Dear Ken,

Having read the April copy of DiA. I have decided that the Article I sent to you via Les may be unduly large. However you have the wage figures if you wish to use them. I have here written an improved version of the same article and I hope you receive it in time.

Are you in contact with Les, Ken & Ants? We <sup>haven't</sup> heard from the chap whose name you typed, for a while, do you know what's happened to him? Did you get the App article? We are staying here for a few more weeks, so if you wish <sup>write</sup> ~~write~~ we would be glad of a letter. Thank you for printing <sup>our</sup> last attempt. Best Wishes Brian & Joan

P.S. We have had a letter from Jim Pink and we hear often from the lads in Rochdale. If you can send us copy of your paper for March & May, if you can throw them in with The Guardian that will be O.K. Do you know if Pete & Gladys got a letter from us? we sent one a bit back.

course and no longer required them. It is the intention of Kev and our friends in Rochdale to obtain a house and for a permanent centre for our activities. Nothing has yet been forthcoming so far as we know, ~~yet~~ but they are on the lookout!
