Dear Harry,

Enclosed a copy of the ~~book~~ latest D.A., together with the book Willi borrowed from you. I should have sent it on before, but have been expecting to see you on recent Sunday evenings.

You'll be glad to know we are in close contact with a member of the Merseyside Port Workers Committee, who has taken 400 copies of the latest issue for sale in the docks. You'll see an article from him in the paper.

Next week we shall be taking part in nightly open air meetings in various parts of London, in protest against the trial of the dockers.

We shall be at Amberley Road as usual on Sunday. Any hope of seeing you?

Best wishes,
