Dear Ken,

Enclosed a couple of postal orders I hope it covers all I owe, if not let me know. Jim and myself were very pleased with the colour bar leaflet, simple but right on the ball, we didn't get any response (good or bad!) although I put my name and address on the back, but that doesn't matter too much (although it would have been nice if we had made some members.) as the leaflet has cleared up the very muddled thinking on this issue by the 'left'. Some time ago I had a series of letters from an old age pensioner who subscribed to 'FREEDOM' and he asked me

to send him some syndicalist literature I have sent him all my copies of 'WORKERS VOICE' and 'DIRECT ACTION' and W. L. N. with which he was very pleased and has passed on to his mates. I was thinking if Tom has time he might like to drop in and see him (he doesn't get out much as he's over 70.) for a bit of a chin-wag which I'm sure he would appreciate. Here is his address. W. H. TAYLOR, 12, DOLBEN ST., BLACKFRIARS ROAD, LONDON. S.E.1. The J. L. P. is to have a public meeting in Bilston on the J. L. P. and the H-BOMB on Saturday JOHN McNAIR is the speaker you probably know him, I'll let you know how it goes it should be well

attended as we've put in a lot of work publicising it. I don't know if I wrote you but last month Jim had both his windows #15-#20 a piece broken and has had a letter threatening to 'knock him off' both are in the hands of the police so we shall ~~hear~~ hear no more of that. Well that's about it for now so all the best to all the comrades.

fraternally,  
John.
