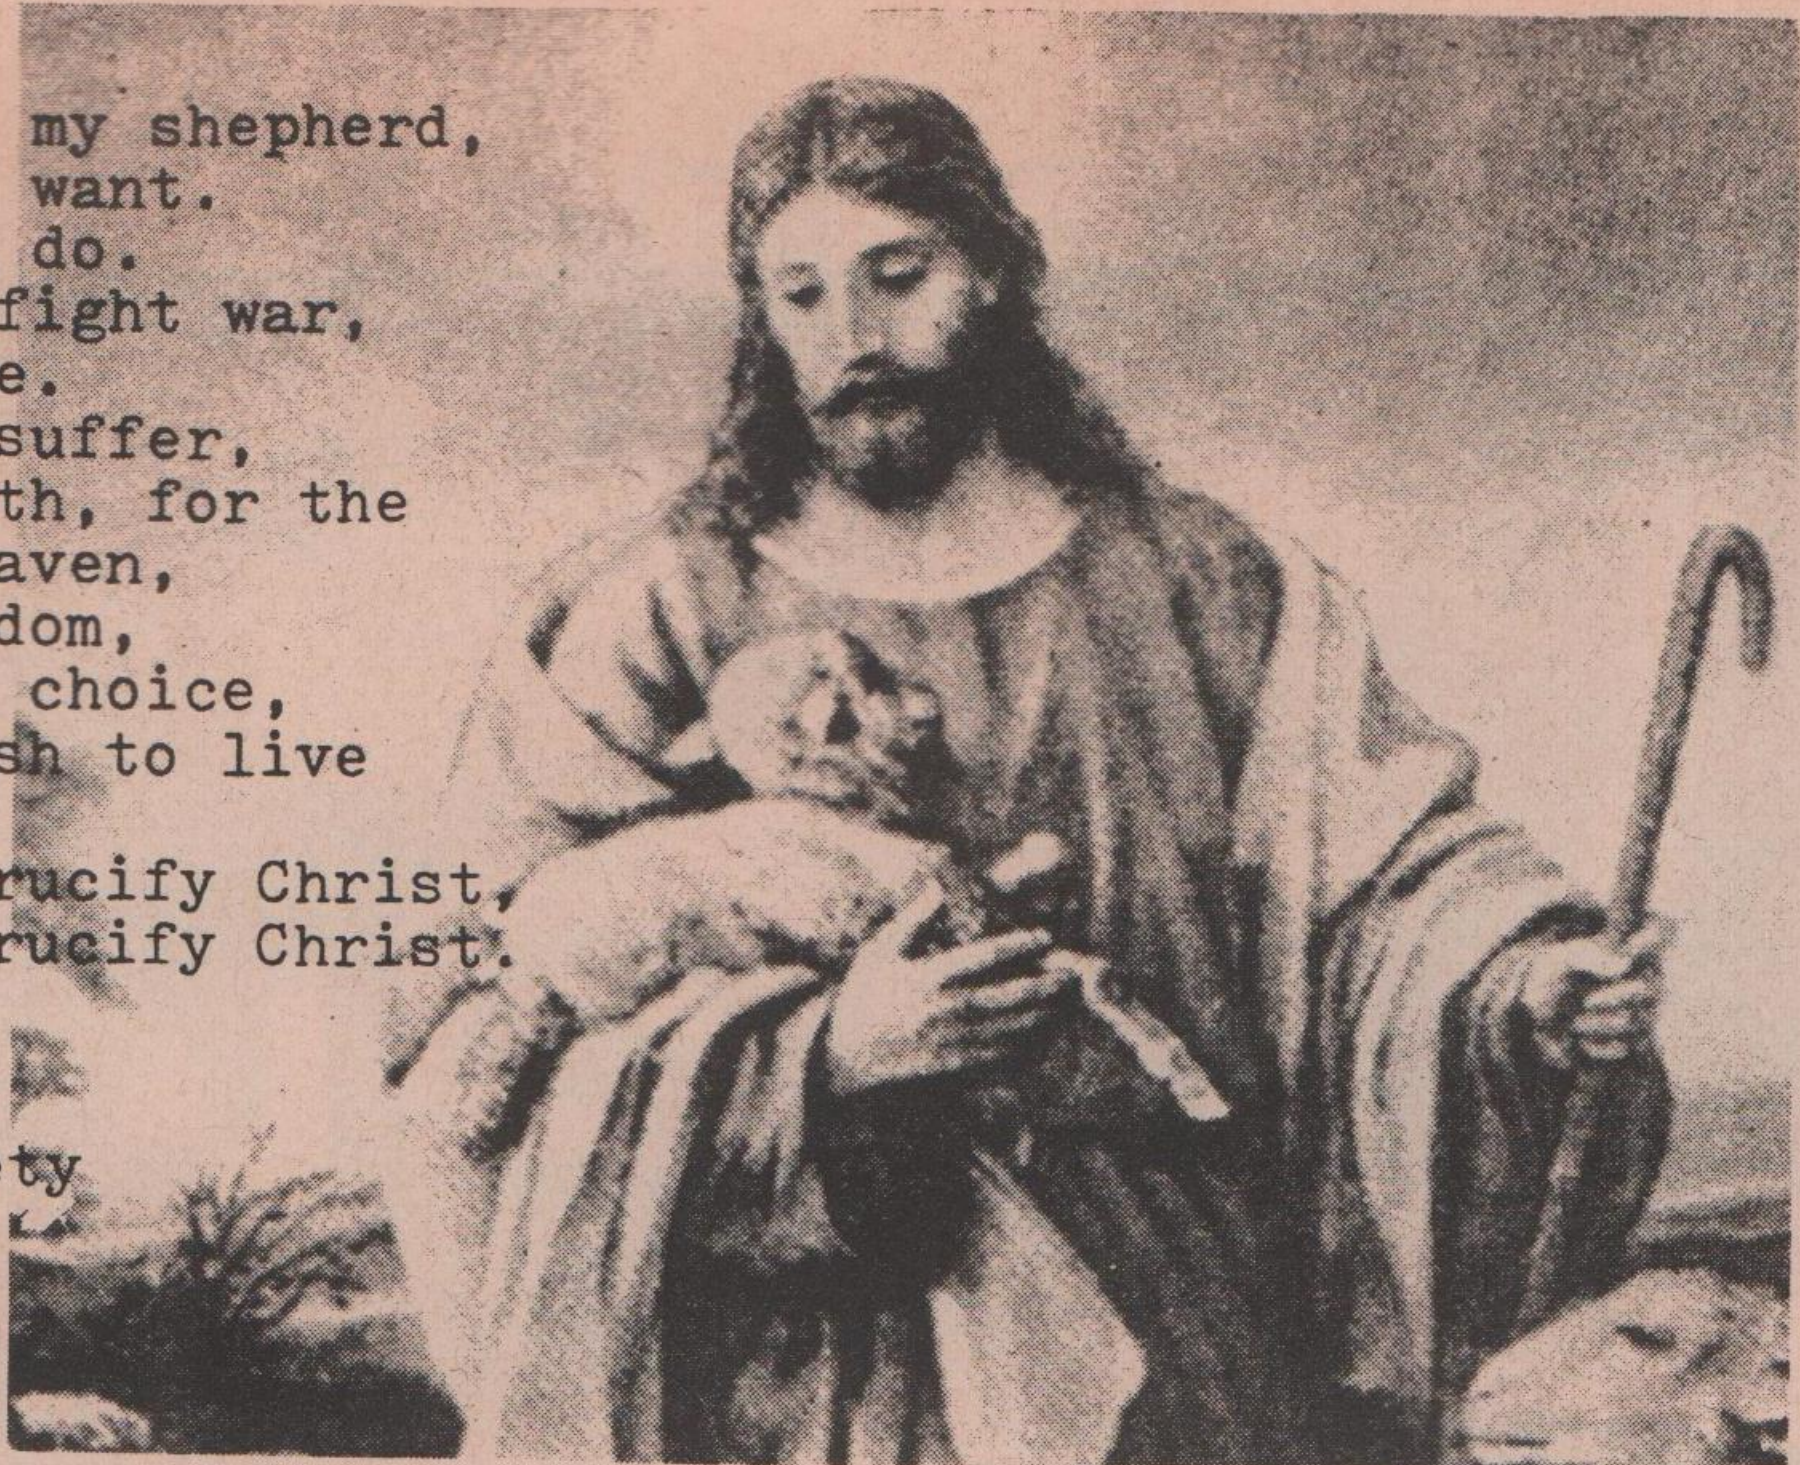

On stationing U.S. cruise missiles in Britain. So long as those fantastic SS20s in the Soviet Union are targeted on Europeans, so long must I have a deterrent to them. We are very fortunate to have someone else's weapons stationed on our soil, to fight those targeted on us.

But I do, I do.  
I will not fight war,

Crass' new LP 'Penis Envy' out now  
on CRASS RECORDS is attacking the  
institution of marriage. All the  
songs on this album are sung by the  
two women singers of Crass...  
..Eve Libertine and Joy De Vivre.

This album like all other records  
on the Crass label sells for a  
price well below the normal price  
for an LP record. The record is  
also obviously about Possession.  
This album is, in my view, the  
best of the three that they have.  
It is the more musical album. The  
last track 'Our Wedding' sung by  
Joy was also released as a flexi-  
disc in the magazine 'Loving'.

They created the fictional company, 'Creative Record And Sound Services' which all the initials of these five words make up CRASS and duped the gullible publishers of LOVING into advertising the flexi which you could buy just for the price of a stamp. Loving eventually found out but alas by this time it was too late, the magazine was already in the shops. Loving decided not to prosecute Crass for some reason so it was 'all a laugh' in the end. Penis Envy sells at £2.25. The prices are kept this low by using cheap printers, record pressers and studios. They have in the past done some of the packaging and distributing of their records themselves but now with records selling at about 50,000 each one this is a bit too much, although they do intend to put a printed handout in every copy of Penis Envy, and the handout is to be printed by them at their home. They formed Crass Records around 1979 when they found out that Pete Stennet of Small Wonder did not want to expand as much as what Crass did. Also Reality Asylum had been banned on their record 'Feeding of the Five Thousand' and so they thought about marketing this record themselves. This was the first record that they did actually bring out on Crass Records. It sold for @ 45p and was backed with 'SHAVED WOMEN', both tracks being sung by Eve Libertine. They done an initial 5,000 which they thought would end up in their loft but understandably they sold like hot cakes. There other records now on their label are; one from Honey Bane called Girl on the Run. Also one from Zounds and a new one from Flux of Pink Indians. They also have some other bands lined up. They have also in the past done a few records with the Poison Girls but the Poisons now wish to start their own record and publishing company 'X-Intrix' through which this fanzine was printed.

The word Anarchy is an ambiguous word. You can see it as Anarchy and Peace as Crass do. Or you could see it as Anarchy and Violence or Revolution, where everyone would run around killing, murdering and raping and bombing No 10. The latter Anarchy is how most people see Anarchy and is how anarchy would happen TODAY, but it is NOT how it would be in years to come. (Crass' anarchism and pacifism is explained fully on 2 pages after this interview.) What do Crass think about Anarchy? ...." I don't bear with all that syndicated Anarchy shit. Socialists claiming to be Anarchists, staging a revolution, imposing a state of supposedly transitional Socialism before total communism. It's never worked and I don't want it. It's a load of crap. Anarchy is thinking for yourself and living your life the way you want to live it. Crass gigs always seem to have some violence involved, (not so much lately), and this is a real pity. Crass are also pasifists. This word, like Anarchy can also be ambiguous. Crass define it as:-

"Passism never meant being passive. It's just a general term meaning don't look for answers to your problems in violence. Crass have a newspaper out called 'International Anthem' which are very occasionally sold at their gigs and at alternative bookshops. So after a chat, a cup of tea, and seeing the band live I think that they really are a genuine band. They believe in what they say and have adopted their lifestyle to prove that this way can work. DO YOU THINK CRASS ARE RIGHT ABOUT ANARCHY & PEACE OR ARE THERE A FEW QUESTIONS YOU WOULD LIKE TO ASK THEM? if you do have something that you would like to ask them, then DO ask them. This is what they want. If you don't get a chance at gigs or whatever then write to them, care of Rough Trade.

PROTEST  
AND  
SURVIVE

anarchy is the only form of political thought that does NOT seek to control the individual through the use of force. right-wing and left-wing politics are concerned with the control of people with the use of POWER, STATE CONTROL. under both left and right-wing governments people are secondary to the state, they are seen as merely the machinery of the state and they are expected to live and if need be die for that state. anarchy is the rejection of that state control and represents a demand by the individual to live a life of personal choice, not one of POLITICAL MANIPULATION. anarchy is the first demand made by those seeking a life of personal responsibility. by refusing to be controlled by politicians you are taking your life into your own hands and that is, rather than the popular idea of anarchy as chaos, the start of a life of PERSONAL ORDER. a state of anarchy is a state of mind NOT JUST ANOTHER GOVERNMENT. YOU CAN'T VOTE ANARCHIST, YOU CAN ONLY BE ONE. if you can trust yourself to live your own life you become more able to allow others to live theirs. if you are able to make your OWN choices you become more able to allow others to make theirs. the state of anarchy is anywhere that individuals live with other individuals in trust and mutual respect and NOT a chaotic bedlam where everyone is out for themselves.

people ask "what if there were no government or police or army? what if there were no laws? wouldn't a state of anarchy just mean chaos?"

what fucking stupid questions.....anarchy ISN'T ABOUT STATE CONTROL, it's about people, people living, learning and loving TOGETHER. if there was a state of COMPLETE anarchy (which there probably never will be) everyone would be HELPING each other, not hindering. you wouldn't need laws and controls to make people do things because people would WANT to help, BECAUSE THAT IS WHAT ANARCHY SEEMS TO DO. people would want to help because of the sense of their own responsibility that WE ARE NEVER PERMITTED TO DEVELOPE IN THIS COMPETITIVE, MONEY GRABBING SOCIETY. it is because of this sense of responsibility that very few anarchists advocate violent revolution, the people that do are generally marxists. maybe it will come to be the ONLY way that anything will change on a large scale, but as yet it is still not the ONLY answer. IF FORCE IS USED it means that someone is BEING FORCED into accepting something that they do not want to accept and they will always resent that and want to fight back; so how can peace ever be achieved through violent means? peace can only exist for us all when ALL people are prepared to realise that sanity, through personal choice, through the responsibility that they have to themselves and to others and are prepared to live in a world based around mutual respect.

no regime, be it communist, fascist, tory, labour etc. etc. will ever achieve anything of real value because regimes seek to control and manipulate people into FORCED responsibility, be it nationalism or socialism or whatever.....responsibility and coexistence can only be achieved through FREE CHOICE, as an act of faith, NOT AS A POLITICAL DOCTRINE. so, as with pacifism, anarchy is a personal choice, a decision made in your own head to pursue a way of life that is ENTIRELY YOUR OWN, free of restriction, free of fear, free of intimidation. OK, so you won't change the world tomorrow by becoming an anarchist, but it's another start and everything has to start somewhere.

ANARCHY AND PEACE ARE ONE OF THE SAME THING, on a social level maybe just a dream, but on a personal level it can be a REALITY. it's stupid to say "oh i won't do that, there's not enough people to make it work", that's sheep-like, if you want a better world YOU'VE GOT TO BE PREPARED TO WORK FOR IT ON YOUR OWN. IT CAN ONLY WORK IF YOU'RE PREPARED TO MAKE IT WORK. all other kinds of political thought can do with out your help because PEOPLE DON'T MATTER TO SYSTEMS. it doesn't really matter what you think if you're a marxist because if a marxist is in power that's what you're going to have to suffer, you just tow the party line and that's that, it's the same with the rest of them, tow the party line OR ELSE!

ANARCHY HAS NO LINE, NO PARTY, IT'S JUST YOU.

anarchy and peace are internal, personal facts, decisions made in your OWN HEAD to live your OWN LIFE. stop blaming others for your personal problems and GET ON WITH MAKING YOUR OWN LIFE, YOU'VE ONLY GOT ONE, USE IT!

IF YOU'RE NOT LOOKING FOR AN ANSWER YOU'RE PART OF THE PROBLEM.

marxism, socialism, fascism, this is, that is can only give you books and words and words and books.....ANARCHY IS YOU AND IT GIVES YOU YOURSELF.....GET ON WITH IT.

BADGE?

THERE IS ONLY ONE NAME FOR THE S.A.S - MURDERERS. THEY BRUTALLY AND VIOLENTLY AND MERCYLESSLY MURDERED FIVE SO-CALLED TERRORISTS AT THE IRANIAN EMBASSY LAST YEAR. What do they then get from this? Hero Worship. "Oh yes", people say, "those brave men from the SAS have won again". WON? Do you call killing five people winning? I certainly don't. Also some of them were killed in cold blood! There is a cutting from the paper above, "I shot him in the back" FUCKING GREAT! The SAS' motto is (as can be seen on the left)... "...HE WHO DARES WINS" In other words he who murders on the side of the law is justified and so O.K. BOLLOCKS! Would YOU like to wear this 'proud badge'. That's a fucking joke....PROUD BADGE? IT'S A FUCKING MURDERERS BADGE. SAS, SPG, POLICE, ARMY, etc, etc, are all the same. They see that it is OK to MURDER if its on the side of the law. WHAT A LOAD OF BOLLOCKS! BUT WHAT DO YOU THINK??

# POISON GIRLS

The quotes from this report on the Poison Girls were taken from an interview with Realities of Society on the 9th Feb 1981.

The Poison Girls are a band about questioning your life. They tend to make people question there lives and ask WHY?. The ages of the 4 members of the band vary between around 20 and 50. So how did a band like this start in the first place;

Rich: The band came out of.....well, us three (Lance, Vi and Rich) had known each other for a long time before we started the band and we had all been working together since we did a theatre project about 2 years before we started which was to do with sex roles. We started writing music for that show (1975) and we were working together after that just as friends when the punk/sex pistols thing happened, which was mid-76, and then we started to play electric music. Lance had only been playing hand drums and he built up a drum kit and because what we wanted to say had been blocked in terms of music because it hadn't been possible to be a band before that, you know, it became possible after the punk thing happened and there was a space where we could go on stage and do it.....

Vi: I also resented the way peoples attitudes towards me, particularly my own children, kind of defined me and playing an electric guitar was something that I shouldn't do and so I decided that I'd bloody well do it. The whole thing about people having their options minimised as they grow older I think is horrific. I think what could be called feminism or anti-sexist which involves us all because male roles are as stereotyped as female roles and also ages, which means that you've gotta die when you're 35. These issues couldn't actually be taken up by young bands and so I think that when we came along we presented more that what people actually expected.....

Some people have said that the Poison Girls' songs are directed mostly towards women?

Vi: I wouldn't say they are directed towards women but they don't exclude women which a lot of songs do. Whats in the sort of tradition of rock music is that women only exist as objects and often being refered to in a very insulting way and I think that our lyrics include the sort of consciousness of women and dont just treat them as objects. Some of them are obviously.....well, you know, I'm a woman and I write them and so some of them are womens voices speaking, but in general what I think is important is to include women because that means me and I feel excluded from a lot of the songs that are normally accepted as rock songs.....

Rich: One of the systems that we have questioned is the system that makes a rock 'n' roll band made up of 18 year old lads and we do that in the way that we present a different view from the adolescent. There is the ages thing where if you're over thirty then you're finished in rock music, but people go on until they are forty, like Elvis.....

Vi: I can start at forty..... (laughs)

Rich: I think we are questioning that and i think that we have got something relevant that we are trying to talk about....

Vi: How does it make you feel (to us) when he said about 18 year old lads, I mean, maybe that sort of thing....

ROS: Yes, I think hes right; I think 18 year olds generally think they know more than they really do.....

Vi: Cos what I'm concerned about is not to challenge whether you know anything or not, because you do. What.....I don't wanna challenge anybody elses experience, but its so separated, what your experience is and what you are supposed to know, and what my experience is and what I'm supposed to know and I think that separation those different are controlled

ROS: You say 'Abort what do you actually

Vi: Well, theres 2 Theres the system the word abort. The came up at a time Corrie Bill were womens right to came up and so its that an abortion is issue for women & threatened in that the choice threat- got defeated so a stopped thinking still important to to choose whether parents or whether

partly why we use well the system is system is oppressing a kind of abstract a while can mean becomes too abstract question is to ask is oppressing you burst out of it & means to me.

the system' but mean, the system? parts to this. and theres also Abort the system' when the John trying to stop have abortions a reminder of that quite an important that it was the right to get ened them and it lot of people about it, but its women to be able they become they dont. Thats the word abort, and I suppose whatever you. I mean theres system that after nothing because it So I think the what actual system and get rid of it, that is what it

Q. You talk a lot about conditioning. What do you mean?

A. At school at home.....everywhere we are taught to conform.....by means such as reward and punishment.....trained to suffer boredom.....accept life...ignore our real needs.... to forget who we really are and to just fullfill the needs of our employers and educators.... to be useful slaves....to do what we don't want to do....accept what we don't want...that is how we have got to the emergency that we are in now....two thirds of the population of Britain now believe that there will be a third world war in their lifetime. That this means nuclear holocaust....it has become imaginable.....acceptable....we have been tricked into accepting this horror....what none of us want.....the trick works because we are set against each other.....man against man.....man against woman.....

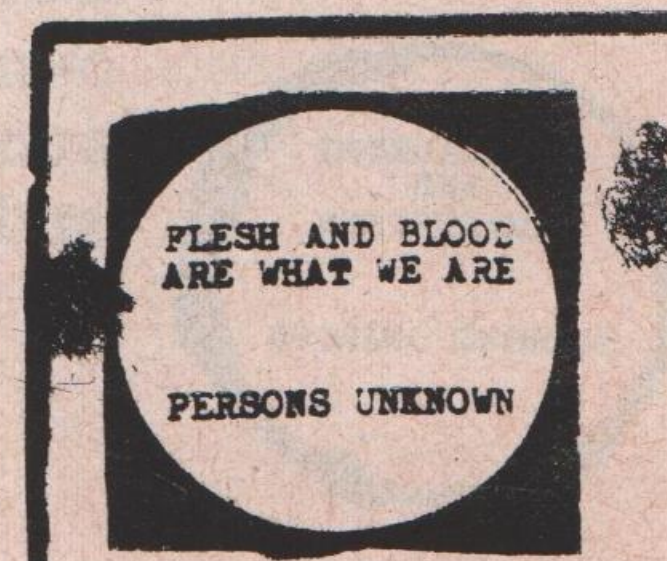

Q. You criticize the system....complain a lot. What can you offer in its place?

A. We can undo the system by stop acting like puppets....rejecting the necessity of a violent and degrading war of total death.....by finding hope.....and daring to treat each other like the sensitive and responsible human beings that we really are.....by believing in ourselves.....

Q. Thats not very realistic ....is it?

A. Its more realistic than going like sheep to the slaughter....or to the factory like robots...anyway its happening.....we are not alone.....people are getting wise and are refusing to be robots

C R Y N O M O R E

Q. Why are you known as a punk band? Why do you need this label?  
A. We don't.....Punk is not just a label.....in 1977 punks didn't want to know us.....we were too difficult for them to accept.....we are not the fashion image of punk.....but we are the essential impulse.....the spirit of challenge to the established values.....that is what keeps us alive.....

Of course the music biz.....the establishment.....feeds on that life if it gets its teeth into it.....exploiters and profiteers feed on fresh young blood and suck it dry..... its our job NOT to be an easy sacrifice.....to be indigestible.....poison even.....

Q. Why do you use the alias names?

A. Rich: That all started when we started at the begining of 1977. It was a joke.

Vi: It was fun.

Rich: And I think theres a sort of significance in the names that you choose, and you do actually find yourself, like I didn't have any choice in the name that I was given by my parents so why should I hold onto that anymore than create a name for myself....

Nil: When people change their names deliberately they take a name that means something to them.

Vi: Like I call myself Vi Subversa cos I like the way people always say Visa Versa. It doesn't mean the opposite it means contrarywise and I quite like that association with being contrary to  
been or what

Q. Do you call names all the

Vi: Increasingly

Lance: I think statement of like it means just a band, critical

system and I of statement for a diffe- first thing to your name.

Vi: Its quite one name...

Lance: There some magazine in Huddersfield registered names and one Off', so when

him and asked him his name he said fuck off and he was prosecuted for that but of course he proved that that was one of his real names by depole.....

Q. What are the POISON GIRLS really on about?

A. We rejoice in being who we are.....we have refused to submit to the roles we were supposed to fill.....because we are not the image that the establishment can recognise or USE..... we reject the roles of society and of sexual conformity.....ultimatly these roles support an economy based on waste and war.....

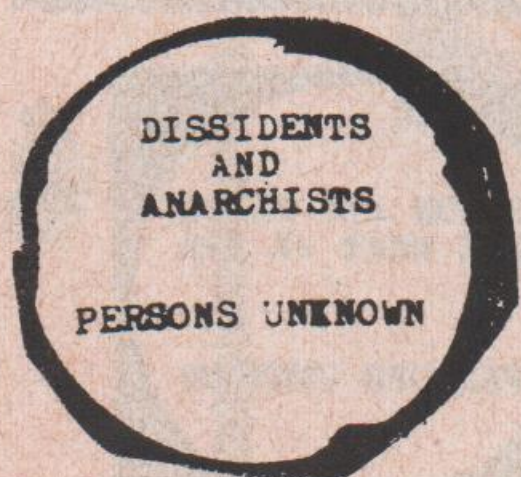

So I think the Poison Girls have got something valid that they want to talk about. They have up to this time always supported Crass at all Crass' gigs as well as doing some on their own, but after the five gigs in Scotland from the 1st to the fifth of July they will not be supporting Crass anymore. They will be playing gigs and going on tour on their own. When they went over to Europe at the begining of this year(April) they done very well on their own often pulling crowds as big as what Crass do over here. Crass didn't go on this European tour because the political situation in England demanded them to stay. Also the Poison Girls are not going to have anymore records out on Crass records because they are going to start their own record and publishing company 'X-Intrix'. Lets hope they suceed in this venture and that they continue to grow bigger and be better known.....ABORT THE SYSTEM....

what I could of I should have been. yourselves by these time?

its a sort of wanting a new start more to us than it means our whole approach to the think thats a sort towards a new start rent world, so the do, is to change

## PROMENADE IMMORTELLE.

S trong with the strengh of all that has gone and all that will change,  
S trong with the strengh of the longing and pain that flows through our veins,  
S trong we are strong with the rage of the past and all that will fade,  
S trong we are strong with wave upon wave of change after change.  
Wave upon wave..... And we have survived and we stand here again.

Strong with the strengh of the dreams that we made that fall and fade,  
Strong with the strength of the hurt and the words our lips never gave,  
Strong we are strong with the sport of the game and the loss and the gain,  
Strong we are strong with change upon change of wave and desire.  
Wave upon wave..... And we have survived and we stand here again.

Lust and the lies and the love that we made of our lust and lies,  
Trust that we gave for another new start when it all fell apart,  
Beating of thighs and the love that we made of our lust and lies,  
Beating of hearts for another new start when it all fell apart,

Strong we are strong like the river of death that runs from our veins,  
Strong we are strong with the strength of our minds and the hope that remains,  
Strong with the strength of wave upon wave of age after age.  
Wave upon wave..... And we are but young and we stand here again. ©1980 Poisons.

## TENSION

The tension between what you do and you dont do,  
the tension between what you will and you wont do,  
the tension between what you can and you cant do,  
Ah ! Ah! Ah ! What you cant do.....

The tension between what you know and you dont know,  
the tension between where you go and you dont go,  
the tension between what you show and you dont show,  
Ah ! Ah ! Ah ! What you dont show.....

The tension between what you say and you dont say,  
The tension between what you pay and you dont pay,  
The tension between what you see and you dont see,  
Ah ! Ah ! Ah ! What you dont see.....

The difference is where you spend most of your time,  
the tension is how you spend most of your life,  
You smile in your eyes in spite of the lies,  
Ahhh ! The lies.....

If you had wings my love would you fly?  
If you knew that you never would die would you live?  
Would you try would you try to live would you try?  
Aaaaaaaahhh ! Would you try??

The tension between what you do and you dont do,  
the tension between where you go and you dont go,  
the tension between what you show and you dont show,  
Ah !! What you dont show.....

ANARCHY & PEACE

FUCKING GU...!

what  
really ?

# ~~A~~N~~A~~RCHY, PE~~A~~CE AND GOVERNMENT.

ANARCHISM is a radical philosophy which sees STATE AUTHORITY as the chief obstacle to FREEDOM and therefore aims AT IT'S ABOLITION. The GOVERNMENT is a body of PERSONS who rule the STATE. They make the rules and laws and regulations that the people of the country have to abide by. The rules of the STATE are called LAWS and you have to abide by these LAWS otherwise you will be pushed around and harassed by the tools of the STATE, yes, that's right, these tools are called POLICE. What do the police do????????????????? THEY KEEP THE LAW AND ORDER!!! ALL THAT LAW AND ORDER IS IS A WAY IN WHICH SOME PEOPLE, (the police) CAN LET OUT THERE FRUSTRATIONS IN A JUSTIFIABLE LIGHT.....  
.....LAW AND ORDER IS AN EXCUSE FOR MURDER AND UN-NEEDED VIOLENCE.....  
So you had better watch out or they will lock you up and beat you up and do untold injuries to you because THEY DON'T GIVE A FUCKIN' TOSS ABOUT YOUR LIFE REALLY, JUST AS LONG AS THEY CAN BEAT YOU UP AND GET PAID A LOT OF MONEY FOR IT THEY DON'T CARE. police Army and Navy get paid a lot more than the average worker AND WHY?????? SO THAT THE GOVERNMENT WILL HAVE THEM ON THEIR SIDE AND WHEN SOME PEOPLE TRY TO REJECT THEM THEY CAN SEND THEIR TOOLS IN AND DO US ALL OVER.....IT'S ONE BIG FUCKING CON!!!!.....  
Don't you think that every individual should have the right to live their own lives???? It's the individual's life, NOT THE FUCKING GOVERNMENTS. SO WHY DOES THE STATE SET DOWN RULES AND LAWS THAT WE MUST ABIDE BY?????????...It's because they have to show everyone that it's them that have got the POWER, AND NO-ONE ELSE!!!!!!!!!!!!.....When you get your wage packet there is a deduction. WHY?????????...BECAUSE OF TAXES!!!! AND WHERE DO THEY FUCKING GO????????? i bet that you just can't guess.....TO THE FUCKING GOVERNMENT.....  
They take your money.....your money....the money that you probably worked fucking hard for. IT'S YOUR MONEY, YOU FUCKING WORKED FOR IT, THEY DIDN'T, and yet they still take it. They have no right to take YOUR money. But when you ask them what right they have got they say we've got the right through LAW. But then you ask yourself, Who makes the law??? The Government make the fucking law, so the answer is, 'WE TAKE YOUR MONEY AND HAVE EVERY RIGHT TO DO SO BECAUSE WE MADE UP THE RIGHT'. WHAT A FUCKING LIBERTY!!!!!!!!!!!!!!!!!!!!!!? FUCK GOVERNMENT TAXES.....LET THE GOVERNMENT PAY THEIR FUCKING TAXES THEMSELVES.....  
When you go into a shop to buy goods you have to pay V.A.T. (Value Added Tax) and you pay it to the government just so that they can get a little bit more money.  
THEY ARE FUCKING CUNTISH CAPITALIST PIGS. They make their money at the expense of the worker. YOU PAY YOU PAY YOU PAY YOU PAY YOU PAY YOU PAY YOU PAY YOU PAY YOU PAY YOU PAY Why do they take all of our money????? What do they need it for????????????????? THEY LIE. They tell you that most of it will be spent on the people in the country!!!!... It's not spent on unemployment like they make out. DO YOU KNOW WHAT IT IS SPENT ON????? NUCLEAR ARMAMENTS. They WASTE all the money (or a vast majority of it at least) on nuclear weapons. AND what do nuclear weapons do???? DISTURB THE PEACE.....  
So in other words they are paying to disturb the peace and THAT'S JUST NOT FUCKING ON... So the GOVERNMENT CAUSE WAR BECAUSE THE GOVERNMENT HAVE THE POWER AND IT IS THROUGH POWER THAT WARS START, AND THE WARS LEADS TO DEATH, the death of untold millions. So Therefore..  
.....GOVERNMENT HAS POWER, POWER LEADS TO WARS, AND WARS LEAD TO DEATH.....  
.....SO INDIRECTLY, GOVERNMENT = DEATH.....  
Anyway, back to peace, Peace is the freedom from war. When everyone is calm and quiet there is no disturbance. BY BUYING NUCLEAR WEAPONS THIS IS BEING COMPLETELY FUCKED UP.....  
Nuclear Weapons will inevitably start a war, AND THEN WHAT WILL HAPPEN????????????????? All countries will either be covered with Nuclear Fallout or be obliterated completely and untold BILLIONS of INNOCENT people will die. People join the ARMY, NAVY, AIR FORCE, to protect their so-called COUNTRY. FUCKING GREAT COUNTRY!!!! While you lay out on the battlefields dying in pain, they sit in their fucking board-rooms, laughing and joking and sipping champagne. THEY DON'T GIVE A FUCKING TOSS ABOUT YOU FIGHTING IN THE WAR THAT THEY CREATED. On other pages in this fanzine I've tried to show the Realities of War and all the fuck-ups of War. WAR IS THE ULTIMATE FUCK-UP. All that money that is wasted on nuclear weapons when it could be spent on something much more useful. It could be spent on the country to help the Economy, help unemployment, help inflation, etc, etc, Take Germany as an example. They are not allowed to buy Nuclear arms because they started the last World War. BUT LOOK AT THEIR ECONOMY!! The unemployment rate is low, inflation is low, and overall the country is one of the most prosperous in the world. Now let's take a look at OUR (so-called) country. We have high unemployment, high inflation and overall our country is completely FUCKED-UP. AND WHY????????? All because our GOVERNMENT WASTES the money that it cons out of us on FUCKING NUCLEAR BOMBS. OUR GOVERNMENT IS SHIT.....

ALL GOVERNMENTS OPPRESS AND CONTROL YOU!
