Prisoner, down many years, looking to hear from any and all hard-core freaks out there, I love to share hot & horny letters with others from in and out of prison...

WRITE TO: MICHAEL DEAN, AS-1919, 175 PROGRESS DRIVE  
WAYNESBURG, PA 15370 U.S.A. TERRA.

My name is Justin. I am currently locked up in the u.s.a. (Florida) and I am looking for female penpals willing to engage in sexual correspondance with me. I am 27 years old (6-24-81) blond hair, blue eyes, 5'9, 175lbs, tattoos. The 3 things I am most passionate about are skateboarding, punk rock 'N' roll and pleasuring women. I am in this place for fighting with cops back on October 13th 2004, I have n't had any female contact, physically, since then, almost 4 years with nothing so much as a hug. The closest I can get is through the mail. I love erotic/sexual correspondance from females... all shapes, sizes, colors, creeds and ages (18+). I love to please women with my hands, fingers, mouth, tongue and cock. But since I can't do that right now, I'll do it with words. I am looking for any females, anywhere, who enjoy writing/ recieving sexual correspondance. I am looking for letters, stories, sexy photos (non-nude) and anything else that can help me get through the lonely times.

I am also looking for any penpals (male/female) who are interested in punk/independent music, skateboarding, photography, art, tattooing, anarchism, or just thinking outside the box in general. I pride myself on being honest, intelligent, passionate, compassionate, strong and open-minded.

Mail is one of the few things I have to look forward to in this situation, and something that does n't seem like much to someone out there (a letter) means the world to someone in here (me).

So please don't hesitate to drop me a line.

I also write lyrics that I can use at this time if any of you punx wanna check them out.

So send your dirty letters, photos and zines (females) and your letters, zines, photos (anyone) to me at:

Hi, I'm Anna Key, I do the "Alterna-TV" gift swap-resource exchange penpals newsletter and fanzine, as well as other D.I.Y. publickations like "Golden Penfriends and liquid lovers" (fetish/watersports fanzine). I have over 80 items of feminine clothing and accessories to swap/trade/exchange with transvestites, cross dressers, transexuals and females-see list for details. Would be keen to exchange these through the post, or one to one or group meetings/socials to bring, swap, try on, show off, dress up for fun, taking back some new gear, making new friends, having fun, tea, drinks, nibbles, maybe more, sleepovers possibly. I'm 39 years young, never want to "grow up" (why would you?), now very occasional/rare cross-dressing male (only really when going to bed-alone), not part of any "scene" or shared experience, might be really cool and beautiful to make my own little one with others out there...

I would also love and weelcum communication and correspondance swapping mail, gifts, fanzines, art, gifts, dreams, desires, fantasies intimate personal correspondance with females and trans-sisters from around the world and closer to home, also frank, explicit, expl discussion of various sexual interests and passions, including feminisation, cross dressing, d.i.y./masturbation, regression/infantilism/juvenalism, sexy undies, wet undies, knickerwetting, watersports, golden showers, lactaion, breastfeeding, nursing, spunk, cum, male/female ejaculation and more...

Contact me at the "Alterna-TV"/"Golden Penfriends-and-liquid lovers" address...

Last year I included a list of the things that I wanted to grow. I had one reader send me a couple packets of seeds. This year I decided to print a list of the seeds I have to trade along with a list of the plants I hope to grow in 2008, this way maybe we can do some seed swapping.

#### The seeds I have to trade:

-German Chamomile	-Noble Giant Spinach
-Figaro Dahlia	-Luffa Gourd
-Purple Top Globe White Turnip	-Mini-White Cucumber
-Detroit Dark Red Beet	-Lemon Cucumber
-White Icicle Radish	-Greek Oregano
-Red Heart Calendula	-Danvers Carrots
-Green Ice Lettuce	-Kuroda Carrots
-Crackerjack Tall Marigold	-Purple Haze Carrots
-Nematocidal Marigold	-Chantenay Red Core Carrots

A highly abridged list of some of the seeds I would like for next year's garden:

-Arugula	-Larkspur
-Savory	-Stevia
-Mâche	-Phlox
-Endive	-Thumbelina Carrots
-Marjoram	-Anise Hyssop
-Cress	-Lavender
-Purple Kohlrabi	

#### Zines Wanted

I plan on keeping this distro pretty small. Even so, I am still looking for more zines to distribute. I am pretty picky though. I mainly want to distribute zines that deal with topics like bike riding (alternative transportation), farming/gardening, vegetarianism, DIY, crafting, earth liberation and eco-warrioring, self-sufficiency and sustainability, food politics, and other social and political issues.

#### The Juniper is:

- a biannual publication
- a Juniperbug production
- a bicyclist's advocate
- a corpo-rat republiker's antithesis
- agribusiness's arch-nemesis
- a friend of the feral
- a suicide squeeze in the bottom of the ninth
- a zine, okay?

#### Carrot Row Mail Order: Latest Additions

I run a little distro in conjunction with this zine. I distribute zines and other things that are similar in content to The Juniper. If you do a zine about gardening, bike riding, eco-warrioring, cooking, crafting, food politics or anything DIY, please get in touch.

These are some of the newer additions to the Carrot Row catalog:

**Dimanche #5** - Sabrina offers a plethora of recipes and food tips, recommends restaurants, survives a tooth extraction, sings praises to cookies and cupcakes, and gives updates about her young son. \$2.

**Dumpsterland #11** - Not a new zine, but a definite classic. Dave writes about dumpster diving, the evils of the trash compactor, composting both your crap and your food and yard waste, a DIY pressure cooker, and more. All from a hobo-punk perspective. \$1.

**Resist #46** - One of my favorite zines is back! Matte writes about riding his bike, working in his garden, seed saving, parenting, coffee, building a bike trailer, etc. Fat zine for \$3.

**Greasespot #4** - Punk rock stories from Texan punk rockers. Stories about being a pizza delivery punk, a trip to California, lost glasses, a bomb threat at a high school and more. Plus how to play a game called Botch and an awesome comic featuring the lyrics to a MTX song. \$3.

**Take it - It's My Body (A Final Compilation)** - "A zine about fighting fat hatred in life, in the world."

Chelsea's zine about fat acceptance, fatphobia, size-ism, and body image. A compilation of new and old writing. It's a fat revolution for \$3.

**Agriculture Biotechnology zine** - "Greens, genes, and in between." Lara's zine about biotechnology/genetic engineering. Everything you ever wanted to know about GMO's, and why you should be concerned about them. Essential reading for anyone who eats food. Free, but maybe send a stamp or two.

**EnvironMENTAL Imp Pack! #2** - Maaike's zine about food politics. Buying local and/or organic food. Buying fair trade products. Tips for shopping at farmer's markets. Plus info on "unshopping" and sustainability. Lots of facts and resources. Educate yourself for \$1.

**Grenade patch and Seed Sower Patch** - \$1 each.

When ordering multiple items, please include an extra dollar or two or some stamps to help cover postage.

Swap seed, correspondence, music, info and stuff with me, I'm part of a group of D.I.Y. gardeners, growers, seed savers and swappers trying to get back to the land. Many unusual and interesting varieties of seed

MISS CAROLINE LOVES TO

WET HER KNICKERS!

Hello! I'm single, sexy and soaking! I have a fetish for pissing and creaming my panties (preferably both at once!). It gives me fantastic orgasms every time! I adore peeing myself wearing skin-tight jeans, hot-pants or a mini-skirt. Sometimes I do it in public, which is really exciting! I masturbate up to 10x a day, and piss myself at least once a day on average. Being imaginative, randy and sex-obsessed, I'm extremely juicy - so my undies are usually wet, one way or another! I also love fisting, cunilingus and golden sex with other girls (especially my girlfriend Fiona♥). My other interests include reading, writing, walking, music, mountain-climbing, swimming and drinking.

If anyone would like to contact a shameless pervert like me, please write to - Caroline Melville-West, 54 The Avenue, Wivenhoe, Colchester, Essex, CO7 9AH.

PETTING + WETTING

KISSING, PISSING + BLISSING - OUT! ☺

Hi...I'm an ALF supporter,vegan and hostage of the animal abusing fascist police state...  
I'm a 42 year old male,interested in communication and correspondence with people on the outside,gay,bi,hetro and would particularly love to hear from females,any age,any where(also interested in erotic correspondance,fantasies,writings about golden wet sex,etc.),also of course would like to get in touch with other people in the AR/animal liberation movement. Musically,into rock,soul,R+B,house,dance,club,trance,easy listening,anything I can relax to.

"When I'm in a sober mood I worry,work and think  
When I'm in a drunken mood I gamble,fight and think  
But when my moods are over and my time has come to pass  
I hope I'm buried upside down so the world can kiss my ass"

**MISS CAROLINE LOVES TO WET HER KNICKERS!**

Hello! I'm single, sexy and soaking! I have a fetish for pissing and creaming my panties (preferably both at once!). It gives me fantastic orgasms every time! I adore peeing myself wearing skin-tight jeans, hot-pants or a mini-skirt. Sometimes I do it in public, which is really exciting! I masturbate up to 10x a day, and piss myself at least once a day on average. Being imaginative, randy and sex-obsessed, I'm extremely juicy - so my undies are usually wet, one way or another! I also love fisting, cunilingus and golden sex with other girls (especially my girlfriend Fiona!). My other interests include reading, writing, walking, music, mountain-climbing, swimming and drinking.

If anyone would like to contact a shameless pervert like me, please write to - Caroline Melville-West, 54 The Avenue, Wivenhoe, Colchester, Essex, CO7 9AH.

I-PRESS ON DISTRO, P.O. BOX 1611 SANTA CRUZ, CA 95061-1611 U.S.A. TERRA

My name is Justin. I am currently locked up in the u.s.a. (Florida) and I am looking for female penpals willing to engage in sexual correspondence with me.

I am 27 years old (6-24-81) blond hair, blue eyes, 5'9, 175 lbs, tattoos. The 3 things I am most passionate about are skateboarding, punk rock 'N' roll and pleasuring women. I am in this place for fighting with cops back on October 13th 2004, I have n't had any female contact, physically, since then, almost 4 years with nothing so much as a hug. The closest I can get is through the mail.

I love erotic/sexual correspondence from females... all shapes, sizes, colors, creeds and ages (18+).

I love to please women with my hands, fingers, mouth, tongue and cock. But since I can't do that right now, I'll do it with words.

I am looking for any females, anywhere, who enjoy writing/ receiving sexual correspondence. I am looking for letters, stories, sexy photos (non-nude) and anything else that can help me get through the lonely times.

I am also looking for any penpals (male/female) who are interested in punk/independent music, skateboarding, photography, art, tattooing, anarchism, or just thinking outside the box in general.

I pride myself on being honest, intelligent, passionate, compassionate, strong and open-minded.

Mail is one of the few things I have to look forward to in this situation, and something that does n't seem like much to someone out there (a letter) means the world to someone in here (me).

So please don't hesitate to drop me a line.

I also write lyrics that I can use at this time if any of you punx wanna check them out.

So send your dirty letters, photos and zines (females) and your letters, zines, photos (anyone) to me at:

Hi, I'm Anna Key (pen-name, I'm biologically male, to avoid any awkward misunderstandings). I'm an artist, satirist, writer, poet, zinester; I do several publicatons, "Alternative Free Ads", "Alterna-TV gift swap and fanzine", "Permaculture and Seed Exchange newsletter", "Golden Penfriends and liquid lovers", and I am also in the process of setting up a distro, "My World".

I'm a 39 years young guy who never wants to "grow up", stocky, tall, slightly heavy set but brown hair, hazel eyes, occasionally body shave.

I'm into self-sufficiency, o. vegan-organic/ guerilla gardening, permaculture, learning to make bread, beer, wine, preserves, rambling, country walks, foraging, wild free food, cooking, eating, going to the beach, swimming, watching videos/dvds (sci-fi, comedy, horror, etc.), into a wide range of music... 60's, rock, pop, ska, psychedelia, metal, hardcore, punk, reggae, dub, folk and more...

Into radicle libertarian-left politics; anarchism, anti-capitalism, animal/human/terran (earth) liberation, ecology, permaculture, humanism/athiesm, feminism/sexual emancipation, counter culturalism prison-state abolition, the psychology of personal liberation.

I also love writing letters, sending/ receiving/ exchanging zines and gifts, interested in corresponding with anyone any age, sex around the world who also has an interest in any of these also would like to send/ swap clothing and gear with transvestites transexuals, cross-dressers and real females, also frienly and intimate/sexual fantasy correspondence (see "Alterna-TV" Gift Swap" for details), also interested in contacting females in particular anywhere for this and possible meetings, liasons, loving, caring, nurturing relationship, real girls and transies to meet for clothes swaps, socialising, sexy sleepovers, also frank, explicit correspondence on sexual passions such as dressing up, d.i.y., feminisation, watersports, wet clothes/undies, dreams, fantasies and more...
