Dear Comrade,

many thanks for the copy of Direct Action, also for the pamphlet on the bomb. As of now I am 'on the dole' and up to my eyes in debt, and so unable to subscribe at the moment, but when I can afford it rest assured that I will, it is one of the best papers I have come upon. I have just finished with Trotskyism, and at the moment feel that my ideas are 'anarchist' or 'libertarian' and so do not wish to join the S.W.F. as of yet but want to know a lot more about it, and it interests me greatly. I find Direct Action most refreshing, it doesn't look down on the working class as marxists and in particular Trotskyists do, and as the tendency which has made me

realise how wrong they are,

once again many thanks
you will be hearing from me
again soon, only next time I
will enclose the 6/- subscription.

Yours fraternally
Vincent Johnson

P.S. please find two stamped
envelopes, they may come in handy.
At the moment I belong to U.S.D.A.W.
