Dear Comrade Hawkes,

I thank you for the copy of "Direct Action" - an excellent magazine. The correct address for our meetings is 4, Ross St. (sorry about the mistake). Bobby Lynn is still staying at 66, Bain St. S.E. and he said he would get in touch with you and he also said he would be seeing John Hunter.

We still have to make arrangements about our literature as Bobby Lynn already takes DA, but we hope to increase the quantity soon.

At the moment there is not much doing in Scotland but when anything happens we'll let you know. # We are bringing out a statement - "Anarchism and the Warfare State" but we had some difficulty with the printing so now the Scottish Committee of 100 is going to duplicate it

for us. When it's finished we'll send you a few down. Our main effort at the moment is trying to collect all the dispersed libertarian elements into the Federation and until we do this we will not be organising much action ourselves.

Yours Fraternally

Ronald Alexander
