ANARCHISM:

SMASH LEFT, right & centre

CLEAR WORDS

As anarchists we are for the social revolution, that is, for the immediate and definitive overthrow of the State. We are for a revolutionary logic, which is above all a destructive logic.

We are for the destruction of the State, that means we are for the physical (not verbal) destruction of those institutions and people which the State represents and realises. We are against the police, the judges, the bureaucrats, the trade union leaders, and the bosses. Not only are we against police control, bourgeois justice, techno-bureaucracy, trade unionism and capitalism; we are concretely against those people who in everyday reality bring about these ideological forms, turning them into instruments of repression. And this being against must translate itself into precise actions of attack. If we are against the police, we must not let ourselves be drawn into the ideological trap of those who, in the name of a misunderstood pluralism or a retrograde illuminism, give space and feasibility to the enemy, affirming that everyone has the right to express himself or herself, therefore also the police—who when they do express themselves do so with their batons. If we are against the judges and the bureaucrats, the bosses and the trade unions in their service, we must not wait for someone to tell us: "this boss here committed a particular wrong or this trade union leader is guilty of such and such, this judge is particularly reactionary". No! All of them, without ideological distinction, all the police, all the magistrates, all the bureaucrats and all the trade union leaders, all the bosses and all those in their service are guilty and should be attacked with every means, at every moment, at whatever the cost.

HERE ARE SOME OF THE PAINFULLY STUPID QUESTIONS I GET AS AN ANARCHIST WHENEVER I 'ADMIT' IM ONE. THE ANSWERS ARE MY OWN, NOT NECESSARILY THOSE OF THE ANARCHIST MOVEMENT. IF YOU WANT TO KNOW MORE ABOUT ANARCHISM WRITE TO ME OR ONE OF THE BIG ANARCHIST PAPERS: BLACK FLAG, CLASS WAR etc.

Q. IF WE HAD NO GOVERNMENT WOULD'NT THERE BE MURDER, RAPE AND ROBBERY?

A. This is the real breadheads question. For a start, dumb, what happens now under the present government? Answer: murder, rape and robbery. Have you ever wondered why these things exist? If people were truly equal no one would steal. Its only when your at the bottom and your being told to 'buy this', 'consume that', that you steal. Obviously some people may still be so fucked up in the head, from too many years of dehumanizing that they may still want to steal from others, but they can be dealt with by the communities involved, without having to bring in hired bully boys ie cops. Rape, too, is a result of our sick, sexist society where wimmin are seen as 'playthings' to be used and abused. If we were educated to see wimmin as people, instead of objects for us, men would not rape. Rape, of course, has nothing to do with sex; it is do with men dominating wimmin. Rape is the ultimate domination of wimmin. The govt and its sick agencies are daily telling men that they should 'be out fucking', from the morning 'sun', to the billboards on the way to work, to the porn on the walls, to the porn on TV and video; 'if you ain't fucking a bird mate, you must be a queer'. And then the very same people who create and promote rape reel back in horror when its actually done: "sex monster in attack on woman! Rapists are bastards and the ones who create it are even bigger scum. As for murder, you only have to look at the present government to see that most premeditated murders are committed by the government and its hired lackeys, the cops and army; falklands, deaths in po-lice cells, deaths in prison cells, OAPs dieing of hypothermia 'cos the govt prefers to spend money on nuclear weapons, patients being killed in mental hospitals, kids being killed by 'rubber' bullets, 'accidental' po-lice shootings, etc, etc, etc. Most other murders are either accidents or spontaneous attacks that went too far. Considering how easy it is to kill someone and how fragile our bodies are its surprising there arnt more people murdered. As with theft and rape the very same people who promote hate between black and white, men and wimmin etc, the press, TV etc, pretend to be horrified when someone is actually murdered; and exaggerate and lie out of all proportion to what actually happened, so as to instill fear into the people of its country and to justify its need for the cops as a 'law and order' body, instead of a 'smash any resistance' body, which is what it really is.

Q. IF BRITAIN WAS ORGANISED ON ANARCHIST LINES HOW WOULD IT DEFEND ITSELF FROM A FOREIGN AGGRESSOR?

A. A society run on anarchist lines is probably the hardest one for an aggressor to crush. For a start there would be no central govt, no central press or TV and no one large army. Instead there will be millions of small, autonomous, armed guerilla groups attacking the invading army, everywhere and at all times. A policy of total non-cooperation with the invaders would be in force which would have the result that the invading army would have nothing to take over or conquer. At the present moment all an invader would have to do would be to defeat one army, enter parliament and replace the government. Also, as anarchists we would encourage the people of the aggressive nation to rise up and take control. This would destabilize their country which would have the desired effect of stretching their army's sources; making it impossible for them to invade us whilst putting its own people down.

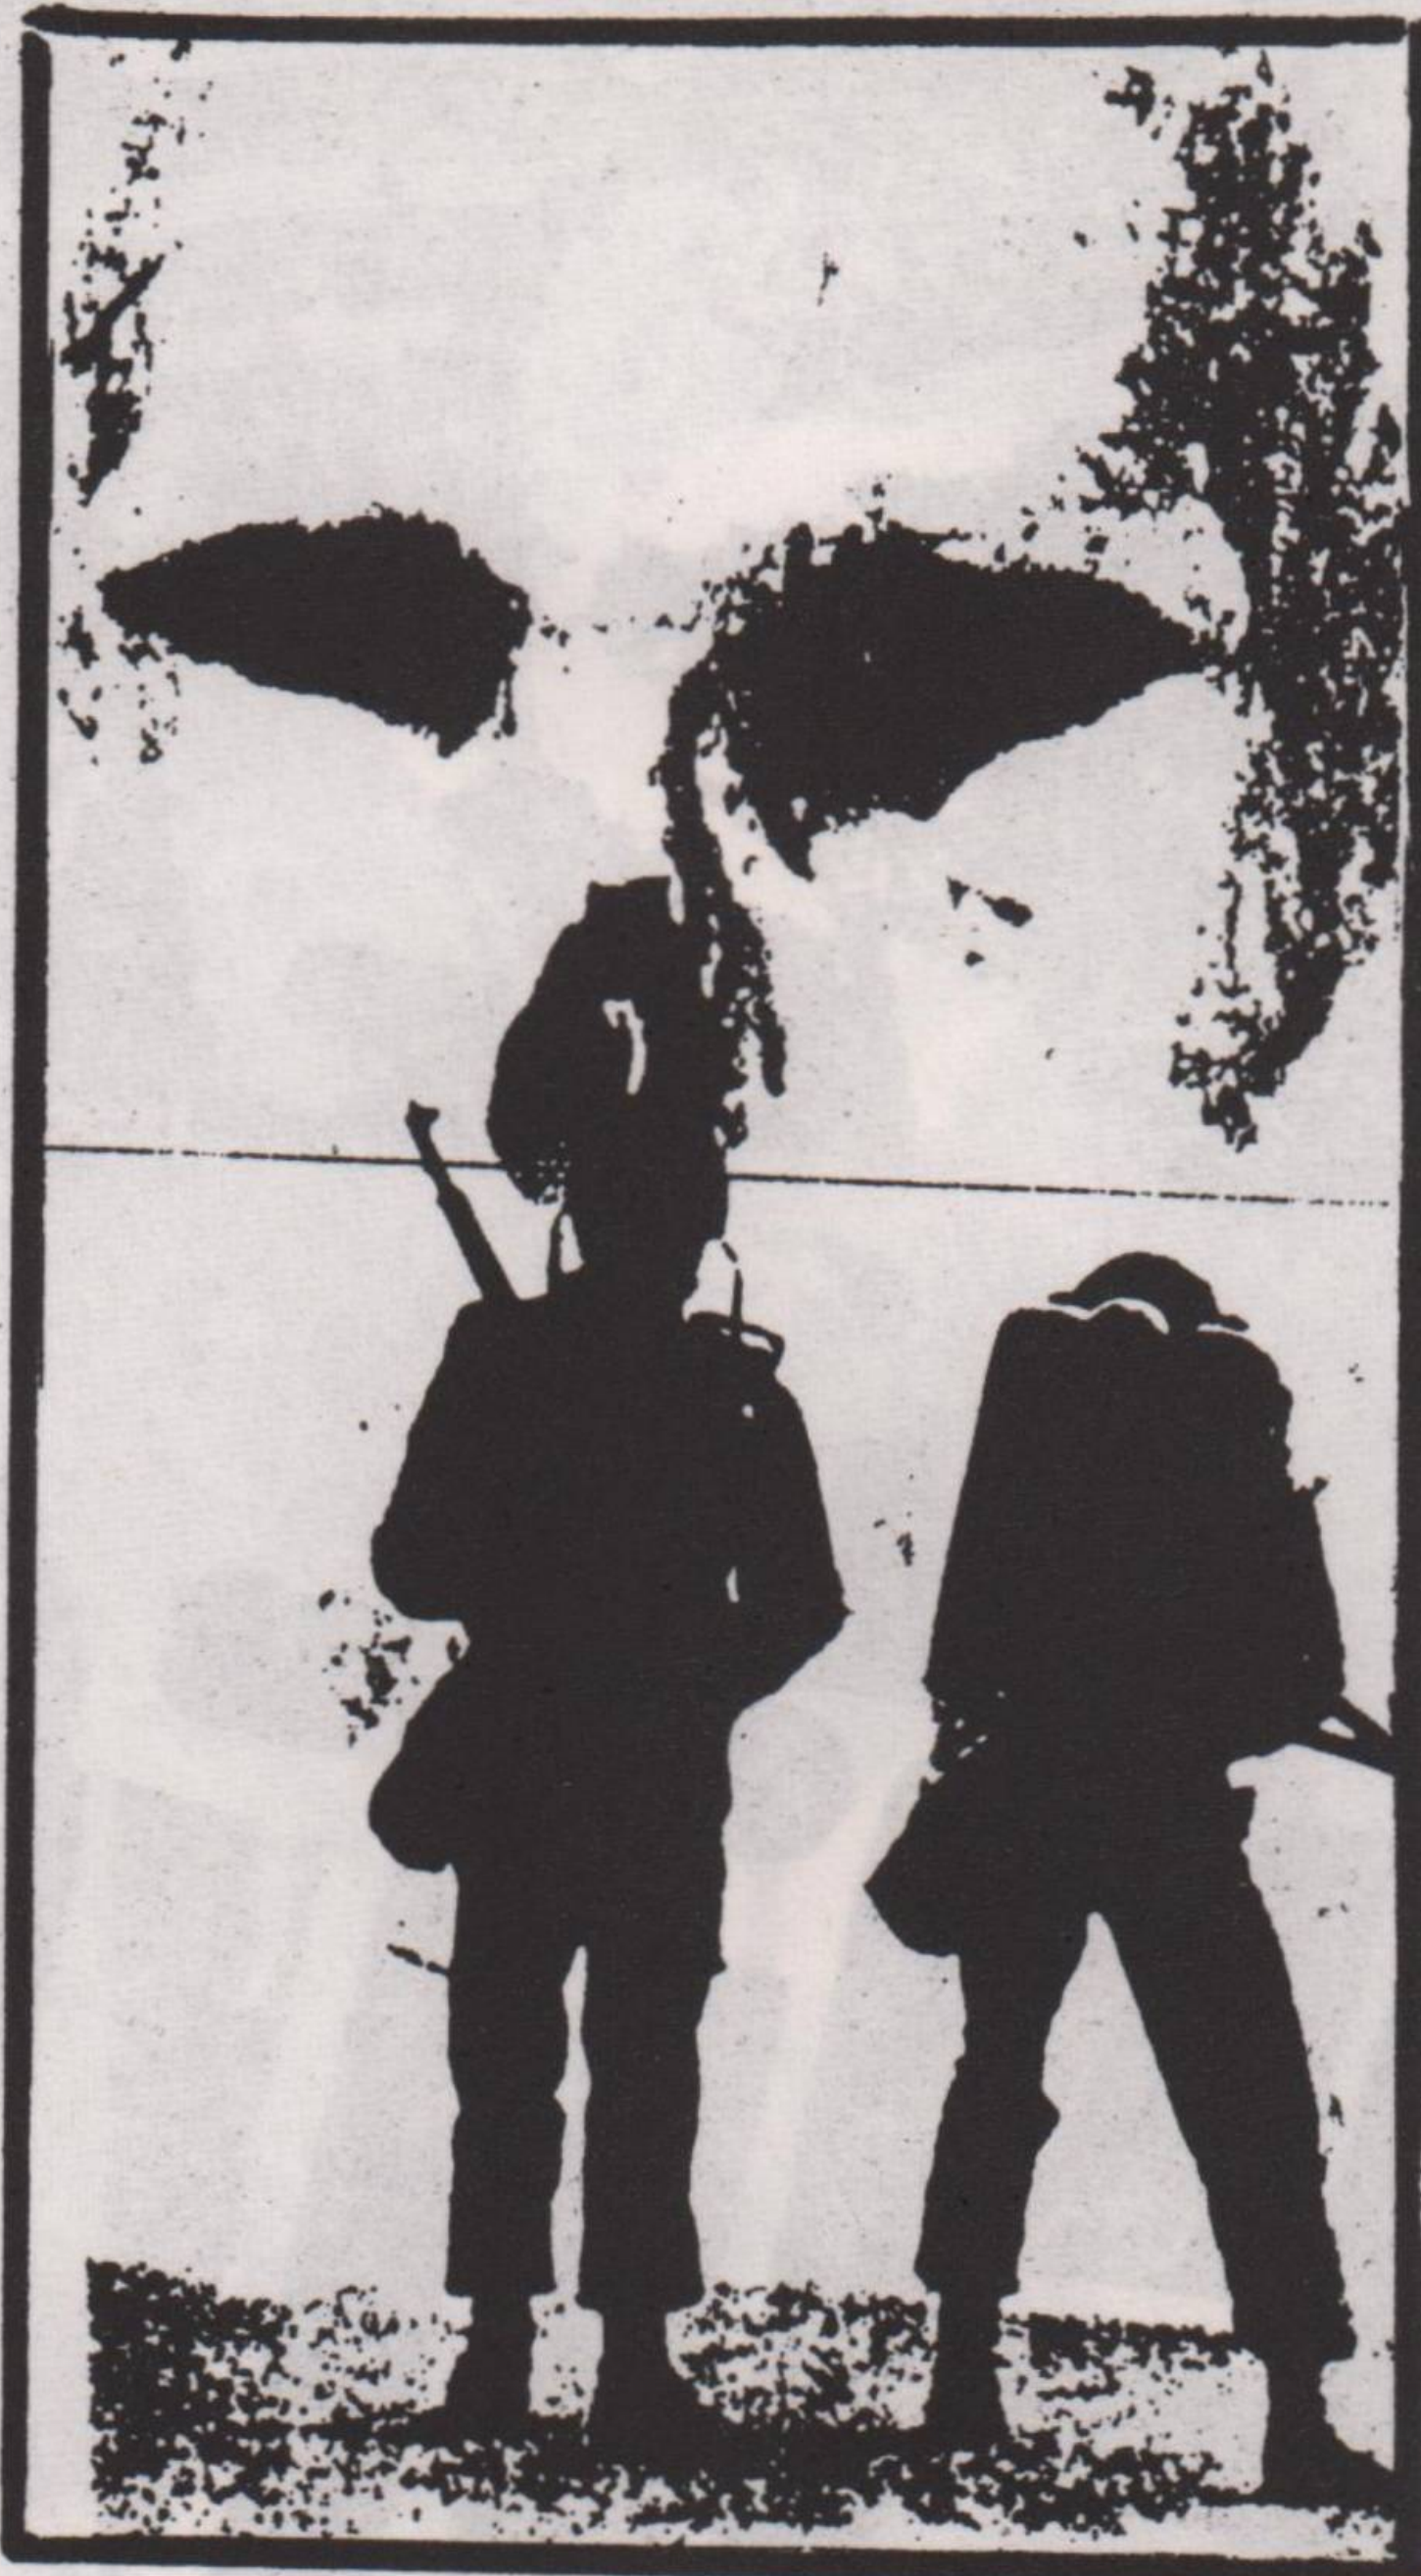

Q. BUT ISN'T ANARCHISM ACTUALLY JUST A NICE DREAM? CAN IT ACTUALLY BE ACHIEVED?

A. Of course it can, you only have to look at the TRUTHFUL side of what happened in Spain in 1936, to see that anarchism can be practised. The thing to remember is at the moment we help the govt; each and everyone of us. We've got to get out of our roles and live our own lives; and think for ourselves. Obviously as the anarchist movement grows and people begin to question the morality of the govt and its hired lackeys we will have to fight and keep on fighting because those people will not just let us 'get on with it'. But we can do it, if we are strong and fight hard.

Below is a list of tips for the use of everyone. They're all pretty common sense stuff.

1. Try to dress 'straight', especially in places where the average person aint wearing spiky hair and black clothes etc, e.g. henly, city of london. You can do so much more damage if you look like the wankers you're sabotaging. Whats the point of looking 'hip' in a po-lice cell? Dressing straight definately keeps the cops eyes off you. Even if you cant afford to wear a suit, or something similar, its always a good idea to dress differently anyway 'cos if you do get nicked and the filth take your picture, they'll have a wrong idea of what you normally look like. This is especially important when using a 'false name and address' on a demo, because if they really want you a demo, because when they find out you hav'nt paid your fine and they've gone round to the false address, if they really want to get you they hang around the area of the address you gave with your photo waiting for you.
2. Whenever doing an action or going on a demo get a false name and address worked out before hand. What you do is this: get a trustworthy friend to stay in his/her house/flat that day/evening. When the cops come round to check you gave a real name and address your friend simply tells them "yes he/she lives here" (theres no need to tell them more) and hopefully they'll fuck off and give you bail. In the past the filth have not accepted squats as permanent addresses, so try and use a squat that looks 'decent'; and dont tell them its a squat. Whilst in the cell KEEP YOUR MOUTH SHUT; you need only tell them your false name and address. Next stop is to go to court, this is the bit that takes guts, but you must do it. Do not jump bail. After you've gone to court—and presumably been fined—they'll begin to realise that no fine money is coming in; which may probably result in the cops coming round to the address you gave to see you. Your friend will tell them something like "oh him/her, they left for scotland/london etc, a few weeks back etc". You do not have to tell them more—so dont. The less you say the better it is for you. Its always wise to use a false name and address, away from where you live/hang around because sometimes when the filth have found out your not paying your fine, they'll hang around the area of your false address with your description and photo in wait for you to pass by. Obviously, if its a £10 fine or something there not gonna be that bothered.
3. People who let others get nicked, without a fight, are scabs, its as simple as that. I've seen it so many, depressing, times—one cop dragging a protester away to a van, a beating and a fine, surrounded by other protesters more interested in their fancy fucking hairstyles. DONT LET THEM DO IT; 'cos it'll be you next. Obviously i'm not talking about kamikaze acts like running into a load of riot cops asking them to let your friend go, 'cos that'll just get you both nicked and beaten. Use your intelligence. Dont let your comrades go through hell 'cos your negligence. Our bodies are fragile so save them from pain. Respect each other. When we were at henly we went round for ten minutes or so, when it looked like there was going to be a dangerous confrontation with the filth screaming "dont let people get nicked". This lets the cops know that if they want one they'll have to take all.
4. T.V and reporters are scum. Even the trendies and lefties who patronisingly tell us there on 'our side' should be treated with utter contempt. If they were really on our side they'd be standing with us, not next to the cops taking photos of our faces. One of the many nauseating sights on demos is when wallies seem to enjoy having their picture taken by these creeps—well these pictures go straight into the hands of the filth for identification so they can 'keep an eye on the subversives'; Or when a BBC or ITV camera crew are allowed to walk by us without one finger being lifted against them. Christ these bastards are daily lying and working for those who plot against us, who want us fucking shot and yet we feel were going 'a bit too far' by physically attacking them. Lets have no more of this wet liberal crap. Let them be spat on and attacked for a change.
5. Often on demos, even people who would laughingly call themselves 'anarchists', act in the same sheepish way that idiot CNDers do, who they hypocritically take the piss out of. This was especially obvious at the 'stop the cities'. Hundreds of punks just sat around waiting for something to happen maaaaan; waiting to be moved along or nicked by the filth. Do you know what autonomy means? There is just a little bit more to it than drink, crass and black clothes. If nothing is happening then fuck off and do something elsewhere—make something happen yourselves. Use your intelligence. Just because its a 'stop the cities' (or whatever), does'nt mean you have to stay in the city waiting around to be nicked. Go somewhere else and do something better. No one will tell you off. Its our demos, for christs sake. Likewise if know everyone's going to get nicked or thers going to be a pointless confrontation with the filth, that were gonna lose, then go. FÜCK this 'filling up the jails' crap.
6. If a demo or action is in deadlock and you can think of something better to do then spread the word. Make it a reasonable time and a fairly well known place. Do NOT tell people who look like filth.
7. Quite often on demos you'll notice plainclothes filth desperately trying to look like us. Dont just ignore them 'cos some unlucky comrade might not notice and get nicked as a result.
8. Go to demos in sensible, practical clothes in case of trouble. Bones are very easy to break especially if you meet a brainless goon in blue.
9. Talk to people. Be friendly to each other. Its so pathetic to see people going round trying to look like 'The hardest anarchist' (there usually the same people, who when they go home do fuck all). Each demo should be a festival too. Im not talking about poxy, mystic; relating to the moon'shite, im talking about people helping each other, respecting each other, sharing food and drink etc; our communication will be their downfall.

fucking liberals

If someone is going to kick you in the teeth you would, presumably, stop the person from doing so. Why then must i and others to so-called 'anarchists' spout liberal shit like "We mustnt suppress information, even if it is the NFs, or porn, cos that would be acting like the state". People who say bullshit like that deserve to be treated as much anger and contempt as the scum who produce the filth in the first place. When i see racist/sexist bastards selling or advertising their sexist/racist shit i see it as a direct threat to my life and others. They wouldnt think twice about murdering the lot of us, DESTROY THAT WHICH DESTROYS YOU. Im tired of feeling as if im going a bit too far when i see scum wearing union jacks (burn the flags, bastards) and selling fascist shit or legalised rapists wearing t-shirts with pictures of wimmin being trussed up like chickens waiting to be raped or selling books with pictures of wimmin being abused and raped. If some anarchists think that this is 'information' and that we shouldnt suppress it then thats there tough luck and they'll get what they deserve later. Im gonna try and tear the racists and rapists heads off and if there bigger than me i'll use my intelligence and cunning and come back with a club and do it. All this crap about if we hit them back then were 'as bad as them' is such a load of bollocks. If you cant see the difference between a black south african rioter throwing at his/her oppressors and the wholesale massacre of the people of this world by our self-appointed leaders then your BLIND. On the point of 'suppression of information' if you think what paul raymond and the NF produce is information then your a fucking fool. Its the systems idea of anarchy that 'anything goes' not ours gottit?? The sixties are dead and gone so hurry up and die and early death. To be a libertarian you dont have to be a liberal.

BRISTOL RIOTS

DEATH TO THE BOSSES

This is just a little note to all those who go round saying 'fuck work' etc. Well yeah, work is shit, and i expect most people would like to jack it in, but unlike yourself most people cant afford to, at the moment. If revolution is ever to come the working class and only the working class will be able to do it. Going round saying 'people who work are jerks' is not going to make workers think "oh yes, ill become a vegan, grow my hair and live happily ever after in the leisure society", but more likely to take offence and smack you in the mouth. If we want the working class to turn into petrol bomb throwing anarchists we aint gonna do it from the side lines taking the piss out of them. The only way to do it is by propaganda and by giving acts of solidarity when the workers really need it ie during strikes etc and i dont mean paper selling. Remember when you 'fuck work', you say it from a privileged position 'cos most people dont know of any alternatives.

WANNA BUY A COPY OF "YOUNG LEFT-WING TAKEOVER BID"? SMASH THE TORIES (SO WE CAN TAKE THEIR PLACE AND KEEP YOU IN YOURS.)

Always read local papers 'cos they tell you when 'celebrities' are coming to town ie writers appearing at bookshops, DJs at record shops. Anyway most celebrities are obviously rich, right wing and basically anti everything we stand for. Usually there is very little security 'cos they dont expect any trouble. From now on people ought to turn up and pelt the fuckers with shit, or even better physically attack them, they deserve it. Let them know that an increasing number of people dont want them here, while people starve. Watch out kenny everett, you smug bastard 'cos i personally want to autograph your ugly mug.

ignorance is PISS

The press are liars, professional arselickers they lie, trick, and manipulate. At all times they are deceiving you, you may think that you are clever enough to read between the lines but there clever lies will still have sunk in deeply, in the back of your head. They are like some foul drug; people queue up every day waiting for their fix. I've seen my parents get angry if they cant get their 'sun': they spew shit at us and we queue patiently for it then pay for the pleasure. Our views, our morals, our values are the ones they have created for us. To keep us sedated, content and ignorant of the real world around us that is being raped, tortured and murdered while we sleep. A nightmare of distorted visions is forced into our brains. The line between reality and fiction becomes blurred and we choose to believe the crap because its safe and no threat and we dont have to think. NICE hairstyles, nice clothes, nice bodies, nice cars nice lies, nice stories, nice holidays, nice crap NICE FUCKING SHIT.....

DONT READ AND BUY THEIR CRAP. DO YOUR OWN NEWSPAPER. ITS EASY. PRINT REAL NEWS, NOT SHIT ABOUT THE QUEEN MOTHERS POXY HOLIDAYS IN SPAIN.

ITS TIME TO FIGHT BACK ON THE STREETS

Below is the true storey of the bristol riots of 1831. I only wrote it really 'cos i was interested in it meself. Take what you want from it..... Almost exactly 150 years before the st. pauls riots, riots of a much larger magnitude were taking place in bristol. The year was 1831, and the middle and upper classes were locked in debate as to whether the 'great' reform bill should be passed. Most people in bristol agreed with it. On the 29th october, a saturday, Sir charles wetherall (1830's rich scum), a fervant opponent of the bill, was to arrive in bristol to open the assizes. Charlie had made himself very unpopular, over the previous year, because of his arrogant claims that 'the whole of bristol was against the bill'; which was, incidently, extremely reformist in that it was about giving the middle class industrialists more say in the heavily dominated, land-owning parliament of the day. Anyway, on the day of his arrival, a small, quick demonstration was expected. Unfortunately for the planners, and even more unfortunate for wetherall and the upper classes, the bristol mobs had also heard of his arrival and were out in force. The mayor and his aldermen had expected trouble and had hired some labourers (scabbs) to protect wetherall as a supplement force to the dragoons and hussars. They even changed the time of his arrival a few hours early, hoping this would deter the working classes, but to no avail. Too many people thought that something BIG was going to happen. As wetherall entered the city, accompanied by his class traitors, he was greeted with a loud burst of hisses and groans. As the procession got closer to the city centre the crowd got larger and more angry. A mob of wimmin began flinging mud at wetheralls coach and shouted at the men protecting him. Occasionally bursts of stones would hit the carriage until, luckily for him, he managed to recieve the mayors and aldermen at the guildhall. Once inside the shit, who had been shitting it, told the mob that he would imprison anyone who disturbed the order. He decided, however, to adjourn the assize til monday amidst cheering. He ran off quick, with the rest of his chums to the mansion house in queen square.

Meanwhile outside, the constables and troops, who had been the object of pisstaking by the mobs, were pushing people around and making arrests. Many people were bludgeoned by these thugs, and as a result many people were walking around with blood streaming from there heads. Unlike 'stop the cities', however, the bristol mob didnt like seeing their friends get wacked round the head and arrested, and so groups of people would go up to the arresting officers and whack them round the head and liberate the prisoners. All this had the effect of making people very angry. By now there were hundreds of people in queen square, and after seeing what the troops were doing many rushed off to find sticks and missiles and returned. Suddenly a rush was made for the troops who quickly scattered, and every window on the ground floor of the mansion house was smashed.

What happened next shows up the historians lie that the mobs were doing all this for 'reform'. The mayor, a reformer, tried to tell the people to go home but was interrupted by a shower of missiles. The people wer'nt interested in 'reform bills' 'cos they knew damn well it wouldnt help them; what they were interested in was where the next meal was coming from and at the present moment getting one back at the people they despised. The reading of the riot act, which followed, was recieved with howls of derision, whilst all those troops still left were attacked, disarmed and beaten—one was even forced to join in the fun and throw his staff through the window of the mansion house; and another was chased till he fell into the river, unfortunately he could swim.

It was now that a general assault was made for the mansion house. The kitchen, where a great civic feast was in preparation, were entered and all the food devoured and shared by the rioters. All that the mayor and his company could do was barricade themselves in the top rooms. Luckily for wetherall, he managed to escape by climbing onto the roof and managed to find a horse and rode off to newport. More troops were brought in and soon the square was cleared; but the mobs quickly fought back and pelted the troops with stones and peices of iron. Instead of just leaving and going home the mob ran off to the council house and smashed its windows; running into small lanes and hurling volleys of missiles as the troops entered.

Soon however, the effect of the newly brought in troops meant that many rioters were wounded and for some hours all was quiet. This gave the aldermen, the town clerk and the whole civic body time to disappear. By sunday morning only the mayor and some troops were left. The force of 250 which had been drilled the night before was dwindling rapidly as the men got tired and left for home. Soon after dawn, the rioters re-grouped and came back to the square to ransack the now empty mansion house. Amongst the articles found were wetherells judicial wig which was torn to fragments and distributed amongst the rioters as souvenirs of their triumph. The rioters then made their way to the wine cellars where hundreds of bottles of port and sherry were distributed amongst them. News spread fast, and almost every working class person was found in the square taking part in one way or another.

Meanwhile the mayor and his lackeys desperately tried to get people to organise themselves against the rioters but only about 200 or so were willing to do so. At about 1'0'clock that sunday, a quaker merchant addressed the rioters assuring them that wetherall had gone and that they were damaging the chances of reform. They replied by saying that they would go and release the prisoners from bridewell and the goal. The mayor thought the building were too strong for the rioters so he took there warnings lightly. Within hours, however, the prisoners had been liberated and the chapel and cells were set on fire.

The rioters, by then numbering about 800, then went on to the other prison which was even more capable of defence. Within an hour, another 170 prisoners were added to the rioters, several of whom stripped themselves of their goal dress and ran off home naked. All the prison records were thrown into the river amidst the cheers of thousands of spectators who lined the banks of the river. While the city was burning, a council in the goal yard was held to consider the next point of attack. Several public buildings were marked out for destruction, but it was eventually determined to burn the toll houses and then to break open the gloucester house of correction (sic) where several prisoners were known to be held. The next building to be torched was the bishops palace..... unfortunately the bishop had expected trouble and fled. The bishops wine was sold later in the green for a penny a bottle to anyone who wanted it. The chapter house was next broken into and a library of 6,000 volumes were distributed to be kept or burnt. A large mob then ran off to where the dragoons were staying and smashed their windows. By now everybody was rioting and taking what they had always wanted—young, old, wimmin and men, and most of queen square was in flames. And in the middle of it all were hundreds of rioters drinking and eating the goods they'd found.

By monday morning however, the numbers of rioters was declining because of drunkenness and the fact that many had gone home with their goods; also the troops had re-grouped and more were being brought in from outside bristol. Unfortunately the rioters made no attempt to spread the rioting or make the central area of bristol a no-go area for the troops. At about 6 in the morning the troops, the last drunken rioters, killing and wounding many. Outnumbered the rioters ran in all directions, most managing to get out of the square and home.

"You cant kill the spirit" (?WHAT)

ONE OF THE MANY THINGS THAT GET UP MY NOSE ARE WALLIES WHO GO AROUND SAYING "TAKE THE TOYS FROM THE BOYS" AND THE GENERAL 'ALL LEADERS AND BADDIES ARE MEN' SHITE. DO YOU HONESTLY THINK THINGS WOULD BE ANY DIFFERANTIF (LIKE IT IS ALREADY, EXCEPT TO A SMALLER DEGREE—AT THE MOMENT) WIMMIN WERE 'PLAYING WITH THE TOYS'? OR WIMMIN WERE INPOWER? IT AIN'T THE SEX OF THE PERSON THATS IMPOR TANT ITS THE STATUS. IT ISNT MEN THATS DESTROYING THIS WORLD ITS THE GOVERNMENTS AND THE RULING CLASS THEY SERVE, IN POWER AT THE MOMENT IS A WOMUN—YES SHE IS—WHO IS CLEARLY MAD: IF ALL THIS ANTI-MEN SHITE WERE TRUE SCUM LIKE THATCHER WOULD NOT EXIST. SHE PROVES BEYOND DOUBT THAT ALL WIMMIN, LIKE ALL MEN ARE POTENTIALLY EVIL; LIKEWISE WE ARE ALL POTENTIAL FRIENDS. WHEN YOU SPOUT YOUR DEVISIVE ANTI-MEN CRAP THE STATE LAUGHS, JUST AS IT LAUGHS ABOUT BLACK POWER, WHITE POWER, WOMEN ONLY POWER, MEN ONLY POWER; ITS ALL SHITE. IT DIVIDES US WHILE THEY RULE. ANYWAY THIS KIND OF HOLIER THAN THOU 'WIMMIN WOULDNT ACT LIKE THAT' ATTITUDE IS SO PATRONISING. I DONT KNOW WHAT ITS LIKE IN THE MIDDLE CLASS SUBURBS BUT WHERE I COME FROM WIMMIN WERE JUST AS LIKELY TO BE VIOLENT AS MEN. I WAS READING THE GREEN ANARCHIST THE OTHER DAY AND THERE WAS THIS LETTER IN THERE SAYING SOMETHING LIKE: "MEN WHO SAY THE ABOVE ARE JUST THREATENED BY WIMMIN ONLY ACTIONS AND BY GREENHAM etc, etc" WELL, UH I CAN HONESTLY SAY THAT WIMMIN DANCING ROUND IN CIRCLES OR PUTTING RIBBONS ON FENCES DO DEFINATELY NOT THREATEN ME, I DOUBT IF IT THREATENS NATO MUCH EITHER.

CLASS STRUGGLE ANARCHISM

Over the last few years thatcher has been picking off her opposition one by one. The NUM was the last defiant union and now it too has been (temporarily) defeated. Recently, the people who went to stonehenge gotta taste of what the miners saw daily in '84. IF there was one lesson learnt during the strike it was that if we really want to change this world, then the anarchists, punks, hippies, apoliticos, unemployed etc, are going to have to play a much more important role in the struggle of the workers, and vica versa. Obviously it's not that easy. During the miners strike, we had so-called anarchists saying they wer'nt going to support them 'cos there all 'sexist', 'macho', 'labourites' and meat eaters. Fucking hippies. The reason that some of them are of the above description, is because no-one has been bothered to tell them differant. Sitting on the sidelines moaning is never gonna change anything. Whilst supporting the miners we've had to go through really embarrassing situations where weve argued with them about how shit the labour party is, why we dont vote, why we dont eat meat, why we dont read porn, why we didn't stand up for the welsh national anthem etc. Only through experiences like this will we understand their values and they understand ours. Probably the best thing the greenham wimmin did was to go to a picket line and support the miners and the miners wives. Now, because of acts like that a lot of miners, and especially miners wives are interested and becoming active in 'peace groups' etc. The miners themselves, showed real comradeship by giving the battered people of stonehenge money and food.

Sometimes however, the labour bureaucrats and shop stewards purposely try to stop strikes from spreading, and stop the community, unemployed etc, from getting involved. I experienced this sort of hassle recently when i went to a picket line in bristol, where 100 workers had just been sacked for taking strike action against low pay. I lived on the opposite side of town so it took me ages to walk there. When i arrived at the picket i spoke to the workers, who after the initial surprise as to why a 'punk' was supporting them, were really friendly. I had gone there on behalf of a few of us who had supported the miners. When i said we could print them some leaflets and support them financially through gigs etc, and on the picket line, they said i'd better ask the shop steward, who was-surprise, surprise-in the pub (on behalf of the workers, of course). When the prick eventually arrived, he was extremely rude and told me the workers didn't need no help from 'outsiders', or 'politicos'. I was dismissed. Looking back i should'nt have bothered talking to him but gone ahead with our plans as long as the workers didn't mind. People who stop support of strikes and stop them from spreading, therefore lessening the chances of a strike succeeding are scabs and should be treated accordingly.

Anyway there are lots of ways of supporting workers in their struggle against the boss class (be they union or management) in a non-patronising manner, without having to resort to paper selling. If i was on strike, bitter and broke, i would definately not appreciate some little spotty faced brat hassling me for 40p. Literature should be free to strikers, unless they actually want to, of course.

The best way to find out about strikes in your area is to read the local press which nearly always reports strikes/and or 'troubles' in industry. Remember that even the smallest strikes should be supported. Dont just wait for the NUM to go out again. Try and collect some money before you go, with which to give them. When you get there dont give them a party political broadcast, let them do the talking. Find out what they want and what they need. If you can get cheap printing done, ask them if they'D like to write a leaflet on why their on strike. This is a good way to combat the lies that will appear in the capitalist press during the strike. Spraying/flyposting are also good propaganda tactics. Get people around you aware of whats going on. Try and get other groups involved in the strike. If the strikers need money, which they probably will do very quickly, try and organize gigs to raise money. If there are no venues try a squatted gig for a night, with a 50p/£1 admission. Anything is better than nothing. Get the strikers to go to the gigs even if they loathe the music. A night out is a good way of talking politics without lecturing.

Obviously participation on the picket line is good but other methods of direct action should be encouraged. Find out who the bosses are, who the scabs are, where they all live, etc. They will have nice houses, nice cars and nice bodies they don't want sabotaged, if you know what I mean. Use your imagination. With the scabs try and find out who are the real hard line political scabs and pay attention to them. Try and fuck up machinery vital for work. Remember, the po-lice and press are, at all times, your enemy. If they were decent people, they'd have given in their jobs years ago. Treat them badly. If the press print lies about the strike, which they probably will, retribution must be the number one priority. Nearly all radio stations, newspaper offices etc, have large, expensive windows; use your imagination. Let them know why your doing it. The po-lice are your vilest enemies. Never, ever get into deals with them, don't even talk to them.

The Direct Action Movement have a lot of information on strike action etc. They can be contacted at the following :DIRECT ACTION c/o BOX DAM 59 cookridge St,Leeds 2.

Contrary to some anarchists -and others- beliefs,nobody actually wants 'violent' revolution-maybe,occasionally,some violent retribution, but no anarchists that ive ever met have ever said they'd actually prefer violent to non-violent revolution.The whole thing about 'non-violence' is irrattating 'cos it implies that the rest of us are a bunch of macho loonies,who cant wait till the blood starts running.We would all prefer to change this world without having to use violence but we believe that the state will not give up what it has robbed off us,WITHOUT US FIGHTING BACK,and if it means us having to use violence then we must do it,MUCH MORE VIOLENT TO LET THEM CARRY ON.

Anyway, most of the time, our violent talk is used to get people aware and off their asses. We say 'kill the rich' because were BLOODY ANGRY, not because were maniacs who sit in everyday dreaming of blood. Chances are ,i personally, couldnt even kill thatcher in cold blood. If, as she will do soon, make no mistake, i saw her order her troops to gun down anarchists friends and comrades then yes i would definately shoot her down.

Anyway how is violence defined? If a homeless person with his/her dote cut mugged somebody who earns £20,000 or more and spends more in one day than most of us will see in a year, would that be violent? I don't think so. What if he/she laid the boot in as well? Compared to how violent the rich scum are, just by being so bloody rich while others starve, I don't think a little footplay matters much. Anybody who owns a Rolls, or who is obscenely rich enough to afford one, should consider themselves lucky to be alive, and thankful that there dealing with nice people like ourselves. THEY wouldn't think twice about shooting the lot of us. Likewise revolutionary 'violence' is nothing compared to what the state has done to us many times over. Literally nothing

we could do to them would get them back for what they've done to us. Even if we killed every cop, prison officer, politician, figurehead etc in the world, compared to the horrors they have inflicted on us its like comparing a slap on the face to the second world war.

SABOTAGE

Below is a list of some of the atrocious acts committed against wealthy cars recently. we totally condemn such acts. If people can afford to buy rolls royces and jags etc it means they have worked jolly hard for them. Change can only come about through lawful, democratic means.

- 1.Stink bombs and shit etc have been put through cars with their door windows open. shit has been put on door handles as well.
- 2.Cars have been flyposted with reasons as to why people hate the rich.
- 3.Spraypainted with obscene messages like 'eat shit rich bastards'.
- 4.Lockes have been blocked with super-glue, chewing gum,cement,porridge,nails,bits of wood-the list is endless.A refined technique is to stick a coin over the super-glued lock.
- 5.Paintwork has been scratched with objects such as keys etc which dont look suspicious if the police stop the vandals.
- 6.Cars have been set on fire by people who have poured petrol over the car then threw a match,or something similar,then ran extremely fast.
- 7.Dog training liquid,which smells like concentrated piss,and can be bought from pet stores,has been sprayed all over cars.
- 8.Paint stripper,brake fluid and oven cleaner have been poured over cars paintwork.
- 9.Bricked.
- 10.Tyres have been punctured with awls and sharp nails.Usually at least two tyres have been done so that the spare is of no use.

II. Sugar, sand and water have been poured into the petrol tank. locked caps have been taken off with the claw of a hammer.

12. Spanners have been used to try and dismantle the car.

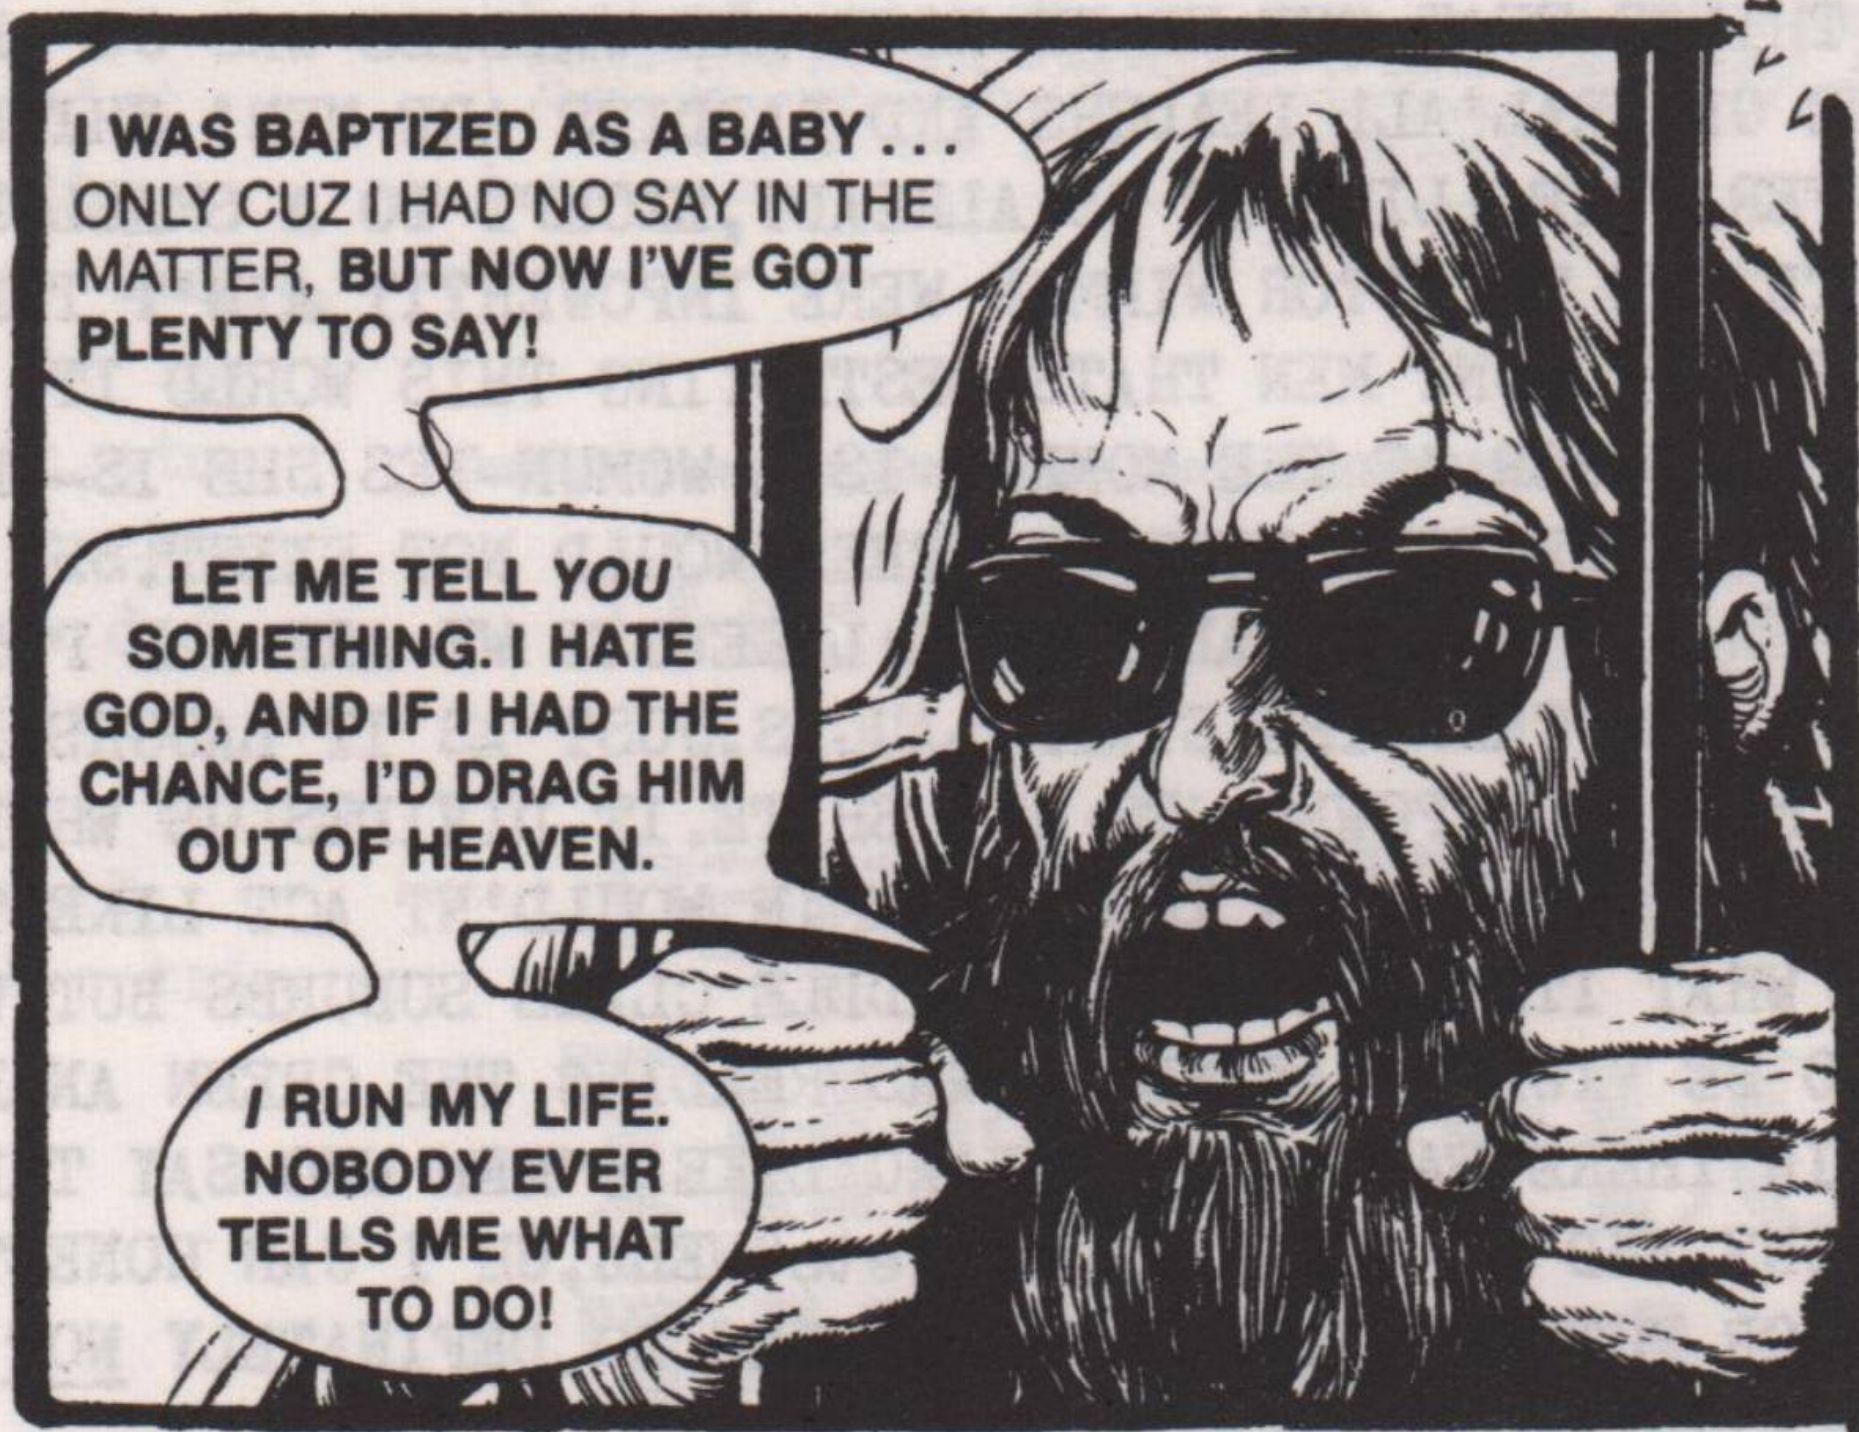

13. The oil drainage screw, oil filter, and the oil pressure lead have all been loosened.

I4. The petrol cap has been opened, the car tipped on its side and matches thrown into the spilling petrol.

15.Peices of wood with nails in them have been left behind and in front of the tyres.
16.Potatoes have been used to block up the

exhaust.
Up to now no one has been caught because
the culprits have been wearing gloves and
been very careful.

We urge readers not to get any ideas.

CRIME & PUNISHMENT

Anarchists are often portrayed incorrectly in the media as people who are morally opposed to using force against people who have hurt and abused others. We are not. When we say 'open the prisons' we do not mean that we will passively sit by and watch all our hard work be destroyed by thugs and murderers. If we'd caught the Yorkshire Ripper his balls would have been blown away on the spot and his body used for manure. We too are in agreement with Thatcher and co-bring back the death penalty for murderers. The difference between us and pussbags like her is that we know that very rarely are REAL murderers and REAL thieves and REAL abusers ever punished. Every cop that puts the boot in, puts the truncheon in, so hard that it kills people must die. The cowardly prison officers who go into cells armed with clubs to beat fuck out of someone they've just caught until the prisoner breathes no more will be shot. The heads of the multi-death corporations and arms manufacturers who prefer to sell death to the world rather than give food and aid will be made to suffer what they have inflicted on millions. The stars and showbusiness personalities and their mafia friends who soak up the wealth of this world while 1/2 of it starves will be treated like the parasitic scum that they are-squashed into the ground. The kings and queens, the emperors and presidents who make the decisions whether millions of people shall live or die, shall eat or starve will be forced to rot and starve. All those murderers like Thatcher, Heseltine and the slime of their kind, who purposely inflict suffering and death on thousands to save their own faces will die in the mud like the young men of Argentina/Britain were forced to by them. Hypocritical religious leaders with their fascist friends and money deals who have tricked and manipulated the masses will be nailed to the crosses that they so fervently worship. Legalised rapists who make money off the bodies of wimmin, who sell their filth in the high streets and who make wimmin into objects for men to fuck and drool over, then beat and rape will have their cocks put where it belongs; between their ears. Legalised torturers who have inflicted death and mutilation to literally billions of animals can have their bodies nailed to the floor and their guts ripped out. The rich, the slumlords, the managers and bosses who steal off the poor and workers-the real thieves-can have their hands fucking cut off. The lie machine, the press, who fill our lives up with so much distorted facts and perversions and blatant sickening lies will have their tongues torn out and their fingers pulled off hate hate blah blah etc etc etc

KILL ALL RAPISTS

RECENTLY A WOMAN WAS RAPED, BUTCHERED AND THEN MURDERED BY A MAN WHO HAD GIVEN HER A LIFT. THE WOMAN WAS A 'GREENHAM COMMUN WOMAN' AND THE MAN A SALES REPRESENTATIVE. IN OUR SHIT SOCIETY WE LIVE IN, MOST PEOPLE WOULD DESCRIBE THE WOMAN 'COS SHE WENT TO GREENHAM AS A 'DIRTY, HORRIBLE, LESBIAN'.

LESBIAN, EVIL, VIOLENT etc, WHILE THE MAN, BECAUSE HE WEARS A NICE SUIT, LIVES IN A NICE HOUSE AND HAS A NICE JOB WOULD BE DESCRIBED AS 'RESPECTABLE, TRUSTWORTHY, PEACEFUL' etc DOUBLE THINK OR WHAT?

WELL THAT INNOCENT WOMAN WAS RAPED AND CHOPPED UP AND NOW SHE'S DEAD AND THE FUCKING BASTARD WHO DID IT WILL BE OUT AFTER A FEW YEARS IF HE BEHAVES WELL, BECAUSE HE'S 'RESPECTABLE' AND SHE'S JUST 'A FUCKING DYKE ANYWAY'. LISTEN FILTH, WE ARE JUST A LITTLE FUCKING TIRED OF BEING TREATED LIKE SHIT. YOU ARE THE FUCKING SHIT, THE FILTH, YOUR FUCKING PUS RIDDEN LIVES ARE AN OBSCENITY. I HOPE WHEN THAT FUCKING BASTARD COMES OUT HE'S KILLED, PAINFULLY. RUB HIS FUCKING FACE INTO THE GROUND. THE FUCKING SCUM, HIM AND HIS KIND THINK THEY CAN GET AWAY WITH MURDERING US 'COS OF THEIR MAFIA, MAFIA AND PO-LICE CONNECTIONS. THEY NEED TO BE TOLD, THE HARD WAY, THAT WE ARE NOT MUGS, WE ARE NOT NAMBY PAMBY 'PEACE' PEOPLE. WE DON'T LIKE 'RESPECTABLE', MIDDLE-CLASS, MIDDLE-AGED 'NICE' PEOPLE KILLING OUR BROTHERS AND SISTERS.

HERES A WARNING TO ALL THE COLIN CAMPBELLS OF THIS WORLD: LOOK OVER YOUR SHOULDER 'COS WE'RE GETTING BIGGER AND STRONGER AND ANGRIER-AND WE DON'T LIKE WHAT YOU'RE DOING. NO MORE RAPISTS AND MURDERERS BEING LET FREE 'COS OF 'LACK OF EVIDENCE' OR 'SHE WAS ONLY A PROSTITUTE'. WE KNOW WHO YOU ARE AND WE'RE WAITING.....

rapists beware

BURN THE FLAG

ANYBODY WHO WEARS THE UNION JACK IS ADICK, FULL STOP. THE UNION JACK IS THE FLAG OF THE BRITISH RULING CLASS, NOT OUR FLAG, NOT THE WORKING CLASSES. LIKE THE SCABS THEY ARE, THE FASCISTS WHO WEAR IT HAVE NO CLASS, THEY ARE NO LONGER PART OF OUR CLASS, THEY ARE FILTH WHO ARE IN THE SERVICE OF THE RICH AND RULING. THAT FLAG HAS FLOWN OVER MORE MASSACRES OF WORKING CLASS PEOPLE THAN ANY OTHER. IT ISN'T 'FUNNY' OR 'REBELLIOUS' OR 'PUNK'. I WANT TO BURN THAT FLAG WHENEVER I SEE IT. SCUM WEAR UNION JACKS. THE WORKING CLASS NO COUNTRY. COUNTRIES ARE JUST A CON TRICK CREATED BY A RULING CLASS THAT NEEDS TO KEEP US DIVIDED WITH ITS ARTIFICIAL BOUNDARIES AND NATIONALISM. WHILE YOUR BUSY SPOUTING ALL YOUR ANTI-IRISH, ANTI-SCOTTISH etc, etc SHITE YOU'LL NEVER REALISE YOU AND YOUR COUNTERPART IN IRELAND AND SCOTLAND ARE BEING USED BY THE SAME PEOPLE: THE RULING CLASS. DIVIDE AND CONQUER.

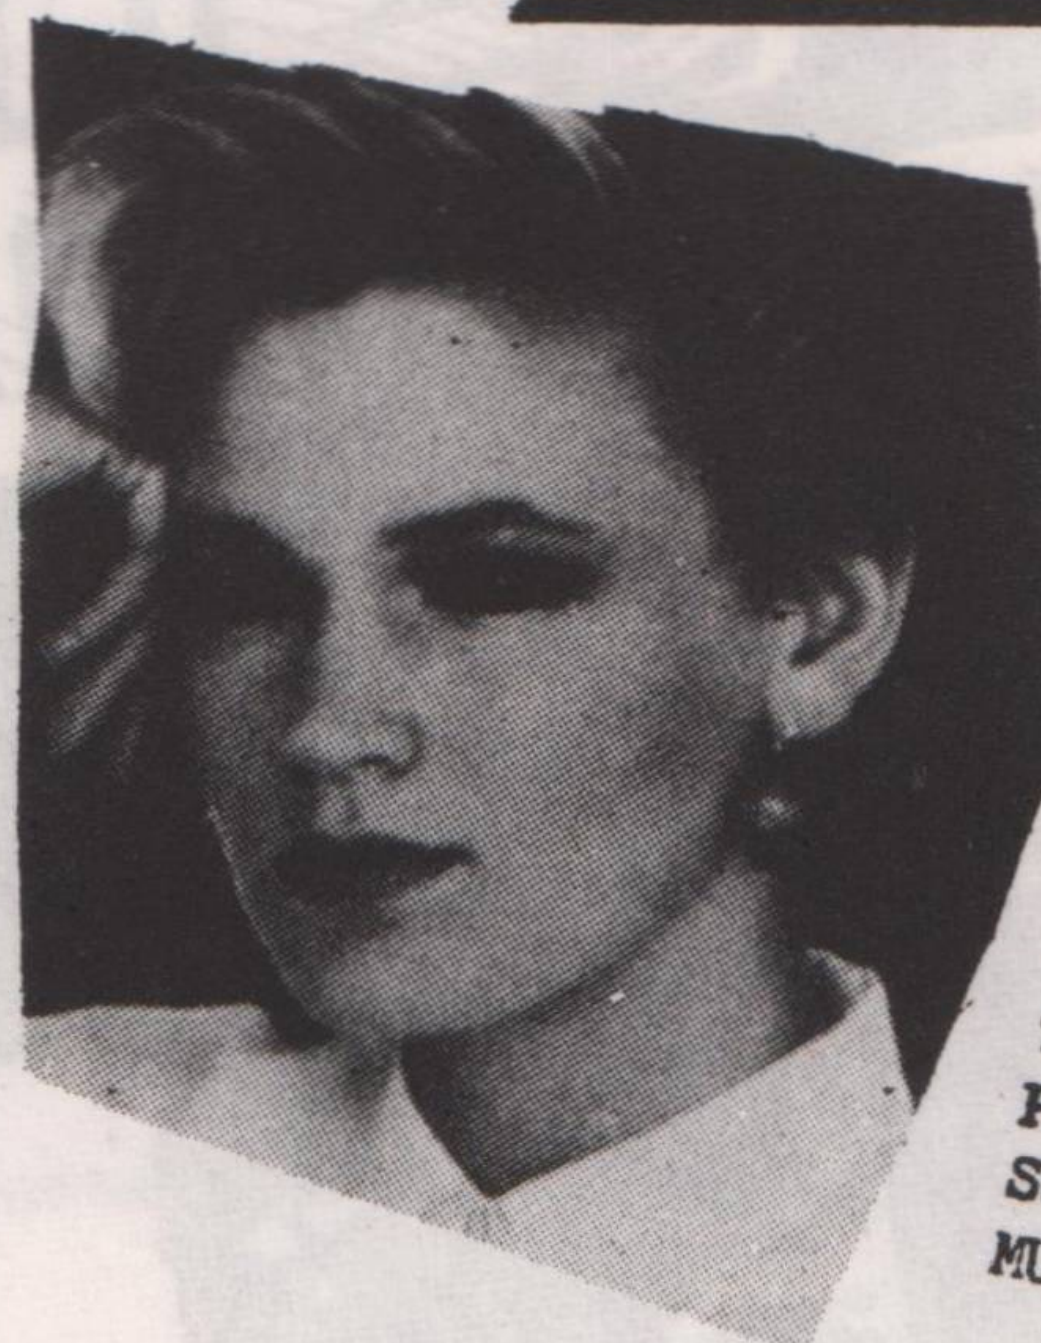

AS LONG AS YOU SQUABBLE AMONGST EACH OTHER AND GET INTO PATHETIC ARGUMENTS ABOUT HOW GREAT THIS COUNTRY IS OR HOW SHIT THAT ONE IS YOU'LL NEVER FIGHT THEM - YOUR TOO BUSY BICKERING. WISE UP SUCKERS. FUCK BRITAIN. BRITAIN IS FUCK ALL. A GROTTY LITTLE ISLAND FULL OF AMERICAN JUNK AND RADIO-ACTIVE WASTE. ONLY WHEN WE HAVE GIVEN IT THE TWO-FINGERED TREATMENT WILL THINGS CHANGE. PATRITISM: FASCISM: WAR: DEATH. THE ONLY HERITAGE AND CULTURE IM INTERESTED IN IS THE INTERNATIONAL WORKING CLASSES. YES THERE ARE SIDES BUT NOT ONES BASED ON POXY COUNTRIES. ITS THE RULED AND THE RULERS, OUR CLASS AND THEIR CLASS. NOT BLACKS AND WHITES, NOT MEN AND WOMEN, BUT THOSE WHO SUFFER AND THOSE WHO MAKE PEOPLE SUFFER. ITS ALWAYS BEEN THE SAME.

ALL THE PEOPLE WE WERE FORCED TO ARSE LICK AT SCHOOL LIKE CHURCHILL, THE PUKE OF WELLINGTON, NELSON etc, etc WERE ALL UPPER CLASS BASTARDS. DO YOU HONESTLY THINK THESE TOSSERS GIVE A FUCK ABOUT YOU, 'COS YOUR 'BRITISH'? THESE PONCES, WHEN THEY'D STOPPED ORDERING THE DEATHS OF THEIR EQUIVALENT OF OUR 'ARGIES' AND 'COMMIES', WERE SMASHING THE WORKING CLASS MOVEMENTS. ORDERING THE DEATHS OF PEOPLE LIKE ME AND YOU. DOGSHIT CHURCHILL WAS RESPONSIBLE TIME AND TIME AGAIN FOR THE VICIOUS TREATMENT OF STRIKERS AND UNEMPLOYED BY HIS PO-LICE FORCES; AND FOR SMASHING THE HEADS OF THE REFORMIST SUFFRAGETTES. HE ALSO PERSONALLY ORDERED THE PRESS TO ONLY TAKE PICTURES OF THE STRIKERS/UNEMPLOYED/SUFFRAGETTES FIGHTING BACK. NOTHING CHANGES. ALWAYS THEM ON TOP US ON THE BOTTOM. THE SAME GOES FOR WELLINGTON AND THE REST. UPPER CLASS SCUM. WHEN ARE YOU GONNA WISE UP TO THE FACT YOUR BEING USED?

AS FOR THIS UTTER CRAP ABOUT HOW BRITAIN HAS FOUGHT OFF THE NAZI HORDES IN TWO WORLD WARS. WHY DO PEOPLE BELIEVE SUCH SHIT? EVERYTIME THE INTERNATIONAL WORKING CLASS COMES TOGETHER AND TELLS THE INTERNATIONAL RULING CLASS TO GO AND FUCK OFF, THE HEADS OF STATES COMES TOGETHER AND STARTS ANOTHER FUCKING WAR. THE MEDIA STARTS PUMPING OUT 24 HOUR PATRIOTIC SHIT AND WHAT DO YOU KNOW, BY THE END OF THE WEEK WERE MORE INTERESTED IN 'SMASHING ARGIES' THAN GETTING OUR REAL ENEMIES-THE RULING CLASS. THATS WHAT THE FIRST WORLD WAR WAS ALL ABOUT. ALL OVER THE WORLD STRIKES AND GENERAL STRIKES, RIOTS AND SABOTAGE WERE EVERYWHERE AND FOR THE FIRST TIME THE WORKERS OF THE WORLD WERE REALISING THEIR COLLECTIVE STRENGTH. WITHIN MONTHS IT WAS OVER. THE REFORMISTS AND FOOLS FELL FOR THE SHIT AND WE WERE LEFT STRANDED. JUST LIKE THE FALKLANDS WHICH KILLED CND AND THATCHERS OPPOSITION, WHEN BENN AND CO KEPT THEIR MOUTHS SHUT FOR FEAR OF BEING 'ANTI BRITISH'. SCABS.

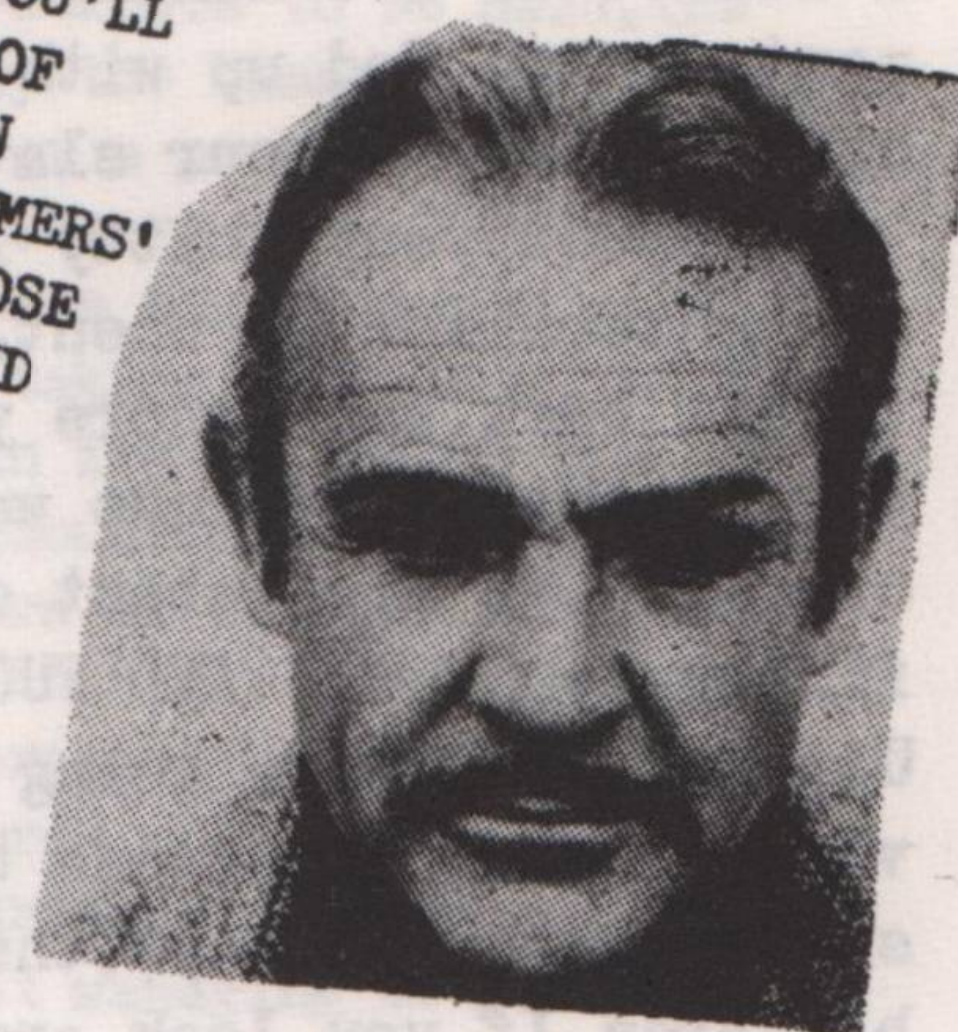

AS FOR THE SECOND WORLD WAR, THAT WOULD HAVE BEEN A JOKE IF IT HADN'T BEEN SO TERRIFYING. ALL THIS SHIT ABOUT HOW ANTI-HITLER AND ANTI-NAZI WE BRITISH WERE. WHEN GERMANY WAS SPLIT IN TWO, BETWEEN THE NAZIS AND COMMUNISTS, BRITISH LEADERS, CIVIL SERVANTS, POLITICIANS, AND ESPECIALLY ROYALTY COMPLETELY ARSELICKED HITLER AND HIS MAD BASTARDS AND HELPED HIM GET TO POWER. UNTIL THEY REALISED THAT HE WAS ACTUALLY GONNA ACT OUT WHAT THEY THEMSELVES ONLY TALKED ABOUT IN PRIVATE. THIS WOULD OBVIOUSLY POSE A THREAT TO THEIR EMPIRES. ONLY THEN DID THEY DO A QUICK U-TURN. MAKES ME WANT TO THROW UP WHEN I HEAR THESE SAME SCUM GO ON ABOUT THE 'GREAT WAR'. THESE KNEW WHAT WOULD HAPPEN BUT THEY DON'T GIVE A TOSS 'COS THEY NEVER DO ANY OF THE ACTUAL FIGHTING. WERE SUPPOSED TO DO THE FUCKING DIRTY WORK. WERE THE ONES WHO ARE EXPECTED TO GIVE UP OUR LIVES FOR THEIR MISTAKES. SCUM.

TODAY WERE TOLD TO BE ANTI RUSSIAN. PEOPLE LIKE ME ARE BRANDED AS 'COMMIES'. CAN YOU IMAGINE WHAT WOULD REALLY HAPPEN IF RUSSIA DID INVADE? THOSE FUCKERS WOULD BE OFFERING THE RUSSIAN LEADERS CHAMPAGNE AND ASKING TO KEEP THEIR WELL PAID JOBS AS LONG AS THEY PROMISE TO TOW THE PARTY LINE. IT WOULD BE US WHO WOULD SUFFER AS USUAL. ARSELICKERS AND SLAVES WILL BE ARSELICKERS AND SLAVES TO WHATEVER MASTER. THE PO-LICE AND ARMY WOULD JUST BE DOGS TO A DIFFERENT MASTER. THE ONLY DIFFERENCE WOULD BE THAT PEOPLE LIKE ME WOULD BE CALLED 'FASCISTS' THIS TIME.

THERE ARE ALTERNATIVES, LOOK FOR THEM. GET OUT OF YOUR ROLE. ITS HARD BUT ITS A REAL YOU'LL GET. DO IT / DO IT/ DO IT ..

listen hippie

As much as creating alternatives to the system is great and part of the process towards revolution, we must not get trapped into thinking that this will be enough to defeat those in power. Those who have robbed off us will not give it back without a fight; probably a bloody one. It is an illusion that we will get anarchy: 'non-violently' (i hate that term anyway 'cos it presumes that the rest of us WANT violent revolution). Of course i agree its great that none of us eat meat or say 'cunt' no more but the system carries on. It ignores us and we think were great. Dropping out without direct action to change and attack the shit is a cop out; no doubt about that. The hippies thought they were 'cool' going round saying 'peace maaan' and wearing flowers in their hair, doing their 'own thing'. What happened? did the state fall? Like fuck. The state carried as usual thank you very much.

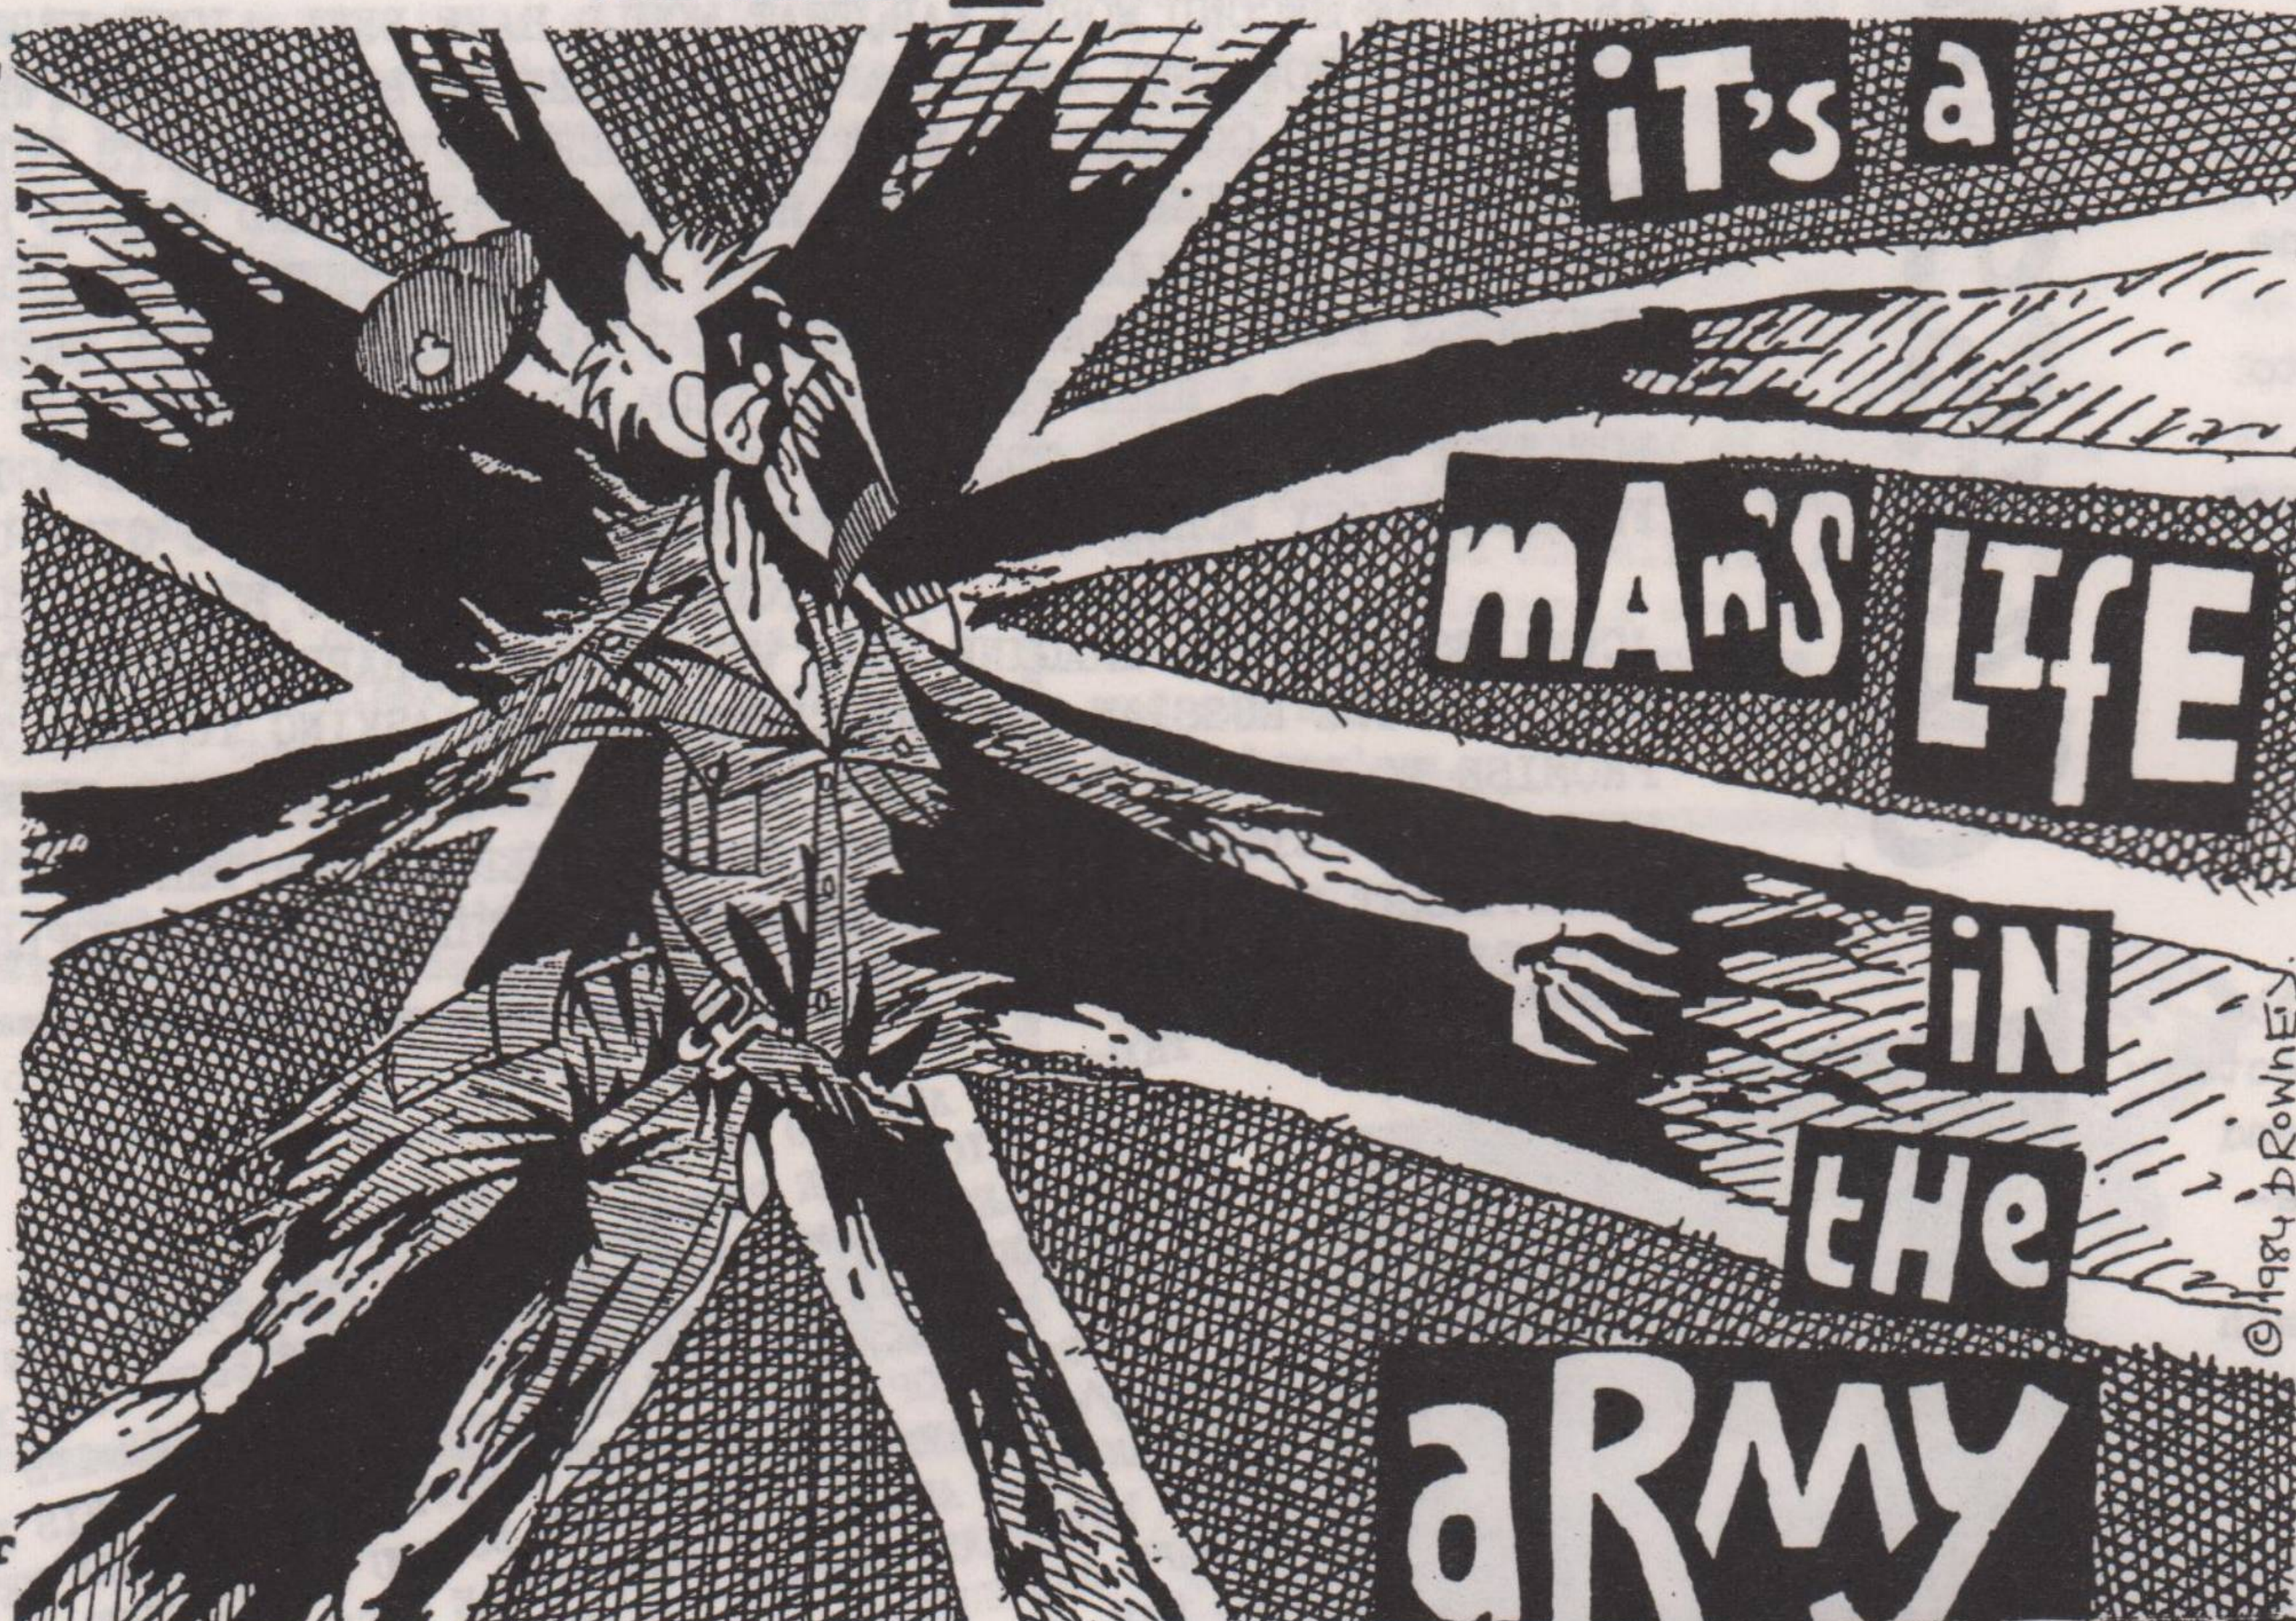

Now on the other hand, i know a few anarchists who are all mouth about 'those fucking pigs', 'blow up the bastards' etc who enjoy wanking about terrorist books but when it comes down to it are just bitter old men and wimmin. Their lifestyles are about as alternative as a pissed up rugby player. Know what i mean?

If were to change anything its gotta be a mixture of the two: personal change and direct action. Whats the point of giving up meat when you idly walk by your local butchers; oblivious to the suffering in your own high street? All this absolute liberal shit about how, the people who attack butchers/sex(read'rape')shops/army careers etc, etc are being 'authoritarian', 'violent' and 'forcing their ideas on people', make me want to retch. Listen filth, by smashing a window we are making a very clear statement: we are fed up with being forced to consume and be your slave, we have chosen to reject your shitty little world that slaughters the innocent. We are not prepared to sit back and ignore you and wait for you to change, because we know you'll just carry on. We are intent on destroying your filthy world. TRY AND FUCKING STOP US. Ultimately theres going to be more and more violent confrontations between us and the states hired lackeys, the cops and the army bastards. If you look around at us and them its not too hard to see who'd win a hand to hand battle. The filth/army are big, ugly bastards who wouldn't think twice about shooting the lot us. I often hear people who say how there gonna 'have the cops', then they go and fuck themselves up on speed, glue etc. Being an anarchist does 'nt mean we have to be the opposite of the armed forces, just 'cos we hate them; 'unfit', 'on drugs', 'weak', 'never learn how to use guns', 'not organise', 'never plan' etc, etc. If were to defeat the states hired lackeys we've gotta learn a few basic things: defending ourselves, guerilla tactics, first aid etc. This does 'nt mean we will all turn into macho bores overnight but it will mean weve got more chance of our idea triumphing.

Working class anger

TWO OF THE MOST ANNOYING THINGS THAT KEEP ON HAPPENING AT SUPPOSEDLY 'ANARCHIST' DEMOS ARE AS FOLLOWS: FIRST OF ALL, ITS THE GENERAL 'POLITENESS' AND 'PASSIVENESS' OF SOME PEOPLE, LIKE THE WALLIES WHO WERE UPSET WHEN PEOPLE STARTED SMASHING WINDOWS AT PAST STOP THE CITIES, CALLING IT 'VIOLENT' (HA HA), WHERE DO THESE BERKS COME FROM? COMPARED TO THE WHOLESALE VIOLENCE AND MASSACRES COMMITTED BY THE STATE NOTHING WE COULD EVER DO CAN BE DESCRIBED AS 'VIOLENT'. IF YOU THINK THAT SAYING 'I234 WE DONT WANT YOUR FUCKING WAR' TIME AFTER TIME AND HAVING STUPID FUCKING PAINTED FACES IS GONNA DO ANYTHING THEN IM AFRAID YOUR A FUCKING MUG. SMASHING WINDOWS MAKES THEM PAY FINANCIALLY AND LETS THEM KNOW WE ARE ANGRY. ITS LIKE WHEN WE WERE AT MOLESWORTH DURING THE CND (COPPERS MARKS AT DEMOS) THING WE WERE TOLD OFF FOR FEEDING THE SOLDIERS MUD. WELL YES, I DOUBT IF THAT WILL CHANGE THE WORLD, ONLY A CLASS WAR WILL DO THAT, BUT IT CERTAINLY WIPED THE SMIRKS OFF THEIR UGLY FACES. PUTTING POXY RIBBONS ON FENCES JUST GIVES THEM A LAUGH AT OUR EXPENCE. THEY WERE LAUGHING AT US ALL DAY; EVERYTHING THE 'SUN' HAD SAID ABOUT US WAS TRUE. ALL THE JOKES ABOUT US BEING A BUNCH OF PASSIVE, DOPE SMOKING HIPPIES WITH BEADS AND FLOWERS SINGING STUPID SONGS ABOUT 'SPIRITS' AND DANCING AROUND. THEY LAUGHED, AND POINTED, AND LAUGHED AGAIN. THEY THOUGHT WE WERE PITIFUL AND HOPELESS AND PASSIVE. SO DID I. THEN SOMEONE THROUGH A BRICK AT ONE OF THEM. DID 'NT LAUGH NO MORE. THEY KNEW WE HATED THEM. THEY KNEW WHEN THAT BRICK HIT THEM THAT WE WERE WER'NT MUGS. WE WERE ANGRY AND WE DID 'NT LIKE CLASS TRAITERS PROTECTING THE SYSTEMS BOMBS..

I REMEMBER ONCE WHEN WE USED TO DO THE VIDEOS AT THE DEMOLITION DINER WE WERE SHOWING 'CARRY GREENHAM HOME'. AT THE END OF THE VIDEO THERE WAS A SORT OF DISCUSSION AND ONE PERSON SAID THAT "IF ONLY THE MINERS WOULD USE NON-VIOLENT DIRECT ACTION THEY'D HAVE WON THE STRIKE". IT WAS A CASE OF EITHER HEAD BUT HER OR KEEP ME MOUTH SHUT, SO IDID THE LATTER. REALLY I SHOULD HAVE ASKED THE 'NICE; CLEAN; MIDDLE CLASS TWIT EXACTLY HOW MANY PICKET LINES SHE'D BEEN ON? THE MINERS WERE MORE OF A THREAT TO THE STATE IN FIRST MONTH THAN YOUR LOT COULD IN TEN YEARS; SITTING IN THE MUD AND GETTING BEATEN UP. FIGHTING BACK MEANS FIGHTING BACK. NVDA JUST LIMITS THE AMOUNT OF ATTACKS ON THE STATE YOU ARE ABLE TO USE. NVDA IS ARCHAIC AND ASKING TO BE TROD ON. THE SECOND AND EVEN MORE ANNOYING THING IS THE WAY CERTAIN 'ANARCHISTS' LET THEIR COMRADES GET NICKED. CHRIST IT'S SO EASY TO STOP PEOPLE FROM GETTING UNNECESSARY HASSLE. I CONSIDER IT TWICE AS VIOLENT TO LET A COMRADE GET NICKED, HARASSED, BEATEN AND THEN FINANCIALLY ROBBED AND/OR IMPRISONED, THAN IT IS TO SIMPLY PULL A COPPER OFF SOMEBODY. ON DEMOS IT IS ESPECIALLY EASY BECAUSE YOU CAN ALWAYS GET BACK INTO THE CROWD. IT WAS SO SICKENING TO SEE THE STOP THE CITY VIDEOS WHERE ONE COP WALKS THROUGH HUNDREDS OF DEMONSTRATORS AND NO ONE LIFTS A FINGER. MORE INTERESTED IN THEIR HAIR-LOS AND STREET CRED, THAN SAVING COMRADES. IF A COP GETS ONE OF US THEN FOR CHRISTS SAKE HELP. IF YOU PULL A COP FROM BEHIND, PUTTING YOUR HANDS AROUND HIS HEAD, IT WILL OFF-BALANCE HIM AND HE SHOULD LET GO. KICKS IN THE KNEES AND BALLS AND FINGERS IN THE EYES ARE GOOD THINGS TO REMEMBER. JUST DO SOMETHING, BUT DONT GET CAUGHT. ON DEMOS TRY AND STAY IN GANGS AND LET KNOW ONE GET NICKED. LET THE COPS KNOW THAT IF THEY WANT ONE, THEY'LL HAVE TO COME AND GET ALL.

When i used to live in ST. pauls it used to really make me laugh the way some white anarchists would turn a blind eye to black sexist bastards or black racists. If you were walking down the road and they say some racist crap you were expected to ignore it 'cos "well, there, oppressed, you know?" Apart from being patronising this is dangerous. A gang of black pricks in a car leering at wimmin is definately just as bad as a gang of white pricks. All this 'i and i' shite. Follow marcus garvey? Fuck off sheep. All this crap about the 'culture is great'. The rasta culture is just as racist, sexist as is the 'british'. A rapist is a rapist, a racist is a racist. People who wear the rasta colours should be treated with as much contempt as the fools who wear the union jack.

IRELAND

Below is the summary of a much larger article on what's been going on in the north of Ireland over the past 17 years, and its relevance for us class struggle anarchists, over here; it appeared at the class war conference in the summer. What it says is this: if only we'd paid a bit closer attention to what the British state has been doing in the north of Ireland the last 17 years maybe the miners wouldn't have been defeated; and maybe we'd be closer to reaching our own goal.....

"For 17 years now northern Ireland has been the training ground and the Irish working class the guinea pigs for the British state's counter insurgency techniques. The tactics of British imperialism in Ireland are probably the best example of what we here will have to face sooner or later (the miners strike was a brief foretaste).

In August 1969 CS gas was used on rioters in the bog-side here in Derry. But it wasn't just used on rioters, whole Catholic areas were saturated in CS gas (it was shot in through front windows in to living rooms, and the gas remained for 2 to 3 days covering the estates like a fog). This was a quite deliberate policy of intimidating the whole Catholic population, to get them to return to their homes and shit lives.

PEACE KEEPING FORCE

Later rubber (and then plastic) bullets were invented. The farcical name 'rubber bullets' was carefully chosen so it would seem like a ludicrously harmless toy bullet to the British public. But when people were hit by them they didn't bounce off like a piece of rubber. 15 people, so far, have been killed (7 of them children) and hundreds wounded, maimed or blinded by these 'toy bullets' because they have been used in the same indiscriminate way as CS gas - shot at people looking out of their windows and shot at children walking down the street, to instill as much fear as possible in to the whole Catholic community and make them even afraid to go out their front door.

The typical Catholic housing estate here has an army barracks/fortress in the middle of it keeping a close surveillance of everyone on the estate with close circuit TV cameras, infra-red cameras for night vision, and a radar system which can detect anyone moving out of sight of electric eyes of the cameras. Helicopters hover over head most of the day with zoom in cameras, and the telephone of anyone 'discontented' is tapped and their mail opened. New working class housing estates are built according to a British army architects specifications. They are designed to give minimum room for civil disturbance and maximum room for the British army to step in to crush any outbreaks. Housing estates are built with only one exit/entrance so anyone causing trouble can be easily trapped inside; each block is a different colour or shade and army helicopters have a special colour code of the estate so that any block or single house can be quickly and easily pinpointed from the air. The pavements of the new estates are tarmac so that they can't be ripped up for bricks for a riot; the roads leading into the estates are specially reinforced (some are flyovers) to take large convoys of armoured cars and Saracens moving into the estates at the first sign of a disturbance.

Daily, the estates old and new, are patrolled by British soldiers and the Royal Ulster Constabulary. But more threatening than that are the undercover SAS, totally ruthless legal assassins walking our streets. They strike the most fear into people here (working alongside the loyalist Protestant paramilitaries the UDA and the UVF to assassinate suspects, mainly at night). People have been shot dead here for painting graffiti on a wall. A lot of the police and local army here are part timers and in their other jobs as milkmen, breadmen and insurance men etc, they keep a close watch on the housing estates and note down everything they see.

Once we move out of our estates we are still under heavy surveillance, for the biggest computer system in western Europe here in N.I. can keep track of the daily movements of almost every car in N.I. and carries detailed information on almost every citizen (right down to colour and design of wallpaper).

The law here is (in the words of Britain's leading expert on counter insurgency himself) 'little more than a propaganda cover for the disposal of unwanted members of the public'. The army barracks and police stations here are modern torture chambers where every form of torture has been used to get confessions and produce information (informers are deadly to any cause). In 1971 an experiment was carried out here on 12 men to see how quickly a man can be broken psychologically. Hoods were placed over their heads by the British army, they were dressed in boiler suits and made to stand spread eagle against a wall balancing on their fingertips till they collapsed from exhaustion (to be repeated again as soon as they recovered). While they stood in this position for hours they were bombarded with white noise and kicked if they moved at all. This went on for 4 or 5 days, the human guinea pigs weren't given any food or drink or allowed to go to sleep or go to the bog. At intervals they were taken up in a helicopter and told they were going to be chucked out hundreds of feet up. They were thrown out, but only when the helicopter was a few feet off the ground (but with the hoods on they weren't to know this). After 5 days of this barbarity, most of the twelve were psychologically destroyed for life, made into nervous wrecks in less than a week. The 12 were not IRA men. They were randomly chosen, by the British govt for this experiment in what is known as 'sensory deprivation' (a modern torture which leaves not physical but mental scars).

Under the special laws here anyone can be taken to an army barracks or police station and held for 5 days without charge. As the experiment shows 5 days is all that is needed to break anyone and get them to confess to any crime. The hooded treatment is not always used, for new torture techniques are being invented and tested here everyday (hallucinogenic drugs, electric shock treatment etc). Most times though it's good old fashioned strangulation or testicle kicking. The prisons here are just as bad as the torture chambers. With their high electric fences and machine gun equipped watchtowers they don't just resemble concentration camps; they ARE concentration camps, filled to bursting point with political prisoners who have to pay in most cases with life sentences for the misfortune of being born in the British part of Ireland instead of the Irish part (inside these prisons torture and strip searching continues daily).

The cleverest weapon of all, though, in the armoury of the British state is not the massive repressive power of the army, the SAS and computer technology, but the most subtle form of repression that exists - media brainwashing. There is strict censorship in the media on Ireland, it must present the British state's version of the war here or else. The only news that is reported is the same daily catalogue of shootings and bombings. It deliberately does not report the reasons for or background to each incident and it avoids giving any historical information on Ireland because anyone who has a basic understanding of Irish history would see each incident in its proper context. The catalogue of bombings and shootings is meant to sicken the British public and turn them into anti-Irish bigots.....

The article ended with this warning: ".....I hope, then, we have given you some warning of what the British state will throw at you if you succeed in creating a mass movement of civil disobedience like the one here. It should be clear now that during the miners strike, the British state only revealed a little of its hand. Maybe you knew this already, but if you didn't and thought the repression during the miners strike was the limit of Britain's capabilities, then I suggest you start learning as much as you can about the 17 years of British repression here. For if you like, we are the guinea pigs, but you on the mainland are the real objects of the ongoing experiment here. If however, after all this you still think that the British state will never turn its guns on you as it did (and is still doing) on us, then you are truly fucked. For the British army will have to leave, or be driven out, of here someday, and guess where the next stop is?"

ARE YOU a PASSIVE OBSERVER?

KILL the RICH

Have you ever wondered why 'class war' (among others) go on about the rich so much. I do it myself; after reading the paper 'rich scumbag', 'durex bomb' etc etc you forget for awhile why you hate them in the first place.

Well's heres a little recap. In this world there are a lot of people who are forced to go without food, clothes and a roof over their heads for the whole of their very short, painful life. TRY AND IMAGINE THAT. Go without food for a whole day. Try it. It hurts. Imagine a week, a year, all your life. Imagine being permanently ill permanently covered in scars and scabs, never any treatment, never any vitamins, or proper food. TRY AND IMAGINE for a minute.

There are various estimates, but I'd say that it'd be a good guess to say that at least 1/3 the world's population have to suffer this sort of life(?). THIS IS OBSCENE. No words are available to describe the complete and utter disgust and anger I feel for the people who actively encourage this to continue. The people who make profits from this kind of barbarity - and yes people do make billions from it - deserve to be treated like the real filth they are. Not even death could be proper justice. Torture is too good for them. I'd like to think that maybe one day they'll realise their wrongs but I'm afraid they won't, not as long as the money keeps rolling in and we remain quiet and passive.

It makes me sick when people who are opposed to billions of pounds being spent on nuclear weapons get involved in the states arguments about 'who has most', or 'which is more powerful', 'long range', 'short range' SHITE.... ANYONE WHO IS IN FAVOUR OF SPENDING BILLIONS OF POUNDS ON WEAPONS OF DEATH WHILE MILLIONS AND MILLIONS OF HUMAN BEINGS DESPERATELY NEED THAT MONEY FOR FOOD, IS A MURDERER AND DESERVES TO BE SMASHED AND RUBBED INTO THE GROUND.

At the moment people can spend over £50,000 on a car and actually ride it round in front of us with the knowledge that people are starving and that in their own towns and cities there are people who have no money, who have to live from bins 'cos they no longer get dole, people who've no roof over their head 'cos dole no longer pay the rent. The filthy scabs get some kind of perverted pleasure out of it, of seeing us, the 'unlucky ones', go ing green. Well's here a warning and I do mean it. We aint unlucky, it's you in your obscene wealth that will be 'unlucky' because soon, and it's starting already, you will ride into the once safe towns from your countryside manor and their will be mobs of people with bricks pelting you and no amount of protection will stop us from getting at you, you sick bastards. soon scum, soon.

filthy rich?

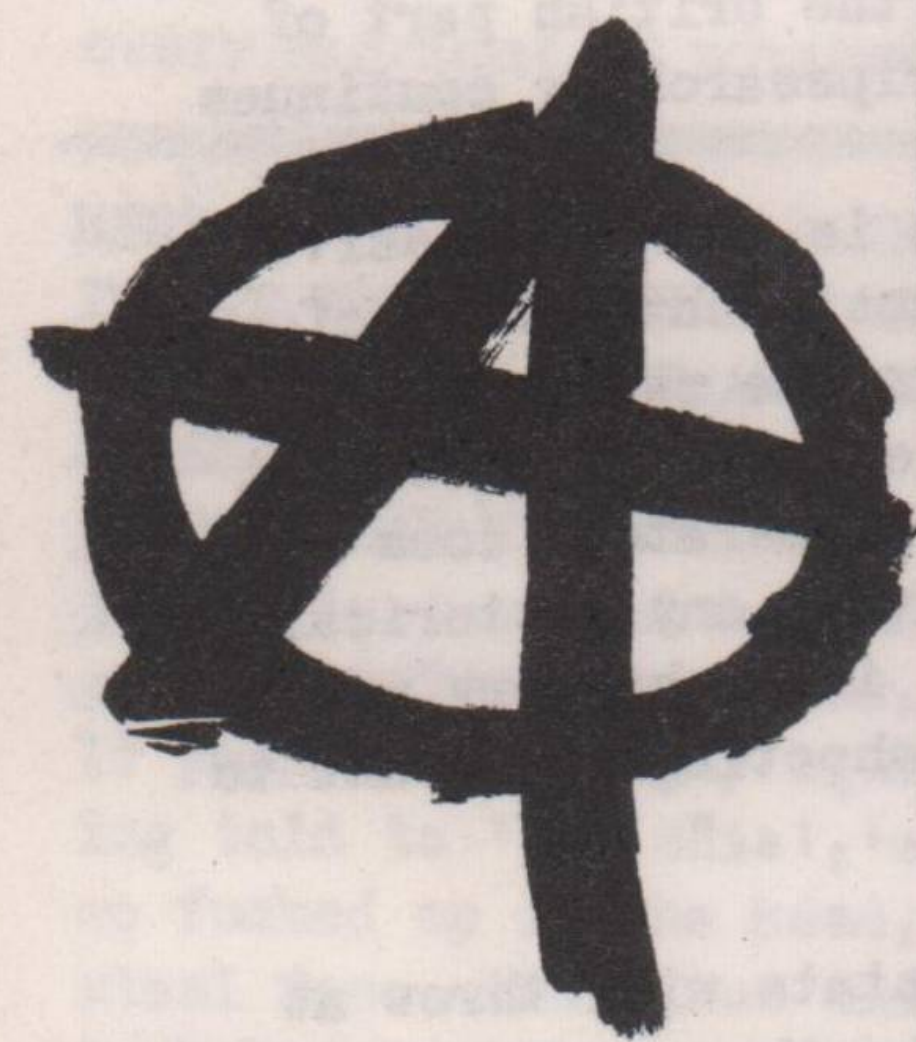

SCUM!

You are not our enemies because of who you are but what you are and how you got there. Your inherited or bought self interest is held at a price. That price is our freedom from slavery and oppression. We are those you oppress; those who lack your stolen privileges and property. We suffer under the tools of repression you use, increasingly, to protect your bloated excess.

Unless you renounce your power and stand alongside those you have held down for so long, they united will destroy you.

Change or prepare for death. We are your future executioners.

FIGHT BACK

FIGHT BACK

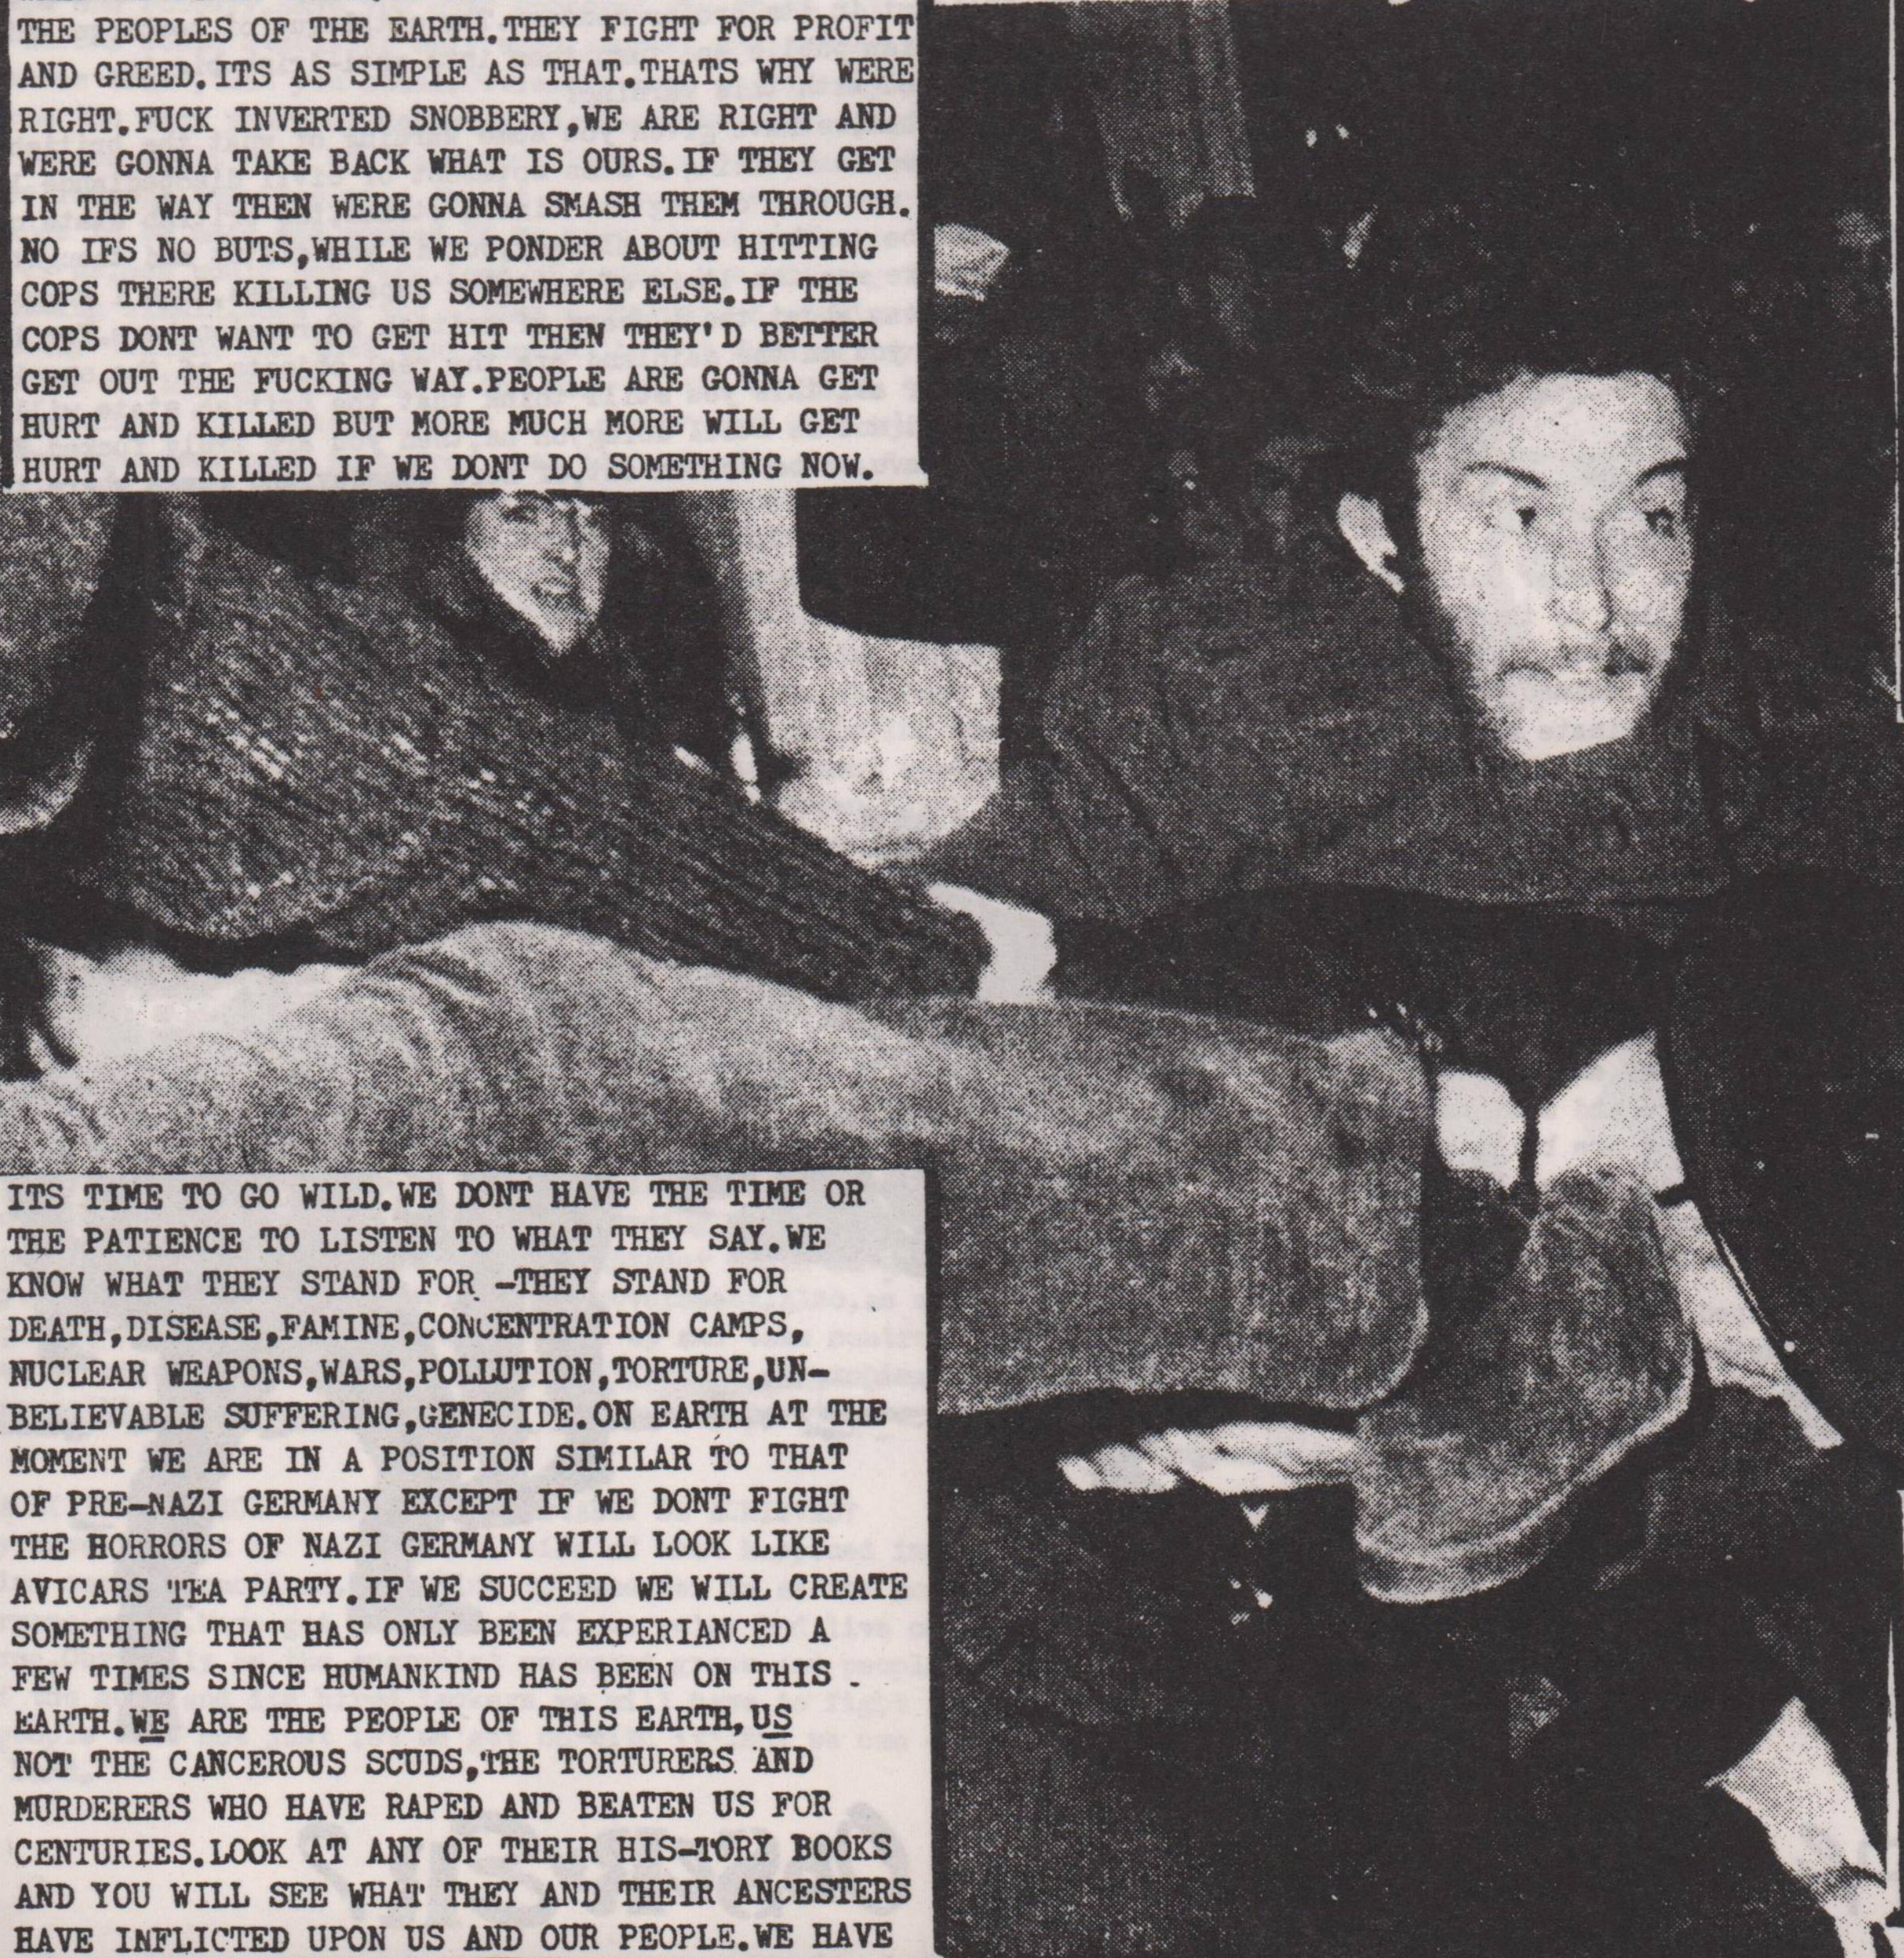

ITS TIME TO STOP PISSING ABOUT. ANARCHY WILL NEVER BE ACHIEVED BY SITTING AT HOME DISCUSSING THE RELEVANCE OF KROPOTKIN etc OR SEEING WHOSE GOT THE MOST ANARCHIST BOOKS. THEY ARE OUT THERE NOW FIGHTING AND KILLING OUR BROTHERS AND SISTERS. THEY HAVE ALWAYS BEEN DOING IT. THE ONLY WAY THEY'LL STOP IS WHEN WE FIGHT BACK. WE FIGHT FOR THE EARTH AND THE PEOPLES OF THE EARTH. THEY FIGHT FOR PROFIT AND GREED. ITS AS SIMPLE AS THAT. THATS WHY WERE RIGHT. FUCK INVERTED SNOBBERY, WE ARE RIGHT AND WERE GONNA TAKE BACK WHAT IS OURS. IF THEY GET IN THE WAY THEN WERE GONNA SMASH THEM THROUGH. NO IF'S NO BUTS, WHILE WE PONDER ABOUT HITTING COPS THERE KILLING US SOMEWHERE ELSE. IF THE COPS DONT WANT TO GET HIT THEN THEY'D BETTER GET OUT THE FUCKING WAY. PEOPLE ARE GONNA GET HURT AND KILLED BUT MORE MUCH MORE WILL GET HURT AND KILLED IF WE DONT DO SOMETHING NOW.

ITS TIME TO GO WILD. WE DONT HAVE THE TIME OR THE PATIENCE TO LISTEN TO WHAT THEY SAY. WE KNOW WHAT THEY STAND FOR - THEY STAND FOR DEATH, DISEASE, FAMINE, CONCENTRATION CAMPS, NUCLEAR WEAPONS, WARS, POLLUTION, TORTURE, UNBELIEVABLE SUFFERING, GENECIDE. ON EARTH AT THE MOMENT WE ARE IN A POSITION SIMILAR TO THAT OF PRE-NAZI GERMANY EXCEPT IF WE DONT FIGHT THE HORRORS OF NAZI GERMANY WILL LOOK LIKE AVICARS TEA PARTY. IF WE SUCCEED WE WILL CREATE SOMETHING THAT HAS ONLY BEEN EXPERIANCED A FEW TIMES SINCE HUMANKIND HAS BEEN ON THIS EARTH. WE ARE THE PEOPLE OF THIS EARTH. US NOT THE CANCEROUS SCUDS, THE TORTURERS AND MURDERERS WHO HAVE RAPED AND BEATEN US FOR CENTURIES. LOOK AT ANY OF THEIR HIS-TORY BOOKS AND YOU WILL SEE WHAT THEY AND THEIR ANCESTERS HAVE INFLICTED UPON US AND OUR PEOPLE. WE HAVE

EVERY RIGHT TO TAKE BACK WHAT IS OURS. THEY HAVE NO RIGHT TO KEEP IT. WE DO NOT WANT REFORMS, THAT GETS US NOWHERE FAST. WE WANT EVERYTHING NOW. WE HAVE SUFFERED FOR TOO LONG. I FIND IT APPALLING THAT WE HAVE ALLOWED THEM TO GET AWAY WITH SO MUCH. THEY DESERVE NO COMPASSION OR LOVE. THEY ARE FILTHY MURDERERS AND WE WILL NOT STAND FOR IT ANY LONGER. WE WILL DESTROY THEM AND WHAT THEY STAND FOR. ANY SLIME THAT STANDS IN THE WAY WILL GET THE SAME. THE ARMY AND PO-LICE, AND ALL THE SCABS THAT HAVE SUPPORTED THE RULING CLASS OVER THE YEARS WILL GET WHAT THEY HAVE GIVEN TO US MANY TIMES. THEY KNOW WHAT THERE DOING, THEY ARNT FOOLS: THEY ARE VILE JUDASES WHO HAVE'NT THE NERVE TO KILL THEMSELVES. WE WILL DO THE JOB FOR THEM. NO MORE SILENT PROTESTS AT THE COPS, THEY HAVE WEAPONS IN THERE FILTHY COP SHOPS FOR USE ON US, TO KILL US WHEN WE FIGHT. RESPECT EACH OTHER BUT NEVER GIVE IN TO THEM. THEY ARE FILTH AND SCUM. TRAITORS TO THE PEOPLE. NO MORE WAITING TO BE ATTACKED BEFORE WE FIGHT BACK 'COS THEI'VE BEEN ATTACKING US FOR CENTURIES. FIGHT BACK NOW. GO WILD. TAKE BACK THE STREETS, THE FACTORIES, THE TOWNS, BURN DOWN

THEIR FILTHY LABORATORIES, THEIR PRISONS, THEIR OBSCENITIES AND WHEN NATO AND THE WARSAW PACT JOIN TOGETHER TO PUT DOWN OUR REVOLUTIONARY MOVEMENT WELL STRING THOSE BASTARDS UP AS WELL. RESPECT AND LOVE EACH OTHER BUT SPARE NO FEELINGS FOR THE FILTH THAT HAVE TORTURED, RAPED AND MURDERED OUR LOVERS AND FRIENDS FOR CENTURIES. ANARCHY IS NOT A THREAT BUT A PROMISE. THEY WILL FALL WHEN WE SMASH THEM DOWN.
