Dear Comrades,

Thank you for the back numbers I requested, and your covering letter. I did not particularly want the September 1950 issue, as I already have a copy - maybe my usage of the word "since" was ambiguous.

I hate to seem pernickety, but I did not ask for the special supplement dated October 1st 1949. What I did want was the issue, if any, which came between the April-May 1949 issue and

the special supplement. The former is marked Vol. 4 No. 2 (No.35) and the latter Vol. 4 No. 4 (No.36) The figures without brackets would indicate that some other issue came between; the other figures that no issue came between. Which conclusion would you prefer me to draw? If the former, would you please send me a copy of the missing issue.

I enclose a cheque for 8/7, to cover your bill plus 4/6 for the next L2 issues of DA. I hope this method of payment is not too inconvenient for you.

Yours respectfully,

*Wollings*
