Dear Ken,

Enclosed postal order
for £1. for the Bill Christopher,
fighting fund. Re, 'Workers Voice'
personally I like it (the name)
as it is but if you think
'Direct Action' is better and
'speaks for itself' then by all
means change it, it (D.A.)
is on the headings of your
writing paper and on the back
of your pamphlets which are
good reasons for reverting to it.
Frank is going to start a
weekly/fortnightly, discussion circle
among the left wing here and
we hope that this will be a
better success than the last
one which never got started.
Jim has had two pieces of

bad luck (again!) since I last wrote, his son 18, attacked and stabbed his wife (married 2 months) cutting her about the face and head said that she'd been going around with other men and he wanted to disfigure her so that no-one would ever look at her. He is now awaiting trial in Stafford Jail. Secondly the Jamaican bread and syrup business he recently went into in Derby was gutted by fire the bakery was saved but the syrup bottling plant (above the bakery) was a complete write off. Never-the-less he's still his cheerful self and remarks, a good lawyer should get young Jim committed again and that he'll get other premises for the syrup, anyway

it didn't comply with the hygiene standards and its better to claim insurance than to pay a fine, his Jamaican partner said its the will of the Lord, contrast the two philosophies. We would be glad to hear about the J.W.M.A. conference it may give us some material for discussion in the new circle. Thats it for now regards to all comrades in and out of jail with or without fines and has Tom built that telescope yet?

fraternally,
John.
