

Practical Anarchy free

civil obedience?

DROP DEAD!

WE'VE HEARD A LOT OF TALK about Direct Action...and a £13,000 plus theatrical spectacle (money spent on crowd control— YOU control) doesn't sound very direct. It's Directed Action: Action directed by the police, starring as high priests SCND worthies, issuing death permits to the chosen few ... (spot the parallel: police issuing bullets to the disobedient prior to nuclear mega-death).

We're proposing Direct Action... Peace Campers throughout the country have shown its power... and propose a start *in the cities* now!

The movement for peace is the most exciting thing to have appeared in these dreary times.

- ★ It should be an effective anti militarist campaign.
- ★ It should expose and reject the links between the State and the dirty money from arms sales, plutonium 're-distribution' and our shepherds today, the police; our masters voice.

Rather than collaboration with the very people who's role it is to ensure a placid mass suicide *we suggest:*

- A telephone blockade from 2-5pm on Tuesday of the Faslane base (phone lots of times)
- Physical blockades of all the increasing manifestations of the Nuclear State that threaten our liberties.
- More useful informal linking of all the independent groups attempting action against the military state, the military equipment fairs, laboratories, plutonium manufacturing stations, and military recruiting offices!

The Glasgow Peace Camp at Barlinnie made direct contact with the local people and was welcomed: it didn't pass over responsibility to professional leaders who will sell out for short term gain just as they did 20 years ago.

But at the same time we're in the middle of a war, the Social War which puts us up against the wall as separate individuals helpless in the face of lost jobs, the propaganda to accept World War Three, to consider important the sham of the SDP, Labour Party, Conservative Party: video horrors one and all!

THIS IS AN IMPASSIONED PLEA FOR MORE EFFECTIVE ACTION, REJECTION OF BLIND ALLEYS AND GENUINE PEACE.

WHEN THERE ALMOST WAS A 'DIE-IN'...

● GEORGE SQUARE was almost the site of a REAL Die-In... It happened in 1919, following 'revolutionary agitation' and a riot in the Square. The City Fathers, as benign as ever, called in the troops, and had machine-gun posts placed on the GPO building.

These days, more subtle bureaucrats prefer to keep the social peace by means of an elaborate system of persuasion that includes Television, social workers and 'community leaders'.

BUT THE 'HEAVY MOB' IS ALWAYS THERE, IF AND WHEN REQUIRED...

Sponsored Porridge!

PHOTO: IAN B.

DIRECT ACTION took a step nearer the cities last week, with the setting up of 'Glasgow Peace-Camp: outside Barlinnie Prison...

The camp, in protest against the jailing of Les Robertson following a blockade at Faslane, is just one tactic that the Peace Campers are using. Another is Sponsored Jail Sentences...

STOP PRESS

Jim Rae, Allison Neville and Louise Robertson jailed for refusing to pay fines. Messages of support through Faslane Peace Camp, below St. Andrew's School Shandon, Dunbartonshire.

POLICE SERGEANT 283
FASLANE 1983

An ugly evil polis brute
Whose total brains lie in his boot
Savaged the campers at Faslane
Who only sought world peace to gain;
Both on the road and in the cell
He did his low work very well
Anonymous, but named he'll be
The Nazi Bastard 283

All The Facts That Didn't "Fit"...

WHAT THE COUNCIL

DIDN'T TELL YOU...

THAT 'DOOMSDAY' NEWSHEET...

WHAT AT FIRST appears daring pales into insignificance when the ACTUAL role of the Regional Council during a Nuclear strike on Clydeside is exposed...

"Strathclyde News" has been distributed as a publicity stunt by the mafia that passes as a "Socialist" administration. As every dweller digested this doomsday broadsheet in between glances at breakfast TV, the timeclock and burnt toast, the horror of the effect of an attack is described, with comments from your benevolent "peace-loving" Council.

Under a caption "THE FEW WHO WOULD BE LEFT", there is an illustration of the lucky 20 out of every 100 that would survive the blasts and resulting fallout. Many of this number will be Council bureaucrats themselves (what a coincidence). From the Chief Executive downwards, the various Directors of the Welfare State will control the leftovers of the Warfare State. For example, the Director of Recreation becomes the Officer for the Burial of the Dead, the Director of Architecture becomes responsible for Works of repair and demolition.

From the security of their headquarters in Torrance House, "Peace Park", East Kilbride or comfy in their bunker in a Regional Council building (there are believed to be 5 around Glasgow) these sewer rats will, together with the Army, issue order to shoot looters and clean up the mess that the US and USSR ruling classes have wrought.

"In the aftermath of a nuclear attack, the present system of control would break down", as the broadsheet says, but this would not be the kind of change to the "system of control" desirable. "Staff would be briefed on their roles before and after an attack"... of course this is only the chosen few who scurry to their bunkers stocked with goodies stolen from the rest of us (mugs) in taxes and rates. Also, documents in our our possession show that even the Social Work Dept. is concerned in advance planning, with the compiling of lists of possible "Rest Centres", which has been under way for years. So much for a "nuclear-free zone".

POST-NUCLEAR: Situation Normal. All Fucked Up...

Under the noses of the Council, war plans, involving the Territorial and Regular Armies happen all the time. Using the "essential services routes" that will be open only to the military and Council transport vehicles. Perhaps one day they will disconnect the 98% of telephones and have a trial run of the emergency link up numbers available to the selected few!

The Regional Government is just a velvet glove covering the Iron Fist of the National Government's military might. Today's objectors to Couplort are the same mafia that have collaborated with the Death bases at Glen Douglas, Holy Loch, Couplort... for years, and to leave the opposition to these installations to Council Resolutions would be suicide. AFTER ALL, THE LABOUR GOVERNMENT OF 1964, AFTER CLIMBING ABOARD ON THE BACK OF THE C.N.D. NAMED ITS FIRST NUCLEAR SUBMARINE "H.M.S. RESOLUTION"!

PARA: NORMAL?

SEEN the slickly-produced TV series about the Parachute Regiment? Impressed? Well, comrades, think again because there is a sordid side to the Paras that some of us are only too painfully aware of...

Remember Bloody Sunday 1972? Well, you mole here (Wolfie to you) clearly remembers the boast of a Para colour-sergeant who, in 1975, admitted that the Paras had orders to "Waste the Paddy bastards". That colour-sergeant goes everywhere with two Army Special Branch men...

Bloody Sunday 1972, like Goose Green 1982 was a whole-sale massacre by a psycho-unit. As for the polite language, the forced air of normality, the innocence of the recruits... forget it. I DAILY RUBBED SHOULDERS with guys who had convictions for everything from

theft to serious assault... skills that the Paras can use in their covert operations.

So, if you wonder why the Paras are so hated, so feared, so awed and so held up by the Special Forces of other countries, it is because they are no more than thugs in uniform. Not the "Thinking Thugs" portrayed by the TV cameras but robots in uniform programmed to kill without questioning the orders of their officers. The Paras are the Iron Fist of a State that will murder in the name of "democracy" to achieve its own grimy ends.

WOLFIE

EXCLUSIVE

Heseltine's Epic Sacrifice

LOOKING at Michael Heseltine it is hard to believe that only nine weeks ago he was roaming about the streets of Toxteth with nothing on his mind but young black men.

Now that is in the past. In another major PRACTICAL ANARCHY exclusive Heseltine admitted: "I used to think life was just one long round of pleasure. Now I see it was all a hollow sham. What is wrong with the world today is that too many people have forgotten the old-fashioned virtues of duty and self sacrifice. My aim henceforth is to create as much self-sacrifice as possible."

Heseltine bit fiercely on his grimy fingernails as he explained: "People keep saying I'm the sort of chappie who could easily start a nuclear war, just because we've turned Britain into one gigantic missile launcher. Let me tell you this: Nothing could be nearer the truth."

SYMPATHY

From the depths of his luxury bunker 30,000 feet under the Chilterns, the warlord ~~Kes~~ made a bold and imaginative bid to reassure the masses concerning the holocaust to come: "I can say from the bottom of my heart that I feel genuinely very sorry indeed for you poor sods up there who are likely very soon now by our calculations, to be either disintegrated or incinerated or fatally contaminated by radioactive material. Let me tell you you have our deepest sympathy, the whole 35 millions of you. You may be wondering why the Queen and the Prime Minister haven't been able to address the nation. Their whereabouts is top secret of course, but I can tell you, since it will surely be a comfort to you as you huddle together under your boards and mattresses and bags of old rubbish— I can tell you, ladies and gentlemen, that neither the Queen nor any member of the Royal Family, nor the Prime Minister nor any member of government is within 10,000 miles of Faslane, Torness, or Heraghty's Bar."

UNEMPLOYED

Young Heseltine tossed back his librium and vermouth in one gulp and fell noisily against the drinks cabinet. "In my travels up and down the country," he continued, "I get one very clear impression. Ever since Maggie smashed the Argies a new spirit has got into the British people. They are no longer afraid of being ignited by Russian SS20s. They are no longer interested. They seek only the cure for unemployment and overcrowding, and they know that we, with the help of Reagan and NATO and cruise can supply it. What does worry them is that dissidents and trouble-makers will attempt to stop us. But I can assure them that these dissidents are already well known to Special Branch. Their names, addresses, photographs and fingerprints are on file. Long before we go to war these people will be rounded up and kept in military custody. They will not be allowed to stop us."

IS HESELTINE SANE?
