To be radical is to go to the root of things. Solidarity for Social Revolution attempts a total critique of modern society (East and West) and a systematic 'demystification' of its values, ideas, ideologies and patterns of organisation. Focuses on the struggles of ordinary people to control ever wider aspects of their lives. Discusses what libertarian revolution is all about. It will be seen that the considerable number of articles relating to the car industry has necessitated a special section on 'Motors' - which has in turn been further subdivided in relation to the main car firms.

Roman numerals relate to volume number, arabic numerals to issue and page number. (For instance III, 7, 19 means page 19 of issue no. 7 of volume III.)

The first 5 issues of volume I of our paper appeared under the name 'AGITATOR'. From issue no.6 on the paper was called 'SOLIDARITY'. Complete series of 'Solidarity' and of Solidarity Pamphlets will be found at the Library of the International Institute of Social History (Herengracht 262-266, Amsterdam C, Holland) and at the British Museum. Rather less complete series are also available at the Bodleian Library, Oxford; at the University Library, Cambridge; at the National Library of Scotland, Edinburgh; at the Library of Trinity College, Dublin; at the Library of the London School of Economics, Houghton St., London WC2, and at University of Michigan Library (Labadie Collection), Ann Arbor, Michigan 48104, USA.

At the time of production of this list a few back issues of volume III (nos. 7, 8, 9, 11), of volume IV (nos. 3, 4, 6, 7, 8, 11) and of

volume V (nos. 6, 7, 9, 10, 11, 12) are still available - as are all issues to date of volume VI (i.e. nos. 1-6 inclusive). The pamphlets marked with an asterisk are also either available or due to be reprinted shortly.

The papers and pamphlets referred to in this bibliography are those produced by the original 'Socialism Reaffirmed' group - which early in 1965 became the 'Solidarity' group and later still, in 1969, the 'Solidarity' (North London) group. Other, entirely autonomous, 'Solidarity' groups have appeared over the last 10 years. A number are now active in various parts of the country, and are engaged in various types of agitational and propaganda work. Several are producing their own Solidarity journals and pamphlets. An acceptance of the statement 'As We See It' - and of its implications - is the basis of recognition of these groups as part of a Solidarity movement. Details concerning the papers of these various autonomous groups can be obtained from the following addresses:

Solidarity (Aberdeen) c/o N. Roy, 138 Walker Road, Aberdeen

Solidarity (Clydeside) c/o D. Kane, 43 Valeview Terrace, Dumbarton.

Solidarity (Dundee) c/o F. Browne, 17 Blackness Av., Dundee, Angus.

Solidarity (North West) c/o 23 Sewerby Street, Manchester 16.

Solidarity (South London) c/o J. Shreeve, 44 Sturgeon Rd., London S.E.17.

Communications about the present bibliography - or about our own pamphlets and books - should be addressed to 'Solidarity' (North London), c/o H. Russell, 53A Westmoreland Road, Bromley, Kent.

October 1970.

On the following pages is a list and brief description of the pamphlets we have produced (or in the production of which we have been associated) during the last ten years. Also listed are some of the pamphlets produced by other Solidarity groups.

Many of our pamphlets have been repeatedly reprinted, in fact until the stencils literally fell to pieces. Others are out of print and unlikely to be republished. Those still obtainable - or likely to be available shortly are marked with an asterisk. (Information about pamphlets produced by other Solidarity groups cannot be guaranteed as accurate and should be confirmed from the groups themselves.)

A complete recosting of all Solidarity (North London) productions is now being undertaken and we cannot at the moment quote costs for various items, except in very general terms: the prices will probably vary between 1/- (5 new pence) and 5/- (25 new pence). Please write to us for further details.
