Dear Fellow Workers,

We have just succeeded in establishing a new Branch of the I.W.W. here in San Francisco, and intend to concentrate on developing a programme of syndicalist education. Please send listing of publications including "Direct Action" and I.W.M.A. journal subscription rates. Perhaps we can order same in bulk, bundle order per issue. We would like to build a supply of literature. If you do not have a large supply of pamphlets, theoretical books, etc. perhaps you can suggest a publisher.

Do you know of any syndicalist organizations in the U.\$? Is there a section of the I.W.M.A.? Perhaps one could not legally exist due to U.S. law prohibiting international associations. Are bulletins of the I.W.M.A. , programme, etc. available?

For the benefit of our subscribers to "Freedom", could you elaborate upon the key differences between the S.W.F. and the "Freedom-Anarchy" groups?

Yours for Industrial Solidarity,

Y. Jon Sharif
