Dear Ken,

Enclosed, p.o. for 6/6, please send me six copies of "Strike Strategy". If you have two more copies of "Direct Action" Nos. 1+2, please also forward.

In future please send me a dozen of "Direct Action" + "W. I. W." I would like to see a copy of the French paper "Le combat Syndicaliste" if you have any recent issues.

There was a Barque on Televis Eireann last week + he spoke about the explosive situation in Spain, needless to say he did not remain on for long. There have been reports in the papers here about strikes in Eibar + other industrial parts + also of the arrest of some students in Barcelona. It seems that the situation is likely to blow up soon. Let us hope it goes our way. Although it seems that the odds against the C. N. I. - F. A. I. will be even greater than in 1937. It would indeed be a tremendous break for the International Syndicalist movement if the C. N. I. was victorious.

I have not received any reply from Pat Wall so I have to see if we can raise some money amongst the group here. There is rumours here of an early election again so I doubt if the W.P.A. will help, financially they are in a very bad way.

Regards to everybody,  
fraternally,  
Dave.

P.S. Please also send copy of "Franco Prisoners speak." I received W.S.N. to-day, excellent.

Dave
