To. M. Worman. Secretary. Manchester Group AFB.

Dear Comrade.

I regret the delay in writing to you, but for some unknown reason, I cannot find the file on the Manchester Group, and can only assume that Ken Hawks omitted to hand it over to me, and still has it at Parliament Hill.

As you probably know, the London group held a general meeting on the nineteenth of this month. The minutes of that meeting are to be printed in the first issue of the Internal Bulletin, and as soon as this done I will send you a copy.

The main point decided was the decentralisation of the London Group into three local groups, East, South and West, with an inter group committee. In the election of officers, Ken Hawks was elected secretary of International Relations, Machia Hawks as Treasurer, & myself as Gen. Sec. for London, and Fred Read as administrator for Direct Action.

At the moment we are having a spot of bother due to the events of Sunday. We were distributing handbills at Trafalgar Square on the occasion of General Lister (the Lister who led the attack on the anarchist collectives in Aragon) speaking. Some trouble developed, and Ken Hawks and Ray Upton were arrested, they appeared at Bow Street on Monday morning, and a weeks adjournment was obtained, and we hope to make a really good show next Monday at ten o'clock.

Can you give us a precision on the position of the Manchester Anarchist Group mentioned in the current issue of FREEDOM? Are they in contact with you, have they organic relations with the UAG and the Freedom Press Group? Any information on this subject would be most welcome.

All comrades of the London Group join with me in sending fraternal greetings and best wishes to all comrades in Manchester.

Yours for Anarchy.

Gen. Sec. London for the AFB.
