Dear Comrade Hawkins,

Many thanks for your letter of the third of September. Thank you for the invitation to the London conference but I can't come. I hope that we may something worth reporting soon but for the moment we are still trying to raise enthusiasm in Edinburgh. The proposed demonstration has not yet been held, it was an idea from the Glasgow Federation who were to send support but we haven't heard from them for a fortnight so something must have gone wrong.

We will try to make some use of the information on the murders of Comrades Delgado and Granados. I am particularly interested in Spain because I have studied Spanish for more than five years and I have been in Spain once.

I would be glad to take some copies of D.A. on sale or return. Can you let me have a dozen this month? That will

give me some idea of how many I can sell, if I can get them all sold I'll take more.

I'd like to join the SWF but there are two questions I must ask
1) as a ^{secondary} school pupil I am denied the right to belong to a union,
and 2) I am an Anarchist and to what extent is the SWF likely to co-operate with the proposed National Anarchist Federation?

Are there any S.W.F. members in or near Edinburgh who might be interested in working with the Edinburgh Federation?

Yours fraternally,

Mordair Macdonald
