Dear Comrade,

Sympathize with your problems of finding a center. Am sneakingly glad I'm not in New York and faced with the drudgery of another move there--participated in two of them there as it was and it was two too many. Little hope for us out here to find anything permanent either, though from now on we'll have use of the Walden School for IWW branch meetings--persuaded Dave Koven into taking out a card again and he runs the school.

Got a bit hung up with "Wobbly" but we're back at it again with another editor who I think may at least produce a bit more rapidly. Sent off today a bundle of a dozen of the second issue and whatever I could lay hands on of the first. Since we're not set up to handle literature at all yet you might just send me two each (instead of one) of WLN and Direct Action and I'll circulate the extra one in the branch.

We are sort of hopeful for the new I.W. editor ourselves--wasn't even around myself when he edited before but he has a good background--theoretically and as a newspaperman. We're still working on the radio program bit, hamstrung a bit by the slowness of the New York group in digging up for us the needed tape-recordings. Can't blame them as it seems like most of the New York group has emigrated out here now and they're a bit hung up for people.

Glad to hear from you and best to all there.

Fraternally,

Rich Ellington
