Dear Comrade Michaels,

Very many thanks for your letter of July 1, to which I reply with some delay owing to holidays. Needless to say we greatly appreciate your group's fine gesture of solidarity in making over to our Press Fund the sum of £10,9,6d due to you from the S.A.C. for literature supplied. It will be of very great help to us in our publishing plans and we do thank you all very much. Perhaps you would be good enough to write Herbert Anker, Gen. Secy., S.A.C., Sveavagen 70, Stockholm 16, Sweden, authorising the transfer of this sum and asking him to make it payable through my bank account at Barclays Bank, Hampstead Heath Branch, South End Road, London, N.W.3.

We are hoping to produce another pamphlet, which is ready for press, as soon as the printing strike ends and we are able to get the material lined. In September we plan to start publication, on behalf of the IWMA Secretariat, of a bi-monthly international syndicalist bulletin, which will at least partly fill the gap left by the non-appearance of "Direct Action". We shall, of course, let you have supplies of both on publication.

We hope the weather will be good for your excursion on Sunday. I will let comrades know about this tomorrow, in case any of them are able to attend. Unfortunately I shall be working and Melcie also has a prior engagement on that day.

With every good wish to our good Jewish comrades, whose sympathy and solidarity is greatly appreciated,

Yours fraternally,

publications secretary.
