Dear Ken,

Please find enclosed another article. This was suggested by a letter from my father-in-law who is a L.P. agent and so unlikely to be affected by it. Nothing much is happening here just now so I thought I would give Canada a rest for once. I have been receiving letters from the Canadian Committee of IOO in Toronto. Have you heard of them? I am wondering how they obtained my address but am to polite to ask them. I am pleased to hear that "Workers Voice" is to become "Direct Action" this year. I always thought it was rather pretentious to claim to be the voice of the worker. Will you send me a dozen copies of future issues of W.L.N. please also a copy of Tom Browns' latest pamphlet the British General Strike.

Best wishes to you all,

Biel
