Dear Comrade,

Thank you for your

correspondence of June 13th. Enclosed
P.O. for 5/-, my subscriptions to date.

Was it, I wonder, Julian Pilling

who first introduced me to D.A.? I
believe it was to him I was putting
questions one Sunday afternoon in Hyde
Park. Actually, I am a Londoner and
it is only since the end of February
that I have been 'exiled', (by the wish
of my doctor,) to this outlandish county.
I am not surprised that there are no
S.W.F. members in Berks as, unfortunately,
this is largely a Conservative area.

I fear it is going to be difficult
for me to form a group here in
Stoverton when I have no help, but, of
course, I am doing my best to
propagate Syndicalism. So far, my efforts
have been confined to the raising of
One Big Laugh!

I notice that on my membership card
is the number 155. Does this mean that
we have only this number of members in
"Great" Britain?

Regarding the "Spanish business", don't
you think that the I.W.M.A. is wasting
valuable time interfering in a "cold war"
between the two tendencies? There must
be unity among the members of I.W.M.A.
and those members who cannot agree
among themselves are hardly an asset
to the organisation. Leave the Spanish
comrades out of the international
organisation until they have reached
an amicable agreement in their own

country.

My greetings to you.

J. Jackson.
