Dear Ken,

I'm sending down some things I've received via Ants from Spain. There is 10/- P.O. in to help with that Press move we heard so much about with last D.A. Can you see it gets to the right place?

As for getting rid of a few copies of D.A. its very doubtful at the present time but if we can manage it in the future I'll let you know.

Can you let me have a bit of information on the SWF conference during this month. There is just a slim possibility of me managing to get down.

Yours Faithfully
L. May.
