Dear Comrades,

Thank you for sending me copies of the new 'Direct Action' which I found very interesting.

I should like to know more about the S.W.F. and whether it holds public meetings in London. I have been reading the new 'Syndicalist' and would like to know in what way the policy of the S.W.F. differs from that of the anarcho-syndicalist committee. As a newcomer, it seems to me that the syndicalist idea of workers' control is so important at the present time that every effort should be made to unite all really progressive forces which favour it. Not that there is room for 2 dozen let alone 2 syndicalist papers! Whatever the differences, more power to each of your elbows!

I enclose a cheque to cover my
subscription. Would you also be good
enough to send me the pamphlet by
Equity & the pamphlet by A. Caltabiano &
a copy of the Industrial Worker.

Best wishes,

Fraternally yours,

Crestrey Osterjand
