### **EDITORIAL**

This is the 1st issue of DIVERSION. There are a few of us who have been trying to get this together for ages - and this is the result! We hope to bring the magazine out every two months to start with, perhaps monthly if we get enough material & help.

We'd really like more women to be involved with the magazine - no experience necessary and we'd also welcome articles, book & film reviews, notices of events, stories, cartoons and anything else you'd like to see in it. Some of the things we'd like in future issues are : sports, coming-out stories, a problem page, small ads, quiz's, news, a letters page etc.

We hope you enjoy this issue - if you do or if you don't - let us know what you think of it, and let us have your ideas about what you'd like to see in the next issue.

Any contributions or letters can be sent to:

> DIVERSION c/o BOX 11 118 Workshop 118 Mansfield Road Nottingham

If any women are interested in helping to produce the magazine, drop us a line and we'll get in touch and let you know when we're next meeting, (We're very informal, so we don't know the dates in advance). Hopefully we'll have a contact telephone number before the next issue comes out.

### HOROSCOPE

ARIES

You could well find yourself rushing into "Money-making" ventures this month without due care & attention, so be careful not to lose your shirt you know - that nice, white

collarless one that you got at the jumble sale last Summer.

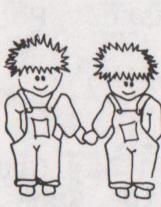

\*\* TAURUS

You could suffer from sore throats a lot this month particularly if you insist on swallowing any more of those tall stories that have been coming your way lately. Isn't

it about time you took off those rose coloured glasses ?

GEMINI

This would be a good month for starting some interesting new projects - or for fininshing a few of the interesting new projects that you began last month. You know that you

ought to stop smoking, so I won't even mention it again.

CANCER

It's time you had a really good Spring Clean - but don't let your passion for Fresh Starts make you throw away any thing that might come in handy one day - such as your lover.

Things are rarely as bad as they seem at the moment, so keep your chin up.

LEO

Well, how does it feel to be perfect? I know that hiding your light under a bushel does not come easily to you but it would make a refreshing change for your friends. And if you did let someone else get a word you

might find it interesting.

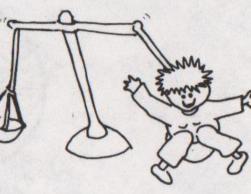

VIRGO

People haven't been behaving towards you as you'd like them to, but don't worry, they are not doing it to spite you. Try and relax more, eat properly & pay more attention to your

health generally. You invent a lot of your own stress.

LIBRA

Travel will be very much on your mind for the next few months. Try not to forget where you actually live though all Libra's need a nice, secure base to come home to.

Don't get too tired - an annual early night would be a good idea.

SCORPIO

It's about time you put some energy into something other than your love life, don't you think? You have got lots of friends out there so drag your self out of bed and go visit

some of them. you really could do with a rest anyway.

SAGGITARIUS

Life seems full of exciting new interests for you at the moment and with your many and varied talents you are sure to shine. You seem to be having a lot of ups and downs with

friends and lovers lately but don't worry it isn't serious.

CAPRICORN

You are a born worrier - and you do seem to have quite alot to worry about at the moment. It won't do any good to run away from your problems they will only get worse. Roll your

sleeves up and tackle them head on - I know you can do it!

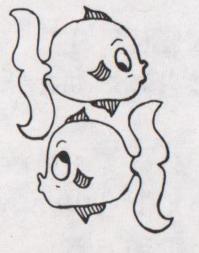

AQUARIUS

I can't see any reason why you shouldn't continue to drift through life in your usually placid fashion this month. In fact life will be pretty boring so you may as well get

to grips with the gardening, after all you have been meaning to since Xmas.

PISCES

OK, you've had more than enough fun to be going on with it's about time to start doing something constructive with your life. You'll feel a lot. more positive about yourself &

everything else when you do. Tidying up your bedroom would be a good start.
