Dear Comrade, thanks for your letter of 19th Jan. about my taking copies of DA for distribution here. As you will know already, this is the most reactionary university in the country, and anything of the Left is a minority business. Within this the Anarchist Group has at present little concrete agreement on anything, beyond vague discussion. So I doubt if more than a couple of DA could be sold — if however you're willing to send some for free distribution, I'd like a dozen to start with and we'll see how it goes from there.

I find some similarity between SWP programmes and that of SOLIDARITY, can you give me some idea of how they are related.

paternally,

Adrian Cunningham.
