According to Jim who we conversed with last Saturday, the Northern Industrial Action will be meeting a week next Sunday but I ~~was~~ didn't go to the last meeting. Did you know both Jim and ourselves have a typewriter each, as well as that hand-duplicator now at our disposal?

Now for some Good News! Ex-PROGRESS EDITOR:- ROBIN ENGLISH & <sup>present</sup> PAUL GATENBY who are at the living at:-  
 "Conway House",  
 Beach Rd, Littlehampton,  
 Sussex.

has asked to received Syndicalist literature direct from you. The reason they are eager to contact you, is because although they are establish in good job's were they live, they have in my opinion an impressive rebel sprit and I hope you will be able to help them as they intend to go abroad in several months time. However I hope you do not mind too much that I have given them your address, in order that they may contact you. They have already read a number of Tom Brown's pamphlets on our subject and are fasenated

by them. Robin is 18 years old & Paul is 20 years they are both extremely anti-communist and Paul is a Roman Catholic. Both are confident by nature and at the moment they are trying to influence a Youth Magazine in Littlehampton by writing articles and trying to ~~be~~ increase circulation. It is intended by them, to attend if possible the R & F and there you could meet them for yourself. They said, they would send you financial contributions for the papers I.A. and W.L.N. That's all we can think of for now!

Yours Fraternally Joan  
& Brian.
