Dear Ken.

I thank you for
your letter. I was pleased
to hear the conference
was a success. I liked
your article on the "Liberals"
in the last "D.A." pleased
to hear that Brian was
down to see you. He is a
very good member. I only wish
we had many more like him.
Have you heard from the
Pillings yet? Things are
very quiet around here although
Jim keeps attending meetings and
we meet several new contacts.
I see A. Badona is still

interested; Jose Kovora, got married, about five years ago and I have not heard from him, or seen him since. This has happened many times, we have had a lot of young men interested, but as soon as they get married they disappear, Arthur Gould was another one, but I did think Jose would have been different. Do you hear from Liverpool yet, I thought there would have been a bigger show from there, after all the talk of J. P. Hughes etc. Best wishes to all.

Yours ever,
Jack.
