Dear Ken

Thanks for your last letter. Joined the union here after obtaining a job as electrician at the Air Ministry, everything going fine as we're living in Spain on Gibraltarian pay. The union has just over 300 members mostly Gibs & Spanish nets, I think at the moment they're weakened by trying to be too bombastic verbally without being able to threaten any serious action. But I enclose the rule book as I think it interesting and simple, also within one May Day manifesto, and £2-10s 30/- of which you may put toward the press fund and the rest for a subscription to the paper. Please send 'Anarchist Youth', if you can and any other paper you think may be of

interest beside D.A. Going to Morocco
next weekend the 16th May, for a few
days as its the Queen Birthday
and have holidays. If you've
any information before we go
please send it. Can't think of
anything else glad to get D.A.
please send it prompt from now
on. Read about the actions of
the mountain people this week.

All the Best

Kieran & Joan.
