Don Pedelty, Esq;
Dear Comrade,

Kent
28-9-59

It has been

ungrateful of me not
writing to you, as you have
been so good sending I.W.s,
& the new booklet on Labour's
record.

~~Just~~ There is a philosoph-
ical reason why I ~~am not~~
~~do~~ not think physical
efforts ~~can~~ achieve much
without a "something else".
But I am interested in
those efforts as far as they
go, and like to keep informed

by the I.W.

I was going to write to
you ~~two~~ three months
ago at least & send 10/-
for the books read, but
when I paid other things that
had to be paid, I could
not. So I told myself
I would put it off a few
weeks.

Now I think in a few
more weeks I can send
£1, but I will not wait
tell then to write & say
thank you.

You said you were hoping
to renew publication of
"Direct Action". If you have
started do send it to me
each week. P. T. O.

I know several who
would be keen on seeing
"How Labour Government",
local people. I must lend
one round, But there is also
a Dr. Haffenden I wrote to at
Manchester, a Theosophical
Pacifist like me. I believe
he is working in this election.
If it is for a Labour chap
like Emrys Hughes, your
booklet will warm him, I
will send him one.

I think the world is moving
to 11 topics by a psychic change,
~~so~~ without which all efforts
are useless, so please excuse
me from renewing the SWF subscrip-
-tion. your sincere
Harry Stone
